Executive Summary

On 23 November 2017, the Council considered a report that detailed the approach to implementing the Programme for the Capital, including detail of the performance measures proposed for assessing progress against the 52 Commitments.

The performance framework development work has continued and significant progress has been made. The aim has been to define, where possible, measurable actions and performance indicators with defined targets for each of the 52 Coalition Commitments. The refined set of indicators was submitted to Corporate, Policy and Strategy Committee on 27 February 2018 for further scrutiny. The set was agreed on the understanding that the final set of indicators would be submitted to the relevant Executive Committee.

The set of indicators for this committee can be found in Appendix 1 and this sets the baseline for measuring progress.
