- 3.6 Savings implementation plans and revenue budget monitoring reports are considered by Resources Management Team on a regular basis.
- 3.7 The Asset Management Strategy savings target for 2017/18 of £0.8 million is forecast to be achieved from additional rental income. Asset Management Strategy savings targets are £5.8 million in 2018/19 and a further £0.4 million for 2019/20. Work is ongoing to develop plans to achieve savings from organisational redesign, estate rationalisation and rental income.
- 3.8 Customer savings targets for 2017/18 are on course to be achieved. Savings are mainly forecast to be achieved from a reduction in employee costs in Business Support and Transaction processing and through improved Council Tax collection. £0.932 million of savings will be achieved from one-off measures prior to implementation of business cases for printing (annual savings £0.432 million) and robotics (annual savings £0.500 million) in 2018/19.

Risks

- 3.9 Financial risks in the Resources Directorate revenue budget for 2017/18 are:

Full realisation of savings targets will continue to be tracked and reported to service management teams;
 - 3.9.3 under-recovery of Council Tax and Non-Domestic Rates intervention income. Income will be monitored for the remainder of the year. The level of actual income achieved in any year is not known with full certainty until the year end;
