9. Motions

9.1 Motion by Councillor Lang - Lothian Buses

1. Committee recognises the critical role of Lothian Buses in providing high quality public transport across the city, thereby helping the Council to reduce congestion, improve air quality and help Edinburgh become carbon neutral by 2030.
2. Committee believes that, as a publicly owned company, Lothian Buses should:
 - a) operate in as open and transparent a manner as possible.
 - b) be open to having its performance and decision making scrutinised by elected councillors.
 - c) have an opportunity to highlight how the Council can better support its operations.
3. Committee therefore agrees:
 - a) that the Convener invite the managing director and chair of Lothian Buses to give a presentation to the committee at a future meeting, with an opportunity

for committee members to ask questions.

- b) that such an agenda item should become an annual part of the committee's work-plan.

9.2 Motion by Councillor Miller - Bike buses

Committee:

1. Thanks parents and other volunteers for creating and regularly organising "bike buses" for pupils to travel to school together safely, and commends the approach which is helping young people of all ages and abilities to cycle to school
2. Recognises the significant volunteer time and effort required to organise one bike bus per month, both on the day and in preparation, and thanks volunteers at Sciennes Primary School and Blackford Safe Routes for their work to create a guide to setting up and running a bike bus which enables more schools to offer a bike bus¹
3. Notes the significant challenges still remaining, for example offering more frequent bike buses, increasing the number of routes to schools and the number of schools offering a bike bus
4. Agrees to consult with bike bus volunteers and pupils on challenges they have identified and to bring back an update to Committee in two cycles on actions to support and enable bike buses to school

Webcasting of Council meetings

Please note this meeting may be filmed for live and subsequent broadcast via the Council's internet site – at the start of the meeting the Convener will confirm if all or part of the meeting is being filmed.

The Council is a Data Controller under current Data Protection legislation. We broadcast Council meetings to fulfil our public task obligation to enable members of the public to observe the democratic process. Data collected during this webcast will be retained in accordance with the Council's published policy including, but not limited to, for the purpose of keeping historical records and making those records available via the Council's internet site.

Generally the public seating areas will not be filmed. However, by entering the Council Chamber and using the public seating area, individuals may be filmed and images and sound recordings captured of them will be used and stored for web casting and training purposes and for the purpose of keeping historical records and making those records available to the public.

Any information presented by individuals to the Council at a meeting, in a deputation or otherwise, in addition to forming part of a webcast that will be held as a historical record, will also be held and used by the Council in connection with the relevant matter until that matter is decided or otherwise resolved (including any potential appeals and other connected processes). Thereafter, that information will continue to be held as part of the historical record in accordance with the paragraphs above.

If you have any queries regarding this, and, in particular, if you believe that use and/or storage of any particular information would cause, or be likely to cause, substantial damage or distress to any individual, please contact Committee Services (committee.services@edinburgh.gov.uk).
