Policies – Assurance Statement

Item number	8.1
Report number	
Executive/routine	Executive
Wards	All
Council Commitments	None

Executive summary

Council policies are key governance tools. They help realise the Council's vision, values, pledges and outcomes, and are critical to the Council's operations, ensuring that statutory and regulatory obligations are met in an efficient and accountable manner.

To strengthen governance arrangements a policy framework has been developed to ensure that all current Council policies are easily accessible, and are created, revised and renewed in a consistent manner and to an agreed standard.

To ensure that Council policies remain current and relevant, all Council directorates are required to review policies on annual basis.

Policies – Assurance Statement

1. Recommendations

- 1.1 To note that the Council policies detailed in this report have been reviewed and are considered as being current, relevant and fit for purpose.

2. Background

- 2.1 Council policies are key governance tools. They help realise the Council's vision, values, pledges and outcomes, and are critical to the Council's operations, ensuring that statutory and regulatory obligations are met in an efficient and accountable manner.
- 2.2 To strengthen governance arrangements a policy framework has been developed to ensure that all current Council policies are easily accessible, and are created, revised and renewed in a consistent manner and to an agreed standard. This included the development of a comprehensive register of Council policies and introduction of a policy template to provide the Council with a standardised format in terms of content and style.
- 2.3 The Corporate Policy and Strategy Committee agreed the approach detailed above on [3 September 2013](#) and assurance was last provided to this committee on [17 January 2017](#).

3. Main report

- 3.1 A critical element of the policy framework is to ensure that all Council policies are fit for purpose. This requires each directorate to review, on an annual basis, all policies relevant to their services, and to provide the necessary level of assurance that these policies are current and relevant.
- 3.2 This report confirms that the transport and environment policies listed in the appendix have been reviewed by directorate senior management and are still considered fit for purpose.
- 3.3 Some policies require minor adjustments to ensure on-going currency and accuracy (for example, change in legislation). Any changes are noted and detailed, where appropriate.
- 3.4 All Council policies are available through an interactive directory on the Council's website.
- 3.5 The [Council Policies](#) definition guide confirms what is considered a policy and what would be a strategy, procedures or guidelines. A number of documents

Councillors may be familiar with such as the Waste Prevention Strategy, would not fall under the definition of a policy and would therefore not be included specifically on the Policy Register. Policies that are revised or new policies that are developed will be reported to the relevant committee using the new policy template.

3.6 At present, whilst there are adopted practices relating to service provision in Waste and Cleansing Services, there is no clear trail of governance to show the approval process for these practices. As such, a suite of policies will be brought forward to Transport and Environment Committee during the course of the coming year. Consultation on these policies will take place with members prior to submission to committee, with the policies covering:

- Kerbside Waste Collection Policies (Household Waste);
- Communal Bin Collections (Household Waste);
- Special Uplift Policy;
- Community Recycling Centres;
- Collection and Disposal of Waste from Places of Worship;
- Collection and Disposal of Waste from Charities;
- Trade Waste Disposal;
- Waste from Council Premises; and
- Provision of Service to New Housing Developments.

4. Measures of success

4.1 Access to up-to-date and relevant Council policies, for internal and external stakeholders, which are quality assured and reviewed on an annual basis.

5. Financial impact

5.1 There are no direct financial impacts as a result of this report.

6. Risk, policy, compliance and governance impact

6.1 Increased accountability, transparency and efficiencies concerning Council actions and operations.

7. Equalities impact

7.1 There are no equalities impacts as a result of this report.

8. Sustainability impact

- 8.1 There is no sustainability impact as a result of this report.

9. Consultation and engagement

- 9.1 Consultation was undertaken with directorates and service areas as part of the development of a policy framework for the Council.
