- 9.1 Implementation of 20mph zones - Motion by Councillor Mowat

Committee:

Notes with concern the volume of additional signage that is being installed to facilitate the 20mph zones across the City and is especially concerned where additional poles

are being placed on streets in Conservation Areas and the World Heritage Site where there is no other pavement clutter which is contrary to the Council's policy on reducing street clutter and that roundels are being painted onto setted streets; and asks:

1. That the guidance issued to Councillors on the implementation of 20 mph speed limits is reviewed to ensure that installation is in line with this guidance;
2. that the relevant legislation is provided to Committee demonstrating that these signs are necessary and that the contractor has been correctly instructed in the placement of these signs;
3. Where signs have been installed or roundels painted on the road in contravention to council policy or guidance these are removed;
4. Any further installation of traffic signage to advertise the 20mph zones subject to consultation with local councillors to prevent any further unnecessary works being carried out.
