Item 7.5 – Community Access to Secondary School Sport Facilities – Impact of Introduction of Non-Core Hour Charges

Committee is asked:

- 1) To note the report and the assessment to measure the financial impact of the introduction of non-core hour charges for access to school facilities.
- 2) To recognise that the introduction of any additional fees would result in the possible closure of some clubs and therefore reject the additional £35/hour charge.
- 3) To request that officers work in partnership with clubs to create a strategy which supports the wider inclusion agenda which would enable access to Council facilities without additional charges being imposed and return with a report in two cycles outlining how this will be managed.
- 4) To further request that this strategy makes effective use of our resources and provides a breadth of wider opportunities to support our young people reach their fullest potential.
