Item 8.1 – Edinburgh Partnership Review and Consultation of Governance Arrangements

Council

Adds to Recommendations:

1.3 Instructs the Chief Executive to develop, along with Partners, an “easy read” guide for public use explaining Community Planning and the Partnership structure and roles and how this relates to other structures and work the Council undertakes with community representative bodies at Locality level and below.

Item 8.1 – Edinburgh Partnership Review and Consultation of Governance Arrangements

Council;

Replaces 1.1 with:

1. Notes the recent report of the United Nations Intergovernmental Panel on Climate Change advised that climate-changing pollution must be significantly reduced within the next 12 years to mitigate catastrophic global impacts and that there is potential for joint-working between organisations of the Edinburgh Partnership on this issue through the Edinburgh Sustainable Development Partnership;
2. Notes that public bodies have a statutory duty under the Climate Change Act (2009) to report on Climate Change emissions reduction and specifically to report annually on Partnership Working as stated in the guidance to the Act at 4.3.8;
3. Notes that the Sustainable Energy Action Plan 2020 is a city-wide partnership to reduce climate-changing pollution and that the Edinburgh Sustainable Development Partnership is responsible for reporting to the Edinburgh Partnership on its progress (p62 SEAP);
4. Welcomes the commitment by the Council Leader at full Council on 25 October that he agrees sustainability and climate change should continue to be on the Edinburgh Partnership agenda and that there was agreement at the Edinburgh Partnership meeting on October 30 that issues outside of the LOIP will continue be considered by the board;
5. Therefore approves the Partnership Governance model as currently proposed on the understanding that the Edinburgh Partnership board has agreed that this structure does not preclude partners working on issues of shared concern alongside the Local Outcome Improvement Plan and
6. Requests that the Edinburgh Partnership be asked to engage the Edinburgh Sustainable Development Partnership to progress partnership working on sustainability, and specifically work delivering shared statutory responsibilities of public bodies on climate change.

Item 8.3 – Managing our Festival City – referral from the Culture and Communities Committee

Council

Agrees 1.1.1

1.1.2 after “festivals” adds: which will consider whether amplified busking is appropriate and should be permitted on streets and in areas adjacent to residential properties and where there have been regular complaints from residents to build on work carried out by officers in summer 2017 and 2018;

1.1.4 adds after “footfall”; and to ensure full recovery of the income lost from the suspension of parking;

Replace 1.1.7 with:

Does not agree that the Summer Sessions concert series will take place at the same time as the Edinburgh International Festival, the Edinburgh Fringe Festival or Edinburgh Tattoo; that should proposals come forward for such a concert series outwith the period of the above Festivals that the details of the final details and design of an improved public safety access solution will be approved by the Executive Director of Place in consultation with the Convenor and Vice Convenor of Culture and Communities; *consideration of any series of concerts should not be agreed until the principles of what safety measures and restrictions of access are agreed by the relevant Committees of the Council*

1.1.8 adds after “concurrently” and the timing of this work will be advised in the next TEC business bulletin;

1.1.9 adds after “dressing”, and in light of the recently introduced ban on A Boards to facilitate ease of movement around the city, to ensure that the review upholds these same principle and the new approach will not permit additional structures on the footway Committee within 2 cycles.

Item 9.11 – Motion by Councillor McVey – 2nd Brexit Referendum

Insert new paragraphs as follows, and renumber existing paragraphs accordingly:

"5) Council condemns the rhetoric used by Theresa May in implying that EU citizens in the UK have in some way been “jumping the queue”; council refutes this suggestion entirely; council recognises and values the contribution of new Scots wherever they come from; will do what it reasonably can to ensure they feel welcome in their adopted homeland, and calls on all politicians and leaders to avoid language which may sow division, or which may alienate our new Scots, wherever they originate;

6) Council notes that those citizens most affected by Brexit, specifically non-UK EU citizens and 16/17 year olds, were disenfranchised during the referendum and had no say in their own future;"
