Item 7.5 - Daylight Impact Assessment Central Library

Insert additional recommendations as follows:

- “1.2 Notes that this assessment does not include the book stack, which is an area of the Central Library proposed for public use in the future
- 1.3 Notes that Library Services has not determined the target levels for daylight, in excess of minimum requirements identified in the report, that may be required for a building of such cultural and community importance, for sustainability reasons (to limit use of artificial lighting) and/or when designing for elderly or visually impaired users
- 1.4 Agrees to carry out the recommended mitigation measures in the report by Malcolm Hollis Independent Building Consultants
- 1.5 Agrees to refer this report to Planning Committee for a decision to request that the developers of India Buildings and the gap site to the west of the library also take mitigation measures, and report this decision back to Education Children and Families.”
