Lothian Valuation Joint Board

Edinburgh, 17 March 2014

Present:-

City of Edinburgh Council – Councillors Work (Convener), Bagshaw, Ricky Henderson, Howat, McInnes, Perry and Rust.

East Lothian Council – Councillor Gillies.

Midlothian Council – Councillors Bryant and Russell.

1 Minute

Decision

To approve the minute of the Lothian Valuation Joint Board of 7 February 2014 as a correct record.

2 Projected Outturn 2013/14

Details were given of the Board's projected revenue outturn position to 31 March 2014. The report was based on period 10 expenditure at 31 January 2014 and had been prepared in consultation with the Assessor.

The projected outturn at this stage indicated a forecast of £6.009m which would result in a net underspend of £0.109m. The principal reasons for the variance were costs relating to employees, premises, transport, supplies and services and third party payments.

The year-end position would be reviewed when the final accounts for 2013/14 were submitted to the Board.

Decision

To note the report.

(Reference – report by the Treasurer, submitted)

3 Annual Investment Strategy

Decision

To approve the Annual Investment Strategy for 2014/15 as detailed in the appendix to the report by the Treasurer.

(Reference – report by the Treasurer, submitted)

4 Annual Audit Plan 2013-2014

The external auditor's annual Audit Plan for the Board for 2013/14 was presented.

Stephen O'Hagan, Audit Scotland presented an overview of the Audit Plan and highlighted key audit issues and risks.

Decision

To note the Annual Audit Plan for 2013-2014.

(Reference – report by Audit Scotland, submitted.)

5 Assessor's Quarterly Progress Report to the Joint Board

The Assessor presented an update on the service overview and priorities, current issues and the future direction of the Joint Board.

Attention was drawn to a number of matters including the 2013/14 electoral registration canvass, resources for the canvass, the European Parliamentary election and the Scottish Independence Referendum.

Following consultation with Unison, approval was now sought for the new Policy for the Management of Work Related Stress.

Decision

1) To note the updates detailed in the Assessor's quarterly progress report.

- 2) To approve the Policy for the Management of Work Related Stress as set out in the appendix to the Assessor's report.

(Reference – report by the Assessor and Electoral Registration Officer, submitted)

Internal Audit – Annual Report

27 June 2014

1. Purpose of this report

This report highlights the work carried out by Internal Audit for the Financial Year 2013/14.

2. Summary

- 2.1 Due to the size of the organisation LVJB has no Audit Committee. The External Auditor has however recommended that an Annual Report is provided by the Head of Internal Audit. This report is designed to meet that requirement.
- 2.2 Overall reasonable assurance can be placed upon the internal controls in place within the Board and I am pleased to include my Statement of Assurance (Appendix 1).
- 2.3 My statement, along with the work of managers of LVJB and External Audit, helps inform the Annual Governance Statement (Appendix 2) which includes the Treasurer's Statement on the effectiveness of the Authority's internal financial control. Although considered unlikely, it should be noted that any major issues raised by the External Auditor in the audit of the accounts could affect the Draft Annual Governance Statement.

3. Governance

- 3.1 Internal Audit and the management of LVJB have undertaken a review of the corporate governance arrangements within the Board against best practice and concluded that the arrangements are fully compliant.

4. Promotion of internal control

- 4.1 The Internal Audit Section ensures a systematic appraisal of the Board's control environment and framework of internal controls by being active in a number of areas within the Board. The Section's work is based upon a risk analysis of the Board's activities to ensure that the limited resources of the Section are used in the most effective way.
- 4.2 The Section has also provided the Board with ongoing advice on corporate governance issues, including the updating of the framework that demonstrates compliance with appropriate governance arrangements.

5. Treasurer's Assurance Statement

- 5.1 Within the Accounting Code of Practice there is a requirement for the Treasurer to sign an annual statement on the adequacy of the internal controls in place within the financial systems.
- 5.2 As part of his Assurance Statement it is recommended that the Treasurer reports on the arrangements within LVJB. It is also recommended that the Head of Internal Audit reports on the financial controls in place.
- 5.3 Internal audit staff carried out a high level review of the adequacy and effectiveness of the Authority's system of internal financial control for the year to 31st March 2014. This work supplemented our annual programme of internal audit activity and provided documentary evidence to support the overall assessment of LVJB's system of internal control.
- 5.4 The following areas of work provided additional support to this assessment of LVJB' system of financial control:
- Internal Audit and LVJB's management review of corporate governance arrangements;
 - a programme of testing of Payroll and Creditor Payment systems has been undertaken by Internal Audit staff. This work allows reliance to be placed on the controls within these major financial systems;
 - a Certificate of Assurance signed by the Assessor to the effect that the controls in place are sound.

6. Focus of internal audit resources

- 6.1 The Annual Internal Audit Plan for the period to 3^{1st} March 2014 (Internal Audit planning year) includes:
- an annual review of internal financial control in the Authority to support the development of LVJB's corporate governance arrangements and to provide evidence for the Treasurer's Statement on the system of internal financial control for the year to 31st March 2014;
 - assistance to the Authority in addressing any areas noted in the Treasurer's Statement;
 - advice and opinion as required.

7. Monitoring of performance

- 7.1 Action plans are agreed with management on all recommendations made within reports issued and appropriate follow-up arrangements are put in place.

8. Recommendations

8.1 The Board is requested to:

- Note the contents of this report.
- Note the Draft Annual Governance Statement contained in Appendix 2.

**Richard Brown
Chief Internal Auditor**

5rd June 2014

Appendices	Appendix 1 – Annual Statement by Head of Internal Audit Appendix 2 – Draft Annual Governance Statement 2013/14

Background Papers	None

Appendix 1

Annual Statement by the Head of Internal Audit

As Head of Internal Audit for the City of Edinburgh Council and provider of the internal audit service for the Lothian Valuation Joint Board, I am pleased to present my Annual Statement on the adequacy and effectiveness of the internal control system of LVJB for the year ended 31 March 2014.

Respective responsibilities of management and internal auditors in relation to internal control

It is the responsibility of LVJB's senior management to establish an appropriate and sound system of internal control and to monitor the continuing effectiveness of that system. It is the responsibility of the Head of Internal Audit to provide an annual overall assessment of the robustness of the internal control system. The agreed Internal Audit Strategy ensures that I have in place a planning mechanism to enable me to deliver a formal opinion on the internal control environment within LVJB. The formal movement away from purely financial controls to a mixture of financial and non-financial risks ensures that audit opinion is available on the major controls LVJB has in place to meet the risks it faces in delivery of its aims and objectives.

Sound internal controls

The main objectives of LVJB's internal control systems are to ensure:

- that its aims and objectives can be met
- adherence to management policies and directives
- assets are safeguarded
- the relevance, reliability and integrity of information, so ensuring as far as possible the completeness and accuracy of records
- compliance with statutory requirements

Any system of control can only ever provide reasonable and not absolute assurance that control weaknesses or irregularities do not exist or that there is no risk of material errors, losses, fraud, or breaches of laws or regulations. Accordingly, LVJB is continually seeking to improve the effectiveness of its systems of internal control.

The work of Internal Audit

Internal Audit is an independent appraisal and assurance function established by the Treasurer for the review of the Board's control environment, comprising risk management, control and governance. It objectively examines, evaluates and reports on the financial and operational controls within LVJB and provides an opinion on the effectiveness of the control environment in achieving the Board's objectives.

The Internal Audit Section operates in accordance with the Chartered Institute of Public Finance and Accountancy's Code of Practice for Internal Audit in Local Government and complies with the ISO 9001:2008 quality standard. The Section undertakes an annual programme of work which is reported to LVJB. The audit plan is based on a formal risk assessment process and audit needs assessment which is revised on an ongoing basis to reflect evolving risks and changes within LVJB.

The Annual Audit Plan for LVJB is based upon the agreed strategy and is split between works that is required to:

- be carried out annually on the major financial systems to support the Head of Internal Audit's opinion on financial controls which is used to inform the Treasurer's Statement on control;

- support the Convener, Chief Executive and Clerk, the Assessor and Treasurer's Annual Governance Statement; and
- ensure the effectiveness of the controls that mitigate the risks that would prevent LVJB from achieving its aims and objectives set out in its Service Plan.

In addition, a rolling programme based upon risk is used to cover all other areas of internal control. This rolling programme together with the annual coverage helps to inform my opinion on the adequacy and effectiveness of the control environment.

All internal audit reports identifying system weaknesses and/or non-compliance with expected controls are brought to the attention of management and include appropriate recommendations and agreed action plans. It is management's responsibility to ensure that proper consideration is given to internal audit reports and that appropriate action is taken on audit recommendations. The Internal Auditor is required to ensure that appropriate arrangements are made to determine whether action has been taken on internal audit recommendations or that management has understood and assumed the risk of not taking action. Significant matters including non-compliance with audit recommendations arising from internal audit work are reported to the Board.

Basis of opinion

My evaluation of the control environment is informed by a number of sources:

- the audit work undertaken by internal audit during the year to 31 March 2014 including the ongoing assessment of the effectiveness of the Board's risk management arrangements;
- reports issued by the Board's external auditors, Audit Scotland, and other review agencies; and
- my knowledge of the Board's governance, risk management and performance monitoring arrangements.

Opinion

It is my opinion, based on the above, that reasonable assurance can be placed upon the adequacy and effectiveness of the Board's internal control system in the year to 31 March 2014.

Richard Brown, Chief Internal Auditor

5th June 2014

1. Scope of responsibility

Lothian Valuation Joint Board aims to ensure best value and provide equitable, customer focussed, high quality, professional valuation and electoral services for all its stakeholders.

The Board is responsible for ensuring that its business is conducted in accordance with the law and appropriate standards, that public money is safeguarded and properly accounted for, and used economically, efficiently, effectively and ethically. The Board also has a duty to make arrangements to secure continuous improvement in the way its functions are carried out.

In discharging these overall responsibilities Elected Members and Senior Officers are responsible for implementing proper arrangements for the governance of the Board's affairs and facilitating the effective exercise of its functions, including arrangements for the management of risk.

The Board has approved and adopted a Local Code of Corporate Governance that is consistent with the principles, and reflects the requirements, of the CIPFA/SOLACE framework *Delivering Good Governance in Local Government* and is supported by detailed evidence of compliance, which is regularly reviewed. A copy of the code is on our website www.lothian-vjb.gov.uk or can be obtained from the Assessor.

This statement explains how Lothian Valuation Joint Board delivers good governance and reviews the effectiveness of those arrangements. It also includes a statement on internal financial control in accordance with proper practice.

2. The Board's governance framework

The governance framework comprises the systems and processes, and culture and values, by which the Board is directed and controlled, and its activities through which it accounts to, engages with and influences the community. It enables the Board to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.

The framework reflects the arrangements in place to meet the six supporting principles of effective corporate governance.

- Focusing on the purpose of the Board and on outcomes for the community, and creating and implementing a vision for the local area;
- Members and officers working together to achieve a common purpose with clearly defined functions and roles;
- Promoting values for the Board and demonstrating the values of good governance through upholding high standards of conduct and behaviour;
- Taking informed and transparent decisions which are subject to effective scrutiny and managing risk;
- Developing the capacity and capability of members and officers to be effective;
- Engaging with local people and other stakeholders to ensure robust public accountability.

A significant part of the governance framework is the system of internal control which is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Board's policies, aims and objectives. These are outlined in the Board's annual Corporate & Service Plan. This enables the Board to manage its key risks efficiently, effectively, economically and ethically.

Within the overall control arrangements the system of internal financial control is intended to ensure that assets are safeguarded, transactions are authorised and properly recorded, and material errors or irregularities are either prevented or would be detected within a timely period. It is based on a framework of regular management information, financial regulations, administrative procedures and management supervision.

While the system of internal control is designed to manage risk at a reasonable level it cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable, and not absolute, assurance of effectiveness.

3. Determining the Board's purpose, its vision for the local area and intended outcomes for the Community

The Board has communicated its vision in the Corporate and Service Plan. Delivery of the vision is the responsibility of the Board, the Assessor, Depute Assessor and Heads of Service. The Board has developed a partnership approach when working with other Authorities.

4. Review of effectiveness

The Board has put in place arrangements, detailed in the Local Code, for monitoring each element of the framework and providing evidence of compliance. A Principal Officer within Lothian Valuation Joint Board has been nominated to review the effectiveness of the Local Code and will report annually to the LVJB Board.

The review of the effectiveness of its governance framework including the system of internal financial control is informed by:

- the work of the Internal Auditors and the Head of Internal Audit's Annual Statement on the adequacy and effectiveness of the Board's system of internal control;
- the Assessor's Certificate of Assurance on internal control;
- the operation and monitoring of controls by Board Managers; and
- the External Auditors in their Annual Audit Letter and other reports;

Through the year Elected Members and Officers have responsibility for the development and maintenance of the governance environment. These review mechanisms include:

- **The Lothian Valuation Joint Board** provides strategic leadership, determines policy aims and objectives and takes executive decisions not delegated to officers. It provides political accountability for the Board's performance.
- **Internal Audit** provides an independent and objective assurance service to the Board who complete a programme of reviews throughout the year, to provide an opinion on internal control, risk management and governance arrangements of Lothian Valuation Joint Board.
- **Audit Scotland's Annual Audit Report** is considered by the Board along with the output from other external audits.
- **The Strategic, Operational and Project Risk Registers** are reviewed as part of the Board's Corporate and Service Plan (the Corporate and Service Plan is approved by the Board). Key risks are monitored quarterly by the Board. This ensures that actions are taken to effectively manage the Board's highest risks.
- **The Monitoring Officer** is responsible to the Board for ensuring that agreed procedures are followed and that all applicable statutes and regulations are complied with.

5. Certification

In compliance with accounting practice, the Treasurer has provided the Chief Executive with a statement on the adequacy and effectiveness of the Board's internal financial control system for the year ended 31st March 2014. It is the Treasurer's opinion that reasonable assurance can be placed upon the adequacy and effectiveness of the Board's internal control system.

During the year, the Head of Internal Audit reviewed changes to the current corporate governance arrangements and systems of internal control and her findings are included in the Head of Internal Audit's Annual Report.

From this year's review there is evidence that the Code is operating effectively with overall compliance by the Board in all significant areas of its corporate governance arrangements.

Convenor of Lothian
Valuation Joint Board:

Date

Chief Executive and Clerk: SUE BRUCE

Date

Assessor: JOAN HEWTON

Date

Treasurer: HUGH DUNN

Date

Unaudited Financial Statements for the Year Ended 31st March 2014

27th June 2014

1 Purpose of report

The purpose of this report is to present the unaudited Financial Statements for the year ended 31st March 2014.

2 Main Report

- 2.1 The unaudited Financial Statements are presented in accordance with the Local Authority Accounts (Scotland) Regulations 1985 (amended 1997) which requires that the Financial Statements for the year 2013/14 be presented to the Board no later than 30th June, 2014.
- 2.2 The unaudited Financial Statements for 2013/14 have been prepared in accordance with the Code of Practice on Local Authority Accounting based on International Financial Reporting Standards (IFRS).
- 2.3 The Annual Governance Statement is shown on pages 48 to 50 of the Financial Statements. This Statement includes details of the Governance Framework and a review of its effectiveness including the system of internal financial control. The Treasurer's opinion is that reasonable assurance can be placed on the adequacy and effectiveness of the Board's internal control system. This opinion is informed by the work of the Internal Audit, monitoring of controls by Board staff and External Audit.
- 2.4 From this year's review there is evidence that the Code is operating effectively with overall compliance by the Board in all significant areas of its corporate governance arrangements.
- 2.5 The Board has no power to establish a general reserve, however, the Board agreed to fund future liabilities for early staff release measures. The Board approved the retention of the under spends for the three-year period 2010-2013 totalling £0.397m. A drawdown of £0.093m has been made during 2013/14, leaving a balance of £0.304m.
- 2.7 The outturn for the year shows an underspending of £0.117m. Pages 4-5 of the Foreword gives details and the main reasons for this under spend. The Board should consider whether it wishes to retain this under spend and carry forward as unspent requisitions, or return it to the constituent councils.

	2013/14 Requisition Balance due to Constituent Authorities £'000
Edinburgh	71
Midlothian	11
East Lothian	13
West Lothian	22
Total	117

3 Recommendations

- 3.1 It is recommended that the Board notes the report and unaudited Financial Statements for 2013/14 and that the statements will be re-presented to the Board on completion of the external audit.
- 3.2 Approve the retention or refund to constituent councils of the £0.117m under spend from 2013/14.

**Hugh Dunn,
Treasurer.**

LOTHIAN VALUATION JOINT BOARD

FOREWORD

Introduction

The Lothian Valuation Joint Board was established under the Valuation Joint Boards (Scotland) Order 1995 and provides Valuation Appeals, Lands Valuation, Electoral Registration and Council Tax Valuation services. The Board comprises 16 members appointed from the constituency authorities of whom nine are elected from the City of Edinburgh Council, three from West Lothian and two each from East and Midlothian Councils.

Costs incurred by the Lothian Valuation Joint Board are apportioned in accordance with the non-domestic rateable subjects and dwellings valued for council tax within the area of each constituent authority. This has resulted in expenditure being allocated 61.22% to The City of Edinburgh Council, 9.08% to Midlothian Council, 11.02% to East Lothian Council, and 18.68% to West Lothian Council.

Adoption of International Financial Reporting Standards

The Financial Statements of the Board for 2013/14 have been prepared in accordance with the International Financial Reporting Standards (IFRS) based 2013 Code of Practice in the United Kingdom (The Code). Local Authorities were required to adopt IFRS from 1st April 2010.

Financial Statements

The Financial Statements present the financial position and performance of the Board, for the year to 31st March 2014. This section of the foreword describes briefly the nature and purpose of each statement and the relationship between them. The financial statements have been prepared in accordance with the following fundamental accounting principles: relevance, reliability, comparability, understandability and materiality.

The accounting concepts of accruals, going-concern, and primacy of legislation requirements also apply.

All figures in the financial statements are rounded to thousand pounds (£'000) unless stated otherwise.

To show the net position of the Board, adjustments are made to the Comprehensive Income and Expenditure Statement (CIES) to reflect differences in the accounting basis and funding basis under regulations. These adjustments ensure that the actual resources available to the Board are correctly accounted for in the Movement in Reserves Statement. These adjustments are shown in Note 6.

Statement of Responsibilities for the Statement of Accounts

This sets out the respective responsibilities of the Joint Board and Treasurer for the accounts.

Movement in Reserves Statement

This statement shows the movement in the year on the different reserves held by the Board, analysed into usable reserves (i.e. those that can be applied to fund expenditure) and other reserves. The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the Board's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance. The Net Increase/(Decrease) before Transfers to Earmarked Reserves line shows the statutory General Fund Balance before any discretionary transfers to or from earmarked reserves undertaken by the Board.

LOTHIAN VALUATION JOINT BOARD

FOREWORD (Contd.)

Financial Statements (Contd.)

Comprehensive Income and Expenditure Statement

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from requisitions. The Board receives council requisitions to cover expenditure in accordance with regulations, which may be different from the accounting cost.

Balance Sheet

The Balance Sheet shows the value as at the Balance Sheet date of assets and liabilities recognised by the Board. The net assets of the Board (assets less liabilities) are matched by the reserves held by the Board.

Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the authority during the reporting period. The statement shows how the authority generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

Statement of Accounting Policies

This Statement describes the basis for the recognition, measurement and disclosure of transactions shown in the Financial Statements.

All financial statements are supported by appropriate notes.

Annual Governance Statement

This sets out how the Lothian Valuation Joint Board delivers good governance and reviews the effectiveness of these arrangements. It also includes a statement on internal financial control in accordance with proper practice.

Remuneration Report

The Local Authority Accounts (Scotland) Amendment Regulations 2011 (SSI No. 2011/64) require local authorities in Scotland to prepare a Remuneration Report as part of the annual statutory accounts. This report provides details of the Board's remuneration policy for Board Members and senior employees, as well as providing pay band details for employees earning more than £50,000 per year. It also provides details of any material exit packages agreed during the financial year.

LOTHIAN VALUATION JOINT BOARD

FOREWORD (Contd.)

Financial Performance

This review of financial performance is based on management accounting information, rather than the unaudited Financial Statements, which are stated after adjustments to reflect IFRS based Code of Practice.

Revenue

The outturn position compared to budget is summarised below:

	Budget 2013/14 £'000	Actual 2013/14 £'000	Variance £'000
• Employees	4,539	4,358	(181)
• Property	625	631	6
• Transport and Plant	113	100	(13)
• Supplies and Services	712	841	129
• Third Party Payments	95	116	21
• Support services	80	63	(17)
	<u>6,164</u>	<u>6,109</u>	<u>(55)</u>
• Sales, fees and charges	(43)	(105)	(62)
• Interest on revenue balances	(3)	(3)	0
	<u>6,118</u>	<u>6,001</u>	<u>(117)</u>

For the year ended 31st March 2014, the Board had an under spend against budget on its Comprehensive Income and Expenditure account of £0.117m (Note 16.1 refers). Actual is 98.1% of budget.

The principal reasons for the surplus are variances in the following budgets: £'000

- Employees (181)

This is due to the ongoing review of vacant posts, staff turnover factor, the saving associated with two staff leaving through early release and a reduction in the cost of canvas staff. The one-off costs associated with early release have been off-set against the balance held to fund such costs.

- Transport and Plant (13)

This is a result of an ongoing review of practices associated with external survey work.

- Supplies and Services 129

This is mainly due to an increase in postage costs which have risen due to an increase in Absent Vote Personal Identifier (AVPI) refresh forms and additional reminders being sent to maximise the canvass return rate. AVPI's are collected from each elector seeking a postal vote and every five years these identifiers require to be re-supplied by the elector. This was carried out during autumn/winter 2013. Additional electoral registration reminders were also sent which will help not only in terms of the completeness and accuracy of the electoral register but also as the Board progress in to Individual Electoral Registration. There are also costs incurred against supplies and services that are recovered externally. These relate mainly to Individual Electoral Registration and the Scottish Independence Referendum where the income is reflected in Sales, Fees and Charges.

LOTHIAN VALUATION JOINT BOARD

FOREWORD (Contd.)

Revenue (Contd.)	£'000
<ul style="list-style-type: none">• Third Party Payments	21
<p>This is mainly the result of a higher than anticipated activity of the Valuation Appeals Committee. This is due to outstanding appeals lodged in respect the 2010 Revaluation and subsequent material change of circumstances appeals, and the increasing complexity both in valuation and legal terms that these appeals present.</p>	
<ul style="list-style-type: none">• Income	(62)
<p>Mainly additional income recovered externally where costs are included within Supplies and Services. In addition to this grant was received during 2013/14 for the introduction of Individual Electoral Registration, this grant has been adjusted to match costs incurred against Premises and Supplies and Services.</p>	

The Board has no power to establish a general reserve, however the Board agreed a recommendation to fund future liabilities for early staff release measures. The under spends from 2010/11, 2011/12 and 2012/13 totalling £0.397m were carried forward as previously agreed. A drawdown of £0.093m was made during 2013/14 to fund two exit packages which left a balance available to the Board of £0.304m. This does not include the under spend of £0.117m from 2013/14.

Net Pension Liability

The net pension liability of the Board as at 31st March 2014 was calculated in accordance with the requirements of International Accounting Standard 19 (IAS 19) and amounts to £8.072m (2012/13 £6.305m).

IAS 19 is based on the principle that an organisation should account for retirement benefits at the point at which it commits to paying them, even if the actual payment will be made years into the future.

Staff are admitted to the Lothian Pension Fund. A triennial actuarial valuation considers the appropriate employer's rates and this, together with revenues generated from employee contributions and investments, is utilised to meet the fund's commitments. The last valuation was carried out by Hymans Robertson, LLP during 2011. The next actuarial review is due in 2014.

The 2013/14 accounts have been prepared in accordance with IAS 19. The IAS 19 based adjustments to net operating expenditure lead to an overall Pension Liability of £8.072m which is offset by a pension reserve. This is an increase of £1.767m from the 2012/13 balance sheet position of £6.305m. This is mainly due to less favourable financial assumptions at 31st March 2014 than that assumed at 31st March 2013 and falling bond yields, both leading to a negative impact on the balance sheet and CIES. This has been partially offset by better than expected investment performance over the last twelve months resulting in a positive impact on the IAS 19 position.

The technical accounting charge has had no impact on the underlying basis for meeting the Lothian Valuation Joint Board's current and ongoing pension liabilities. These will be met from contributions from constituent authorities under the Order 1995. Accordingly, it has been considered appropriate to adopt a going concern basis for the preparation of these Financial Statements.

LOTHIAN VALUATION JOINT BOARD

FOREWORD (Contd.)

Future Outlook

The Local Government Finance Settlement announced by the Cabinet Secretary for Finance, Employment and Sustainable Growth on the 11th December 2013 broadly represents a 'flat-cash' settlement.

At its meeting on the 7th February 2014, the Board approved a one year revenue budget for 2014/15. In view of the 'flat cash' funding assumption contained within the Spending Review, the budget approved for 2014/15 was in line with the 2013/14 provision of £6.118m.

Lesser detail is available for the period 2015/16 and beyond, however the consensus of available economic forecasts points to a continuation of recent trends with, in some cases, an absolute reduction in resources being projected in 2016/17 and 2017/18. A budget for 2015/16 will be developed when resource details are clearer. However, at this stage there is no indication that resources will improve beyond a 'flat cash' settlement.

The Assessor has prepared a service plan which aims to integrate the direction of the service with the revenue budget. Over the coming years the focus will be on improving service delivery and creating efficiencies through improved work practices and procedures.

Borrowing Facilities

The Local Government in Scotland Act 2003 introduced the Prudential Code for capital finance in local authorities. The Board now has the power to decide how much to spend and borrow subject to demonstrating that its plans are prudent and affordable. There was no prudential borrowing in 2013/14

LOTHIAN VALUATION JOINT BOARD

STATEMENT OF RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

The Board's Responsibilities

The Board is required:

- to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Board, that officer is the Treasurer;
- to manage its affairs to secure economic, efficient and effective use of those resources and safeguard its assets;
- to approve the Statement of Accounts.

The Treasurer's Responsibilities

The Treasurer is responsible for the preparation of the Board's Financial Statements in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code of Practice).

In preparing the financial statements, the Treasurer has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent;
- complied with the Code of Practice, except where stated in the Policies and Notes to the Financial Statements.

The Treasurer has also:

- kept proper accounting records which are up to date;
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

The Financial Statements

The Financial Statements present a true and fair view of the financial position of the Board as at 31st March 2014, and its income and expenditure for the year ended 31st March 2014.

Treasurer:

Date:

Hugh Dunn, CPFA

11th June 2014

MOVEMENT IN RESERVES STATEMENT

This statement shows the movement in the year on different reserves held by the Board, analysed into Usable Reserves (that is, those that can be applied to fund expenditure) and Unusable Reserves. The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the Board's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance before any discretionary transfers to or from other statutory reserves undertaken by the Board.

2012/13 - Previous Year Comparative (RESTATED - SEE NOTE 29)	Usable Reserves	Unusable Reserves	Total Board Reserves
	General Fund Balance		
	£'000	£'000	£'000
Opening Balances at 1 April 2012	0	4,121	4,121
Movement in reserves during 2012/13			
(Surplus) or deficit on provision of services	39	0	39

Increase/(Decrease) in 2013/14	0	1,757	1,757
Balance at 31 March 2014 carried forward	0	7,579	7,579

LOTHIAN VALUATION JOINT BOARD

COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT

This statement shows the accounting cost in the year of providing services in accordance with the generally accepted accounting practices, rather than the amount to be funded from requisitions. The Board receives requisitions to cover expenditure in accordance with regulations; this may be different from the accounting cost.

2012/13 Restated (see Note 29)				2013/14		
Gross Expenditure £'000	Gross Income £'000	Net Expenditure £'000		Gross Expenditure £'000	Gross Income £'000	Net Expenditure £'000

LOTHIAN VALUATION JOINT BOARD

BALANCE SHEET

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Board. The net assets of the Board (assets less liabilities) are matched by the reserves held by the Board. Reserves are reported in two categories. The first category of reserves are usable reserves, that is, those reserves that the Board may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use. The second category of reserves are those that the Board is not able to use to provide services. This category of reserves include reserves that hold unrealised gains and losses, where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line "Adjustments between accounting basis and funding basis under regulations".

31 March 2013 £'000		Notes	31 March 2014 £'000
477	Property, plant and equipment	7.1	512
77	Intangible assets	8	70
108	Long-term debtors	25	102
<u>662</u>	Long term assets		<u>684</u>
16	Inventories	10	0
207	Short-term debtors	11	243
783	Cash and cash equivalents	12	828
<u>1,006</u>	Current assets		<u>1,071</u>
<u>(520)</u>	Short-term creditors	13	<u>(632)</u>
<u>(520)</u>	Current liabilities		<u>(632)</u>
(665)	Other long-term liabilities	26	(630)
(6,305)	Other long-term liabilities (Pensions)	23.3	(8,072)
<u>(6,970)</u>	Long-term liabilities		<u>(8,702)</u>
<u>(5,822)</u>	Net assets		<u>(7,579)</u>
5,822	Unusable reserves	14	7,579
<u>5,822</u>	Total reserves		<u>7,579</u>

The unaudited Financial Statements were authorised for issue on the 11th June 2014.

Treasurer:

Date: 11th June 2014

Hugh Dunn, CPFA

LOTHIAN VALUATION JOINT BOARD

CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents of the Board during the reporting period. The statement shows how the Board generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flow arising from operating activities is a key indicator of the extent to which the operations of the Board are funded by way of requisitions and recipients of services provided by the Board. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Board's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows.

31 March 2013 £'000	31 March 2013 £'000		31 March 2014 £'000	31 March 2014 £'000

LOTHIAN VALUATION JOINT BOARD

1. STATEMENT OF ACCOUNTING POLICIES

1.1 General

The Financial Statements have been prepared in accordance with the International Financial Reporting Standards (IFRS) based Code of Practice in the United Kingdom (the Code) and the Service Reporting Code of Practice (SeRCOP). This is to ensure that the Financial Statements "present a true and fair view" of the financial position and transactions of the Board.

From 1st April 2010, the Board implemented the requirements of International Financial Reporting Standards for the first time and these are used for the purpose of preparing the Financial Statements for the year ended 31st March 2014.

The Financial Statements have been prepared on an historic cost basis, modified by the revaluation of certain categories of fixed assets where appropriate.

1.2 Accruals of Expenditure and Income

Activity is accounted for in the year that it takes place and not simply when cash payment is made or received. This means that expenses are recorded when goods or services have been received and income is recorded when goods or services have been provided. This recording is irrespective of whether cash has actually been paid or received in the year.

1.3 Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions, repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments maturing in three months or less from the date of acquisition and are readily convertible to known amounts of cash with insignificant risk of change in value.

1.4 Changes in Accounting Policies, Estimates and Errors

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, or other events or conditions on the Board's financial position or financial performance. Where a change is made, it is applied retrospectively by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied. Changes in accounting estimates are accounted for prospectively, that is, in the current and future years affected by the change. Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

Changes in IAS 19 came in the effect for the financial year to 31st March 2014. The changes are adopted retrospectively for the prior period 2012/13, in accordance with IAS 8: Accounting Policies, Changes in Accounting Estimates and Errors. The key change is in the Comprehensive Income and Expenditure Statement relating to the replacement of the expected return on assets with an equivalent figure using the discount rate. The effect of the change to IAS 19 on the (Surplus)/Deficit in the Comprehensive Income and Expenditure Statement is an increase of £0.285m, details are provided in Note 29. Pensions interest cost & expected return on pensions assets has been replaced in the (Surplus) or Deficit on Provision of Services by Interest Cost on Defined Pension Obligation and Interest Income on Plan Assets. Other comprehensive income and expenditure within the statements also now shows the financial effect of changes in financial assumptions, other experience and return on pension assets excluding amounts included in net interest.

LOTHIAN VALUATION JOINT BOARD

1. STATEMENT OF ACCOUNTING POLICIES (Contd.)

1.5 Revenue Expenditure

Revenue expenditure is that which does not yield benefit beyond the year of account. In broad terms the revenue expenditure of the Board can be divided into two categories:

- employees;
- day-to-day operating expenses, includes costs incurred in respect of furniture and fittings, and equipment.

All revenue expenditure is accounted for on an accruals basis.

Each year net revenue expenditure is met by way of requisitions on the City of Edinburgh, Midlothian, East Lothian and West Lothian Councils.

1.6 Capital Expenditure

Capital expenditure is presented as a fixed asset in the Balance Sheet. Capital expenditure is the expenditure on the acquisition of tangible or intangible assets which adds to and not merely maintains the value of an existing asset provided that it yields benefits to the Board and the services it provides for a period of more than one year. Capital expenditure is subject to a de-minimis level of £6,000.

These fixed assets are matched by a Capital Adjustment Account within the Balance Sheet. This reserve does not represent resources available to the Board.

1.7 Short Term Debtors and Short Term Creditors

The revenue and capital transactions of the Board are recorded on an accruals basis which means that amounts due to or from the Board, but still outstanding at the year end, are included in the accounts. Where there was insufficient information to provide actual figures, estimates have been included.

1.8 Value Added Tax

Value Added Tax is excluded from the Financial Statements unless it is not recoverable from HM Revenues and Customs.

LOTHIAN VALUATION JOINT BOARD

1. STATEMENT OF ACCOUNTING POLICIES (Contd.)

1.9 Non-Current Assets

a) *Intangible Assets*

Recognition:

- Intangible assets are non-current assets that have no physical substance but are identifiable and controlled by the Board and it can be established that there is an economic benefit or service potential associated with the item which will flow to the Board. This expenditure is mainly in relation to software licences purchased by the Board. Expenditure on the acquisition, creation or enhancement of intangible assets has been capitalised on an accruals basis.

Depreciation:

- Software licences classified as intangible assets are depreciated over the period of the licence, commencing in the year after acquisition.

Measurement:

- Intangible assets are initially measured at cost and included in the Balance Sheet at net historical cost.

b) *Property, Plant and Equipment*

Property, plant and equipment are tangible items held for use by the Board in its provision of service and are expected to be used for more than one financial year. Property, plant and equipment are included in the Balance sheet in the following classes:

- Leasehold improvements;
- Vehicles, plant, furniture and equipment

Recognition:

- Expenditure on the acquisition, creation or enhancement of these non-current assets has been capitalised on an accruals basis, provided that future economic benefits or service potential associated with the item will flow to the Board and the cost of the item can be measured reliably. This expenditure is subject to the application of a de-minimis level of £6,000.

Depreciation:

Depreciation is provided on all property, plant and equipment with a finite useful life (which can be determined at the time of acquisition or revaluation) according to the following policy:

- No depreciation is charged on freehold land;
- Depreciation is not provided in the year of an asset's purchase;
- Depreciation is calculated using the straight-line basis on the opening book value over the remaining useful life of the asset;

LOTHIAN VALUATION JOINT BOARD

1. STATEMENT OF ACCOUNTING POLICIES (Contd.)

1.9 Non-Current Assets (Contd.)

b) Property, Plant and Equipment (Contd.)

Depreciation (Contd.):

- Non-current assets are depreciated as follows:

Asset	Years
Property (Leasehold improvements) Depreciated over remaining life of asset	18
Vehicles, plant and equipment	5

Measurement:

Property, plant and equipment, and leasehold improvements are measured at depreciated historic cost. This does not comply with the Code, however, the difference is not considered material.

De-recognition:

An asset is de-recognised either on its disposal or where no future economic benefits or service potential are expected from its use or disposal. The gain or loss arising from de-recognition of an asset is included in "Surplus or Deficit on the Provision of Service" within the Comprehensive Income and Expenditure Statement when the asset is de-recognised. The gain or loss on de-recognition of property, plant and equipment assets is a reconciling item in the "Movement in Reserves Statement for the General Fund".

Impairment:

Assets are assessed at each year end as to whether there is any indication that an asset may be impaired, that is, that the carrying value of an asset on the Balance sheet exceeds its recoverable amount. Where indications exist and any possible differences are material, the recoverable amount is estimated and an impairment loss is recognised for the shortfall. Impairment losses, if any, are accounted for by debiting any accumulated balance of revaluation gains for the asset held in the Revaluation Reserve or where there is no or insufficient balance in the Revaluation Reserve, by debiting the relevant service line in the Comprehensive Income and Expenditure Statement.

1.10 Overheads and Support Services

The costs of support services are allocated on a basis appropriate to the service provided in order to match costs to service usage. Certain support service costs are provided under a Service Level Agreement between the Board and service provider.

LOTHIAN VALUATION JOINT BOARD

1. STATEMENT OF ACCOUNTING POLICIES (Contd.)

1.11 Charges to Comprehensive Income and Expenditure Statement for use of non-current assets

The Comprehensive Income and Expenditure Statement is charged with the following amounts to record the real cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the Board;
- Impairment losses, if any, attributable to the clear consumption of economic benefits on property, plant and equipment used by the Board.

The Board is not required to raise requisitions on the constituent councils to cover depreciation or impairment losses. Depreciation and impairment losses are not proper charges under statutory accounting requirements and are therefore a reconciling item in the Movement in Reserves Statement for the General Fund by way of an adjusting transaction with the Capital Adjustment Account.

1.12 Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

a) Finance Leases

Leased-in assets

The Board has not identified any leased-in assets that fall under the definition of finance leases.

Leased-out assets

The Board has not identified any leased-out assets that fall under the definition of finance leases.

b) Operating Leases

Leased-in assets

Rental payments, net of benefits received, under operating leases are charged to the Comprehensive Income and Expenditure statement on a straight line basis over the life of the lease.

Leased-out assets

The Board has not identified any leased-out assets that fall under the definition of operating leases.

1.13 Provisions

Provision is made within the Statement of Accounts when the board has a present legal or constructive obligation as a result of a past event, there is a probability of a transfer of economic benefit and a reliable estimate can be made of the obligation. Provisions are charged to the Comprehensive Income and Expenditure Statement in the year in which the Board becomes aware of the obligation.

LOTHIAN VALUATION JOINT BOARD

1. STATEMENT OF ACCOUNTING POLICIES (Contd.)

1.14 Contingent Liability

A contingent liability is defined as either a possible obligation that arises from past events and whose existence will be confirmed by the occurrence or non-occurrence of one of more uncertain future events, which are not wholly within the control of the Board or a present obligation that arises from past events, but it is not possible that an outflow of resources will be required or the amount of the obligation cannot be measured reliably. If such obligation exist, they are not recognised in the Balance Sheet but are disclosed as a note to the Statement of Accounts.

1.15 Contingent Assets

A contingent asset arises where an event has taken place that gives the Board a possible asset whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events, which are not wholly within the control of the Board. If such assets exist, they are disclosed as a note to the Statement of Accounts.

1.16 Employee Benefits

Cost of service includes a charge for annual leave to which employees are entitled, but have not taken as at the Balance Sheet date. The Board is not required to raise requisitions on constituent councils to cover the cost of accrued annual leave. These costs are therefore replaced by revenue provision in the Movement in Reserves Statement for the General Fund balance by way of an adjusting transaction with the Accumulated Absences Account.

1.17 Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Board to terminate employees' employment before the normal retirement date or an employee's decision to accept voluntary redundancy. These amounts are charged on an accruals basis to the Comprehensive Income and Expenditure Statement when the Board is demonstrably committed to either terminating the employment of an employee or making an offer to encourage voluntary redundancy.

1.18 Inventories

Inventories are assets in the form of materials or supplies which are consumed, distributed or held for sale in the ordinary course of the Board's operations. The balance of inventories held 2012/13 was deemed to have no realisable value and was written off to the Income and Expenditure during 2013/14.

LOTHIAN VALUATION JOINT BOARD

1. STATEMENT OF ACCOUNTING POLICIES (Contd.)

1.19 Pensions

The Joint Board is an admitted body to the Local Government Pension Scheme (LGPS) which is administered by the Lothian Pension Fund. The LGPS is a defined benefit statutory scheme, administered in accordance with the Local Government Pension Scheme (Scotland) Regulations 1998, as amended.

The Financial Statements have been prepared including pension costs, as determined under International Accounting standard 19 - Employee Benefits (IAS 19). The cost of service in the Comprehensive Income and Expenditure Statement includes expenditure equivalent to the amounts of retirement benefits the Board has committed to pay during the year. Interest Cost on Defined Pension Obligation and Interest Income on Plan Assets have been included in the "Surplus or Deficit on the Provision of Services" within the Comprehensive Income and Expenditure Statement. Other comprehensive income and expenditure within the statements also now shows the financial effect of changes in financial assumptions, other experience and return on pension assets excluding amounts included in net interest.

The pension costs charged to the Comprehensive Income and Expenditure Statement in respect of employees are not equal to contributions paid to the funded scheme for employees. The amount by which pension costs under IAS19 are different from the contributions due under the pension scheme regulations are disclosed in the Movement in Reserves Statement for the General Fund Balance.

Pension assets have been valued at bid value (purchase price), as required under IAS19.

Further costs arise in respect of certain pensions paid to retired employees on an unfunded basis. Under pension regulations, contribution rates are set to meet 100% of the overall liabilities of the Fund.

1.20 Revenue Contributions

Revenue contributions from constituent councils have been included in the Financial Statements on an accruals basis. Where such contributions remain unspent at the Balance sheet date, but approval has been given to carry these funds forward to the next financial year, these amounts have been set aside in creditors.

LOTHIAN VALUATION JOINT BOARD

1. STATEMENT OF ACCOUNTING POLICIES (Contd.)

1.21 Reserves

Reserves held on the Balance Sheet are classified as either usable or unusable. Usable reserves hold monies that can be applied to fund expenditure. Unusable reserves cannot be applied to fund expenditure.

The Board operates the following usable reserves:

a) *General Fund*

This represents the balance of the surpluses or deficits arising from the Comprehensive Income and Expenditure Statement. However, the Board has no statutory powers to hold a general fund balance, there is therefore no balance on the General fund.

The Board operates the following unusable reserves:

b) *Capital Adjustment Account*

This provides a balancing mechanism between the different rates at which assets are depreciated and financed.

c) *Pension Reserve*

This represents the difference between the monies which the Board requires to meet its pension liability as calculated under International Accounting Standards 19, Employee Benefits (IAS 19) and the amount required to be charged to the General Fund in accordance with statutory requirement governing Local Government Pension Scheme.

d) *Accumulated Absences Account*

This represents the net monies which the Board requires to meet its short-term compensated absences for employees under IAS19.

1.22 Financial Instruments

a) *Financial Liabilities*

Financial liabilities are initially measured at fair value and carried at their amortised cost. Annual charges to the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. As at 31st March, 2014, the Board had no borrowings.

b) *Financial Assets*

Loans and receivables are initially measured at fair value and carried at their amortised cost. Annual credits to the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. The Board holds its surplus funds with the City of Edinburgh Council in a pooled investment arrangement and does not place external deposits in its own name. These sums are presented in the Balance Sheet as the balance due from the City of Edinburgh Council and interest receivable from this investment is credited to the Comprehensive Income and Expenditure Statement.

LOTHIAN VALUATION JOINT BOARD

1. STATEMENT OF ACCOUNTING POLICIES (Contd.)

1.22 Financial Instruments (Contd.)

b) Financial Assets (Contd.)

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the Comprehensive Income and Expenditure Statement.

Any gains and losses that arise on the de-recognition of the asset are credited/debited to the Comprehensive Income and Expenditure Statement.

1.23 Events After the Balance Sheet Date

Events after the reporting period are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of event can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period - the Statement of Accounts is adjusted to reflect such items;
- those that are indicative of conditions that arose after the reporting period - the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

1.24 Exceptional Items

When items of income and expenditure are material, their nature and amount are disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Board's financial performance.

1.25 Going Concern

It is appropriate to adopt a going concern basis for the preparation of the Financial Statements as the constituent authorities have a legal obligation under the 1995 Combined Area Amalgamation Scheme Order to provide the Joint Board with funding to meet all liabilities as they fall due.

LOTHIAN VALUATION JOINT BOARD

2. ACCOUNTING STANDARDS THAT HAVE BEEN ISSUED BUT HAVE NOT YET BEEN ADOPTED

The Code requires the disclosure of information relating to the impact of an accounting change that will be required by a new standard that has been issued but not yet adopted. This applies to the adoption of the following new or amended standards within the 2014/15 Code. For 2013/14 the following accounting policy changes that need to be reported relate to:

IFRS 10 - Consolidated Financial Statements, IFRS 11 - Joint Arrangements, IFRS 12 - Disclosure of Interests in Other Entities, IAS 27 - Separate Financial Statements (as amended in 2011), IAS 28 - Investments in Associates and Joint Ventures (as amended in 2011), IAS 32 - Financial Instruments: Presentation and Annual Improvements to IFRSs 2009-2011 cycle.

The Code requires implementation from 1 April 2014 and there is therefore no impact on the 2013/14 financial statements. IFRS 10, IFRS 11, IFRS 12, IAS 27 and IAS 28 relate specifically to group accounts which does not affect the Board. IAS 32 outlines disclosure requirements in respect of offsetting financial assets and liabilities. IFRS improvements are generally minor, principally providing clarification. Overall, these new or amended standards are not expected to have a significant impact on the financial statements.

3. CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

In applying the accounting policies set out in Note 1, the Board has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There is high degree of uncertainty about future levels of funding for local government, however, the Board has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Board might be impaired as a result of a need to reduce levels of service provision.

4. ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Statement of Accounts contains estimated figures that are based on assumptions made by the Board about the future or events that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors.

4.1 Property, Plant and Equipment

Uncertainties

Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relations to individual assets. The current economic climate may mean that the Board restricts spending on repairs and maintenance which, in turn, may have an effect on the useful lives of the assets.

Effect if Actual Result Differs from Assumptions

If the useful life of assets is reduced, depreciation increases and the carrying amount of the asset falls. It is estimated that the annual depreciation charge would increase by £0.001m for every year that useful lives had to be reduced.

LOTHIAN VALUATION JOINT BOARD

4. ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY (Contd.)

4.2 Pension Liabilities

Uncertainties

Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Board with expert advice about the assumptions to be applied.

Effect if Actual Result Differs from Assumptions

During 2013/14, the Board's actuaries advised that the balance sheet position has deteriorated since last year. This was principally due to two main factors:

- Discount rate - falling bond yields. The effect of this was to increase liabilities and results in a negative impact on the balance sheet and CIES. This has been partially offset by:
- Investment performance - higher than expected. The effect of this was to increase assets and results in a positive impact on the balance sheet and CIES.

The following table shows the sensitivity of the results to the changes in the assumptions used to measure the scheme liabilities. Approximate percentage changes and monetary values are shown:

	Approximate % increase to Employer Obligations %	Approximate monetary value £000
0.5% decrease in Real Discount Rate	11%	4,956
1 year increase in member life expectancy	3%	1,298
0.5% increase in the Salary Increase Rate	4%	1,799
0.5% increase in the Pension Increase Rate	7%	3,040

5. EVENTS AFTER BALANCE SHEET DATE

There are no events after balance sheet date.

7. PROPERTY PLANT AND EQUIPMENT (Contd.)

7.3 Depreciation

The following useful lives have been used in the calculation of depreciation:

- Leasehold improvements (buildings) - 18 years
- Vehicles, plant and equipment - 5 years

7.4 Capital Commitments

At 31st March 2014, there were no capital commitments entered into by the Board.

7.5 Revaluations

Property, plant and equipment are shown in the balance sheet at depreciated historic cost.

The significant assumptions applied in estimating the fair values are:

- the property was not inspected - this was neither practical nor considered by the valuer to be necessary for the purpose of the valuation;
- unless stated otherwise, all properties with greater than de-minimus value were assumed to be in reasonable state of repair and have a life expectancy of more than 50 years;
- the valuations were prepared using information from the City of Edinburgh Council's internal records as well as the valuation Roll produced by the Lothian Valuation Joint Board.

	Leasehold Improvements £000's	Vehicles Plant and Equipment £000's	Total Property Plant and Equipment £000's
Carried at historical cost	319	193	512
Valued at fair values as at:

• 31st March 2012	0	0	0
• 31st March 2011	0	0	0
• 31st March 2010	0	0	0
• 31st March 2009	0	0	0
• 31st March 2008	0	0	0
Total Cost or Valuation	<u>319</u>	<u>193</u>	<u>512</u>

LOTHIAN VALUATION JOINT BOARD

8. INTANGIBLE ASSETS

The Board accounts for its software as intangible assets, to the extent that software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant and Equipment. The intangible assets include both purchased licences and internally generated software.

All software is given a useful life, based on assessments of the period that the software is expected to be of use to the Board. The useful lives assigned to the major software suites used by the Board are:

3 years:	Sophos upgrade - Dacoll
Infinite	Dacoll virtual environment - software/licences Microsoft Office licences

The carrying amount of intangible assets is amortised on a straight-line basis. Amortisation of £0.007m was charged to the Comprehensive Income and Expenditure during 2013/14

The movement on Intangible Assets during the year is as follows:

	2012/13 £'000	2013/14 £'000
Balance at start of year:		
• Gross carrying amounts	58	124
• Accumulated amortisation	(34)	(47)
Net carrying amount at start of year	24	77
Additions	66	0
Amortisation for the period	(13)	(7)
Net carrying amount at end of year	77	70
Comprising:		
• Gross carrying amounts	124	124
• Accumulated amortisation	(47)	(54)
	<u>77</u>	<u>70</u>

LOTHIAN VALUATION JOINT BOARD

9. FINANCIAL INSTRUMENTS

9.1 In accordance with IAS 32 Financial Instruments: Presentation; IAS 39 Financial Instruments: Recognition and Measurement; and FRS 7 Financial Instruments : Disclosures; this note details the make up of financial instruments, both assets and liabilities, the key risks the Board is exposed to in its management of its financial instruments, and how these are managed. From 1st April 2012, the Board changed its Accounting Policy in respect of the transfer of assets to comply with amendments to IFRS 7 issued in October 2010. Initial assessment suggests that the standard will not have a material impact on the financial statements of the Board.

	Long-term		Current	
	31st March 2013 £'000	31st March 2014 £'000	31st March 2013 £'000	31st March 2014 £'000
Investments				
Loans and receivables	0	0	782	828
Creditors				
Trade creditors	0	0	43	79

9.2 Income, Expenses, Gains and Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement in relation to financial instruments are made up as follows:

	Financial Liabilities measured at amortised cost 31st March 2013 £'000	Financial Liabilities measured at amortised cost 31st March 2014 £'000
Total expense and income in Surplus or Deficit on the Provision of services :		
Interest income	3	3

Fair Values of Assets and Liabilities

- where an instrument will mature in the next 12 months, carrying amount is assumed to approximate to fair value;
- the fair value of trade and other receivables is taken to be the invoiced or billed amount.

The fair values calculated are as follows:

	31 March 2013		31 March 2014	
	Carrying Amount £'000	Fair Value £'000	Carrying Amount £'000	Fair Value £'000
Trade debtors	43	43	79	79
Loans and receivables	782	782	828	828

LOTHIAN VALUATION JOINT BOARD

10. INVENTORIES

The stock held at 31st of March 2013 was deemed as having no realisable value and was written off to the Comprehensive Income and Expenditure Account during 2013/14. The majority of this stock related to paper and envelopes and the balance is not considered to be material.

	Stationery		Operational equipment	
	2012/13 £'000	2013/14 £'000	2012/13 £'000	2013/14 £'000

14.1 Capital Adjustment Account	(554)	(581)
14.2 Pension Reserve	6,305	8,072
14.3 Accumulated Absence Account	71	88
	<hr/>	<hr/>
	5,822	7,579
	<hr/>	<hr/>

LOTHIAN VALUATION JOINT BOARD

14. UNUSABLE RESERVES (Contd.)

14.1 Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Board as finance for the costs of acquisition, construction and enhancement.

	2012/13 £'000	2013/14 £'000
Balance at 1st April	(465)	(554)
Reversal of items related to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:		
• Charges for depreciation and impairment of non-current assets	56	64
• Revaluation losses on Property, Plant and Equipment	0	0
• Amortisation of intangible assets	13	7
• Amounts of non-current assets written off on gain/loss on disposal to CIES	0	0
Net written out amount of the cost of non-current assets consumed in year	(396)	(483)
Capital financing for the year:		
• Use of capital receipts to finance new capital expenditure	0	0
• Statutory provision for the financing of capital expenditure	(158)	(98)
Balance at 31st March	(554)	(581)

14.2 Pension Reserve

The Pension Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Board accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Board makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Board has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

LOTHIAN VALUATION JOINT BOARD

14. UNUSABLE RESERVES (Contd.)

14.2 Pension Reserve (Contd.)	Restated 2012/13 * £'000	2013/14 £'000

Reversals of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement.	892	1,181
Employer's pension contributions and direct payments to pensioners payable in the year.	(753)	(767)
Balance at 31st March	<u>6,305</u>	<u>8,072</u>

* Restated - see Note 29

14.3 Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, for example, annual leave entitlement carried forward at 31st March. Statutory arrangements require that the impact on the General Fund balance is neutralised by transfers to or from the Account.

	2012/13 £'000	2012/13 £'000	2013/14 £'000	2013/14 £'000

	<hr/>	<hr/>
(Increase)/decrease in cash	(32)	(45)

16. AMOUNTS REPORTED FOR RESOURCE ALLOCATION DECISIONS

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the Best Value Accounting Code of Practice. However, decisions about resource allocation are taken by the Board on the basis of budget reports analysed across functions. These reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- no charges are made in relation to capital expenditure (whereas depreciation, revaluation and impairment losses in excess of the balance on the Revaluation Reserve and amortisations are charged to services in the Comprehensive Income and Expenditure Statement),
- the cost of retirement benefits is based on cash flows (payments of employer's pensions contributions) rather than current service cost of benefits accrued in the year,

	2012/13 £000's	2013/14 £000's
Salaries (incl. NI and Pensions)	6	9
Expenses	0	0
Total	<u>6</u>	<u>9</u>

Details are contained in the Remuneration Report (page 54)

18. EXTERNAL AUDIT COSTS

The Board has incurred the following costs in relation to the audit of the Statement of Accounts:

Fees payable in respect of:	2012/13 £000's	2013/14 £000's
<ul style="list-style-type: none">external audit services carried out by the appointed auditor for the year	<u>7</u>	<u>7</u>

19. GRANT INCOME

There was no revenue grant credited to the Comprehensive Income and Expenditure Statement in 2013/14 (2012/13 £0).

20. RELATED PARTIES

The Board is required to disclose material transactions with related parties - bodies or individuals that have the potential to control or influence the Board or to be controlled or influenced by the Board. Disclosure of these transactions allows readers to assess the extent to which the Board might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Board.

20.1 Scottish Government

The Scottish Government is responsible for providing the statutory framework within which the Board operates. It provides the majority of the Board's funding in the form of grants to the constituent councils, and prescribes the terms of many of the transactions that the Board has with other parties. Constituent councils provide funding to the Board at the start of each financial year. Grants received are set out in the subjective analysis in Note 16, Amounts Reported for Resource Allocation Decisions.

LOTHIAN VALUATION JOINT BOARD

20. RELATED PARTIES (Contd.)

20.2 Members

Members of the Board have direct control over the Board's financial and operating policies. The total of members' allowances paid in 2013/14 shown in Note 17 and the Remuneration Report.

20.3 Other Parties

During the year, the Board entered into the following transactions with related parties:

	2012/13 £000's	2013/14 £000's
• The City of Edinburgh Council:		
Rates	175	180
Central support costs	68	63
Interest on revenue balances	(3)	(3)
Constituent council contribution	3,742	3,742
Car purchase advances	5	0
Due from City of Edinburgh Council	782	828
Long term debtor - lease of office	107	102
• The Scottish Government	0	26
• The Cabinet Office	0	98
• Midlothian Council		
Constituent council contribution	555	555
• East Lothian Council		
Constituent council contribution	674	673
• West Lothian Council		
Constituent council contribution	1,142	1,142

21. TERMINATION BENEFITS

There were two employee contracts terminated by the Board during 2013/14. These are shown in the Remuneration Report - Exit Packages (page 55).

LOTHIAN VALUATION JOINT BOARD

22. CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure incurred in the year is shown below, together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Board, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Board that has yet to be financed.

	2012/13 £000's	2013/14 £000's
Opening Capital Financing Requirement	0	0
Capital investment		
• Property, Plant and Equipment	93	98
• Intangible assets	66	0
Sources of finance		
• Capital receipts	0	0
• Direct revenue contributions	(159)	(98)
Closing Capital Financing Requirement	0	0

23. DEFINED BENEFIT PENSION SCHEMES

23.1 Participation in Pension Schemes

As part of the terms and conditions of employment of its staff, the Board makes contributions towards the cost of post employment benefits. Although these benefits will not actually be payable until the employees retire, the Board has a commitment to make the payments that needs to be disclosed at the time that employees earn their future entitlement.

The Board participates in the following post employment scheme:

- Local Government Pension Scheme (LGPS) - a funded defined benefit statutory scheme as administered by the City of Edinburgh Council's Lothian Pension Fund. The LGPS is administered in accordance with the Local Government Pension Scheme (Scotland) Regulations 1998, as amended.

A funded defined benefit final salary scheme, requires the Board and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investment assets.

LOTHIAN VALUATION JOINT BOARD

23. DEFINED BENEFIT PENSION SCHEMES (Contd.)

23.2 Transactions Relating to Post-employment Benefits

The Board recognises the cost of retirement benefits in the reported cost of service when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make is based on the cash payable in the year, so the real cost of post employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

	2012/13 £000	2012/13 £000	2013/14 £000	2013/14 £000
Comprehensive Income and Expenditure Statement				
<i>Cost of services:</i>				
Service cost, comprising:

LOTHIAN VALUATION JOINT BOARD

23. DEFINED BENEFIT PENSION SCHEMES (Contd.)

23.7 Basis for Estimating Assets and Liabilities

Hymans Robertson, the independent actuaries to Lothian Pension Fund, have advised that the financial assumptions used to calculate the components of the pension expense for the year ended 31 March 2014 were those from the beginning of the year (i.e. 31 March 2013) and have not been changed during the year. The main assumptions in the calculations are:

<u>Expected return on assets</u>	2012/13	2013/14
Equity investments	4.5%	6.0%
Bonds	4.5%	6.0%
Property	4.5%	6.0%
Cash	4.5%	6.0%

Average future life expectancies at age 65:

Current pensioners	male	20.4 years	20.4 years
Current pensioners	female	22.8 years	22.8 years
Future pensioners	male	22.6 years	22.6 years
Future pensioners	female	25.4 years	25.4 years

<u>Financial assumptions:</u>	<u>2012/13</u>	<u>2013/14</u>	<u>2013/14</u>	<u>2013/14</u>
		Short	Medium	Long
Pension increase rate	2.8%	2.6%	2.8%	2.9%
Salary increase rate (see below) *	5.1%	4.9%	5.1%	5.2%
Discount rate	4.5%	4.1%	4.3%	4.3%

* Note: The salary increases are assumed to be 1.0% p.a. until 31 March 2015, reverting to the long-term assumption shown thereafter.

Estimation of defined benefit obligations is sensitive to the actuarial assumptions set out above. In order to quantify the impact of a change in the financial assumptions used, the Actuary has calculated and compared the value of the scheme liabilities as at 31 March 2014 on varying bases. The approach taken by the Actuary is consistent with that adopted to derive the IAS19 figures.

For example, to quantify the uncertainty around life expectancy, the Actuary has calculated the difference in cost to the Employer of a one year increase in life expectancy. For sensitivity purposes, this is assumed to be an increase in the cost of benefits of broadly 3%. In practice the actual cost of a one year increase in life expectancy will depend on the structure of the revised assumption and changes in some of the assumptions may be interrelated.

<u>Change in assumptions at 31 March 2014</u>	Approximate % increase to Employer	Approximate Monetary Amount
0.5% decrease in Real Discount Rate	11.0%	4,956
1 year increase in member life expectancy	3.0%	1,298
0.5% increase in the Salary Increase Rate	4.0%	1,799
0.5% increase in the Pension Increase Rate	7.0%	3,040

23.8 Analysis of projected amount to be charged to profit or loss for the period to 31 March 2015

	Assets £000	Obligations £000	Net (liability) / asset £000	% of pay
Current service cost	0	(940)	(940)	29.20%
Total Service Cost	0	(940)	(940)	29.20%
Interest income on plan assets	1,517	0	1,517	0.472
Interest cost on defined benefit obligation	0	(1,868)	(1,868)	58.10%
Total Net Interest Cost	1,517	(1,868)	(351)	10.90%
Total included in Profit or Loss	1,517	(2,808)	(1,291)	40.10%

The Board's estimated contribution to Lothian Pension Fund for 2014/15 is £0.680m.

LOTHIAN VALUATION JOINT BOARD

23. DEFINED BENEFIT PENSION SCHEMES (Contd.)

23.9 Impact on the Authority's Cash Flows

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. The Board has agreed a contribution stability mechanism with the schemes actuary until 31st March 2018.

24. LEASES

Operating Leases

The Board currently occupies land and buildings listed below by entering into the following operating lease:

- 17a South Gyle Crescent - offices

	2012/13 £000's	2013/14 £000's
The future minimum lease payments due in future years are:		
<ul style="list-style-type: none">Not later than 1 year	305	305
<ul style="list-style-type: none">Later than 1 year not later than 5 years	1,526	1,526
<ul style="list-style-type: none">Later than 5 years	3,968	3,663
The Board has no finance lease obligations.	<u>5,799</u>	<u>5,494</u>

25. LONG TERM DEBTORS

The long term debtor is in respect of a cash incentive received by the Board on its relocation of offices to its new premises at 17a South Gyle Crescent (Note 24 Leases refers). The cash incentive is amortised on a straight line basis over the term of the lease. A 25 year lease was entered into in December 2006, the remaining life amounts to 20 years, consequently £5,642 will be written to the Comprehensive Income and Expenditure Statement each year.

	2012/13 £000's	2013/14 £000's
<ul style="list-style-type: none">Cash incentive:		
Balance at 1st April	113	108
Amortised to Comprehensive Income and Expenditure Statement	(5)	(6)
Balance at 31st March	<u>108</u>	<u>102</u>
<ul style="list-style-type: none">Car purchase advances (Balances due more than 12 months)	5	0
Total	<u>113</u>	<u>102</u>

26. OTHER LONG TERM LIABILITIES

The Board relocated to its new offices in December 2006. As part of the agreement, the landlord agreed to pay a cash incentive of £0.400m on date of entry and £0.475m in 2011. This will be amortised on a straight line basis totalling £0.035m per annum over 25 years, the term of the lease.

	2012/13 £000's	2013/14 £000's
Balance at 1st April	(700)	(665)
Amortised to Comprehensive Income and Expenditure Statement	35	35
Balance at 31st March	<u>(665)</u>	<u>(630)</u>

LOTHIAN VALUATION JOINT BOARD

27. CONSTITUENT COUNCIL REQUISITIONS

The net expenditure of the Board is a charge upon the City of Edinburgh Council, West, East and Midlothian Councils. The division of net expenditure borne by the constituent councils is made in accordance with the Valuations Joint Boards (Scotland) Order 1995.

	Amount due for 2013/14 £000's	Amount received 2013/14 £000's	Amount due (to)/from Constituent Councils 2013/14 £000's
City of Edinburgh Council	3,670	3,742	(72)
Midlothian Council	544	555	(11)
East Lothian Council	661	673	(12)
West Lothian Council	1,120	1,142	(22)
	<hr/>	<hr/>	<hr/>
	5,995	6,112	(117)
	<hr/>	<hr/>	<hr/>

28. NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

All Treasury Management is carried out on the Board's behalf by the City of Edinburgh Council. The Council complies with the CIPFA Prudential Code, and has adopted the CIPFA Treasury Management in the Public Services Code of Practice. The City of Edinburgh Council, on behalf of the Board, has overall risk management procedures that focus on the unpredictability of financial markets, and implementing restrictions to minimise these risks.

The Board's activities expose it to a variety of financial risks which have been assessed in order to determine whether or not such risks have, in order to comply with financial instrument accounting requirements, an impact on these financial statements. For all of the financial risks, the impact on financial statements was found to be immaterial. Each risk is detailed below along with an explanation as to why there is no financial effect arising:

- Re-financing risk - the possibility that the Board might be required to renew a financial instrument on maturity at disadvantageous interest rates or terms is considered immaterial because although the Board has powers to obtain loan finance, no such loans were held during the year;
- Market risk - the possibility that financial loss might arise for the Board as a result of changes in such measures as interest rate movements is considered immaterial because the finances of the Board are such that during the year there was no interest payable and interest receivable was immaterial;
- Credit risk - the possibility that other parties might fail to pay amounts due to the Board is considered immaterial on the basis of past experience and the fact that most debt payable to the Board is due from other public bodies;
- Liquidity risk - the possibility that the Board might not have funds available to meet its commitments to make payments is considered immaterial given the statutory responsibility that the Board has to have a balanced budget and that constituent authorities have to fund the activities of the Board.

LOTHIAN VALUATION JOINT BOARD

28. NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS (Contd.)

- Price risk - the possibility that fluctuations in equity prices has a significant impact on the value of financial instruments held by the Board is considered immaterial because the Board does not generally invest in equity shares.
- Foreign exchange risk - the possibility that fluctuations in exchange rates could result in loss to the Board is considered immaterial because there are no financial assets or liabilities held at the year end denominated in foreign currencies.

The Board holds its surplus funds with the City of Edinburgh Council and does not place external deposits in its own name. The balance held by and due from the City of Edinburgh Council at 31st March 2014 amounted to £0.828m (2012/13 £0.782m). No breaches of the Board's counterparty criteria occurred during the reporting period and the Board does not expect any losses from non-performance by any of its counterparties in relation to deposits. During the reporting period, the Board held no collateral as security.

29. PRIOR PERIOD ADJUSTMENTS

Changes in IAS 19 came in the effect for the financial year to 31st March 2014. The changes are adopted retrospectively for the prior period 2012/13, in accordance with IAS 8: Accounting Policies, Changes in Accounting Estimates and Errors. The key change relates to the replacement of the expected return on assets with an equivalent figure using the discount rate. The effect of the change to IAS 19 on the (Surplus) / Deficit in the Comprehensive Income and Expenditure Statement is an increase of £0.285m. The changes have been summarised in Notes 29.1 to 29.5.

29.1 <u>Movement in Reserves Statement</u>	<u>Usable Reserves</u>			<u>Unusable Reserves (Pension Fd)</u>

LOTHIAN VALUATION JOINT BOARD

ANNUAL GOVERNANCE STATEMENT

Scope of Responsibility

Lothian Valuation Joint Board aims to ensure best value and provide equitable, customer focussed, high quality, professional valuation and electoral services for all its stakeholders.

The Board is responsible for ensuring that its business is conducted in accordance with the law and appropriate standards, that public money is safeguarded and properly accounted for, and used economically, efficiently, effectively and ethically. The Board also has a duty to make arrangements to secure continuous improvement in the way its functions are carried out.

In discharging these overall responsibilities, Elected Members and Senior Officers are responsible for implementing proper arrangements for the governance of the Board's affairs and facilitating the effective exercise of its functions, including arrangements for management of risk.

The Board has approved and adopted a Local Code of Corporate Governance which is consistent with appropriate corporate governance principles and is supported by detailed evidence of compliance, which is regularly reviewed. A copy of the code is on our website www.lothian-vjb.gov.uk or can be obtained from the Assessor.

This statement explains how the Lothian Valuation Joint Board delivers good governance and reviews the effectiveness of those arrangements. It also includes a statement on internal financial control in accordance with proper practice.

The Board's Governance Framework

The governance framework comprises the systems and processes, and culture and values, by which the Board is directed and controlled, and its activities through which it accounts to, engages with and influences the community. It enables the Board to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services. The framework reflects the arrangements in place to meet the six supporting principles of effective corporate governance.

- Focusing on the purpose of the Board and on outcomes for the community, and creating and implementing a vision for the local area;
- Members and officers working together to achieve a common purpose with clearly defined functions and roles;
- Promoting values for the Board and demonstrating the values of good governance through upholding high standards of conduct and behaviour;
- Taking informed and transparent decisions which are subject to effective scrutiny and managing risk;
- Developing the capacity and capability of members and officers to be effective;
- Engaging with local people and other stakeholders to ensure robust public accountability.

ANNUAL GOVERNANCE STATEMENT (Contd.)

The Board's Governance Framework (Contd.)

A significant part of the governance framework is the system of internal control which is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Board's policies, aims and objectives. This will enable the Board to manage its key risks efficiently, effectively, economically and ethically.

Within overall control arrangements the system of internal financial control is intended to ensure that assets are safeguarded, transactions are authorised and properly recorded, and material errors or irregularities are either prevented or would be detected within a timely period. It is based on a framework of regular management information, financial regulations, administrative procedures and management supervision.

While the system of internal control is designed to manage risk at a reasonable level it cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable, and not absolute, assurance of effectiveness.

Determining the Board's purpose, its vision for the local area and intended outcomes for the Community

The Board has communicated its vision in the Corporate and Service Plan. Delivery of the vision is the responsibility of the Board, the Assessor, Depute Assessor and Heads of Service. The Board has developed a partnership approach when working with other authorities.

Review of Effectiveness

The Board has put in place arrangements, detailed in the Local Code, for monitoring each element of the framework and providing evidence of compliance. A Principal Officer within Lothian Valuation Joint Board has been nominated to review the effectiveness of the Local Code and will report annually to the LVJB Board.

The review of the effectiveness of its governance framework including the system of internal financial control is informed by:

- the work of the Internal Auditors and the Head of Internal Audit's Annual Statement on the adequacy and effectiveness of the Board's system of internal financial control;
- the Assessor's Certificate of Assurance on internal control;
- the operation and monitoring of controls by Board Managers; and
- the External Auditors in their Annual Audit Letter and other reports.

Through the year Elected Members and Officers have responsibility for the development and maintenance of the governance environment. These review mechanisms include:

- **The Lothian Valuation Joint Board** provides strategic leadership, determines policy aims and objectives and takes executive decisions not delegated to officers. It provides political accountability for the Board's performance.
- **Internal Audit** provides an independent and objective assurance service to the Board by completing a programme of reviews throughout the year, to provide an opinion on internal control, risk management and governance arrangements of Lothian Valuation Joint Board.

LOTHIAN VALUATION JOINT BOARD

ANNUAL GOVERNANCE STATEMENT (Contd.)

Review of Effectiveness (Contd.)

- **Audit Scotland's Annual Audit Report** is considered by the Board along with the output from other external audits.
- **The Strategic, Operational and Project Risk Registers** are reviewed as part of the Board's Corporate and Service Plan (the Corporate and Service Plan is approved by the Board). Key risks are monitored quarterly by the Board. This ensures that actions are taken to effectively manage the Board's highest risks.
- **The Monitoring Officer** is responsible to the Board for ensuring that agreed procedures are followed and that all applicable statutes and regulations are complied with.

Certification

In compliance with accounting practice, the Treasurer had provided the Chief Executive with a statement on the adequacy and effectiveness of the Board's internal financial control system for the year ended 31st March 2014. It is the Treasurer's opinion that reasonable assurance can be placed upon the adequacy and effectiveness of the Board's internal control system.

During the year, the Head of Internal Audit reviewed changes to the current corporate governance arrangements and systems of internal control and his findings are included in the Head of Internal Audit's Annual Report.

From this year's review there is evidence that the Code is operating effectively with overall compliance by the Board in all significant areas of its corporate governance arrangements.

LOTHIAN VALUATION JOINT BOARD

REMUNERATION REPORT

The Remuneration Report provides details of the Board's remuneration policy for its senior employees and states how remuneration arrangements are managed. Senior employees within the Board are defined as those having the responsibility for the management of the Board to the extent that they can direct or control the major activities of the Board. This includes activities involving the expenditure of money, during the year to which the report relates, whether solely or collectively with other persons.

As well as providing details of the Board's remuneration policy, the Remuneration Report will also show:

- Details of the number of employees whose remuneration was £50,000 or more, which will be disclosed in pay bands of £5,000;
- Details of remuneration paid to senior employees of the Board for 2013/14;
- Details of the Board's senior employees who participate in the Local Government Pension Scheme, administered by the Lothian Pension Fund, and the benefits provided under the scheme.

1. Audit of Remuneration Report

All information disclosed in the remuneration tables in this Remuneration Report has been audited by Audit Scotland and all other sections of the Remuneration Report has been reviewed to ensure that they are consistent with the financial statements.

2. Remuneration policy

The Lothian Valuation Joint Board is responsible for approving the remuneration level of the Assessor and Electoral Registration Officer, and the Depute Assessor, these being the only Chief Official posts within the Board. The Scottish Joint Negotiating Committee (SJNC) for Local authority Services sets the salaries for the Chief Officials of Scottish local authorities and is responsible for agreeing annual inflationary increases. The post of Assessor and Electoral Registration Officer was reviewed at the creation of the Joint Board in 1996. Advice on such matters is received from the Human Resources division of the City of Edinburgh Council and from the Director of Corporate Governance, City of Edinburgh Council, who is currently the Monitoring Officer to the Board.

The salaries of all other employees is set by reference to the Scottish Joint Council for Local Government Employees for all other categories of staff. The Board's Scheme of Delegation provides the Assessor and Electoral Registration Officer with delegated authority to appoint employees within agreed staffing and expenditure levels. The City of Edinburgh Council provides remuneration advice and assistance to the Board on request.

The Convener and Vice-Convener of the Board are remunerated by the Council of which they are a council member. The remuneration of councillors is regulated by the Local Governance (Scotland) Act 2004 (Remuneration) Regulations 2007 (SSI No. 2007/183) as amended by the Local Governance (Scotland) Act 2004 (Remuneration) Amendment Regulations 2013.

The Board has an arrangement with each council that remunerates the Convener and Vice-Convener to reimburse the Council for the additional costs of that councillor arising from them being a Convener or Vice-Convener of the Board. The disclosures made in this report are limited to the amounts paid to the council by the Board for remuneration and does not reflect the full value of the remuneration that may be paid to the councillor.

LOTHIAN VALUATION JOINT BOARD

REMUNERATION REPORT (Contd.)

2. Remuneration policy (Contd.)

All other members of the Board are remunerated by the Council of which they are a council member.

The position of Chief Executive is provided and remunerated by the City of Edinburgh Council.

In 2013/14 the Board had two senior employees and the remuneration paid to these employees totalled £0.208m.

3. Pension Entitlement of Senior Employees

The Board's senior employees participate in the Local Government Pension Scheme administered by the Lothian Pension Fund. This is a final salary pension scheme which means that pension benefits are based on the final year's pay and the number of years that person has been a member of the scheme. The scheme's normal retirement age for employees is 65.

From 1 April 2009 a five tier contribution system was introduced with contributions from scheme members being based on how much pay falls in to each tier. This is designed to give more equality between the cost and benefits of scheme membership. Prior to 2009 contribution rates were set at 6% for all non manual employees.

The tiers and members contributions rates for 2013/14 are as follows:

On earnings up to and including £19,800 (5.5%), on earnings above £19,800 and up to £24,200 (7.25%), on earnings above £24,200 and up to £33,200 (8.5%), on earnings above £33,200 and up to £44,200 (9.5%) and on earnings above £44,200 (12%).

If a person works part-time their contribution rate is worked out on the whole-time pay rate for the job, with actual contributions paid on actual pay earned.

There is no automatic entitlement to a lump sum. Members may opt to give up (commute) pension for a lump sum payment up to the limit set by the Finance Act 2004. The accrual rate guarantees a pension based on 1/60th of final pensionable salary and years of pensionable service. Prior to 2009, the accrual rate guaranteed a pension based on 1/80th and a lump sum based on 3/80ths of final pensionable salary and years of pensionable service.

The value of the accrued benefits has been calculated on the basis of the age at which the person will first become entitled to receive a pension on retirement without reduction on account of its payment at that age; without exercising any option to commute pension entitlement into a lump sum; and without any adjustment for the effects of future inflation.

LOTHIAN VALUATION JOINT BOARD

REMUNERATION REPORT (Contd.)

4. Remuneration by Pay Band

Details of the Board's employees receiving more than £50,000 remuneration for the year, excluding employer's pension contributions are:

<u>Remuneration Band</u>	Number of Employees	
	2012/13	2013/14
£50,000 - £54,999	1	-
£55,000 - £59,999	2	3
£60,000 - £64,999	-	1
£65,000 - £69,999	1	1
£70,000 - £74,999	-	-
£75,000 - £79,999	-	-
£80,000 - £84,999	-	-
£85,000 - £89,999	-	-
£90,000 - £94,999	1	1
£95,000 - £99,999	-	-
£100,000 - £104,999	-	-
£105,000 - £109,999	-	-
£110,000 - £114,999	1	1
Totals	6	7

5. Remuneration paid to Senior Employees

The table below details remuneration paid to senior employees within the Board. Senior Employees are defined as having the responsibility for management of the Board to the extent that they can direct or control the major activities of the Board. This includes activities involving the expenditure of money, during the year to which the report relates, whether solely or collectively with other persons.

<u>Name and Post Title</u>	Salary, Fees and Allowances 31 March 2013	Salary, Fees and Allowances 31 March 2014
	£	£
J.Hewton - Assessor and Electoral Reg Officer	114,426	115,508
G. Strachan - Depute Assessor	92,042	92,951
Total	206,468	208,460

LOTHIAN VALUATION JOINT BOARD

REMUNERATION REPORT (Contd.)

6. Pension Entitlement of Senior Employees

<u>In-year pension contributions</u>		For year to	For year to
Name and Post Title		31 March	31 March
		2013	2014
		£	£
J.Hewton - Assessor and Electoral Reg Officer		23,783	24,021
G. Strachan - Depute Assessor		19,093	19,284
<u>Accrued Pension Benefits</u>		As at	Difference
Name and Post Title		31 March	from
		2014	31 March
		£'000	2013
			£'000
J.Hewton - Assessor and Electoral Reg Officer	Pension	50	7
	Lump sum	123	15
G. Strachan - Depute Assessor	Pension	40	1
	Lump sum	98	1

All senior employees shown in the tables above are members of the Local Government Pension Scheme.

The pension figures shown relate to the benefits that the person has accrued as a consequence of their total local government service, not solely their current appointment.

7. Remuneration of Convener and Vice Conveners

The following table provides details of the remuneration paid to the Board's Convener and Vice-Convener by the Board, excluding NI and Pensions.

	Salary, fees and allowances £	Taxable Expenses £	Total Remun. 2013/14 £	Total Remun. 2012/13 £
N.Work - Convener	4,101	0	4,101	4,060 *
D.King - Vice-Convener (until Feb-13)	0	0	0	3,768

	<u>7,176</u>	<u>0</u>	<u>7,176</u>	<u>8,495</u>

* £5,553 in audited accounts 2012/13 included NI and Pensions. These have been omitted 2013/14.

LOTHIAN VALUATION JOINT BOARD

REMUNERATION REPORT (Contd.)

8. Pension Entitlement of Convener and Vice Convener

<u>In-year pension contributions</u>		For year to 31 March 2013	For year to 31 March 2014
Name and Post Title		£	£
N.Work - Convener		4,366	4,261
B.Robertson - Vice-Convener		3,965	3,103
<u>Accrued Pension Benefits</u>		As at 31 March 2014 £'000	Difference from 31 March 2013 £'000
Name and Post Title			
N.Work - Convener	Pension	2	0
	Lump sum	2	0
B.Robertson - Vice-Convener	Pension	1	1
	Lump sum	0	0

9. Exit Packages

The following information details the number, and total cost, of exit packages agreed, grouped in rising bands of £20,000 up to £100,000.

Exit packages include compulsory and voluntary redundancy costs, pension contributions in respect of added years, ex-gratia payments and other departure costs.

Exit Packages Band	Number of Employees		Total Cost	
	2012/13	2013/14	2012/13 £	2013/14 £
£0 - £20,000	-	-	-	-
£20,001 - £40,000	-	-	-	-
£40,001 - £60,000	-	2	-	92,961
£60,001 - £80,000	-	-	-	-
£80,001 - £100,000	-	-	-	-
Totals	0	2	0	92,961

There have been no compulsory redundancies entered into by the Board. Costs for 2013/14 are in respect of voluntary retirements which were approved on the basis of Regulation 30 (Rule of 85) of the Pension Fund Regulations. Costs incurred by the Board reflect the pension strain costs in respect of retirements before 60 years of age and there were no costs in respect of added years, ex-gratia payments or other departure expenses.

Chief Executive and Clerk:

Sue Bruce, MPhil LLB Dip FRSA

Date:

11th June 2014

Treasurer:

Hugh Dunn, CPFA

Date:

11th June 2014

Treasury Management Annual Report 2013/14

27th June 2014

1 Purpose of report

The purpose of this report is to provide an Annual Treasury Report for the financial year 2013/14.

2 Summary

The Board has adopted the CIPFA Code of Practice on Treasury Management in the Public Sector, and under the code, an Annual Report on Treasury Management has to be submitted to the Board after the end of each financial year.

3. Investment Out-turn for 2013/14

3.1 The Board's Investment Strategy has been to maintain its bank account as part of the City of Edinburgh Council's group of bank accounts. Any cash balance is effectively lent to the Council, but is offset by expenditure undertaken by the City of Edinburgh Council on behalf of the Board. Interest is given on month end net indebtedness balances between the Council and the Board in accordance with the Local Authority (Scotland) Accounts Advisory Committee's (LASAAC) Guidance Note 2 on Interest on Revenue Balances (IoRB). In line with recent short term interest rates, the investment return continues to be small, but the Board gains security from its counterparty exposure being to the City of Edinburgh Council. Net end of month balances for the financial year were:

Opening Balance	£781,638.12
April	£416,629.91
May	£699,517.30
June	£945,947.48
July	£883,602.37
August	£833,466.12
September	£890,099.62
October	£868,938.19
November	£771,076.20
December	£757,662.13
January	£889,061.06
February	£847,076.89
March	£827,776.26

3.2 Interest is calculated from the average monthly balance over the opening balance and 11 months. The interest rate applied was 0.364%, giving an interest amount of £2,906.54.

4. Recommendations

It is recommended that the Board notes the Annual Report for 2013/14.

HUGH DUNN,
Treasurer.

PERFORMANCE REPORT 2013/2014

1 INTRODUCTION

This report is provided to accompany the unaudited accounts to allow members of the Board to consider performance and budgetary achievements together. Key Performance Indicators for the work of Assessors in Scotland are in place for Valuation Roll and Council Tax and are submitted annually to the Scottish Government. Internal performance standards are also set for staff to ensure the organisation meets appropriate standards in all work undertaken. Performance standards for the work of EROs were submitted to the Electoral Commission in March this year following the delayed Annual Canvass. Performance is monitored on an ongoing basis and formally assessed in line with the Performance Review and Development policy

2 ELECTORAL REGISTRATION

Until 2013/14, the Electoral year was broadly identified in two parts with major elections generally occupying the first half of the year and the annual canvass the latter half. To meet the desire to have the Electoral Roll as complete and accurate as possible for the transition to IER the canvass was delayed from August/November 2013 to October 2013/March 2014. Much preparatory work commenced in 2013/14 in preparation for the European elections and the Scottish Independence Referendum thus election work has taken up a far greater proportion of the electoral year. As you are aware electoral registration has commenced a period of considerable major change. Although the transition represents a challenging phase for Electoral Registrations Officers and their staff throughout the country the over-riding aim remains constant, that of creating and maintaining a register that is as accurate and complete as practically possible while at the same time ensuring that in all decisions, the voter is put first.

2.1 2013/14 Annual Household Canvass

During the 2013/14 canvass 397,110 forms were issued at the initial stage. Prior to the second stage we data matched with Council Tax payers records and issued a postal reminder to matched households and carried out a door to door canvass on all unmatched households. 101,000 postal reminders were issued and 74,635 properties visited by either temporary canvassers or permanent staff. 90,469 final postal reminders issued on 5th February, this was an additional step considered appropriate to maximise completeness and accuracy prior to IER transition.

I am delighted to say that the final return rate for the canvass was 83%, this being an increase from 76.97% the previous year. From those returned, 70% represented no change to the existing registration details and 30% of returns required changes. 52,000 returned forms included requests from electors for postal voting application forms and 281,694 electors indicated a preference to be omitted from the edited register.

2.1/ Although the canvass return rate was 83%, when secondary checks were made to Council Taxpayers Lists it confirmed that 25,330 households where no return had been received were still in occupation. In compliance with legislation these electors were carried forward from the previous register.

The full return or retention of households can therefore be presented as 90%, this being compared with 88.24% for 2012.

2.2 Door to Door Canvass

During the 2012 canvass 231 temporary canvassers were employed and carried out a door to door canvass of 50,198 non-matched properties. During the 2013/14 canvass 168 temporary canvassers were employed and carried out a door to door canvass of 74,635 non-matched properties. The method of employing canvassers, providing workload and calculating work payments is considered too onerous for door to door canvass requirements under IER thus a total change in process is underway.

2.3 Alternative Methods of Return

Electors throughout Lothian were again given the opportunity of returning what is termed a "same" canvass form by means other than return post. The following returns were made using these alternative methods, telephone 25,916, internet 51,169, text 26,824. Comparing this to the previous canvass period where the returns were telephone 36,265, internet 35,906, text 18,627 shows that the internet is becoming the preferred method of electronic return.

The main reason for using this facility is to provide the elector with up to date means of engaging with the registration process and the level of use in its first two years has been very encouraging.

2.4 Public Awareness Campaigns

A number of initiatives were carried out with a view to increase voter registration particularly for under-registered groups. Meetings have been held with student groups, schools, service personnel, community groups and youth groups. Publicity has been targeted at residential areas with low canvass response. The electorate is certainly increasing and could be due in part to the increased public awareness activity carried out or the heightened political activity this year.

2.5 Electoral Commission Performance Assessment

The Electoral Commission recently confirmed their assessment of my performance at the 2013/14 canvass in relation to the Commission's household registration performance standards. Their final assessment of performance was reached taking into account a detailed analysis of the canvass data submitted to them.

The table below sets out the final assessment of performance against each of the standards directed by the Commission.

	Performance standard	Assessment of performance against the standard
Completeness and accuracy of electoral registration records	1 Using information sources to verify entries on the register of electors and identify potential new electors	Above the standard
	2 Maintaining the property database	Above the standard
	3 House to house enquiries	Meeting the standard
Integrity	4 Maintaining the integrity of registration and absent vote applications	Meeting the standard
	5 Supply and security of the register and absent voter lists	Above the standard
Participation	6 Public awareness strategy	Meeting the standard
	7 Working with partners	Above the standard
	8 Accessibility and communication of information	Meeting the standard
Planning and organisation	9 Planning for rolling registration and annual canvass	Meeting the standard
	10 Training	Meeting the standard

I am delighted that we were assessed as above the standard in four standards and meeting the standard in remaining six.

2.6 Introduction of Individual Electoral Registration (IER)

The move towards Individual Electoral Registration has progressed with greater speed with all legislation in place, training provided and finances distributed. The main issue outstanding is in relation to PSN compliance which is required by the Cabinet Office before data transfer can commence.

A major improved change associated with IER is the intention to introduce electronic means of registration. This shall provide the elector with an easy, accessable mechanism for registration and other related electoral activities. The development of this system has progressed steadily with areas, such as integration with office back office systems and security, developed internally.

A timetable in respect of IER has now been set in legislation. A number of the key dates in the coming year are noted below,

- European Election Absent Vote Rejection letters issue June 2014;
- Commencement of IER in England & Wales 10th June 2014;
- Scottish Independence Referendum 18th September 2014;

- Transition to IER commences 19th September 2014;
- Electoral Register published under IER 1 March 2015
- Westminster Parliamentary Election 7 May 2015
- Annual canvass under IER autumn 2015

The Board will continue to be provided with regular reports in respect of the progress made towards the introduction of IER.

2.7 Scottish Independence Referendum 18th September 2014

Preparation for the Scottish Independence Referendum is well under way. I was able to populate the names of young persons from school lists supplied by the four constituent councils. Unfortunately I was unable to get appropriate data from private schools throughout Lothian. At the original canvass 4,736 young persons registration forms were returned. Letters were issued in early May 2014 to all potential young electors where data had been supplied from independent schools and local authority education departments where YP registration forms had not been returned with a view to ensuring receipt of the young persons data at the earliest opportunity.

3 VALUATION ROLL

The Valuation Roll is legislated to operate under a five year rolling programme with the last revaluation being effective from 1 April 2010. During the quinquennium the Roll is constantly updated to take account of internal and external changes to properties which affect value and this consequently generates an additional appeals workload. To maintain parity with England the Scottish Government legislated to delay the 2015 revaluation to 2017.

The statistics provided in this report give sufficient history to allow comparison with similar or corresponding years' pressure points.

3.2 Alterations to the Valuation Roll

The principal indicator in this area relates to the length of time taken to amend the Valuation Roll to reflect changes which have taken place. The number of amendments is shown and also the change in the total annual value of the Valuation Roll in each year.

In general terms, stakeholders prefer the Valuation Roll to be amended as quickly as possible after a change has taken place in order to facilitate stable financial planning and improving the cash flow to the rating pool. The KPIs show actual performance against estimated performance for 2006/7 to 2013/14 and targets we aim to achieve for 2014/15.

Valuation Roll	No changes	Rateable Value 1/4	Rateable Value 31/3	0 – 3 months %		3 – 6 months %		> 6 months %	
				Target	Actual	Target	Actual	Target	Actual
2006/7	3314	1,042,428,524	1,050,213,188	57	74.9	28	13.9	15	11.2
2007/8	4206	1,050,213,188	1,058,508,620	65	83.26	25	11.63	10	5.11
2008/9	4258	1,058,508,620	1,056,910,140	70	80.77	20	11.53	10	7.7
2009/10	3792	1,056,910,140	1,068,384,758	80	78.1	15	11.1	5	10.8
2010/11	3,476	1,259,913,732	1,274,347,293	82	78.02	14	13.55	4	8.43
2011/12	3,114	1,274,347,293	1,277,889,313	80	71.77	15	15.35	5	12.88
2012/13	3,188	1,277,889,313	1,275,905,939	75	74.09	13	12.30	12	13.61
2013/14	3,275	1,275,905,939	1,269,386,086	75	74.32	15	13.07	10	12.61
2014/15		1,269,386,086		78		12		10	

I am very pleased to say that the organisation has almost met the target performance figures for 2013/14. I have increased the performance target for 2014/15 and hope that through hard work and sound management that target can be met.

3.3.1 Appeal Settlements

For each of the relevant years the Assessor provides figures for the total amount of adjustment to net annual value arising from appeal settlements. This figure is expressed as a percentage of the total net annual value of the Valuation Roll as at 1 April in the relevant year. This indicator allows the Scottish Government to estimate the financial implications arising from the settlement of rating appeals.

Disposed between 1/4/10 and 31/12/13					
	No subjects dealt with	Original RV of subjects	Revised RV of subjects	RV %age loss	Subjects Outstanding
East Lothian	1016	£42,757,310	£40,757,465	4.68%	24
West Lothian	1676	£136,144,975	£131,625,350	3.32%	50
Midlothian	887	£53,823,815	£51,268,040	4.75%	20
Edinburgh City	6628	£665,713,664	£644,958,855	3.12%	85
Total	10207	£898,439,764	£868,609,710	3.32%	179

The 179 revaluation appeals that are outstanding are deemed complex appeals and have been referred to the Lands Tribunal for Scotland for hearing. The timetable for disposal is out with my control.

Valuation Year	No. of Appeals Dealt With
2006/7	3,938
2007/8	3,641
2008/9	1,625
2009/10	1,224
2010/11	1,700
2011/12	6,655
2012/13	11,757
2013/14	6,152
2014/15	1,000

The target number of revaluation and running roll appeals to be disposed of during 2013/14 was 5,500. The clearance of 6,152 appeals in 2013/14, although much lower than cleared in 2012/13, 11,757, still requires a great deal of staff resource. The corresponding year in the previous quinquennium shows appeal disposal at 1,625

The target disposal number set for the 2014/15 year has been set at 1,000 appeals as I do not expect such a plethora of appeals to be lodged in the forthcoming year.

4 COUNCIL TAX

Council Tax continues in a rolling programme with no revaluation allowed for within the legislation.

The main work involves updating details of alterations carried out to properties, inspection and banding of all new dwellings, consideration of all domestic sales evidence and re-banding when a property which has been previously altered has been sold

4.1 Council Tax – New Dwellings

The number of new dwellings entering the Council Tax List is important to local taxation as this is a potential source for additional revenue.

The table below shows that the number of new houses added in the year 2013/14 has increased from the previous year by 36%. This is the change we have all hoped for and suggests that the Lothian housing market is clearly on the rise.

/...

4.1/

Valuation List	No. of CT Entries@ 1/4	New houses added
2006/7	392,370	5,515
2007/8	398,886	5,323
2008/9	401,471	4,345
2009/10	405,017	3,984
2010/11	407,710	3,768
2011/12	410,440	3,410
2012/13	412,859	3,171
2013/14	415,450	4,315
2014/15	419,652	

4.2 Council Tax Performance

The criteria used in establishing Council Tax indicators are derived in a similar way to those for the Valuation Roll.

Council Tax payers require notification of their banded valuation, and hence their financial liability, as soon as possible after they have taken occupation of the new property. Cash flow to the authority, arising from insertions of new entries is also affected by how quickly entries are made on the Valuation List.

The KPIs show actual performance for 2005/6 to 2013/14 and the performance targets for 2014/15.

Valuation List	0-3 months	3-6 months	Over 6 months
2005/6	81.2	12.4	6.4
2006/7	84.8	11.3	3.9
2007/8	93.22	5.17	1.62
2008/9	94.13	4.53	1.33
2009/10	95.36	2.46	2.18
2010/11	94.98	4.06	0.96
2011/12	96.72	2.35	0.93
2012/13	95.52	3.09	1.39
2013/14	94.9	3.01	2.09
2014/15	(96)	(3)	(1)

The time taken to add new dwellings to the Council Tax List continues to maintain a high level of 94.9% within 3 months and my aim is to continue to maintain a similar high standard.

4.3 Council Tax – Altered Bands

Council Tax Bands are altered for properties where the property has been extended and subsequently sold ie the new tax payer will pay tax on the altered band. Council Tax Bands are not altered when a dwelling is extended or improved, it is only when the property is subsequently sold that the new Band takes effect.

Valuation List	Point of Sale Band Changes	Sales Added
2005/6	329	29,903
2006/7	189	31,998
2007/8	240	31,264
2008/9	374	16,841
2009/10	105	14,402
2010/11	163	14,537
2011/12	180	15,492
2012/13	172	15,863
2013/14	203	19,397

The above table shows that the number of Council Tax Bands altered as a result of dwellings having been altered and subsequently sold, although increasing slightly, remains at a relatively low number compared to the high of 2007/08. The number of house sales taking place has increased by over 20% again suggesting that the economy is improving.

5 MANAGEMENT, STAFFING & BEST VALUE

5.1 Policies & Procedures

I consider that the organisation has continued to review practices, policies and procedures on an ongoing basis ensuring that we operate within a Best Value framework at all times.

5.2 Staffing

I consider that the organisation has continued to review requirements to meet the demands of the organisation but maintain efficiencies for the Board. In the last year I have employed 2 administration assistants and I have replaced my IT support manager.

I am currently advertising for temporary customer support assistants, temporary canvassers and a trainee valuer.

6.0 CONCLUSION

I am very pleased with the performance achieved during this year. The budgetary cuts over the last few years have resulted in a much reduced workforce which has fallen by approximately 17 staff in the last 5 years.

Reviews of structure are now carried out regularly and I am pleased to say that all changes move seamlessly into operation this due in no small way to my exceptional and dedicated senior management team who work together with a view to attaining best practice and an efficient and effective organisation.

Joan Hewton
Assessor & Electoral Registration Officer

Proposed Meeting Arrangements June 2014 to June 2015

27 June 2014

Purpose of Report

- 1 To advise members of the proposed schedule of meetings for the Lothian Valuation Joint Board for the period to June 2015 and arrangements for meetings of the Joint Consultative Group.

Main report

- 2 The meetings of the Lothian Valuation Joint Board have been arranged on an approximate twelve-week cycle adjusted, as far as possible, to take into account the meeting schedules of the constituent authorities represented on the Board.
- 3 It has been normal practice to schedule meetings of the Joint Consultative Group (JCG) approximately two weeks in advance of the Board. However, as these meetings have been infrequent, agreement has been reached with the trade union (UNISON) that meetings will be arranged on an "on request" basis.
- 4 Proposed dates for meetings of the Joint Board for the period to June 2015 are shown below. Specific meetings are included to consider the Joint Board's Revenue Budget for 2015/16 as well as the Unaudited Accounts for 2013/14 and 2014/15.

Proposed Date	Time
Friday 27 June 2014 (Unaudited Accounts)	10:00am
Monday 1 September 2014	10:00am
Monday 17 November 2014	10:00am
Monday 9 February 2015 (Revenue Budget)	10:00am
Monday 16 March 2015	10:00am
Monday 22 June 2015 (Unaudited Accounts)	10:00am

Recommendation

- 5 To approve the schedule of meetings as detailed for the period June 2014 to June 2015.
