# Report

## Internal Audit: Overdue Findings - Refreshed Directorate Action Plans

### 2. Executive Summary

---

- 2.1 Of the 39 IA findings that were more than 3 months overdue as at 25 March 2019, one has been closed and a further 13 have been passed to IA for review to confirm whether they can be closed.
- 2.2 Management has provided refreshed action plans and revised implementation dates for seven findings.
- 2.3 Management has confirmed that they will continue to focus on implementing the originally agreed management actions for the remaining 18 findings.

### 3. Background

---

- 3.1 In February 2019, the Corporate Leadership Team highlighted that resolving overdue findings was proving challenging due to their complexity. It was agreed that Directorates would review and refresh their agreed management actions for any findings that are more than three months overdue (including the historic reopened findings) to assess whether alternative actions could be implemented to address the identified risks.
- 3.2 The IA definition of an overdue finding is any finding where all agreed management actions have not been evidenced as implemented by management, and validated as closed by IA by the date agreed by management and IA, and recorded in relevant IA reports.
- 3.3 This report specifically excludes open and overdue findings that relate to the Edinburgh Integration Joint Board (EIJB) and the Lothian Pension Fund (LPF). These are reported separately to the EIJB Audit and Risk Committee and the Pensions Audit Sub Committee respectively.

## 4. Main report

---

- 4.1 As at 25 March 2019, there were 39 IA findings (9 High; 26 Medium; and 4 Low) that were more than three months overdue (including the historic reopened findings), allocated across the Directorates as follows:
  - 4.1.1 Place - 11 (3 High; 7 Medium and 1 Low);
  - 4.1.2 Communities and Families – 1 (Medium);
  - 4.1.3 Health and Social Care – 11 (2 High; 7 Medium; and 2 Low);
  - 4.1.4 Resources – 11 (2 High; 8 Medium; and 1 Low); and
  - 4.1.5 Strategy and Communications – 5 (2 High; and 3 Medium).
- 4.2 One finding has since been closed (Strategy and Communications) and a total of 13 findings (10 from Resources and 3 from Place) have now been passed to IA for review to confirm whether they can be closed, leaving a balance of 25 findings to be considered.
- 4.3 Refreshed management actions have been provided for seven of the remaining 25 findings as follows:
  - 4.3.1 Place – 3 Medium rated findings
  - 4.3.2 Health and Social Care – 3 findings (1 High and 2 Medium).
  - 4.3.3 Strategy and Communications – 1 Medium
- 4.4 Management has confirmed that they will continue to focus on implementation of the originally agreed management actions for the remaining 18 findings.
- 4.5 Further detail on the 25 findings and 47 associated management actions that were considered by management, and the outcomes of their review is included at Appendix 1. Of these, a further one High and two Medium rated findings owned by Strategy and Communications were closed by 30 April, and one Medium and one Low rated findings have been proposed by the Directorates/Divisions concerned for closure and provided to Internal Audit for validation.
- 4.6 Appendix 1 has also been updated to reflect progress with agreed management actions that were due for closure between 25 March and 30 April 2019.

## 5. Next Steps

---

- 5.1 IA will now monitor progress with delivery of the refreshed management actions and the revised implementation dates as part of our established ongoing follow-up process.

## **6. Financial impact**

---

- 6.1 There are no direct financial impacts arising from this report, although failure to close findings and address the associated risks in a timely manner may have some inherent financial impact.

## **7. Stakeholder/Community Impact**

---

- 7.1 If agreed management actions supporting closure of Internal Audit findings are not implemented, the Council will be exposed to the service delivery risks set out in the relevant Internal Audit reports. Internal Audit findings are raised as a result of control gaps or deficiencies identified during reviews therefore overdue items inherently impact upon effective risk management, compliance and governance,

In doing this, we asked officers to consider any historical works that may have been carried out that may meet the S.75 conditions. The aim is to maximise as much of this unspent contribution as possible and get legal opinion on if we should reimburse developers for any unspent	31/01/16	<b>Refreshed Action</b>  Finding will be replaced by a new High rated raised in the Developer Contribution IA review completed in April  The new finding will continue to be reported as overdue based on the agreed implementation date of the original finding (31 January 2016). 				<p>contribution received. A partial return has been provided but more information is required before a final decision on how to treat this historical developer contribution can be made. Finance will set some clear timescales to officers within Transport so that this exercise may be brought to a conclusion. Following on from this, Finance will then liaise with Legal Services to determine what action is required – either to bank the income on the basis of infrastructure delivery or consideration of paying back unused contribution to developers.</p>

HSC1715 Edinburgh Alcohol and Drug Partnership(EDAP) – Contract Management Judith Proctor, Chief Officer	Medium	Key Person Dependency and Process Documentation Started	The existing contract management procedures will be summarised in a single document. It will include the dates information needs to come in, the key contacts, the escalation process in the event of non-performance and the priority metrics that would trigger those processes (waiting times, numbers taken onto caseloads, planned discharges). There will still be subject knowledge and judgement involved in monitoring the contracts; the escalation process cannot be reduced to an algorithm. To be agreed with the providers to confirm our shared understanding and shared with the Edinburgh Alcohol and Drug Partnership core group by January 2018.	31/01/18	<b>No change to action</b>  A Contract Framework document was submitted by the Partnership in May 2018. SSC1701 Short Term Homelessness Provision Alistair Gaw, Executive Director of Communities and Families	Medium	Inaccurate Data on Homeless Information System (HIS) Database  Started	Work is ongoing to migrate Homelessness Information System (HIS) to Northgate by 31 March 2018. Prior to the system migration, a full data cleanse will take place. Data retention guidelines will be applied fully once Northgate is in place. Currently there is no facility to cleanse HIS and the time and costs to deliver this would prohibitive.	31/03/18	<b>No change to action.</b>  There is no confirmation the projected go live date will be achievable or a definitive indication of an implementation date for Northgate at this time. Work is ongoing by Information Communication Technology/Northgate and CGI to complete the work required for migration of data from the Homelessness Information System (HIS) to Northgate and fully complete the Northgate build. All staff training has been completed, however depending on the length of the delay it may be necessary to carry out further refresher training once a confirmed go live date is confirmed.	03/06/19	3
