#### 6 Discussion Items Raised by the Forum

##### (i) John Murphy

1 given that over 70% of alcohol sold within the city is done so by premises other than on-sale does the board consider that the forum should have a representative from this grouping as a member.

2 What is the boards response to the news that supermarkets are to import alcohol into Scotland as a way of bypassing the new legislation.

3 Depending on the reply to the above are licensing boards and forum in danger of becoming redundant given that the global marketplace dictates above the laws of the country.

4 Would the board, through The City Of Edinburgh Council, consider bringing the on and off trade into parity by either changing the rates to either a system which reflects the sale of alcohol in the R/V as happens in the on trade or bring the on trade back to a square foot value of the premises.
