2.2 Free School Meals – Update

As of January 2015 all pupils in P1 to P3 would be entitled to a free school meal. A number of schools had identified problems with physical accommodation. The Scottish Government had now confirmed that capital funding was in place which would allow the Council to provide the necessary accommodation to support the provision of free school meals. Other capital projects previously identified in the budget could now progress.

5.1 Rising School Rolls

based on recent information on births and population projections provided by the National Records of Scotland suggesting that future birth rates would be greater than previously projected.

Information was also provided on the projected future position in the secondary sector where, from 2017 onwards, rolls were projected to start rising again following a period of decline. Further detailed analysis would be undertaken in this area during 2015 to determine the scale of any future accommodation pressures which may arise and to identify potential solutions.

5.2 Free School Meals

An update was provided on progress towards the implementation of the extended free school meal policy from January 2015. A detailed assessment of costs, sources of funding, and interim measures to address issues of capacity at Cramond, East Craigs, Sciennes and Towerbank Primary Schools was also provided.

5.3 Play Strategy

Details were provided of progress made in Outdoor Play and Active Learning from October 2013 - October 2014. The City of Edinburgh Play Strategy '*Play in Partnership: a Play Strategy for the City of Edinburgh*' had been reviewed in response to the latest national and international guidance. 6. Neighbourhood Issues

Minutes of the most recent meetings of the Parent Neighbourhood Groups had been circulated. Some of the issues raised by the individual School Neighbourhood Groups were highlighted as follows:

West Neighbourhood Group 10 November 2014

- The Director of Children and Families confirmed that school travel plans were the responsibility of individual schools and that these were updated on a regular basis as required.
- Issues were raised about facilities management and there was frustration at the lack of direct answers, forward planning and action being taken to address a range of problems.

South Neighbourhood Group 17 November 2014

- Issues had been raised about getting supply staff into schools. The Senior Education Manager was looking into this and a new round of recruitment had started to populate the supply list. An initial audit of supply staff had revealed they were employed on short term contracts.

Special Schools Group 24 November 2014

- The Group had welcomed the fact that FEAST details had been sent to all special schools to be able to input and add onto timetables of events. The sessions were open to all children with additional support needs.
- There had been meetings to discuss the way parents park at school and ways to curb this. The Parking Operations Manager had been looking into this and an article highlighting the problem had been published in the Evening News.

Decision

- 1) To note the issues raised by the school neighbourhood groups.
- 2) To note that an update would be provided to the next meeting of the Committee on arrangements for getting supply staff into schools.
- 3) To note that facilities management issues were common to all Neighbourhood Groups and to invite Peter Watton, Acting Head of Corporate Property to the next meeting to provide an update on these issues.
- 4) To note that facilities management would be a standing item on future Neighbourhood Group agendas.
