Internal Audit Opinion Benchmarking Exercise

Item number

Report number Executive/routine Wards Council Commitments

Executive summary

This report details the outcomes of a benchmarking exercise performed to assess the consistency of Internal Audit annual opinions provided across local authorities in Scotland.

Or review demonstrates that a significant range of opinion types and supporting definitions are applied across local authorities, which impacts the ability to make meaningful comparisons between the annual opinion types provided.

Additionally, Internal Audit annual opinions will vary depending on:

- The quality of risk assessments supporting the annual plan;
- The complexity and volume of audits included in the annual plan and their outcomes;
- Existence of an effective and consistently applied Internal Audit methodology;
- Any limitations impacting Internal Audit performance or affecting their independence; and
- The quality, skills and experience of the Internal Audit teams.

Internal Audit Annual Opinion Benchmarking Exercise

1. Recommendations

1.1 It is recommended that the Committee notes the outcomes of the Internal Audit annual opinion benchmarking exercise.

2. Background

- 2.1 At its meeting on Tuesday 1 August 2017, the Governance Risk and Best Value (GRBV) Committee noted the annual Internal Audit opinion for the year ended 31 March 2017. The opinion for the year was a '2' Generally adequate but with enhancements required', reflecting the outcomes of the Internal Audit work performed during the year and the outstanding recommendations that had not been addressed by Service Areas at 31 March. Details of the range of available Internal Audit opinion types applied within the Council are included at Appendix 1.
- 2.2 GRBV then requested completion of a benchmarking exercise to provide a comparison of the Council's annual Internal Audit opinion with those delivered by other local authority council Internal Audit teams.
- 2.3 The Local Authority Accounts (Scotland) Regulations 2014 specify (at section 7) that 'A local authority must operate a professional and objective internal auditing service in accordance with recognised standards and practices in relation to internal auditing.'
- 2.4 The recognised standards applied by local authority Internal Audit teams are the Chartered Institute of Public Finance and Accountancy's (CIPFA) Public Sector Internal Audit Standards (PSIAS).
- 2.5 Whilst the PSIAS require the provision of an annual Internal Audit opinion, they not do provide any methodology or guidance to derive opinion titles or definitions. The City of Edinburgh Council has adopted the approach detailed at Appendix 1. This is consistent with the methodology applied by the main consulting firms (for example PwC) who provide outsourced Internal Audit services, and is generally considered as industry best practice.
- 2.6 There are currently 32 local authority councils across Scotland with established Internal Audit teams as required by the Local Authority Accounts (Scotland) Regulations.

3. Main report

- 3.1 A total of 15 annual Internal Audit opinions were publicly available and could be sourced from relevant local authority websites for comparison.
- 3.2 The opinion titles and supporting definitions of opinions varied significantly with 8 different opinion titles noted across the 15 opinions reviewed. This suggests that the majority of Council Internal Audit teams have derived their own opinion titles and definitions due to the lack of formal guidance provided by CIPFA in the PSIAS as noted above.
- 3.3 We noted the following published opinion types:
 - Balanced opinion 1
 - Adequate and effective controls operating 1
 - Generally adequate with enhancements required 1 (CEC)
 - Generally operating as expected 1
 - Generally sound 1
 - Reasonable and objective assurance 1
 - Reasonable assurance 8
 - Substantial assurance 1
- 3.4 The most common opinion type reported is 'reasonable assurance' which was used by 8 Internal Audit teams. Appendix 2 illustrates that whilst a consistent 'reasonable assurance' opinion title has been applied, the supporting narrative varies considerably across the 8 Councils.
- 3.5 'Reasonable assurance' is an opinion type predominantly used in the external audit of financial statements, and is typically defined as 'the level of confidence that an auditor, exercising professional skill and care, is expected to attain from an audit that the financial statements are not materially misstated'.
- 3.6 Given the significant variations noted above, it has not been possible to make meaningful comparisons between the annual opinion types provided across the 15 local authority Internal Audit opinions reviewed.
- 3.7 Our review also highlighted a significant variation in the size of audit teams (ranging from 1.6 to 27 FTE) and the provision of co-source support. The CEC team is currently 7 FTE with a co-source arrangement established with PwC.
- 3.8 It was also noted that there was a wide variety of scrutiny committee names across the local authorities, with the most common being 'Audit' for 8 of the 32 local authorities. We did not perform any comparison of the terms of reference for these committees.
- 3.9 A broader corporate services benchmarking exercise is currently being explored by the Executive Director of Resource which will include Internal Audit.

4. Measures of success

4.1 N/A.

5. Financial impact

5.1 No direct financial impact.

6. Risk, policy, compliance and governance impact

- 6.1 The Local Authority Accounts (Scotland) Regulations 2014.
- 6.2 Chartered Institute of Public Finance and Accountancy's (CIPFA) Public Sector Internal Audit Standards (PSIAS).
- 6.3 Research performed by Michael Page on the definition of 'reasonable assurance': <u>Reasonable Assurance</u>

7. Equalities impact

7.1 No direct impact.

8. Sustainability impact

- 8.1 No direct impact.
- 9. Consultation and engagement
- 9.1 N/A.

10. Background reading/external references

10.1 Information included in Appendix 2 was obtained from the relevant local authority council websites.

Appendix 1 – City of Edinburgh Council Opinion Types

Appendix 2 – Benchmarking Result

Appendix 1

City of Edinburgh Council Opinion types

We consider that there are 4 possible opinion types that could apply to the Council. These are set out in the table below:

1 Adequate An adequate and appropriate framework of Governance, Risk management & Control is in place enabling the risks to achieving organisation objectives to be managed	2 'Generally adequate but with enhancements required' Areas of weakness and non-compliance in the framework of Governance, Risk management & Control that that may put the achievement of organisational objectives at risk
3 'Significant enhancements required' Significant areas of weakness and non- compliance in the framework of Governance, Risk management & Control that puts the achievement of organisational objectives at risk	3 Inadequate The framework of Governance, Risk management & Control is inadequate with a substantial risk of system failure resulting in the likely failure to achieve organisational objectives.

Judgement is required to be exercised in determining the appropriate opinion to be given and it should be noted that in giving any opinion, assurance can never be absolute.

5	Edinburgh City	Internal Audit Opinion and Annual Report for the Year Ended 31 March 2017		However, based on our work performed in the year, (set out below) and the management recommendations that remain outstanding at the date of this report, Internal Audit considers that there are weaknesses in the framework of governance, risk management and controls. There were also instances during the year of non-compliance with existing controls. If not addressed, these weaknesses and instances of non-compliance may put the achievement of organisational objectives at risk. We consider that improvements are therefore required to address the matters identified, which will enhance the adequacy and effectiveness of governance, risk management and control	None	46 including 6 carried forward from 2015/16	7	Governance, Risk and Best Value

				arrangements. The findings of the audit require me to qualify my				
				opinion on the adequacy and effectiveness of key aspects of the				
				Council's project management arrangements. Management has				
				responded positively to the report and has highlighted current and				
				future planned actions which hare expected to improve the control				
				environment.				
				In April 2016, the Council received allegations of potential				
				irregularities and corruption associated with certain aspects of the				
				Council's corporate property and procurement arrangements. The				
				findings of the audit investigation which were reported to the Chief				
				Executive in September 2016, require me to qualify my opinion on the

				Management reported to Committee in March 2017 on steps already				
				taken to address some of the issues identified and on further future				
				planned actions.				
				Internal Audit recently reviewed the Council's approach to				
				progressing 'transformational change' which continues to evolve.				
				While generally positive of the direction of travel, the findings of the				
				audit require me to qualify my opinion given the weaknesses				
				identified including the need to rationalise and prioritise projects, to				
				ensure that there is sufficient organisational capacity and resources				
				to deliver planned work and to ensure adequate processes are in				
				place to monitor projects and report on progress to key stakeholders.

Whilst there are a number of recommendations which are still to be implemented, including recommendations which are overdue in being progressed, there are no recommendations which remain outstanding which impact on the annual internal audit opinion.				
				officers for implementing the audit recommendations are then required to provide an update on the progress being made twice per year, as at the end of September and the end of March.				
				The Council's performance and risk management system, Aspireview, is used to monitor implementation of agreed internal audit recommendations. When internal audit reports have been finalised they are uploaded to Aspireview and the identified responsible				
				The project lacked expediency at key points during its duration, particularly relating to the registration of the panels. The delayed registration of installations contributed to the reduced level of income received.				
				The audit findings confirmed that installation of the panels had not delivered all of the expected benefits as detailed within the Capital Project Appraisal reports. The income received from the panels was considerably lower than estimated due primarily to the Government reducing the Feed-in-Tariff rates available over the period of the installation and registration of the panels.

				Some improvements to procedures were also agreed in order to increase compliance with the Council's policy on Funding External Bodies and Following the Public Pound.				
				It was also found however that formal communication and agreement to its Terms of Reference was required between the OCYPP and the Integration Joint Board to support joint working and a unified and efficient approach to child and young person support in Orkney.				
				Orkney Childcare and Young People's Partnership (OCYPP) The audit confirmed that good management practices were being followed for budgetary control and management of the Partnership budget.
