2017-18 Common Good Annual Performance Report

Item number 7.3

Report number

Executive/routine

Wards

Council Commitments

Executive Summary

The report presents the outturn position for the Common Good Fund and the performance of its cash investments for the 2017/2018 financial year.

The report includes an update on the Common Good Property Planned Maintenance Fund and the plans for the 2018/19 financial year.

The report also includes an update on current issues affecting the Common Good in Edinburgh.

Report

2017-18 Common Good Annual Performance Report

1. Recommendations

- 1.1 Members are asked to:
 - 1.1.1 Note the contents of this report; and
 - 1.1.2 Approve the issuing of the Common Good Asset Register for public consultation.

2. Background

- 2.1 The City of Edinburgh Council has a statutory obligation under the Local Government, etc. (Scotland) Act 1994, Section 15(4) (b) in administering property held as part of the common good to have regard to the interests of all the inhabitants of the city. In effect the Council holds the Common Good Fund for the benefit of the city as a whole.
- 2.2 Section 102 of the Community Empowerment (Scotland) Act 2015 places a duty on local authorities to "establish and maintain a register of property which is held by the authority as part of the common good" (a common good register). Before establishing a common good register, the Act requires a local authority to publish a list of property that it proposes to include in the register, and to consult on this list. When the list of property is published, the local authority must notify community councils and other community bodies so that these groups can consider the list and give their views (make representations).

3. Main report

Financial Outturn

3.1 All income and expenditure relating to Common Good property, including that which is incurred from within main Council budgets, will be included in the Revenue Account for the Common Good Fund. A recharge equal to the net cost funded from Council budgets is shown, in Appendix 1 and the table below, as being made against the Council for the use of the Common Good assets for £2.811m (£1.194m 2016/17).

- 3.2 The unaudited accounts for the Common Good Fund for 2017/18 show an in-year deficit of £0.015m, compared to a surplus of £0.104m in 2016/17. All figures within the report are subject to rounding.
- 3.3 The balance of the Common Good Fund as at 31 March 2018 was £2.387m (£2.402m 2016/17). £2m from the receipt of the sale of East Market Street Garage had been earmarked to fund a maintenance programme for Common Good assets as agreed at the 14 January 2016 Finance and Resources Committee. £1.887m of this earmarked fund remained as at 31 March 2018 and is included within the £2.387m above.
- 3.4 The following table summarises the income and expenditure for the Common Good Fund for the year.

((0.104)	(Surplus) / Deficit	0.015
((0.009)	Investment Income	(0.009)
((1.194)	Recharge to Council for use of assets	(2.811)
((0.226)	Sale of Fixed Assets	0.000
((0.526)	Capital Funding	(1.455)
((1.395)	Rents and Other Income	(1.592)
	3.246		5.882
	0.020	Other Expenditure	0.020
	3.226	Property Costs	5.862
£m			£m
20	016-17		2017-18

The detailed statement of accounts is shown in Appendix 1, which provides additional detail on the property costs. To ensure transparency, Page 135 of the 2017/18 Audited Annual Accounts has been revised from the Unaudited version to reflect the figures in the table above.

3.5 The Council received income and capital funding of £3.047m (£1.921m 2016/17) on Common Good properties of which £1.592m (£1.395m 2016/17) was funded through revenue and £1.455m (£0.526m 2016/17) was received primarily from City Observatory capital funding through Collective Gallery and Heritage Lottery Fund. The three primary sources of the revenue funding were Princes Street Gardens (£0.695m), City Chambers Complex (£0.343m) and Scott Monument (£0.322m),

- predominately from events, rental and admission respectively as shown in Appendix 2.
- 3.6 Much of the cash resources of the Common Good are invested with the Council's cash fund, with a balance held within the Council's loans fund to manage day to day cash flow. The interest earned on the investment amounted to £0.009m (£0.009m in 2016/17). The interest was re-invested within the cash fund throughout the year. A balance of £2.109m was held within the Treasury cash fund at 31 March 2018 (£2.102m 2016/17).
- 3.7 The Council's cash fund investments' annual rate of return to March 2018 was 0.38% (0.40% 2016/17). This performance has been benchmarked against the 7-day London Inter Bank rate. The Council's cash fund outperformed the benchmark rate of 0.21% by 0.17% (0.20% in 2016/17) during the year.

Common Good Properties

- 3.8 The properties included in the 2017-18 financial accounts as assets of the Common Good fund are listed in Appendix 3. This list will be updated for the 2018-19 financial accounts to align with the Common Good Asset Register in Appendix 4 following consultation on its content. The value of those assets thought to be common good and not included in the accounting asset register totals £1.68m and represents 42 of the 55 assets identified. The value of the remaining 13 assets has yet to be determined. The value of six assets potentially no longer considered to be common good assets is £4,000.
- 3.9 The value of Common Good assets is determined in accordance with Code of Practice on Local Authority Accounting in the United Kingdom 2017/18. The property holdings of the Common Good are mainly held at historic cost as Community or Heritage Assets and, as such, are not subject to revaluation. Only those parts which may have the capacity to be used to generate income are subject to revaluation.
- 3.10 In adhering to the code, the valuations for community and heritage assets on the Common Good balance sheet may appear low. As they are based on a historic cost methodology, the valuation given often acts as a proxy to log ownership of the asset on the register. Due to the historic nature of the Common Good Asset Register and the fact that there is generally no readily available market valuation for a number of the assets, the figures are indicative for accounting purposes. The valuations are similarly notional rather than reflecting the real economic value.
- 3.11 The properties held by the Council on behalf of the Common Good are managed as part of the overall Council estate. Following the report on the Corporate Asset Strategy 2015-19 to the Corporate Policy and Strategy Committee on 12 May 2015, performance indicators have been established to measure improvement on the condition of the property portfolio. Properties will be surveyed at least every five years and the indicators updated.
- 3.12 As Common Good properties are used operationally by Council services, any development of and capital investment in them forms part of the Council's capital

- investment programme. During 2017-18 capital investment was undertaken on Common Good assets to the value of £3.737m, the most significant of which was improvements at the City Observatory (£2.065m) and at the City Chambers (£1.595m) complex.
- 3.13 Public conveniences in East Princes Street Gardens, where the site was transferred to build a new restaurant and reinstate the public conveniences within that site, have been removed from the Common Good Asset Register during 2017/18, reducing the value of assets by £0.108m.

Current Issues Affecting the Common Good in Edinburgh

Community Empowerment (Scotland) Act 2015

- 3.14 As reported to Council on 2 June 2016, a team was established, per the Community Empowerment (Scotland) Act 2015, with the responsibility of compiling the updated Common Good Asset Register. This team had an initial focus of examining those assets historically thought to be Common Good.
- 3.15 The Scottish Government issued draft guidance for consultation on 30 June 2017, with responses to be received by 29 September 2017. The consultation concerned the statutory guidance related to Part 8 of the Community Empowerment (Scotland) Act 2015 common good registers and asked for views on issues such as timescales, information about assets, local consultation, publicising proposals and disposal and use of common good property.
- 3.16 The Scottish Government issued guidance in July 2018 which was broadly in line with the Council's expectations after the initial consultation.
- 3.17 Council staff have collated information regarding those properties historically considered by the Council to be common good, specifically those included on the common good register of assets for accounting purposes, relevant parks and other assets with a public function. A methodology for assessing all properties' common good status has been developed, considering the relevant legal tests.
- 3.18 The Common Good Asset Register to be issued for consultation to Community Councils and interested parties is included at Appendix 4. The consultation provides an opportunity to make a case for property to be included in, or excluded from, the register. All representations will be published on the Council's website (subject to the Council's policy on data protection), and the Council will aim to consider and respond to representations within 12 weeks of the date of receipt. The Council's response will also be published. Once a representation has been fully considered, the Council's decision will be final, unless significant new information comes to light, or a court decides otherwise.
- 3.19 A final Common Good Asset Register will be published after public consultation has been carried out. The common good register is intended to be a living document and it will be updated if new property is identified, or if existing property is disposed of, or reclassified. Therefore, it is not intended to be an exhaustive list of Common Good assets in Edinburgh.

Common Good Property Planned Maintenance

- 3.20 On 19 October 2015, the Governance, Risk and Best Value Committee requested that the Head of Finance explore ways to use the Common Good Fund to maintain proactively and refurbish Common Good property.
- 3.21 On 14 January 2016, the Finance and Resources Committee approved the use of the Common Good Fund for planned maintenance of the Common Good assets. Since approval, £0.113m has been spent, with the majority spent on Scott Monument lighting.
- 3.22 Annual stonework safety surveys costing approximately £10,000 will be carried out on the Scott Monument, Nelson Monument, Calton Hill Monuments and buildings, Canongate Tolbooth and Lady Stairs House. Any necessary public safety works identified will be carried out at that time and reported as part of the next Common Good update. Additional survey work and public safety works are being undertaken at Canongate Tolbooth following the initial surveys to understand better the work required there. To ensure that the maximum long-term impact is achieved, it is proposed that the condition survey analysis is completed to allow identification of priorities prior to allocation of common good funding.
- 3.23 Costs are also being obtained for the refurbishment and the refitting of the public clock that was removed from the previous Portobello Town Hall (now Portobello Baptist Church) due to condition and safety concerns. These will be reported to the Committee for their consideration in conjunction with the outcomes of the condition surveys and proposed programme of works.
- 3.24 The common good land above Calton Road has been subject to rockfall and failure of restraints. Council engineers and contractors are carrying out make-safe works and there is also traffic management in place for public safety. Investigations are on-going to confirm the suitability of these measures and if any additional measures are required. Advice on how best to proceed has been sought from Historic Environment Scotland, Edinburgh World Heritage and Council planning staff.

4. Measures of success

4.1 Through the Council's Annual Accounts, the Common Good account receives an unqualified audit certificate from the External Auditor by 30 September 2018.

5. Financial impact

5.1 There is no direct financial impact arising from the content of this report. However, outcomes of the condition surveys and the on-going asset review may have future financial impacts. The revised common good asset register will see the value of common good assets increase in the 2018/19 accounts.

6. Risk, policy, compliance and governance impact

- 6.1 The risk that Common Good property could be unlawfully disposed of or appropriated is managed within the review processes currently in place. This process will be further improved with the establishment and maintenance of a Common Good Asset Register in response to the Community Empowerment (Scotland) Act.
- 6.2 To comply with legislation, individuals, community councils and other community bodies have an opportunity to make a case for property to be included in, or excluded from, the register, or to provide comments on a proposal to dispose of or change the use of a common good asset.

7. Equalities impact

7.1 There is no direct relevance of the report's contents to equalities related issues. However, the statutory obligation placed on the Council for the management of Common Good property is for the benefit of all the city's inhabitants.

8. Sustainability impact

8.1 There are no impacts on carbon, adaptation to climate change and sustainable development arising directly from this report.

9. Consultation and engagement

- 9.1 The Council's unaudited annual accounts, including the Common Good, were published on the Council's website from 30 June 2018 and made available for public inspection for a period of 15 working days in accordance with the provisions of the Local Government (Scotland) Act 1973 and the Local Authority Accounts (Scotland) Regulations 2014.
- 9.2 An objection was received in 2017/18 in respect of the common good annual accounts. This objection however was outwith the prescribed period. The objection was in relation to the recognition of income from table and chairs licences. The amounts were deemed to be below materiality and no further work has been performed in respect of the 2017/18 common good fund annual accounts.
- 9.3 The Common Good Asset Register will be issued for public consultation and engagement following approval at this meeting.
