# Engagement techniques

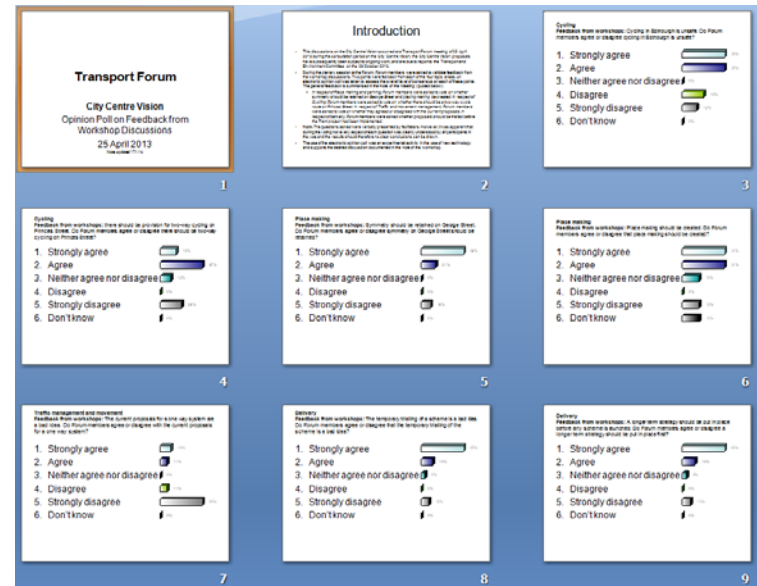

**Pecha Kuchas**  
 - 6 minutes, 20 slides, picture-based

**Consensus testing**

**Discussion groups**  
 – 4 discussions per Forum topic

# Main Forum topics

## 1 Establishing the Forum

### A. Consensual approach

### B. Broad Membership:

1. Transport User representatives
2. Neighbourhood Area representatives
3. Organisational representatives / specialists
4. Transport spokespeople.

(Others suggested; overarching Taxi organisation, Capital Rail Action Group)

### C. Workshop based future sessions

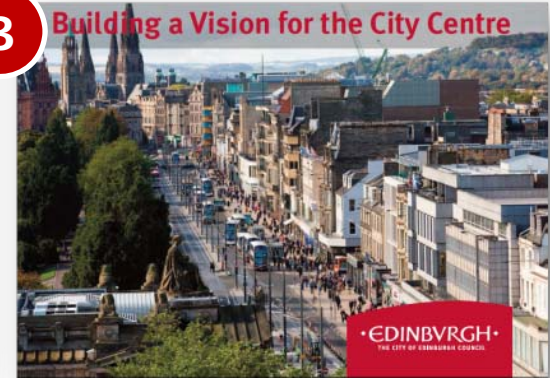

## 2 Workshop - Integrated Transport in Edinburgh

The areas for discussion by groups are:

- Key attributes of an Integrated Transport System;
- Requirements of users of Integrated Transport in Edinburgh;
- Those responsible and that have the power to deliver Integrated Transport in Edinburgh, what part they need to play and how they need to work together;
- The challenges faced in achieving an Integrated Transport System in Edinburgh;
- The opportunities and positives that could be built upon to achieve an Integrated Transport System in Edinburgh; and
- The outcomes of achieving an Integrated Transport System in Edinburgh

## 3 Building a Vision for the City Centre

## 4 DEVELOPING THE NEW LOCAL TRANSPORT STRATEGY 2014 - 2019

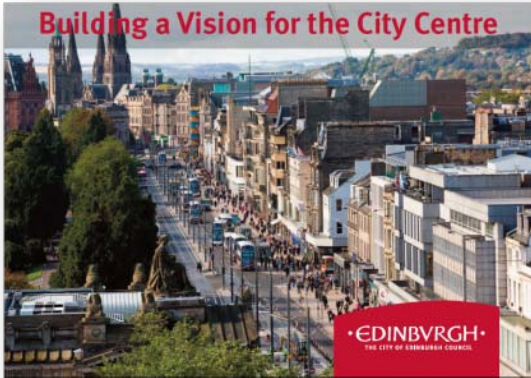

Ewan Kennedy, Transport Policy and Planning Manager

DRIVING ROAD SAFETY

ESSENTIAL EDINBURGH  
Central Business Improvement District

**TRANSPORT SCOTLAND**

the **cockburn** association

Part of Edinburgh Napier University

Scottish Labour

# Feedback: year 1 performance

Addressing **key transport issues**

**56.3% - most issues**  
**31.3% - some**  
**12.5% - not at all**

Function as a **consultative/advisory body**

**96% - very well/well/OK**

**Accessing, or participating in, the Transport Forum**

**87.5% - OK**

Changed in **perception of Council's coordination of transport network**

**37.5% - More aware of**  
**•range of issues**  
**•lack of joining-up**

I feel the past year's forums have been well run and organised

Members are being provided with good, clear and helpful information at meetings

All of the topics were pertinent and interesting

I'm much less daunted about asking for advice or offering a view than I was formerly

I think there are more issues than the Forum had time to cover in the detail needed

It addressed the issues but I'm not sure about how much difference it made

It also depends on the Representatives feeding back to their respective communities

Should have been more on the trams instead of reading it in the press

# Overview and development of future Forums

- More voting?
- 'Question Time'?
- Varying format
- More info on 'engineering'
- Experts from other areas

## More members

- Planners
- Rail
- Ports
- Disabilities
- Users

## Future topics

- Roads and vehicles
- Tram
- Active travel
