## City of Edinburgh Council 20 September 2018 Item 8.1 – Elected Member Champions

Council

Delete all and replace with:

Council notes the varying level of details given in the Appendices by the Champions and is concerned that a Report to Full Council does not give sufficient scrutiny of the role and its linkages to Committees and agrees:

1.1. Each Champion is linked to a Parent Committee as detailed in the table below:

Canal	Transport and Environment
Carers	Culture and Communities
Child Poverty	Housing and Economy
Cycling	Transport and Environment
Equalities	Corporate Policy and Strategy
Festivals	Culture and Communities
Gaelic	Education, Children and Families
Homelessness	Housing and Economy
Small Business	Housing and Economy
Sustainability	Corporate Policy and Strategy
Veterans	Council
Volunteers	Council
Young People	Education, Children and Families

- 1.2. That each Parent Committee agrees the remit of its Champions and whether the role is required;
- 1.3. That each Champion report back on their activities annually to the Parent Committee;
- 1.4. That each Committee review annually whether the role is still required and whether the current Champion should remain in post.

### Item 8.1 – Elected Member Champions

Add recommendation 1.5

To note that the Union Canal strategy dates from 2011 and that the Canal Delivery Board, comprised of the council, Scottish Canals and other partners, has recommended that preparatory work should be undertaken with an aim of producing a refreshed strategy by 2021, prior to the Union Canal bicentenary in 2022; and endorse that recommendation.

### Item 9.7 – Motion by Councillor Lang – Improving Bus Services in Rural West Edinburgh

Deletes all after 2.

Replaces with:

3. recognises the need to continue work with bus operators and local communities, including West Lothian Council, to achieve an appropriate mix of services for resident communities.
4. recognises that decisions about routes and withdrawal of services are commercial decisions by operators and are not within the gift of the Council; indeed that the Council cannot subsidise bus routes in direct competition to commercial services.
5. recognises the difficulty for operators in providing commercially successful services when demand is demonstrably low.
6. notes the ongoing level of subsidy to bus services across Edinburgh provided by CEC to ensure community links, amounting to approximately £1.2 million pounds per annum, much of which is spent in West Edinburgh. Routes include Lothian Bus routes 63 (Queensferry – Kirkliston – Riccarton), 20 (Chesser – Gyle – Ratho) and cross boundary contracts with West Lothian Council: EM Horsburgh route no 7 from Queensferry to St John's Hospital in Livingston and the no 40/X40 EM Horsburgh route between Livingston and Royal Infirmary Edinburgh, including Ratho.
7. notes the response to a Council question raised by Cllr Webber (August 23, 2018) which states clearly that allocation of the approved additional budget allowance of £100,000 is subject to a new Framework Agreement for Supported Bus Services which will cover several routes including the need for travel between St John's Hospital and Balerno, Currie and Juniper Green.
8. notes that the development of the Framework Agreement will allow us to work with local communities to establish route options and a true picture of the priorities of local communities for bus services; and that that work has already begun.
