Item 3.3

Dear Veronica,

I Muhammad Waheed as a head of education club under the umbrella of East Edinburgh Muslim Forum want to join the discussion of Council's Finance & Resource committee on Tuesday 2 February. As per EEMF information agenda will be discussing the future use of the community centre at 63 Niddrie Mains Terrace (also known as the Craigmillar Settlement).

Our education classes are running from the last eight years now. We have about 50 children both boys and girls. Many on waiting list. We also run classes for adult male and female. We took part in several meetings with council officials and also recently we have many meetings with the council. We believed that we were not treated fairly. They seem to eject us by hook or crook and ignoring our community services. We would like to make these and other points to committee members before they make their final decision on the centre's future.

Kind regards

Muhammad Waheed
Head of Education club
On behalf of EEMF
