

Notice of meeting and agenda

Governance, Risk and Best Value Committee

2.00pm Monday, 31 October 2022

Main Council Chamber - City Chambers

This is a public meeting and members of the public are welcome to attend or watch the webcast live on the Council's website.

The law allows the Council to consider some issues in private. Any items under "Private Business" will not be published, although the decisions will be recorded in the minute.

Contacts

Email: natalie.le.couteur@edinburgh.gov.uk / emily.traynor@edinburgh.gov.uk

1. Order of Business

- 1.1 Including any notices of motion and any other items of business submitted as urgent for consideration at the meeting.

2. Declaration of Interests

- 2.1 Members should declare any financial and non-financial interests they have in the items of business for consideration, identifying the relevant agenda item and the nature of their interest.

3. Deputations

- 3.1 If any.

4. Minutes

- 4.1 None.

5. Outstanding Actions

- 5.1 None.

6. Work Programme

- 6.1 None.

7. Business Bulletin

- 7.1 None.

8. Reports

- | | | |

| 8.1 | City of Edinburgh Council – 2021/22 Annual Audit Report to the Council and the Controller of Audit – Report by the Interim Executive Director of Corporate Services | 5 - 250 |
|-----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|

9. Motions

9.1 If any.

Nick Smith

Service Director, Legal and Assurance

Committee Members

Councillor Kate Campbell (Convener), Councillor Jule Bandel, Councillor Katrina Faccenda, Councillor Stephen Jenkinson, Councillor Adam McVey, Councillor Claire Miller, Councillor Joanna Mowat, Councillor Vicky Nicolson, Councillor Jason Rust, Councillor Edward Thornley and Councillor Lewis Younie.

Information about the Governance, Risk and Best Value Committee

The Governance, Risk and Best Value Committee consists of 11 Councillors and is appointed by the City of Edinburgh Council.

This meeting of the Governance, Risk and Best Value Committee is being held in the City Chambers, High Street, Edinburgh and virtually by Microsoft Teams.

Further information

If you have any questions about the agenda or meeting arrangements, please contact Natalie Le Couteur, Committee Services, City of Edinburgh Council, Business Centre 2.1, Waverley Court, 4 East Market Street, Edinburgh EH8 8BG, Tel 0131 529 4107, email natalie.le.couteur@edinburgh.gov.uk / emily.traynor@edinburgh.gov.uk.

A copy of the agenda and papers for this meeting will be available for inspection prior to the meeting at the main reception office, City Chambers, High Street, Edinburgh.

The agenda, minutes and public reports for this meeting and all the main Council committees can be viewed online by going to the Council's online [Committee Library](#).

Live and archived webcasts for this meeting and all main Council committees can be viewed online by going to the Council's [Webcast Portal](#).

Webcasting of Council meetings

Please note this meeting may be filmed for live and subsequent broadcast via the Council's internet site – at the start of the meeting the Convener will confirm if all or part of the meeting is being filmed.

The Council is a Data Controller under current Data Protection legislation. We broadcast Council meetings to fulfil our public task obligation to enable members of the public to observe the democratic process. Data collected during this webcast will be retained in accordance with the Council's published policy including, but not limited to, for the purpose of keeping historical records and making those records available via the Council's internet site.

Generally the public seating areas will not be filmed. However, by entering the Council Chamber and using the public seating area, individuals may be filmed and images and sound recordings captured of them will be used and stored for web casting and training purposes and for the purpose of keeping historical records and making those records available to the public.

Any information presented by individuals to the Council at a meeting, in a deputation or otherwise, in addition to forming part of a webcast that will be held as a historical record, will also be held and used by the Council in connection with the relevant matter until that matter is decided or otherwise resolved (including any potential appeals and other connected processes). Thereafter, that information will continue to be held as part of the historical record in accordance with the paragraphs above.

If you have any queries regarding this, and, in particular, if you believe that use and/or storage of any particular information would cause, or be likely to cause, substantial damage or distress to any individual, please contact Committee Services (committee.services@edinburgh.gov.uk).

Governance, Risk and Best Value Committee

2.00pm, Monday, 31 October 2022

City of Edinburgh Council – 2021/22 Annual Audit Report to the Council and the Controller of Audit

Executive/routine
Wards
Council Commitments

1. Recommendations

- 1.1 Members of the Governance, Risk and Best Value Committee are asked to:
 - 1.1.1 note that, following the audit process, an unqualified audit opinion will be issued on the Council's annual accounts for 2021/22;
 - 1.1.2 refer the audited annual accounts to the Finance and Resources Committee for approval and thereafter to Council for noting;
 - 1.1.3 note that, following approval by the Finance and Resources Committee, the audited annual accounts will be signed and submitted to the external auditor;
 - 1.1.4 note the external auditor's assessment of the four dimensions of the wider scope audit and implementation of the recommendations contained within the Council's Best Value Assurance Report and that progress in the delivery of the resulting improvement actions set out in Appendices 2 and 3 of the auditor's report will be reported to the Committee during the coming year; and
 - 1.1.5 note that, once approved, a summarised version of the annual accounts will also be published on the Council's website by 30 November.

Richard Carr

Interim Executive Director of Corporate Services

City of Edinburgh Council – 2021/22 Annual Audit Report to the Council and the Controller of Audit

2. Executive Summary

- 2.1 The report summarises the principal findings arising from the Council's 2021/22 external audit. While primarily focused on the review of the financial statements, the wider scope aspects of the audit include consideration of the Council's financial sustainability, financial management, governance and transparency and arrangements to secure and demonstrate value for money. Following the publication of the Council's Best Value Assurance Report (BVAR) in November 2020, the report also assesses progress in implementing its recommendations.
- 2.2 The audit certificate provides an unqualified audit opinion on the financial statements and other prescribed matters. The report concludes that the Council had appropriate arrangements in place for managing its financial position and use of resources during the year, with an overall surplus of £3.9m reported and an increased proportion of approved savings delivered relative to previous years.
- 2.3 The report notes that the Council continues to face significant financial pressures resulting from increased demand for services, inflation and legislative reform, as well as the continuing financial impacts of the pandemic. The development of a medium-term financial plan, which aligns to the Council's business plan and identifies options to address savings requirements over the term of the plan, is therefore critical to demonstrating and achieving financial sustainability. Work is underway to develop potential options to address this gap with reference to the priorities set out in the Council's business plan.
- 2.4 The report concludes that the Council's governance arrangements during the year were satisfactory and appropriate. These arrangements will continue to develop over the coming year, following the local government elections and future changes in the corporate leadership of the Council. A review has commenced into the Council's political arrangements with a view that this will be reported in December 2022. A review of the officer governance structure and senior leadership team is also underway, having been paused until the political management arrangements are confirmed.

- 2.5 The auditor's report notes the Council implemented its Planning and Performance Framework during 2021/22 and published an annual performance report including an assessment of performance against the Local Government Benchmarking Framework (LGBF)¹. This report indicated that the impact of the COVID-19 pandemic has been varied across Council services, with 2021/22 seeing a gradual decrease in restrictions while also highlighting how the Council has continued to adapt to its ongoing effects. Further work is required, however, to demonstrate fully compliance with the Accounts Commission Statutory Performance Information Direction, in particular demonstrating best value.
- 2.6 Progress continues to be made against all of the recommendations contained within the BVAR, with agreed approaches to address these and many of the overarching strategies now confirmed. Detailed work continues to support delivery of these approaches.

3. Background

- 3.1 The Council's statement of accounts for 2021/22 was passed to the external auditor by the statutory deadline of 30 June. The Local Authority (Capital Finance and Accounting) (Scotland) (Coronavirus) Amendment Regulations 2022 amended the date by which local authorities must approve the audited 2021/22 annual accounts from 30 September to 30 November 2022. This flexibility reflected the additional logistical challenges of obtaining appropriate audit assurance within a remote working environment. A revised timetable for the audit process was subsequently agreed, with the auditor's report being presented to today's meeting.
- 3.2 The unaudited annual accounts required to be published on the Council's website by no later than 30 June 2022 and thereafter made available for public inspection for a period of 15 working days. These requirements were met, with the inspection period running from Friday 1 July to Thursday 21 July 2022 inclusive. As permitted by relevant regulations, this year's inspection process was again undertaken largely by electronic means.
- 3.3 Correspondence was received from one individual during this period, resulting in the lodging of one objection in relation to the Growth Accelerator Model (GAM) Agreement between Nuveen and the Council for the delivery of the new St James Quarter. Following audit consideration, the objection to the accounts was not upheld.
- 3.4 The review of all matters relating to external audit forms part of the remit of the Governance, Risk and Best Value Committee and is an important aspect of the overall governance arrangements of the Council. The external auditor will attend today's meeting to provide an overview of the accompanying report and respond to specific queries members may have on its content, supplementing an earlier briefing session held on 28 October. Given the Committee's scrutiny function,

¹ Due to the availability of data, by definition the period of analysis for the LGBF report was 2020/21.

however, approval of the annual accounts will be secured by onward referral to the Finance and Resources Committee meeting taking place on 10 November. Subject to this approval, a shorter, more accessible version of the annual accounts will then be published on the Council's website by 30 November.

- 3.5 The external auditor is required, in undertaking the audit, to comply with Audit Scotland's revised Code of Audit Practice and ISA260: Communications with those charged with governance. As part of the standard, the auditor is required to highlight:
- Relationships that may bear on the independence, integrity and objectivity of the appointed auditor and audit staff;
 - The overall scope and approach to the audit, including any expected limitations, or additional requirements;
 - Expected modifications to the audit report;
 - Management representations requested by him/her;
 - Unadjusted misstatements other than those that are clearly trivial;
 - Material weaknesses in internal control identified during the audit;
 - Qualitative aspects of accounting practice and financial reporting, including accounting policies; and
 - Matters specifically required by auditing standards to be communicated to those charged with governance and any other matters that are relevant to the audit.
- 3.6 Appendix 1 of the auditor's report summarises the respective responsibilities of the Council and the auditor.

4. Main report

Overall audit opinion

- 4.1 There are no qualifications to the audit certificate. The report notes that the unaudited accounts were received in accordance with the audit timetable and were accompanied by working papers of a high standard.
- 4.2 As part of the audit process, a number of adjustments were incorporated within the audited accounts and these will be added to the report prior to its onward submission to Audit Scotland.

Wider scope assessment and BVAR actions follow-up

- 4.3 As with recent years' reports, the audit reflects the revised approach to best value agreed by the Accounts Commission in June 2016. This "wider scope" audit comprises four elements:
- Financial sustainability;
 - Financial management;
 - Governance and transparency; and

- Value for money.

- 4.4 In addition, the report includes a progress assessment on the implementation of the recommendations contained within the Council's BVAR.

Key messages (pages 3 to 7)

- 4.5 The key messages from the audit are presented on pages 3 to 7 of the auditor's report, with a number of action points for the Council to address in the coming months noted in Appendix 2. These, together with the management responses provided by the Council (including assigned responsibility and associated timescale for implementation), are shown on pages 83 to 86. The report also summarises on pages 87 to 93 progress made in implementing the recommendations contained in previous years' reports.
- 4.6 The wider scope aspects of the audit and progress in addressing the recommendations of the BVAR are subject to a grading system set out on page 8 of the auditor's report. With the exception of financial sustainability where, due to the need to identify specific savings to address significant funding gaps, current arrangements are assessed to be inadequate (with the actions the Council is taking in response highlighted in Paragraph 4.9), all other areas are assessed as having no major weaknesses but with opportunities for improvement to offset remaining risks.

Annual accounts audit (pages 12 to 37)

- 4.7 An unqualified opinion has been provided on the financial statements and other prescribed matters, with positive feedback provided across a number of areas.
- 4.8 While noting positive changes implemented in recent years in respect of property valuations, the report nonetheless identifies a number of suggestions on possible further improvements in respect of accounting for property, plant and equipment, with these recommendations included in Appendix 2 of the auditor's report. Scope for improvement was also identified in the Council's payroll processes and controls.

Financial sustainability (pages 38 to 43)

- 4.9 The report notes that the Council continues to face significant financial pressures resulting from increased demand for services, inflation and legislative reform, as well as the continuing financial impacts of the pandemic. The development of a medium-term financial plan, which aligns to the Council's business plan and identifies options to address savings requirements over the term of the plan, is therefore critical to demonstrating and achieving financial sustainability. Work is underway to develop potential options to address this gap with reference to the priorities set out in the Council's business plan.

Financial management (pages 44 to 49)

- 4.10 The report concludes that the Council had appropriate arrangements in place for managing its financial position and use of resources during the year, with an overall

surplus of £3.9m reported and an increased proportion of approved savings delivered.

- 4.11 The external auditor's report intimates that no significant weaknesses were identified within the Council's systems of accounting and internal financial control and that its arrangements with regard to the detection of fraud and irregularity are considered sufficient and appropriate, complemented by active participation in the National Fraud Initiative.

Governance and transparency (pages 50 to 59)

- 4.12 The report concludes that the Council's governance arrangements during the year were satisfactory and appropriate. These arrangements will continue to develop over the coming year, following the local government elections and future changes in the corporate leadership of the Council. A review has commenced into the Council's political arrangements with a view that this will be reported in December 2022. A review of the officer governance structure and senior leadership team is also underway, having been paused until the political management arrangements are confirmed.
- 4.13 The Council is assessed to have responded promptly and effectively in its political management arrangements to the COVID-19 crisis.
- 4.14 During 2021/22, the Chartered Institute of Internal Auditors (IIA) undertook an External Quality Assessment (EQA) of the Council's Internal Audit function, in line with the requirements of the Public Sector Internal Audit Standards (PSIAS). These standards require internal audit to have an external quality effectiveness review completed on a five-yearly basis. The EQA concluded that the Council's internal audit function generally conforms with the PSIAS, which set out the expected standards for internal auditing, including a code of ethics, core principles and international standards. Two recommendations were made to address partial conformance with the standards. Management responses and action dates have been agreed.

Value for money (pages 60 to 66)

- 4.15 The auditor's report notes the Council implemented its Planning and Performance Framework during 2021/22 and published an annual performance report including an assessment of performance against the Local Government Benchmarking Framework (LGBF). This report indicated that the impact of the COVID-19 pandemic has been varied across Council services, with 2021/22 seeing a gradual decrease in restrictions while also highlighting how the Council has continued to adapt to its ongoing effects. Further work is required, however, to demonstrate fully compliance with the Accounts Commission Statutory Performance Information Direction, in particular demonstrating best value.

BVAR follow-up (pages 67 to 74)

- 4.16 Progress in addressing all of the recommendations contained within the BVAR is noted, with approaches to addressing the recommendations agreed and many of the overarching strategies already confirmed.
- 4.17 A summary of progress in respect of each recommendation is included on pages 68 to 74 of the report.

5. Next Steps

- 5.1 Subject to approval by the Finance and Resources Committee on 10 November, the annual accounts will be signed and submitted to the external auditor.
- 5.2 Progress in implementing the improvement actions set out in Appendices 2 and 3 will be reported to the Governance, Risk and Best Value Committee over the coming year.

6. Financial impact

- 6.1 There is no direct additional impact arising from the report's contents, although the on-going effectiveness of the Council's current financial management and planning arrangements has been noted.

7. Stakeholder/Community Impact

- 7.1 The annual audit report includes a review of the effectiveness of existing and proposed arrangements to empower communities.
- 7.2 The financial statements were made available for public inspection in July for a period of 15 working days in accordance with the provisions of Part VII of the Local Government (Scotland) Act 1973 and the Local Authority Accounts (Scotland) Regulations 2014. One objection was received as part of this process but was not upheld.

Key messages

This report concludes our audit of the City of Edinburgh Council for 2021/22.

This section summarises the key findings and conclusions from our audit.

Annual accounts audit

Audit opinion	<p>The annual accounts are due to be considered by the Governance, Risk and Best Value Committee on 31 October and approved by the Finance and Resources Committee on 10 November.</p> <p>We report unqualified opinions within our independent auditor's report.</p>
Key findings on audit risks and other matters	<p>We have obtained adequate evidence in relation to the key audit risks identified in our audit plan.</p> <p>We are satisfied with the appropriateness of the accounting estimates and judgements used in the preparation of the financial statements.</p> <p>The accounting policies used to prepare the financial statements are considered appropriate.</p> <p>All material disclosures required by relevant legislation and applicable accounting standards have been made appropriately.</p> <p>The Council had appropriate administrative processes in place to prepare the annual accounts and the required supporting working papers.</p>
Audit adjustments	<p>The Council updated the annual accounts for all potential audit adjustments identified during the audit process.</p> <p>We also identified disclosure and presentational adjustments during our audit, which have been reflected in the final set of accounts.</p>
Accounting systems and internal controls	<p>We have applied a risk-based methodology to the audit. This approach requires us to document, evaluate and assess the Council's processes and internal controls relating to the financial reporting process.</p> <p>Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we have included these in this report. We consider the control environment within the Council to be satisfactory although there is scope for improvement.</p>

Wider scope audit

Auditor judgement

The Council continues to face significant financial pressures resulting from increased demand for services, inflation, legislative reform and increased citizen expectations, as well as the continuing financial impacts of the pandemic.

Financial Sustainability

The development of a medium-term financial plan, which aligns to the Council's business plan, and identifies options to address savings requirements over the term of the plan is critical to the Council demonstrating and achieving financial sustainability.

Current projections indicate a need to deliver at least £70million of recurring savings in 2023/24, increasing to £153million over the five year period to 2026/27. Work is underway to develop potential options to address this gap with reference to the priorities set out in the Council's business plan.

The impact of increasing costs to the Housing Revenue Account (HRA) as well as a reduction in income as a result of rent freezes means that the HRA business plan goes into considerable deficits over the next few years unless mitigating measures are implemented. The Council will need to make difficult decisions over the medium-term to ensure the financial sustainability of the HRA is maintained.

Auditor judgement

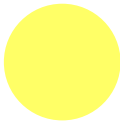

Financial Management

The Council has appropriate arrangements in place for financial management and the use of resources.

The Council reported a surplus outturn position in 2021/22. 89% of approved savings were delivered, a continued improvement in comparison to previous years.

Around 91% of the revised general fund capital programme and 62% of the revised HRA capital programme was delivered in 2021/22.

 <p>Governance & Transparency</p>	Auditor judgement	
 <p>Value for Money</p>	Auditor judgement	 <p>The Council implemented its Planning and Performance Framework during 2021/22. The Planning and Performance Framework includes a suite of key performance indicators aligned to the business plan. The performance indicators have been mapped against the National Performance Framework and seven best value themes.</p> <p>The Council published an annual performance report and report on performance against the Local Government Benchmarking Framework (2020/21). The impact of the Covid-19 pandemic has been varied across Council services. 2021/22 saw the gradual decrease of restrictions and the report highlights how the Council has continued to adapt to the ongoing effects of Covid-19.</p> <p>Further work is required to fully demonstrate compliance with the Accounts Commission Statutory Performance Information Direction; in particular demonstrating best value.</p>

Best value Assurance Report – follow up

Appointed auditors have a duty to be satisfied that local government bodies have made proper arrangements to secure best value.

A Best Value review was undertaken on the City of Edinburgh Council in 2020. The Best Value Assurance Report (BVAR) includes recommendations to help the Council address the improvement areas identified during the audit.

We have considered progress made by the Council in implementing the recommendations made in the BVAR.

Auditor judgement

Progress continues to be made against all of the recommendations. Agreed approaches to address the recommendations and many of the overarching strategies have been confirmed. Detailed work continues to support these agreed approaches.

Definition

Our wider scope audit involves consideration of the Council's arrangements as they relate to financial sustainability; financial management, governance and transparency and value for money. We have used the following grading to provide an overall assessment of the arrangements in place as they relate to the four dimensions.

Introduction

We carried out our audit in accordance with Audit Scotland's
Code of Audit Practice and maintained auditor independence

.....

Scope

1. We outlined the scope of our audit in our External Audit Plan, which we presented to the Governance, Risk and Best Value Committee at the outset of our audit. The core elements of our work include:
 - an audit of the 2021/22 annual accounts for both the Council and its group and related matters;
 - consideration of the wider dimensions of public audit work, as set out in Exhibit 1;
 - consideration of the Council's arrangements to secure best value;
 - consideration of the arrangements for the collection and publication of statutory performance information in accordance with the Accounts Commission direction;
 - monitoring the Council's participation in the National Fraud Initiative (NFI); and
 - any other work requested by Audit Scotland.

Exhibit 1: Audit dimensions within the Code of Audit Practice

Responsibilities

2. The Council is responsible for preparing annual accounts which show a true and fair view and for implementing appropriate internal control systems. The weaknesses or risks identified in this report are only those that have come to our attention during our normal audit work and may not be all that exist. Communication in this report of matters arising from the audit or of risks or weaknesses does not absolve management from its responsibility to address the issues raised and to maintain an adequate system of control.
3. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.
4. We would like to thank all management and staff for their co-operation and assistance during our audit.

Auditor independence

5. International Standards on Auditing in the UK (ISAs (UK)) require us to communicate on a timely basis all facts and matters that may have a bearing on our independence.
6. We confirm that we complied with the Financial Reporting Council's (FRC) Ethical Standard. In our professional judgement, we remained independent and our objectivity has not been compromised in any way.
7. We set out in Appendix 1 our assessment and confirmation of independence. Our assessment includes consideration of:
 - Provision of non-audit services to the Council's group components; and
 - Relationships between Azets and the Council, its elected members and senior management that may reasonably be thought to bear on our objectivity and independence.

Feedback

9. Any comments you may have on the service we provide, the quality of our work and our reports would be greatly appreciated at any time. Comments can be reported directly to any member of the audit team.

Openness and transparency

10. This report will be published on Audit Scotland's website www.audit-scotland.gov.uk.

Adding value through the audit

8. All of our clients demand of us a positive contribution to meeting their ever-changing business needs. Our aim is to add value to the Council through our external audit work by being constructive and forward looking, by identifying areas of improvement and by recommending and encouraging good practice. In this way, we aim to help the Council promote improved standards of governance, better management and decision making and more effective use of resources.

Annual accounts audit

The Council's annual accounts are the principal means of accounting for the stewardship of its resources and its performance in the use of those resources.

Overall conclusion

11. The annual accounts are due to be considered by the Governance, Risk and Best Value Committee on 31 October and approved by the Finance and Resources Committee on 10 November. Our independent auditor's report is unqualified.

Administrative processes

12. We received unaudited annual accounts and supporting papers of a high standard, in line with our agreed audit timetable. Our thanks go to staff at the Council for their assistance with our work, particularly given the current environment we are working in.

Our audit opinion

Opinion	Basis for opinion	Conclusions
Financial statements	<p>We conduct our audit in accordance with applicable law and International Standards on Auditing.</p> <p>Our findings / conclusions to inform our opinion are set out in this section of our annual report.</p>	We have issued unqualified audit opinions.
Going concern basis of accounting	<p>In the public sector when assessing whether the going concern basis of accounting is appropriate, the anticipated provision of the services is more relevant to the assessment than the continued existence of a particular public body.</p> <p>We assess whether there are plans to discontinue or privatise the Council's functions.</p> <p>Our wider scope audit work considers the financial sustainability of the Council.</p>	<p>We reviewed the financial forecasts for 2022/23. Our understanding of the legislative framework and activities undertaken provides us with sufficient assurance that the Council will continue to operate for at least 12 months from the signing date.</p> <p>Our audit opinion is unqualified in this respect.</p>

Opinion	Basis for opinion	Conclusions
<p>Opinions prescribed by the Accounts Commission on:</p> <ul style="list-style-type: none"> • Management Commentary • Annual Governance Statement • Remuneration Report 	<p>We plan and perform audit procedures to gain assurance that the Management Commentary, Annual Governance Statement and the audited part of the Remuneration Report are prepared in accordance with:</p> <ul style="list-style-type: none"> • statutory guidance issued under the Local Government in Scotland Act 2003 (Management Commentary); • the Delivering Good Governance in Local Government: Framework (Annual Governance Statement); and • The Local Authority Accounts (Scotland) Regulations 2014 (Remuneration Report) 	<p>We have concluded that:</p> <ul style="list-style-type: none"> • the management commentary is consistent with the financial statements and has been prepared in accordance with statutory guidance issued under the Local Government in Scotland Act 2003. • the information given in the annual governance statement is consistent with the financial statements and has been prepared in accordance with the Delivering Good Governance in Local Government: Framework. • the audited part of the Remuneration Report has been properly prepared in accordance with The Local Authority Accounts (Scotland) Regulations 2014.
<p>Matters reported by exception</p>	<p>We are required to report on whether:</p> <ul style="list-style-type: none"> • adequate accounting records have not been kept; or • the financial statements and the audited part of the Remuneration Report are not in agreement with the accounting records; or • we have not received all the information and explanations we require for our audit. 	<p>We have no matters to report.</p>

An overview of the scope of our audit

13. The scope of our audit was detailed in our External Audit Plan, which was presented to the Governance, Risk and Best Value Committee in March 2022. The plan explained that we follow a risk-based approach to audit planning that reflects our overall assessment of the relevant risks that apply to the Council. This ensures that our audit focuses on the areas of highest risk. Planning is a continuous process and our audit plan is subject to review during the course of the audit to take account of developments that arise.
14. At the planning stage we identified the significant risks that had the greatest effect on our audit. Audit procedures were then designed to mitigate these risks.
15. In our audit, we test and examine information using sampling and other audit techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain evidence through performing a review of the significant accounting systems, substantive procedures and detailed analytical procedures.

Significant risk areas

16. Significant risks are defined by professional standards as risks that, in the judgement of the auditor, require special audit consideration. In identifying risks, we consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those

risks that have a higher risk of material misstatement.

17. The significant risk areas described in the table below are those that had the greatest effect on our audit strategy, the allocation of resources in the audit and directing the efforts of the audit team. Our audit procedures relating to these matters were designed in the context of our audit of the annual accounts as a whole, and not to express an opinion on individual accounts or disclosures. Our opinion on the annual accounts is not modified with respect to any of the risks described below.

Significant risk areas

1. Management override

Significant risk description

In any organisation, there exists a risk that management have the ability to process transactions or make adjustments to the financial records outside the normal financial control processes. Such issues could lead to a material misstatement in the financial statements. This is treated as a presumed risk area in accordance with ISA (UK) 240 - *The auditor's responsibilities relating to fraud in an audit of financial statements*.

How the scope of our audit responded to the significant risk

Key judgement

There is the potential for management to use their judgement to influence the financial statements as well as the potential to override controls for specific transactions.

Audit procedures

- Review of the Council's accounting records and audit testing on transactions.
- Adoption of data analytics techniques in carrying out testing.
- Review of judgements and assumptions made in determining accounting estimates as set out in the financial statements to determine whether they are indicative of potential bias. This includes a retrospective review of the prior year estimates against the current year estimates.

Key observations

We have not identified any indication of management override in the year. We did not identify any areas of bias in key judgements made by management and judgements were consistent with prior years.

Significant risk areas

2. Revenue recognition

Significant risk description

Under ISA (UK) 240 - *The auditor's responsibilities relating to fraud in an audit of financial statements* there is a presumed risk of fraud in relation to revenue recognition. The presumption is that the Council could adopt accounting policies or recognise income transactions in such a way as to lead to a material misstatement in the reported financial position.

How the scope of our audit responded to the significant risk

Key judgements

Given the financial pressures facing the public sector as a whole, there is an inherent fraud risk associated with the recording of income around the year end.

Audit procedures

- Evaluate each material revenue stream and review controls over revenue accounting.
- Substantive testing on all material revenue streams.
- Audit testing over the revenue recognition policy to ensure it is appropriate and applied consistently throughout the year.

Key observations

At the planning stage of our audit we concluded that the revenue recognition risk was present in all material revenue streams except for council tax income, non-domestic rates, housing rents and non-ring fenced government grants. Our conclusion remained the same throughout the audit.

Based on audit work performed, we have gained reasonable assurance on the completeness and occurrence of income and we are satisfied that income is fairly stated in the financial statements.

Significant risk areas

3. Expenditure recognition

Significant risk description

As most public sector bodies are net expenditure bodies, the risk of fraud is more likely to occur in expenditure. There is a risk that expenditure may be misstated resulting in a material misstatement in the financial statements.

How the scope of our audit responded to the significant risk

Key judgements

Given the financial pressures facing the public sector as a whole, there is an inherent fraud risk associated with the recording of expenditure around the year end.

Audit procedures

- Evaluate the significant non-pay expenditure streams and review the controls in place over accounting for expenditure. (Payroll is subject to separate tailored testing).
- Consideration of the Council's key areas of expenditure and obtain evidence that expenditure is recorded in line with appropriate accounting policies and the policies have been applied consistently across the year.
- Review of accruals around the year end to consider if there is any indication of understatement of balances held through consideration of accounting estimates.

Key observations

We gained reasonable assurance over the completeness and occurrence of expenditure and are satisfied that expenditure is fairly stated in the financial statements.

Significant risk areas

4. Asset valuations (significant accounting estimate)

Significant risk description

The Council carries out a rolling programme of revaluations to ensure all property, plant and equipment required to be measured at fair value is revalued at least every five years.

Council dwellings are valued using the beacon method which aggregates the vacant possession value of each unit of housing stock based on the value of a beacon or sample property. A discount factor is applied to reflect the lower rent yield from social housing compared to market rates. A full revaluation exercise is completed every five years, with the last exercise undertaken in 2018/19. In interim years the Council applies an uplift factor to the valuation of beacon properties based on growth in the housing sector and other key factors.

Other land and buildings are held at fair value and revalued as part of the five-year rolling programme. In addition, the valuer considers all material changes to assets, such as significant maintenance spend or a change in the condition of the property and makes an assessment as to whether a revaluation is necessary.

Investment properties are valued annually at fair value, in line with the Code.

There is a significant degree of subjectivity in the measurement and valuation of property, plant and equipment. This subjectivity and the material nature of the Council's asset base represents an increased risk of misstatement in the annual accounts.

How the scope of our audit responded to the significant risk

Key judgements

Councils are required to revalue assets held at fair value with sufficient regularity to ensure that the carrying amount does not differ materially from the current value at 31 March.

Audit procedures

- Consider the competence, capability and objectiveness of the internal valuer in line with ISA (UK) 500 - *Audit Evidence*.
- Consider the scope of the valuer's work and the information provided to the valuer for completeness.
- Review the valuation report and consider the assumptions used by the valuer against external sources of evidence.
- Challenge management's formal assessment of impairment to ensure assets are not materially misstated as at 31 March.

Significant risk areas

Key observations

Valuers

Valuations are carried out by internal valuers and formally communicated to the Council through a valuation report. We have gained assurance that the carrying value of assets in the audited annual accounts is in line with the internal valuer's report.

We considered the instructions and information provided to the valuer and performed procedures to confirm the accuracy and completeness of the information. All property, plant and equipment required to be carried at fair value has been appropriately revalued as part of the five-year rolling programme.

In accordance with ISA (UK) 500 - *Audit Evidence* we have considered the competence, capability and objectivity of the professional valuer and did not identify any items which gave us cause for concern over the suitability of the valuer.

Review of assumptions

We confirmed that the basis of valuation for assets is appropriate based on their usage and that the assumptions applied appear reasonable. Overall, valuation movements were in line with our expectation.

We reviewed the valuation assumptions against external sources of evidence including private rental prices for HRA Revaluation movements, general cost indices and construction prices for Other Land and Buildings Revaluation movements and capital values for Investment Properties. From our testing, we are satisfied that assumptions used within determination of valuation movements can be corroborated to third party sources.

Council dwellings are valued using the beacon method which aggregates the vacant possession value of each unit of housing stock based on the value of a beacon or sample property. A discount factor is applied to reflect the lower rent yield from social housing compared to market rates. A full revaluation exercise is completed every five years, with the last exercise undertaken in 2018/19.

In interim years the Council applies an uplift factor to the valuation of beacon properties based on growth in the housing sector and other key factors. The appropriateness of the discount factor was considered. An uplift of 2.8% was applied in 2021/22 whilst the discount factor remained at 38%; both of which we deem to be reasonable based on the evidence available.

Other land and buildings are held at fair value and revalued as part of the five-year rolling programme. In addition, the valuer considers all

Significant risk areas

material changes to assets, such as significant maintenance spend or a change in the condition of the property and makes an assessment as to whether a revaluation is necessary.

In 2021/22 a total of 633 valuations were completed, equating to 21% of asset records and over 30% of the portfolio by value. We reviewed the reasonableness of valuation assumptions applied and are satisfied that these are appropriate.

In 2021/22, the Council introduced the process of using indices to reflect market changes in interim years between valuations. An uplift of 8.9% was applied in 2021/22 to the build cost component of other land and buildings not revalued during the year. Based on the professional judgement of the valuer it was deemed appropriate to apply the uplift in 2021/22 to reflect the significant increase in build costs during the year. We deem this assessment to be reasonable and the uplift factor to be reasonable based on the evidence available.

The Council applies component accounting to land and buildings. The Council's accounting policies reflect that the building component of an asset is separated into further components primarily to those with a carrying value of over £5million. This methodology is deemed to be reasonable.

Impairment

The Council has further developed its procedures for assessing whether there has been an impairment to ensure this takes cognisance of a range of sources of information. This includes:

- Any changes in condition per the conditions surveys performed as part of the five year rolling programme;
- A review of any properties declared surplus to requirements;
- A review of the level of repairs and maintenance undertaken on each property;
- Confirmation from asset managers as to whether any assets have been damaged or demolished in year.

No indication of material impairment was identified, which is consistent with our testing.

Disclosure of Estimation Uncertainty

IAS 1 'Presentation of Financial Statements' requires entities to disclose assumptions made about the future and other major sources of estimation uncertainty, specifically those that present a significant

Significant risk areas

risk of resulting in a material adjustment to the carrying amount of assets and liabilities within the next financial year. Disclosures should include the nature of the assumption or estimation uncertainty and the sensitivity of the carrying amounts to the methods, assumptions and estimates underlying their calculation.

The Council has identified the valuation of property, plant and equipment as a major source of estimation uncertainty. At our request, management have included further disclosures within the audited annual accounts on key assumptions made when determining the valuation of all assets held at fair value including disclosure to reflect the change in methodology in 2021/22 to apply an uplift to all other land and buildings asset not subject to revaluation during the year.

5. Pension assumptions (significant accounting estimate)

Significant risk description

An actuarial estimate of the pension fund asset/liability is calculated on an annual basis under IAS 19 and on a triennial funding basis by an independent firm of actuaries with specialist knowledge and experience. The estimates are based on the most up to date membership data held by the pension fund and have regard to local factors such as mortality rates and expected pay rises with other assumptions around inflation when calculating the liabilities. There is a risk that the assumptions used are not appropriate.

How the scope of our audit responded to the significant risk

Key judgements

A significant level of estimation is required in order to determine the valuation of pension assets/liabilities. Small changes in the key assumptions (including discount rates, inflation and mortality rates) can have a material impact on the pension asset/liability.

Audit procedures

- Review the controls in place to ensure that the data provided from the pension fund to the actuary is complete and accurate.
- Review the reasonableness of the assumptions used in the calculation against other local government pension fund actuaries and other observable data.
- Agree the disclosures in the financial statements to information provided by the actuary.
- Consider the competence, capability and objectiveness of the management expert in line with ISA (UK) 500 *Audit Evidence*.

Significant risk areas

Key observations

We reviewed the reasonableness of those assumptions used in the calculation against other local government pension fund actuaries and other observable data, with no issues identified. In addition, we reviewed the information in the actuarial report for completeness and accuracy against the published pension fund data.

We have considered the competence, capability and objectivity of the actuary in line with the requirements of ISA (UK) 500 - *Audit Evidence*. From this review we did not identify any items which gave us cause for concern over the suitability of the actuary.

6. Provisions for doubtful debts (significant accounting estimate)

Significant risk description

The Council in its annual accounts provides for doubtful debts over sundry debtors and housing rent arrears.

There is a significant degree of subjectivity in the measurement and valuation of provisions for doubtful debts. This subjectivity represents an increased risk of misstatement in the financial statements.

How the scope of our audit responded to the significant risk

Key judgements

Given the financial pressures facing the public sector as a whole, there is an inherent fraud risk associated with the recording of provisions around the year end.

Audit procedures

- Review of management's estimation for the provisions and related disclosures.

Key observations

We are satisfied that the amounts recognised as provisions for doubtful debts over sundry debtors and housing rent arrears appropriately reflect the expected recovery rate of debt over the next 12 months. This is based on a historical analysis of aged debt recovery within the Council.

Significant risk areas

7. Financial instruments: fair value measurement (significant accounting estimate)

Significant risk description

The Council maintains significant debt and investment portfolios. The Council has adopted IFRS 13 for the calculation of fair values. Financial assets classified as available for sale are carried in the Balance Sheet at fair value. For Treasury Bills and shares in Money Market Funds, the fair value is taken from the market price. Financial assets classified as loans and receivables and all financial liabilities are carried in the Balance Sheet at amortised cost. Their fair values are estimated by calculating the net present value of the remaining contractual cash flows.

Fair values are categorised by their level in the fair value hierarchy:

- Level 1 – fair value is derived from quoted prices in active markets for identical assets or liabilities
- Level 2 – fair value is calculated from inputs other than quoted prices that are observable for the asset or liability
- Level 3 – fair value is determined using unobservable inputs

For level 1 and level 2; the Council's valuations are supported by independent expert advice from its treasury management advisors; Arlingclose. For level 3, there is the potential for management to use their judgement to influence the financial statements.

How the scope of our audit responded to the significant risk

Key judgements

As noted above, whilst for fair values assessed at level 1 and level 2, valuations are supported by independent expert advice, for level 3, there is the potential for management to use their judgement to influence the financial statements.

Audit procedures

- Evaluate and review the controls in place over accounting for financial instruments.
- Consider the Council's material financial instruments and obtain evidence that these have been appropriately valued at 31 March 2022 including challenging fair value classification.
- Review management experts and external investment managers.
- Review the disclosures within the annual accounts to ensure they are consistent with supporting information.

Significant risk areas

Key observations

Level 1 / 2

Levels 1 and 2 comprise loans, including PWLB loans, and investments held within money market funds, sovereign / supranational debt and local authority loans.

For those loans and investments assessed as level 1/2 the Council's valuations are supported by expert advice from its treasury management advisors. We obtained evidence during our audit over the values assigned to those loans and investments and where appropriate third party confirmation over the values.

Level 3 – PPP liabilities

The Council has entered into significant financial contracts to build new schools and a residual waste treatment plant under 'Public Private Partnership' agreements. At 31 March 2022, the value of financial liabilities in relation to these projects was £283.119million. Valuations are based on a financial model prepared by management.

We considered the appropriateness of the models, ensuring that the assumptions, inputs and disclosures are reasonable. We agreed the models to the underlying contract and third party operator models. We considered whether the models and resulting transactions were in line with accounting standards. We challenged changes to an operational model which resulted in the valuation of the liability being revisited and adjusted in the accounts.

We gained reasonable assurance over the valuation of the PPP liabilities at year end and are satisfied that the liabilities are fairly stated in the financial statements.

Other risk factors

Other impacts of COVID-19 on the annual accounts

18. COVID-19 continues to present unprecedented challenges to the operation, financial management and

governance of organisations, including public sector bodies. In response to the pandemic we identified potential areas of increased risk of material misstatement to the financial statements and/or our audit opinion. Our conclusions are set out in the table below.

Area considered	Description	Conclusion
Access to audit evidence	Our audit this year has been carried out remotely. As a consequence, we identified a risk that access to and provision of sufficient, appropriate audit evidence in support of our audit opinion may be impacted by the inherent nature of carrying out our audit remotely.	We have employed a greater use of technology to examine evidence, but only where we have assessed both the sufficiency and appropriateness of the audit evidence produced. We stayed in close contact with Council officers to ensure all relevant issues were satisfactorily addressed.
Timescales / administrative processes	The pre COVID-19 deadline was 30 September. The Scottish Government amended the Accounts Regulations to require the 2021/22 annual accounts to be approved for signature no later than 30 November 2022 (and published no later than 15 December 2022).	The annual accounts are due to be approved by the Finance and Resources Committee on 10 November 2022 and therefore are in line with the revised timescales.

Accounting for Infrastructure Assets

19. The Code requires infrastructure assets to be measured using the historical cost measurement basis and carried at depreciated historical cost. Where a component of an asset is replaced the cost of the new component should be reflected in the carrying amount of the infrastructure asset and the gross cost and accumulated depreciation of the old component should be derecognised to avoid double counting. Auditors have

identified that local authorities in the UK have not been properly accounting for infrastructure assets since the move to International Financial Reporting Standards in 2010/11 due to information deficits.

20. CIPFA/LASAAC attempted to resolve the issues and undertook an urgent consultation on temporary changes to the Code. However, it was unable to agree an approach that addressed the concerns of all stakeholders whilst also supporting high quality financial

reporting. CIPFA/LASAAC therefore requested that the Scottish Government (and governments in England and Wales) for a temporary statutory override while a permanent solution is developed.

21. The Scottish Government published statutory guidance on 29 August 2022 and sets out the following 2 statutory overrides:
 1. Statutory Override 1: For accounting periods commencing from 1 April 2021 until 31 March 2024 a local authority is not required to report the gross cost and accumulated depreciation for infrastructure assets.
 2. Statutory Override 2: For accounting periods commencing from 1 April 2010 until 31 March 2024 the carrying amount to be derecognised in respect of a replaced part of an infrastructure asset is to be taken to be and accounted for as a nil amount. No subsequent adjustment shall be made to the carrying amount of the asset with respect to that part.
22. The Council has chosen to adopt both of the statutory overrides. The annual accounts have been updated to reflect the adoption of these overrides. There has been no impact on the financial position of the Council; amendments were applied to the notes to the financial statements.
23. The Scottish Government expects bodies will begin to address information deficits to ensure adequate accounting records for the measurement of infrastructure assets and the timely adoption of the Code requirements once a more permanent solution is delivered.

Common Good

24. Local Authorities are required to administer common good funds under section 15 of the Local Government (Scotland) Act 1994. The purpose of common good funds is to provide benefit to the population of the area either through the disbursement of funds, securing assets for on-going use for the population or contributing to specific local projects/initiatives.
25. The Common Good Fund stands separately from the Council's annual accounts and has been described as "the ancient patrimony of the community".
26. During 2021/22, a surplus of £1.059million was reported on the common good fund. Overall useable common good funds stood at £2.657million as at 31 March 2022.
27. In 2016, the Council's Finance and Resources Committee approved the use of the common good fund for planned maintenance of part of the common good assets. £2million was earmarked in 2015/16 (following a receipt from the sale of East Market Street Garage), to fund a maintenance programme for common good assets.
28. Since this earmarked fund was created in 2016, £123,000 has been used on the Scott Monument, £33,000 on surveys at the City Observatory, £12,600 on Portobello Municipal Clock, £36,200 on Queensferry Harbour and £600 on Key to City Repairs.
29. During our 2021/22 audit of the Common Good fund annual accounts, we noted the following:

Common Good income & expenditure

30. The common good fund comprehensive income and

expenditure statement reports a full disclosure of the income and expenditure which relates to the common good fund. Property costs expenditure for the period totalled £4.307million which has been offset by rental income for the period of £0.358million. In order to achieve a “breakeven position” on property costs, the Council has offset the expenditure with an income recharge from the Council of £3.930million and capital funding of £1.090million.

31. In 2021/22, the Leith Links was transferred from the Council to the Common Good Fund. £1.071million capital expenditure was incurred during 2021/22 on this asset. This has resulted in an adjustment to the Common Good financial statements in order to present the property costs as Assets under Construction.
32. As part of planning and fieldwork stages of the audit we identified all accounting estimates made by management and determined which were key to the common good fund. We identified expenditure recognition as a key area where management use estimates.
33. Our audit work consisted of reviewing the keys areas for any indication of bias and assessing whether the judgements used by management are reasonable.
34. While we gained reasonable assurance that expenditure was materially appropriate, we identified areas for improvements. An audit adjustment was made to the Common Good Fund financial statements to reflect expenditure on parks and other green spaces which were not included in management’s estimate.

Common Good Asset Registers

35. Local Authorities have a statutory responsibility, per Part 8 of the Community Empowerment (Scotland) Act 2015, to establish, maintain and publish a register of all property held by them for the common good. The Council has met all statutory deadlines set by this act in the establishment, consultation and publication of a common good register.
36. As part of audit work we confirmed the completeness of the Common Good annual accounts by comparing the published common good register to the asset register (“accounting asset register”) used to prepare the accounts.
37. We identified three assets which were on the published register but not included in the accounting asset register and a further four which were included in the accounting asset register but not on the published register. These were as follows:
 - Promenade, Portobello
 - South Bridge
 - Belford Street
38. The Council has committed to add these assets to the accounting register in 2022/23. We are satisfied that exclusion of these assets does not have a material impact on the 2021/22 accounts.
39. We also identified one asset, Princes Street Gardens Dean Ramsay Memorial Cross, which was on the accounting asset register but not on the published register which remains unactioned from previous years. This asset remains under investigation by the Council’s Solicitors and we are satisfied that exclusion of this asset

does not have a material impact on the 2021/22 accounts.

40. We reviewed the requirements of the Community Empowerment (Scotland) Act 2015 along with related Scottish Ministerial guidance. We noted that the target to consider and respond to representations within twelve weeks has not been met on a number of occasions. There is also no timetable of when cases will be looked at by the local authority.

Estimates and judgements

41. We are satisfied with the appropriateness of the accounting estimates and judgements used in the preparation of the financial statements.
42. As part of the planning and fieldwork stages of the audit we identified all accounting estimates made by management and determined which of those were key to the overall financial statements. Consideration was given

to asset valuations, pension assumptions, impairment, depreciation and amortisation rates, provisions for legal obligations and doubtful debts, financial instruments (fair value measurement) and accruals. Other than asset valuations, pension assumptions, provisions for doubtful debts and financial instruments (fair value measurement), we have not determined the accounting estimates to be significant. We revisited our assessment during the fieldwork and completion stages of our audit and concluded that our assessment remained appropriate.

43. Our audit work consisted of reviewing these key areas for any indication of bias and assessing whether the judgements used by management are reasonable. We have summarised our assessment of this below, categorised between Prudent, Balanced and Optimistic.

Estimates and judgements

Asset valuations

Balanced

Valuations are carried out by an internal valuer. We evaluated the competence, objectivity and capability of management experts in line with the requirements of ISA (UK) 500 and concluded that use of the experts was appropriate.

We considered key assumptions against other sources of evidence. We have not identified any indication that the asset valuation as at 31 March 2022 is not materially appropriate.

Estimates and judgements

Pension Assumptions

Balanced

An actuarial estimate of the pension fund asset/liability is calculated on an annual basis and on a triennial funding basis by an independent firm of actuaries with specialist knowledge and experience.

We have considered the competence, capability and objectivity of the actuary in line with the requirements of ISA (UK) 500 'Audit Evidence'. From this review we did not identify any items which gave us cause for concern over the suitability of the actuary.

We reviewed the reasonableness of the assumptions used in the calculation against other local government pension fund actuaries and other observable data, with no issues identified. In addition, we reviewed the information in the actuarial report for completeness and accuracy against the published pension fund data.

The Council has disclosed in its annual accounts a sensitivity analysis to help users of the annual accounts understand the judgements management have made about the sources of estimation uncertainty.

Provisions for doubtful debts

Balanced

There is a significant degree of subjectivity in the measurement and valuation of provisions for doubtful debts. We considered key assumptions and are satisfied that these are reflective of debt recovery rates across the Council.

Financial instruments: fair value measurements

Balanced

For financial instruments assessed under the fair value hierarchy as level 1 or level 2; the Council's valuations are supported by independent expert advice from its treasury management advisors; Arlingclose. We evaluated the competence, objectivity and capability of management experts in line with the requirements of ISA (UK) 500 and concluded that use of the experts was appropriate.

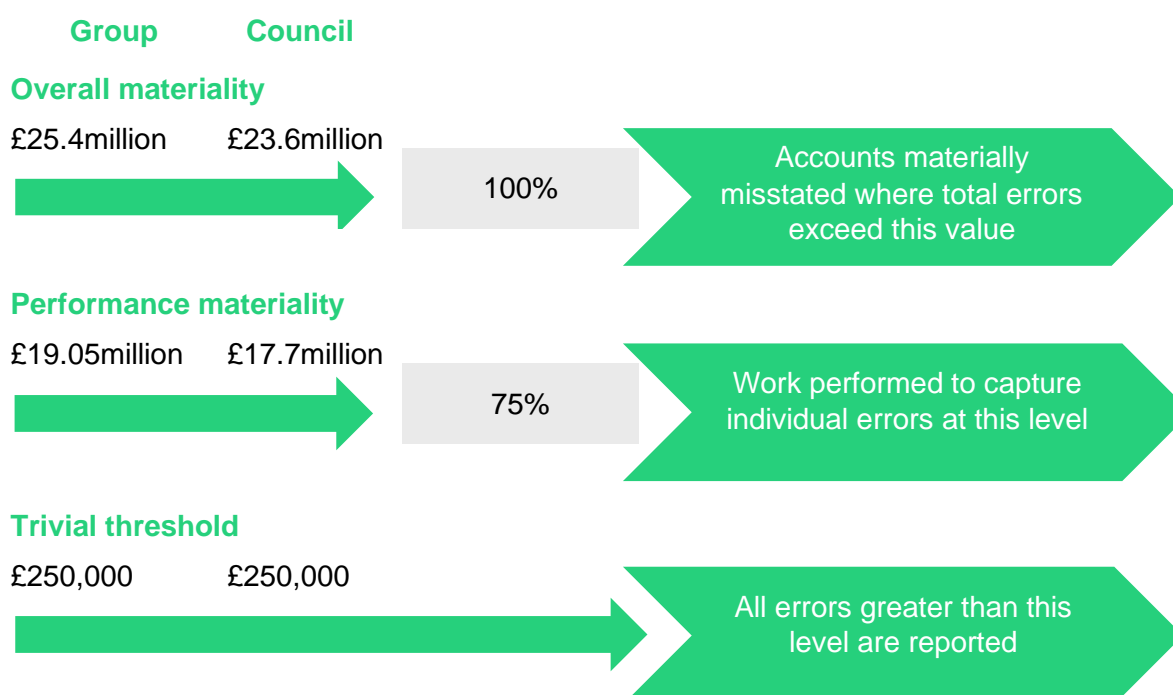

PPP liabilities are assessed as level 3 under the fair value hierarchy. Valuations are based on a financial model prepared by management. We considered the appropriateness of the models, ensuring that the assumptions, inputs and disclosures are reasonable.

Materiality

44. Materiality is an expression of the relative significance of a matter in the context of the financial statements as a whole. A matter is material if its omission or misstatement would reasonably influence the decisions of an addressee of the auditor's report. The assessment of what is material is a matter of professional judgement and is affected by our assessment of the risk profile of the organisation and the needs of users. We review our assessment of materiality throughout the audit.

45. Our initial assessment of materiality for the group annual accounts was £22.5million and for the Council single entity annual accounts £20.8million. On receipt of the unaudited annual accounts, we reassessed materiality and revised it as detailed in the table below. We consider that our updated assessment has remained appropriate throughout our audit.

Materiality

Materiality

Our assessment is made with reference to the group and Council's gross expenditure. We consider this to be the principal consideration for users of the annual accounts when assessing financial performance of the Council and its group.

Our assessment of materiality equates to approximately 1% of gross expenditure as disclosed in the 2021/22 unaudited annual accounts.

We apply a lower level of materiality to the audit of the Remuneration Report. Our materiality is set at £5,000.

Materiality	
Performance materiality	<p>Performance materiality is the working level of materiality used throughout the audit. We use performance materiality to determine the nature, timing and extent of audit procedures carried out. We perform audit procedures on all transactions, or groups of transactions, and balances that exceed our performance materiality. This means that we perform a greater level of testing on the areas deemed to be at significant risk of material misstatement.</p> <p>Performance materiality is set at a value less than overall materiality for the financial statements as a whole to reduce to an appropriately low level the probability that the aggregate of the uncorrected and undetected misstatements exceed overall materiality.</p>
Trivial misstatements	<p>Trivial misstatements are matters that are clearly inconsequential, whether taken individually or in aggregate and whether judged by any quantitative or qualitative criteria.</p>

Group audit

46. The Council has a complex group which requires consolidation of a range of subsidiaries, associates and joint ventures. The group structure is detailed within the Council's annual accounts.
47. As group auditors under ISA (UK) 600 we are required to obtain sufficient appropriate audit evidence regarding the financial information of the components and regarding the consolidation process to express an opinion on whether the group financial statements are prepared, in all material respects, in accordance with the applicable financial reporting framework. The following table sets out the components within the group.

Component	Significant	Level of response required
City of Edinburgh Council	Yes	Comprehensive
Transport for Edinburgh	Yes	Comprehensive
Edinburgh Living MMR LLP	Yes	Comprehensive
CEC Holdings Limited	No	Analytical
Edinburgh Leisure	No	Analytical
Capital Theatres	No	Analytical
Lothian Valuation Joint Board	No	Analytical
Common Good	No	Analytical
Edinburgh Integration Joint Board	No	Analytical

Comprehensive The component is of such significance to the group as a whole that an audit of the components financial statements is required for group reporting purposes. Azets is the appointed auditor to all significant components.

Analytical The component is not significant to the Group and audit risks can be addressed sufficiently by applying analytical procedures at the Group level.

48. As part of our audit we reviewed the consolidation entries made within the group accounts and confirmed those entries back to the financial statements of the group bodies.
49. The Code sets out that the financial statements of all entities within the group accounts are required to be prepared to the same date. Where entities within the group do not have the same year-end as the Council, either additional financial statements should be prepared or where this is impracticable, the financial statements should be adjusted for the effects of significant transactions and events that occur between the two dates.
50. In 2021/22, an adjustment was made to the Council's group accounts for net pension asset as reported by Transport for Edinburgh (whose financial statements are prepared to 31 December). The overall impact was an increase in the net pension asset of £36.339million.
51. The audited annual accounts also include the following prior year adjustments as they relate to the group bodies:
- Edinburgh Living MMR LLP – adjustment to align income recognition policy to the Council's accounting policy;
 - CEC Holdings – adjustment to reflect revised assessment of the CEC Holdings investment consolidation entries.
52. Overall, we concluded that the results of the group bodies had been appropriately consolidated into the Council's audited group accounts.
53. As set out in our External Audit Plan we deemed the following subsidiaries

to be significant in the context of the group audit:

- Transport for Edinburgh; and
- Edinburgh Living MMR LLP.

54. We revisited our assessment, following receipt of the unaudited accounts and our assessment remained the same.
55. Azets is the appointed auditor to Transport for Edinburgh and Edinburgh Living MMR LLP. During our audit we liaised with the audit engagement teams to confirm that their programmes of work were adequate for our purposes.
56. We have nothing to report in respect of the following matters:
- No significant deficiencies in the system of internal control or instances of fraud were identified by the component auditor; and
 - There were no limitations on the group audit.

audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we report these to the Council. These matters are limited to those which we have concluded are of sufficient importance to merit being reported.

Audit differences

57. The Council updated the annual accounts for all potential audit adjustments identified during the audit process.
58. We also identified disclosure and presentational adjustments during our audit, which have been reflected in the final set of annual accounts.

Internal controls

59. As part of our work we considered internal controls relevant to the preparation of the financial statements such that we were able to design appropriate audit procedures. Our

Area	Assessment	Comment
Control and process environment	Satisfactory – although scope for improvement	<p>We consider the control environment within the Council to be satisfactory although there is scope for improvement.</p> <p>We have noted suggestions on possible process improvements in respect of accounting for property, plant and equipment as documented at Appendix 2 (action plan points 1-3).</p> <p>We also identified scope for improvement in the Council's payroll processes and controls. Our findings have been reported to management.</p> <p>Our assessment has taken into account Internal Audit's annual audit opinion. Internal audit's overall opinion was that <i>"some improvement is required across the Council's control environment, governance and risk management arrangements to ensure that the Council's most significant risks are effectively identified, mitigated, and managed"</i>.</p>
Quality of supporting schedules	Satisfactory	We received unaudited annual accounts and supporting papers of a high standard, in line with our agreed audit timetable.
Responses to audit queries	Satisfactory	Management's responses to our audit queries were appropriate and received on a timely basis.

Follow up of prior year recommendations

60. We followed up on progress in implementing actions raised in the prior year as they relate to the audit of the financial statements. Full details of our findings are included in Appendix 3.

appropriateness of the accounting policies adopted by the Council.

62. The accounting policies, which are disclosed in the annual accounts, are considered appropriate.

63. There are no significant financial statements disclosures that we consider should be brought to your attention. All the disclosures required by relevant legislation and applicable accounting standards have been made appropriately.

Other communications

Accounting policies, presentation and disclosures

61. Our work included a review of the adequacy of disclosures in the annual accounts and consideration of the

64. Overall we found the disclosed accounting policies, and the overall disclosures and presentation to be appropriate.

Fraud and suspected fraud

65. We have previously discussed the risk of fraud with management. We have not been made aware of any incidents in the period nor have any incidents come to our attention as a result of our audit testing.
66. Our work as auditor is not intended to identify any instances of fraud of a non-material nature and should not be relied upon for this purpose.

Non-compliance with laws and regulations

67. As part of our standard audit testing, we have reviewed the laws and regulations impacting the Council. There are no indications from this work of any significant incidences of non-compliance or material breaches of laws and regulations that would necessitate a provision or contingent liability.

The Local Authority Accounts (Scotland) Regulations 2014

68. As part of our audit we reviewed the Council's compliance with the Local Authority Accounts (Scotland) Regulations 2014, in particular with respect to regulations 8 to 101 as they relate to the annual accounts.
69. Overall we concluded that appropriate arrangements were in place to comply with the Regulations.
70. Following the statutory accounts being made available for inspection, an objection was received in relation to the Growth Accelerator Model Agreement (GAM) between Nuveen and the Council for the delivery of the new St James Quarter. The GAM was

a funding mechanism whereby the Council funds the delivery of public realm and other improvements in and around the St James Quarter and then recovers these costs from the Scottish Government based on the achievement of increased amounts of non-domestic rates arising as a result of the development.

71. Payments amounting to £56.4million were made in 2022 to Nuveen in relation to costs incurred. Accrued expenditure and retentions totalling £5million were held back by the Council pending completion of all outstanding works. On final payment of this retained sum, the growth assets covered by the agreement will be conveyed to the Council and a leaseback arrangement simultaneously put in place with Nuveen.
72. Following audit consideration the objection to the accounts was not upheld. During the objection process the individual objecting was denied access to certain information within the GAM agreement that the Council designated as commercially confidential. The Council's view was informed by a legal opinion on this. This matter has not been subject to legal proceedings in the Scottish courts and it is therefore not known what the view of the Scottish courts would be in the event of legal proceedings being commenced which attempted to challenge the Council's position.

Written representations

73. We presented a letter of representation to the Service Director:

¹ Regulations 8 to 10 relate to the preparation and publication of unaudited accounts, notice of public

right to inspect and object to the accounts and consideration and signing of the audited accounts.

Finance and Procurement (section 95 officer) to sign at the same time as the annual accounts were approved.

Related parties

74. We are not aware of any related party transactions which have not been disclosed.

Confirmations from third parties

75. All requested third party confirmations were received.

Financial sustainability

Financial sustainability looks forward to the medium and longer term to consider whether the Council is planning effectively to continue to deliver its services and the way in which they should be delivered.

Auditor judgement

The Council continues to face significant financial pressures resulting from increased demand for services, inflation, legislative reform and increased citizen expectations, as well as the continuing financial impacts of the pandemic.

The development of a medium-term financial plan, which aligns to the Council's business plan, and identifies options to address savings requirements over the term of the plan is critical to the Council demonstrating and achieving financial sustainability.

Current projections indicate a need to deliver at least £70million of recurring savings in 2023/24, increasing to £153million over the five year period to 2026/27. Work is underway to develop potential options to address this gap with reference to the priorities set out in the Council's business plan.

The impact of increasing costs to the Housing Revenue Account (HRA) as well as a reduction in income as a result of rent freezes means that the HRA business plan goes into considerable deficits over the next few years unless mitigating measures are implemented. The Council will need to make difficult decisions over the medium-term to ensure the financial sustainability of the HRA is maintained.

Significant audit risk

76. Our audit plan identified a significant risk in relation to financial sustainability under our wider scope responsibilities:

Financial sustainability

The Council's Business Plan and budget for 2022/23 are due to be approved by the Council in February 2022, subject to approval of the Scottish Government's budget in March 2022. The Council will approve a five-year revenue forecast projection and a 10-year capital budget strategy alongside the 2022/23 budget.

The Council has developed a medium-term financial framework. The revenue budget for the first five years remains unbalanced. A report to the Finance and Resources Committee in February 2022 noted a cumulative funding gap of £418.104million for the period 2022/23 to 2026/27.

The report presented to the Finance and Resources Committee in February 2022 considered the proposed medium-term savings and noted that additional savings targets are to be allocated to Directorates based on 5%/3%/3%/3% of gross expenditure respectively in 2023/24 to 2026/27. This would reduce the savings requirement to a surplus position of £21.646million. The savings plan, if all approved, is ambitious and presents a significant financial challenge to the Council. Work is ongoing to develop these potential savings options, which are to form the basis of public consultation in Autumn 2022.

The Council continues to identify the adequacy of current COVID-related provision as a key financial risk on achieving financial balance in the medium term. Provision for the anticipated recurring financial impacts of the pandemic totals £25.3million in 2022/23, £11million in 2023/24, £9million in 2024/25 and continuing at that level thereafter.

The 2022/23 Local Government Finance Settlement confirmed that Local Authorities can, in line with the prior year, utilise financial flexibility whereby the payment of the principal element of the planned loans fund repayment is deferred by one year. The Council has recognised that if utilised, this would allow funding up to £30million of COVID-related expenditure over a longer timeframe. The application of the financial flexibilities does however impact on subsequent years and the Council continues to review the situation with an updated position due to be presented to the Finance and Resources Committee in March 2022. This report will also provide an update on the availability of the service concession financial flexibility.

Noted in the 2021/22 External Audit Plan (March 2022)

77. Our detailed findings on the Council's financial framework for achieving long term financial sustainability are set out below.

2022/23 revenue budget

78. In February 2022 the Council set a balanced revenue budget for 2022/23 based on the Council's provisional grant funding allocation and a 3% increase in Council Tax rates. The grant funding allocation was confirmed following approval of the Local Government Finance Order for 2022/23 in March 2022.

79. The approved budget included the following:

- Service investment (£9.860million): the Council budget motion included a number of one-off (non-recurring) service investments. No carry-forward is assumed on any unspent elements of these investments.
- Savings: the budget is underpinned by the delivery of £19.2million of savings measures, primarily in corporate budgets.
- Additional resources for business support and low-income households: the Council's share was £6.435million. The budget allocated the majority of this to supporting the most vulnerable households by committing to providing a cash grant of £150 to each of the 33,000 low-income households across the city. In addition £100 was provided for every child within a low-income household, determined with reference to free school meal eligibility.
- £25.3million provisions in respect of the on-going financial impacts of the pandemic including sums provided to recognise continuing homelessness pressures, loss of the Lothian Buses dividend,

support to the Council's ALEOs (Arm's Length External Organisations) and reduced parking and commercial rental income.

80. As at month three of 2022/23, the Council forecast an overall overspend of £5.627million with the potential for further risks to emerge during the remainder of the year, particularly in respect of the 2022/23 employee pay award and other inflationary uplifts. The Council is also seeking certainty with regard to securing full funding for the significant additional costs being incurred as part of the Council's response to the Ukraine crisis.

Participatory budgeting

81. Officers have continued to work with relevant services in developing a proposed programme of Participatory Budgeting (PB) activity for 2022/23. While opportunities for further activity are to continue to be explored, areas in scope have been agreed as follows:

- Gypsy / Traveller Accommodation Fund
- Estate Improvement Programmes (formerly Neighbourhood Environmental Projects)
- Road Safety, particularly more sustainable routes to school
- Pupil Equity and / or other attainment-related devolved education funding; and
- £eith Chooses

Medium term financial framework

82. As part of the Council's response to its Best Value Assurance Report (BVAR), a medium-term financial framework has been developed.
83. The Council has forecast significant incremental savings requirements beyond 2022/23, amounting to £70.4million in 2023/24 and increasing by a further £152.9million over the period to 2026/27.

23/24	24/25	25/26	26/27
£m	£m	£m	£m
70.4	99.2	125.8	152.9

*Estimated funding gap September 2022
(Revenue Budget Framework 2023/27:
progress update, September 2022)*

84. Work is underway to develop potential options to address this gap with reference to the priorities set out in the Council's business plan. A dedicated project lead has been appointed. Directorates have been requested to identify potential options, detailing service and performance impacts, risks and dependencies, with reference to the priorities set out in the Council's business plan. The proposals will be framed by a refreshed Business Plan that articulates the Administration's priorities, forms the basis of collaboration amongst political parties and sets out the narrative of a strategic case for change.
85. Given the extent of the financial challenge, members will need to make increasingly difficult choices about the Council's priorities, including considering service reductions, across

all service areas to maintain expenditure in line with available income.

86. The development of a medium-term financial plan which aligns to the Council's business plan and identifies options to address savings requirements over the term of the plan is critical to the Council demonstrating and achieving financial sustainability.

Action plan point 4

Capital plans

87. The Sustainable Capital Budget Strategy 2022-2032 sets out priorities for £1,459.874million of Council general fund capital investment, in alignment with the Business Plan, over the medium to long-term, and sets out a plan as to how they could be funded.
88. The programme is fully funded over the ten-year period. However, if a funding gap in the strategy emerges through failure to deliver revenue savings or project cost pressures increase, then further re-profiling of priorities, reduction in scope of projects or additional revenue savings to fund borrowing costs to deliver the Capital Budget Strategy will be required. This could potentially mean that later phases of the programme could not be delivered within the ten-year strategy.
89. The Capital Budget Strategy is expected to come under significant financial pressure as a result of higher tender prices, caused by external factors including Covid-19, inflation and Brexit. Currently, this is most notable in the scarcity and cost pressures in various key construction materials which is leading to slippage on delivery of projects. Delivery of funded capital expenditure priorities is

dependent on the achievement of a balanced medium-term revenue budget. The strategy assumes that some priorities, such as the City Centre Transformation and wider transport initiatives, will require to be funded primarily from external funding, unless significant realignment of existing budgets is undertaken. The wider financial implications of City Plan 2030 infrastructure requirements are also likely to have a further impact on the 2022-32 Capital Budget Strategy.

90. In September 2022, the Sustainable Capital Budget Strategy was adjusted to reflect actual levels of slippage and acceleration following the reported outturn position for 2021/22. The programme, fully funded, now sets out £1,469.644million in capital investment.

Housing Revenue Account

91. The financial framework underpinning revenue and capital decisions on the Housing Revenue Account is the HRA Business Plan 2022/23- 2051/52. The Business Plan is reviewed annually in consultation with tenants and a ten-year capital programme and one-year revenue budget are approved by Council.
92. The HRA Budget Strategy, approved by the Council in February 2022, included a ten year £2.9billion capital programme and £1.2billion revenue programme. The Council approved a rent freeze for the second year in a row equating to £179million loss of income over the lifetime of the business plan from the two rent freezes.
93. This position has now been reviewed and to deliver the same outcomes over the next ten years is now

projected to cost £3.5billion in capital and £1.4billion in revenue. The key factors include:

- Increase in cost of delivering services (inflationary, staff costs, electricity costs)
- Cost of borrowing to fund capital investment
- Delays in financial efficiencies coming from the Housing Service Improvement Plan – impact from the pandemic
- New build programme cost increases
- Bringing existing homes up to EESSH2

94. As part of the 2022/23 Programme for Government, the First Minister announced in September 2022 that emergency legislation would be introduced to freeze rent with immediate effect until at least 31 March 2023 and a moratorium on evictions. Scottish Government has indicated that it would like to discuss the potential for a “cap” on rent increases in the social rented sector.
95. In September 2022, the Council agreed a motion on “rent freeze”. A report was subsequently presented to the Housing Homelessness and Fair Work Committee on the implications of a rent freeze for council tenants in 2023/24 and the subsequent impact of this freeze across the HRA for the three years commencing 2023/24.
96. The impact of increasing costs as well as a reduction in income as a result of rent freezes means that the business plan goes into considerable deficits over the next few years unless mitigating measures are implemented.

97. A rent freeze in 2023/24 reduces rental income by c.£121million over the 30-year plan period. The Council forecast rent increases of 7.4% would be required over the following five years to be able to deliver EESSH2 by 2040 and build more council homes.
98. Officers continue to work on the development of the HRA Budget Strategy 2023/24 to 2032/33, the draft 2023/24 one-year revenue budget and the capital investment programme.
99. The Council will need to make difficult decisions over the medium-term to ensure the financial sustainability of the HRA is maintained.

Financial management

Financial management is concerned with financial capacity, sound budgetary processes and whether the control environment and internal controls are operating effectively.

Auditor judgement

The Council has appropriate arrangements in place for financial management and the use of resources.

The Council reported a surplus outturn position in 2021/22. 89% of approved savings were delivered, a continued improvement in comparison to previous years.

Around 91% of the revised general fund capital programme and 62% of the revised HRA capital programme was delivered in 2021/22.

Financial performance

100. The 2021/22 Comprehensive Income and Expenditure Statement shows that the Council spent a total of over £2billion on the provision of public services and recorded an accounting deficit on the provision of services of £255.479million. The accounting deficit is partly technical as it includes elements of income and expenditure that need to be accounted for to comply with the Code of Practice on Local Authority Accounting (the Code), and which are subsequently adjusted

to show their impact on statutory Council reserves.

101. The key measure of performance in the year is the movement in the Council's general fund balance. Following the required adjustments, the net impact on the general fund is an increase of £36.172million to £257.205million. In total, cash backed (useable) reserves held by the Council increased by £37.281million in the year to £397.156million.

Movement in the Council's useable reserves per the Annual Accounts 2021/22

	2020/21 £million	2021/22 £million	Movement £million
General Fund	221.033	257.205	36.172
Housing Revenue Account	0	0	0
Renewal and Repairs Fund	41.162	50.407	9.245
Capital Fund	49.731	42.550	(7.181)
Capital Grants Unapplied Account	47.949	46.994	(0.955)
Total useable reserves	359.875	397.156	37.281

102. The increase in general fund balance comprises:

- Application of COVID-related funds of £14.518million
- Increase in sums set aside for specific investments of £31.680million

- Increase in various funds (including the Council Tax Discount Fund, Devolved School Management Fund and the Council's General Fund) of £19.010million

103. The unallocated General Fund was £28.891million as at 31 March 2022,

an increase of £3.956million from the previous year. This is equivalent to 2.51% of annual budgeted net expenditure.

104. The remaining balance of £228.224million is earmarked for specific purposes including balances set aside to manage specific financial risks or for specific investment in the future together with income received in advance. Details of the make-up of these balances are shown in note 12 to the annual accounts.

Revenue performance against budget

105. The final outturn position on the General Fund for 2021/22 shows a surplus of £3.877million compared to the balanced budget set at the outset. This surplus has been set aside in reserves. The Council approved in February 2022 that £2.628million was applied in setting the budget for 2022/23. The remaining balance (£1.249million) was earmarked by the Council in August 2022 to support the Council's response to the cost of living crisis.
106. The approved 2021/22 budget was predicated on the delivery of £31.087million of directorate-specific and corporate savings. 89% of approved savings by value were delivered in year. This represents continued improvement on previous years – 2020/21: 82%, 2019/20: 77%, 2018/19: 60%.

Covid-19 financial impact

107. The outturn position in 2021/22 reflects an underspend of £13.5million against the £39million set aside to address the in-year income and expenditure impacts of the pandemic.

This lower requirement was offset by a corresponding reduction in sums drawn down from reserves. As at 31 March 2022, the Council held £86million in reserves to off-set future specific or unknown Covid costs (2020/21 £101million).

Housing revenue account (HRA)

108. The balance on the HRA is nil. In line with the HRA Business Plan, at the end of 2021/22 the HRA was balanced after making a contribution totalling £8.653million towards the Strategic Housing Investment Fund.

Capital Expenditure

109. During 2021/22, the Council reported total capital expenditure of £436million; of which £371million was general fund expenditure and £65million was housing revenue account (HRA) expenditure. In doing so the Council delivered on 92% of the revised general fund capital programme and 62% of the HRA revised capital programme. The slippage was primarily caused by the impact of the pandemic and market conditions including rising costs, material shortages and shortfalls in supply chains.
110. Projects contributing to the slippage on the general fund capital programme include:
- Trams to Newhaven
 - Rising school rolls and Maybury Primary School projects
 - Edinburgh Living LLPs
 - Active Travel Investment Programme

- Asset Management Works Programme

111. Acceleration in the Castlebrae High School and St Crispin's Special School projects however significantly offset the slippage in the general fund projects attributable to Education and Children's Services.

112. Projects contributing to the slippage on the housing revenue account capital programme were:

- Land acquisition of Liberton Hospital
- Improvements to existing homes and estates
- New homes development

Trams to Newhaven

113. The Trams to Newhaven project incurred capital expenditure of £68million against a budget of £72million. The in-year underspend is a result of a rescheduling of works due to the impact of the pandemic and industry wide material and skilled labour shortages.

114. While an in-year underspend is reported for 2021/22, the project is still expected to complete on time in 2022/23 and within the approved budget of £207million.

St James Centre Redevelopment Growth Accelerator Model (GAM)

115. The Growth Accelerator Model (GAM) Agreement was agreed between the Council and TH Real Estate (now Nuveen) as a means of ensuring the delivery of the new St James Quarter,

securing additional public realm benefits alongside the new centre, and generating new jobs and economic growth for the city.

116. The GAM is a funding mechanism that allows borrowing costs to be off-set by performance-related payments from the Scottish Government linked to the achievement of targets relating to the rateable value of the centre and surrounding areas by new income streams – primarily Non-Domestic Rate Income. Under the GAM agreement payment of the amounts to the developer was due when practical completion certificates had been issued and where at least 50% of the retail and leisure element on which NDR is payable was open for trading.

117. In September 2021, a report was presented to the Council that stated that the works were all substantially complete with the exception of Leith Street, St James Square, Elder Street, Cathedral Lane and Little King Street works.

118. In light of the progress made with the development of the new St James Quarter, Nuveen submitted a request for payment for the delivery of the Growth Assets. In line with the GAM Agreement, the Council is obliged to pay for the Growth Assets once three requirements are met, as summarised below:

Progress of GAM Requirements

Requirement	Assessment
Requirement 1: That 50% of the Retail and Leisure Element in respect of which non-domestic rates are payable is open for trading.	Assessment : MET
Requirement 2: A statement or statements of practical completion has been issued for the areas comprising the Retail and Leisure Element.	Assessment : NOT MET This requirement has not been met as the cinema has not yet reached practical completion.
Requirement 3: A statement or statements of practical completion has been issued for the areas comprising the Growth Assets	Assessment : MET

|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>119. Despite the second requirement not being met, the Council proposed an interim payment of £56million on the proposed GAM payment of £61million to be made to Nuveen. The Council agreed to retain the remaining £5million as a contingency to ensure that those assets still to be completed are done to the required standard. The full amount of Scottish Government funding to meet the borrowing costs of the GAM payment was received in 2021/22.</p> | <p>of the Council's Treasury Management Policy.</p> |
| <p>120. Treasury management is undertaken with regard to the CIPFA Code of Practice for Treasury Management in the Public Services and CIPFA's Prudential Code. In 2021/22, the Council operated within both the Authorised Limit and the Operational Boundary and there were no breaches</p> | <p>121. The Council increased its borrowing in 2022 by £206million. However, £54million in previous loans were repaid during the year, meaning the Council's net borrowing increased by £152million during the year. There was a significant increase in the Council's net advances from the Loans Fund during the year, resulting in the Council's external debt still being below its Capital Finance Requirement at year-end.</p> |
| | <p>122. The Council's money is invested via the Treasury Cash Fund. The investment return for 2021/22 continued to show out-performance against the Fund's benchmark while maintaining the security of investments.</p> |

Treasury management

Systems of internal control

- 123. We have evaluated the Council's key financial systems and internal financial controls to ensure internal controls are operating effectively to safeguard public assets.
- 124. While we did not identify any significant weaknesses in the Council's accounting and internal control systems during our audit we have noted areas with scope for improvement in the Council's payroll processes and controls. Our findings have been reported to management.

Prevention and detection of fraud and irregularity

- 125. We found the Council's arrangements for the prevention and detection of fraud and other irregularities to be sufficient and appropriate. The Council continued to operate an appropriate control environment throughout the pandemic to ensure that those controls and procedures which prevent fraud were appropriately managed.
- 126. The Council's whistleblowing arrangements operate with oversight from an independent external service provider, with the autonomy to decide who investigates the concerns raised. The Governance, Risk and Best Value Committee receives a quarterly update on whistleblowing and the whistleblowing policy is reviewed annually by committee. The whistleblowing policy is currently being reviewed and will take on board the recommendations of the Cultural Review. The Council's approach to investigations will also be changed through the recruitment of an investigatory team as recommended by the Tanner Review. This will replace the current practice of

managers taking on an investigatory role and this will cover both whistleblowing and HR matters.

- 127. During the year, internal audit conducted a review into the Council's management of fraud and serious organised crime which identified significant areas for improvement. Although there are policies in place, there is a need for these to be reviewed and updated. In addition, there is no corporate overarching framework that pulls the different strands and policies together. As yet there is no owner within the Council for this role and further work is necessary to devise an implementation plan to make the necessary improvements in this area.

National Fraud Initiative (NFI)

- 128. The National Fraud Initiative (NFI) in Scotland is a counter-fraud exercise co-ordinated by Audit Scotland working together with a range of Scottish public bodies to identify fraud and error.
- 129. The most recent NFI exercise commenced in 2020. We completed a questionnaire and submitted this to Audit Scotland earlier this year. Overall we concluded that NFI arrangements were satisfactory.

Governance and transparency

Governance and transparency is concerned with the adequacy of governance arrangements, leadership and decision making, and transparent reporting of financial and performance information.

Auditor judgement

Governance arrangements at the Council were found to be satisfactory and appropriate. These arrangements will continue to develop over the coming year, following the local government elections and future changes in the corporate leadership of the Council. A review has commenced into the Council's political arrangements with a view that this will be reported in December 2022. A review of the officer governance structure and senior leadership team has also commenced. This was paused until the political management arrangements are confirmed.

Governance arrangements

Local government elections

130. The Local Government election on 5 May 2022 resulted in a change in political representation for the Council, with a new minority Labour administration formed. The Council currently has 63 Councillors representing 17 wards within the city.

131. The elections saw 32 newly elected members with 31 re-elected.

Member training

132. Work was undertaken in the early and middle of 2022 to prepare for a new Council following the local government elections. This included preparing for how a new programme of work could be supported, a revised business plan, a medium-term financial plan and new political management arrangements. Work was commenced earlier than usual so as to allow this work to inform discussions between groups following the election.

133. Elected member training took place between May and June 2022. This was extensive training from a wide range of subjects that prioritised what was needed to ensure elected members were ready to take decisions at committee. Training offered was classified as mandatory; mandatory for those appointed to specific committees, strongly recommended or recommended. We noted the following participation in mandatory and strongly recommended sessions:

- 68% attendance at the mandatory session; all newly appointed members attended.
- On average 38% attendance at strongly recommended sessions for all members

- On average 44% attendance at strongly recommended sessions for newly appointed members.

134. Further training is being provided throughout the autumn and winter with the intention that there will be regular training slots to explore further into subjects such as equality duties and corporate parenting.

Member-officer protocols

135. In our 2019/20 audit we highlighted the importance of adhering to approved member-officer protocols in respect of sensitive information and the importance of all councillors and senior officers having a clear understanding of their respective rights and responsibilities in relation to information held by the Council. A review of the Member/Officer protocol had commenced but completion of the revised document was delayed by Covid-19 and a subsequent delay pending the publication of the revised Councillors' Code of Conduct. A revised protocol was considered and approved by the Council in August 2022. The delay to the agreement of this document has been significant but there is a benefit to the new protocol having been agreed by the new Council following the local government elections.

Effectiveness of the Council committees

136. As part of the 2021 internal audit programme the Council appointed the Chartered Institute of Internal Auditors to undertake a review of the effectiveness of the scrutiny applied by the Council's Governance, Risk and Best Value Committee.

137. The review's summary conclusions were included in a report dated July 2021:

In regard to GRBV's responsibilities, as set out in its terms of reference, the Committee is fulfilling its core remit, particularly in relation to oversight of the internal and external audit processes, risk management and the operational performance of the Council. However, the current design of the arrangements for GRBV, does limit the effectiveness of the scrutiny it undertakes and the impact it can achieve.

GRBV is to some degree constrained by the overall design of the Council's scrutiny model and we have made some suggestions for consideration when this model is reviewed post the 2022 elections.

Nevertheless, there are actions that could be taken, independently in relation to GRBV, which would enhance the Committee's effectiveness. We have made a number of recommendations in this regard. Some of these actions, such as considering adding independent experts to the GRBV, could be taken in the short term before the May 2022 elections.

138. A number of weaknesses were found, and these findings will be built into the review of the Council's political management arrangements for the new Council; scheduled to be reported in December 2022. Councillors from the committee and across the Council embraced the audit and saw it as a real opportunity to look at the strengths and weaknesses of its scrutiny and improve the committee structure.
139. Self-evaluation workshops have been carried out for all the executive committees and the Governance, Risk and Best Value Committee. This was a recommendation from the Governance, Risk and Best Value

Committee audit. The workshops considered the terms of reference for their committee, the balance of reporting, time spent at committee, the membership of the committee and training. The findings of each workshop were considered by the respective committees and these findings would go into the consideration of the political management arrangements following the elections. The workshops were a useful exercise and, although each workshop differed in its value, they allowed an opportunity for elected members to reflect and discuss the committee system and how it operated. Further feedback was also taken from a survey of members and exit interviews with those councillors standing down at the election.

Corporate leadership team

140. The Council's corporate leadership team, managed by the Chief Executive, has experienced change over the last year:
- Executive Director of Education and Children's Services – an interim Director of Communities and Families was in post between May 2021 to December 2021. This post was filled by an Executive Director of Education and Children's Services in November 2021.
 - Executive Director of Corporate Services – following the departure of the Executive Director in February 2022, an interim post has been created and the Council is currently recruiting to this post.
 - Service Director – Housing and Homelessness

- 141. Further to this, the Chief Internal Auditor (Head of Internal Audit and Risk) post is currently vacant. The Council is actively recruiting to fill these posts.
- 142. A review of the officer governance structure and senior leadership team has commenced. This was paused until the political management arrangements were confirmed.

Risk management

- 143. Well-developed risk management arrangements help councils to make effective decisions and secure better use of resources. The Council's GRBV committee is responsible for monitoring the effectiveness of the risk management arrangements in place with risk management responsibilities held at corporate, divisional and team level and leadership teams reviewing risks quarterly. Emerging risks are escalated to the Corporate Leadership Team (CLT) as appropriate.
- 144. A new enterprise risk management policy was agreed in November 2021. The policy sets out how risk management should be considered when making both strategic and operational decisions and delivering services; the Council's risk culture; the requirements for effective application of the operational risk management framework across Council services; risk management structures and responsibilities across the Three Lines model (including those of senior management); and ongoing risk management assurance arrangements. The policy is a robust policy and should support identification and realisation of the improvements and benefits associated with both planned and unexpected opportunities, whilst protecting the

Council. However, the success of the policy will be determined by its implementation across Council directorates, and it is still too early in its application and embedding across the organisation to judge its success. The risk framework is supported by a service director, and on an interim basis, the Head of Health and Safety has taken on the management of the risk team. There are two FTEs supporting the framework and enabling managers to take responsibility to ensure the consideration of risk is an integral part of their day to day business.

Responding to the Covid-19 pandemic

- 145. The Council responded promptly and effectively in its political management arrangements to the Covid-19 pandemic.
- 146. During 2021/22, the impact of Covid-19 on political decision making was minimal. All meetings were re-established, and virtual and hybrid meeting arrangements were put in place to allow meetings to carry on as close to normal as possible. Meetings continued to be webcast and available to the public in the archive.
- 147. To reduce the impact on attendees of committees and elected members, changes were made to Standing Orders to manage the time taken at committee whilst still ensuring that effective scrutiny could take place. Hybrid meetings are set to continue in a post Covid environment and Standing Orders will be reviewed in 2022 to determine whether the changes implemented during the pandemic should continue.

148. The Council's Incident Management Team (CIMT) and directorate IMTs met frequently during the pandemic, operating flexibly to ensure the Council could react rapidly to any arising issues.

149. Three guiding principles were set out at the beginning of the response. These have been the framework for every decision taken:

- to protect the most vulnerable in the city;
- to minimise the risks to colleagues; and
- to continue to provide services in challenging circumstances.

150. The Chief Executive established measures to ensure that decision making was as transparent as possible and that critical decisions were taken only by officers where absolutely necessary. The following principles were applied:

- The Chief Executive would be the only officer to take decisions in response to the Covid-19 emergency using powers outlined in the Scheme of Delegation to Officers;
- The Chief Executive would consult on all these decisions with the Leader and Deputy Leader;
- Decisions would be considered and discussed at the Council's Incident Management Team;
- If possible, Executive Directors would discuss matters at their directorate incident management teams before escalating to the CIMT;
- Decisions would only be taken by the Chief Executive where urgent

and where they could not be considered in good time by the Leadership Advisory Panel;

- Decisions would be reported to the Leadership Advisory Panel for information; and
- When making decisions, the potential risk and impact of those decisions, whether existing controls are effective and what new measures or controls may be required should be considered. This process should be as efficient and streamlined as possible.

151. The Council has reduced both the number and frequency of its Covid-19 meetings from the peak in 2020-21, but the Council's Incident Management Team continues to meet weekly and other meetings have been stood back up depending on the changing situation of the pandemic.

Internal Audit

152. The Council's internal audit service is an independent assurance function that provides an opinion on the Council's control environment. It objectively examines, evaluates and reports on the adequacy of the control environment as a contribution to the proper, economic, efficient and effective use of resources. To avoid duplication of effort and to ensure an efficient audit process we have taken cognisance of the work of internal audit.

153. The Head of Internal Audit and Risk's Annual Opinion for the year ended 31 March 2022 stated that whilst some control weaknesses were identified in the design and / or effectiveness of the control environment and / or governance and risk management frameworks, they provide reasonable

assurance that risks are being managed, and the Council's objectives should be achieved. The Head of Internal Audit and Risk noted that this reflected an improvement on the 2020/21 position which was a limited 'red' (significant improvement required opinion) based on 80% plan completion due to the ongoing impacts of Covid-19. The Head of Internal Audit and Risk also noted there was significant progress with implementation of agreed management actions to address the risks associated with internal audit findings raised during 2021/22, reflecting significant focus from management and the impact of two Internal Audit secondments into the Place directorate and Health and Social Care Partnership, with the final (31 March 2022) position confirming that the proportion of overdue findings is at the lowest level across the last five years.

154. The opinion was based on 82% completion of the 2021/22 internal audit annual plan which was directly attributable to the impact of the pandemic across the Council, and the status of open internal audit findings as at 31 March 2022.
155. The annual opinion for 2021/22 occurred whilst the Council continued to operate in an ongoing Covid-19 resilience environment for a significant part of the financial year and also supported both the UK and Scottish Government's responses to the Ukraine crisis by supporting the welcome and accommodation of Ukrainian citizens in Edinburgh. Both of these challenges have continued to impact the Council's risk profile and the design and effectiveness of the Council's established control

environment and governance and risk management frameworks.

Internal audit external quality review

156. During 2021/22, the Chartered Institute of Internal Auditors (IIA) undertook an External Quality Assessment (EQA) of the Council's Internal Audit function, in line with the requirements of the Public Sector Internal Audit Standards (PSIAS). These standards require internal audit to have an external quality effectiveness review completed on a five-yearly basis. The EQA concluded that the Council's internal audit function generally conforms with the PSIAS, which set out the expected standards for internal auditing, including a code of ethics, core principles and international standards. Two recommendations were made to address partial conformance with the standards. Management responses and action dates have been agreed.
157. The EQA report also identified a series of continuous improvement opportunities and suggestions. These were not conformance issues but support the ongoing development of the Council's internal audit function and were in the following areas:
 - Engagement audit methodology
 - Closure of audit actions
 - Risk Resolution processes and responsibility for the acceptance of risk
 - Audit reporting
 - Monitoring of internal audit performance
 - Role of Head of Audit and Risk
158. The EQA report and internal audit's response to the recommendations and improvement actions were presented

to the Governance, Risk and Best Value Committee in October 2022.

159. Outcomes of the EQA and improvement actions will be included in Internal Audit's Quality Assurance and Improvement Programme and monitored quarterly. Progress updates on implementation of the recommendations and improvement opportunities will be reported quarterly to GRBV.
160. The structure of the Internal Audit function is currently being reviewed, following both the departure of the Head of Audit and Risk and the improvement actions identified by IIA.

Following the public pound

161. The Council uses a number of arm's-length external organisations (ALEOs) to provide services on its behalf, including Transport for Edinburgh Limited and Edinburgh Leisure. While the ALEOs are responsible for the delivery of the services, the Council remains responsible for the public money it provides to the ALEOs and the quality of services the ALEOs provide. The Council needs to hold ALEOs to account for their use of public funds and should have sufficient governance arrangements in place to do so.
162. The Council is continuing to review how it works with its ALEOs, in particular examining the shareholder agreements and Service Level Agreements in place to ensure a greater degree of consistency, alignment with key outcomes and clarity of relationship. The lack of an ALEO framework is a Council recognised weakness that requires to be resolved and it is anticipated that specialist resource will be brought in to assist in this work in 2022/23.

ALEO support / funding

163. All of the ALEOs undertake services that were greatly affected by Covid-19, for example leisure services, cultural venues and transport. Over the course of the pandemic, the Council has required to make additional payments to a number of its ALEOs as a result of lost income.
164. The Council has provided letters of comfort to a number of the Boards of its ALEOs to allow directors to conclude regarding the going concern of these companies.

ALEO restructuring

165. To achieve greater integration of the public transport system, the Council considered options for the reform of its Transport ALEOs (Lothian Buses Limited, Transport for Edinburgh Limited and Edinburgh Trams Limited). A working group comprising Council officers and Non-Executive Directors (NEDs) from each of the Transport ALEOs was convened to consider the options available.
166. Their conclusions were to reconstitute Lothian Buses with an amended Memorandum and Articles of Association to be responsible for multi-modal public transport delivery with Edinburgh Trams operating as a subsidiary. The proposal required a new shareholder agreement to be drawn up with the minority shareholders of Lothian Buses respected, a new Board appointed and updated corporate documentation. Once this was in place Transport for Edinburgh would be wound down. The proposals were considered by the Transport and Environment Committee and approved but referred onto full Council at which the recommendations were approved. The Council is currently working

towards September 2023 for implementation.

Project Forth

167. In September 2021, Lothian Pension Fund agreed in principle to merge Lothian Pension Fund with Falkirk Pension Fund, subject to further work including approvals by the City of Edinburgh Council and Falkirk Council, as administering authorities. The intention to merge was publicly announced on 24 May 2022.
168. The aim and business case behind Project Forth is that a merger will result in substantial cost savings, achieve economies of scale and provide a future proofed best in class governance model fit for the increasing legal and regulatory landscape of the Local Government Pension Scheme (LGPS).
169. The proposed structure agreed by the Lothian Pension Fund Pensions Committee was a joint venture between the City of Edinburgh Council and Falkirk Council, as administering authorities. This would be a company limited by guarantee holding nominal membership pro-rated to contributing assets.
170. Under the original timeline, the administering authorities were due to consider the proposal in February 2022. However, further due diligence was proposed by the City of Edinburgh Council, delaying the approval first to September and then to December 2022, at the earliest. The two Councils intend to align the timing of when the proposal is considered for approval.
171. Due diligence undertaken to date has not identified any fundamental issues with the proposed plans. However, further work is being undertaken over

the proposed structure and the impact on the Funds' VAT recovery. A revised proposal will be considered by the administering authorities when the full due diligence process has been completed.

Whistleblowing investigation and Independent Inquiry

172. In October 2020, in response to a motion from an elected member on the Council's whistleblowing culture, the Policy and Sustainability Committee agreed that an independent assessment of council culture and relevant processes should be undertaken. Susanne Tanner QC was appointed as an independent chair of the investigation with support provided by Pinsent Masons.
173. The Report was presented to full Council in December 2021 and concluded that:
 - Despite considerable steps taken to improve organisational culture since 2014, there was not a universally positive, open, safe and supportive whistleblowing and organisational culture for the raising of and responding to concerns of wrongdoing within CEC.
 - While overall CEC's whistleblowing processes and practices were considered to embody good practice, there were areas in respect of which the whistleblowing processes and practices could be made more effective.
 - Most of those who responded to a survey undertaken as part of the investigation indicated that they would more likely than not make a whistleblowing disclosure if the

need arose. There were individuals however who would not, or were unlikely to make a whistleblowing disclosure. The reasons for this were a mixture of perceptions on how a whistleblowing disclosure would be handled and the impact of the lived experiences of others.

- Both Councillors and the most senior CEC managers generally felt empowered to respond to allegations of wrongdoing and concerns raised with them. Most officers in management roles who responded to the survey believed that they knew what to do if an employee raised a concern with them. However, it appeared that in practice some managers did not know how to respond to an employee raising a concern with them and that others did not feel empowered to respond to concerns of wrongdoing.
- All whistleblowing disclosures notified to Safecall (the Council's independent whistleblowing service provider) were found to be investigated, although the timeliness of the investigations conducted in response to whistleblowing disclosures needed to be improved. Steps also needed to be taken to monitor more closely the effectiveness of investigations conducted internally.
- The Inquiry did not identify any current or recent failures by CEC to respond to or to address concerns of wrongdoing. However, a concern about prejudicing other legal processes was a contributory factor in delays by CEC to conclude whistleblowing investigation reports. The occasional application of legal

professional privilege to investigations did create strains between the legal department and Councillors.

174. The Report made 50 recommendations to improve the Council's culture and relevant processes.
175. In addition to the whistleblowing culture investigation, the Council commissioned an independent inquiry into complaints about a former senior manager in Communities and Families who died in August 2020. A summary of the findings and recommendations from this inquiry was included in our 2020/21 Annual Report on the Council.
176. Reports from both the whistleblowing investigation and the independent inquiry were considered by the Council and additional budget was approved to develop and deliver a substantial programme of work to implement all the recommendations. Since the approval of this, work has been undertaken across five themes of work against which all the recommendations were mapped.
 - Policy review/development
 - Investigations
 - Leadership, training and development
 - Systems and processes
 - Redress scheme and other matters
177. Work on all themes is currently ongoing. The Redress Scheme which will pay compensation to those eligible was launched on 5 September 2022 and will remain open until March 2023. An update on progress against the

themes was provided to Members in August 2022.

Learning the lessons from Scottish Borders Council

178. In February 2022 a Report was published by Andrew Webster QC into the handling of school assault allegations at Scottish Borders Council (SBC). To ensure that CEC's processes addressed the findings of this report and that lessons had been learned from the SBC experience, the Council's then Chief Social Work Officer and Head of Safe and Stronger Communities reviewed the findings against CEC's systems and processes. She concluded that no further significant changes were required to the Council's procedures beyond those already being taken forward following the Tanner report. She did recommend that the Council's guidance in respect of allegations of abuse made by staff be circulated to education managers and relevant staff within the Council. Independent legal advice has also been sought on relevant aspects.

Value for money

Value for money is concerned with using resources effectively and continually improving services. In this section we report on our audit work as it relates to the Council's reporting of its performance.

Auditor judgement

The Council implemented its Planning and Performance Framework during 2021/22. The Planning and Performance Framework includes a suite of key performance indicators aligned to the business plan. The performance indicators have been mapped against the National Performance Framework and seven best value themes.

The Council published an annual performance report and report on performance against the Local Government Benchmarking Framework (2020/21). The impact of the Covid-19 pandemic has been varied across Council services. 2021/22 saw the gradual decrease of restrictions and the report highlights how the Council has continued to adapt to the ongoing effects of Covid-19.

Further work is required to fully demonstrate compliance with the Accounts Commission Statutory Performance Information Direction; in particular demonstrating best value.

The Council's response to the pandemic: Adaptation and Renewal

179. In May 2020 the Council, recognising the significant long-term impact and challenges caused by the pandemic, commenced a programme of work titled Adaptation and Renewal, focussed on post-Covid new ways of working. It aimed to set a clear long-term vision, feeding into the business plan, on how the city would recover while retaining the flexibility to adapt to the changing public health situation.
180. From the outset of the pandemic, the Council agreed three principles that would guide its decision-making process:
- To protect vulnerable residents;
 - To keep staff as safe as possible; and
 - To continue to deliver as many essential services as possible.
181. The Adaptation and Renewal Programme was established to guide the Council's operations and response to the pandemic. As the work was either completed or moved to business as usual within directorates, the programme was closed early in 2022, with the last report covering the remit of the programme being presented to and approved by the Policy and Sustainability Committee in February 2022.

Performance management framework 2021/22

182. In February 2021 the Council approved a new Council Business Plan: Our Future Council, Our Future City which sets out the Council's

strategic priorities and how the aims set out in the Community Plan will be taken forward over the next three years.

183. The Business Plan sets out the three main priorities the Council will focus on in the coming years:
- Ending poverty by 2030;
 - Becoming a sustainable and net zero city; and
 - Wellbeing and Equalities.
184. The Business Plan describes the approach the Council will take to deliver its priorities in the form of 15 outcomes with actions. This plan stands as one part of a "golden thread" linking and guiding operations, through to the shared goals and commitments of the Edinburgh Partnership and towards the long-term ambitions for Edinburgh to be a fair, welcoming, pioneering, and thriving City, as outlined in the 2050 Edinburgh City Vision.
185. Following the approval by Council of its Business Plan, a new Planning and Performance Framework was developed. The Planning and Performance Framework includes a suite of key performance indicators aligned to the business plan. The performance indicators have been mapped against the National Performance Framework and seven best value themes.
186. The framework sets out the Council's approach to monitoring and reporting performance including service level arrangements, elected members' scrutiny of performance and public performance reporting arrangements:
187. The Planning and Performance Framework supports the use of

performance information including benchmarking data, such as the Local Government Benchmarking Framework (LGBF), to drive continuous improvement.

188. Performance scorecards and trend dashboards are aligned to service plans and monitored regularly at each level in the organisation.
189. On an annual basis, a review of its Directorate/Divisional Plans is undertaken to ensure that the Council is on track to deliver its outcomes and objectives.
190. This suite of measures (and targets) is kept under review as part of the Planning and Performance Framework annual cycle to ensure they remain fit for purpose.
191. The Council has also created a Data Dictionary which provides a description of each KPI, the source of the information, frequency and target rationale.
192. The Business Plan is being reviewed and updated. Thereafter a transition plan will be developed to align the planning and performance framework to the revised Business Plan including development of appropriate measures / KPIs and reporting / monitoring cycles.

Elected members' scrutiny of performance

193. A Council performance report with both supporting narrative and trend analysis is submitted to the Policy and Sustainability Committee once every four months. This includes the annual performance report which is brought to the Policy and Sustainability Committee and full Council in June of each year. In addition, there is the publication of data of specific

performance indicators for elected member and public oversight.

Public reporting of performance information

194. The Council has reviewed its website with a view to simplifying public access to performance data and ensuring timely publication of the performance information.

Overview of performance in 2021/22

195. The Council's 2021/22 Annual Performance Report provides an overview of council performance against its three priorities and fifteen outcomes in the Business Plan.
196. The impact of the Covid-19 pandemic has been varied across Council services. 2021/22 saw the gradual decrease of restrictions and the report highlights how the Council has continued to adapt to the ongoing effects of Covid-19.
197. Where appropriate, targets for 2021/22 were set and the status of the Council's performance in relation to these targets reported. However, the impact of Covid-19 over the last year has resulted in some indicators requiring new baselines to be established before meaningful target setting can be done. There are also KPIs that are for monitoring purposes only, due to the Council not having full control of the indicators, but it may take action depending on performance in these areas.
198. 56 KPIs had targets set for 2021/22 and were assigned a red, amber or green status (RAG). 23 KPIs had no target set for 2021/22 and as such were assigned a blue status. Eight KPIs were for monitoring purposes

only, and these were assigned a grey status.

199. Further to this, some of the KPIs are also defined by the Council as “milestones”. In addition to having a RAG system for these milestones, the

Council has a milestone status system that details if the milestones are completed, in progress or delayed/behind target. Four milestones are completed, three are in progress and four are delayed/behind target.

Source: City of Edinburgh Council ‘Annual Performance 2021/22’ Report

200. The annual performance report highlights areas, across the three council priorities, where performance challenges remain and sets out how it is focussing on these and the next steps being put in place to address them.

- Ending Poverty by 2030 – the Council is performing on target with many of its KPIs. Most of the green KPIs relate to the outcomes of ‘More residents experience fair work and receive living wage’ and ‘Increased attainment for all and reducing the poverty-related attainment gap’. The red KPIs are for ‘A new city-wide approach to commissioned advice services is

agreed with partners/’, ‘New long-term plan for delivery of a prevention-based Council service model approved and in implementation’ (both of which have been delayed) and ‘Number of affordable homes completed’.

- Becoming a Sustainable City – most of the KPIs are green or blue. The green KPIs are mostly in relation to the outcomes of ‘On track to deliver our 2030 net zero target’, ‘Develop key strategic sites and projects to meet the needs of a diverse and growing city’ and ‘The city has a well-connected and sustainable transport and active travel network’. The red KPIs are

for 'Percentage of Consultation Advisory Panel (CAP) approved consultations with "you said, we did" published within three months of closing date' and 'Outline business case for the West Edinburgh Active Travel and Public infrastructure agreed'.

- Wellbeing and Equalities – the Council is making satisfactory progress. Most of the KPIs in this category are green. The red KPIs

are for 'Southwest pilot action plan finalised' which has been delayed, 'Litter monitoring system score' and 'Customer hub satisfaction'.

201. The Council's performance can also be compared to performance in 2020/21. Although most of the KPIs are new for this year, where measures were reported in previous years, performance data has been available for comparison.

Source: City of Edinburgh Council 'Annual Performance 2021/22' Report

Local Government Benchmarking Framework (LGBF)

202. The Council's annual LGBF report (2020/21) was reported to the Policy and Sustainability Committee in June 2022. As this information is based on 2020/21 it is the first LGBF report to show the impact of Covid-19.
203. The LGBF shows the performance of four cities (Edinburgh, Aberdeen, Dundee and Glasgow) compared to the national average for 88 indicators.

204. The LGBF shows that Edinburgh is ranking in the top two quartiles for 59% of the indicators, which is above the national average. Edinburgh is also ranking better than Aberdeen, Dundee and Glasgow, by having the highest number of indicators above the Scottish average (52) and the fewest number of indicators in the bottom quartile (10).
205. Edinburgh has also improved its ranking in 43 of the indicators and maintained its ranking in 12 of the

indicators, resulting in a decline in performance for 33 of the indicators.

206. Indicators in the bottom quartile (ranking 25-32):

- “Children Looked After” in a Community Setting per Child per Week
- % of the highest paid 5% of employees who are women
- Asset Management - % of accommodation that is suitable for its current use
- % of adults who agree they are supported to live as independently as possible
- Net cost of street cleaning per 1,000 population
- Cleanliness Score (% Acceptable)
- Cost of maintenance per kilometre of roads
- Cost of Environmental Health per 1,000 population
- % of adults satisfied with refuse collection services (3 year average)
- No of business gateway start-ups per 10,000 population

Statutory Performance Information

207. The Accounts Commission has a statutory responsibility to define the performance information that councils must publish. This responsibility links with the Commission’s best value audit responsibilities. In turn, councils have their own responsibilities, under their best value duty, to report performance to the public. The Accounts Commission issued a

revised Statutory Performance Information Direction (‘2018 Direction’) in December 2018, which applied for the first time in 2019/20 and continues to apply in 2021/22. The 2018 Direction requires a council to report its:

- performance in improving local public services provided by the council (on its own and with its partners and communities), and progress against agreed desired outcomes
- own assessment and independent audit assessments of how it is performing against its duty of best value and how it plans to improve these assessments
- how it (with its partners where appropriate) has engaged with and responded to its diverse communities.

208. The information reported in the Council’s 2021/22 Annual Performance Report and the 2020/21 Local Government Benchmarking Framework Report is the Council’s response to meeting the requirements of the 2018 Statutory Performance Direction.

209. In developing its Planning and Performance Framework, the Council mapped its 15 Business Plan outcomes to the 7 best value themes. This was presented to members in a performance update report during the year. We noted however that an overall assessment and conclusion as to how the Council is performing against its duty of best value, based on its performance against the business plan outcomes, was not included in the 2021/22 annual performance report.

210. The Accounts Commission has published its Statutory Performance Direction for periods ending 31 March 2023 to 31 March 2025. We would encourage the Council to review the Direction to ensure it is meeting all requirements through its Planning and Performance Framework.

Action plan point 5

Best Value

Appointed auditors have a duty to be satisfied that local government bodies have made proper arrangements to secure best value.

A Best Value review was undertaken on the City of Edinburgh Council in 2020. The Best Value Assurance Report (BVAR) includes recommendations to help the Council address the improvement areas identified during the audit.

We have considered progress made by the Council in implementing the recommendations made in the BVAR.

Auditor judgement

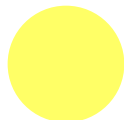

Progress continues to be made against all of the recommendations. Agreed approaches to address the recommendations and many of the overarching strategies have been confirmed. Detailed work continues to support these agreed approaches.

Best Value Assurance report follow-up

211. The Best Value Assurance Report was submitted to the Council's Policy and Sustainability Committee, Governance Risk and Best Value Committee and full Council in December 2020. Members noted the findings and provided feedback on priority areas for improvement. They also noted that the improvement actions arising from the report would be addressed in the Council's refreshed Business Plan and specifically requested further consideration of genuine local community empowerment. The Council Business Plan: Our Future Council, Our Future City was published on 27 January 2021.
212. The Chief Executive put into place an improvement plan for all the areas of improvement outlined in the Best Value Audit report. As outlined above,

the Business Plan has been created to ensure strategic priorities are aligned to a set of key priorities. Changes have been made to ensure the Council is working to the business plan, including senior management structural changes and work will continue to align work streams and governance with the Business Plan and the priorities within.

213. In assessing the Council's progress on implementing the recommendations included in the Best Value Assurance Report we have considered both the pace and depth of improvement.
214. The recommendations have been categorised under the key areas of focus for the Best Value audit and an overall auditor judgement applied. The definitions for our judgements are as set out in the Executive Summary.

1. Council vision and strategic direction		Overall auditor judgement:	
Action	Status	Audit observation	
<i>As part of its Adaptation and Renewal Programme, the council should quickly amalgamate its Business Plan and Change Strategy, to provide clearer priorities and direction for the Council.</i>	Complete	<p>As noted in 2020/21, the Business Plan provides strategic direction. The Business Plan is a well-developed document setting out how the Council will achieve its priorities.</p> <p>The Business Plan is currently being reviewed and updated.</p>	

1. Council vision and strategic direction

Overall auditor judgement:

Action	Status	Audit observation
<i>To help them carry out their best value responsibilities, elected members should take advantage of the learning and development opportunities provided by the Council.</i>	Ongoing	<p>As noted in the Governance and Transparency section of this report - Elected member training and induction programme took place during May 2022 and June 2022 and development of the ongoing programme 2022/23 is now being programmed. An evaluation of the programme to date will take place.</p> <p>All elected members also have access to mylearning hub where all materials are stored and members can use this to continually enhance their personal learning and development.</p>
<i>In order to make community engagement an integral part of service improvement and delivery, the Council should support community groups to complete asset transfers</i>	Ongoing	<p>A further two community asset transfers have been concluded, bringing the total number of completed transfers to six since the introduction of the Community Empowerment (Scotland) Act 2015.</p> <p>In addition, a further two transfers have been agreed to by the Council and legal work is ongoing to bring them to a successful conclusion.</p> <p>After a hiatus during lockdown, community groups have resumed CAT activity and are preparing requests. Two stage 2 applications are being processed, six groups are preparing detailed business plans for consideration and a further seven live cases are being discussed with applicants. The Council continues to receive initial enquiries on a regular basis, with 24 considered over the last reporting year.</p>

**2. Performance and outcomes,
including public performance
reporting**

Overall auditor judgement:

Action	Status	Audit observation
<p><i>The Council should further improve its performance reporting by making better use of performance measures and targets, particularly to demonstrate the impact of improvement work</i></p>	Ongoing	<p>As noted in the Value for Money section of this report – the Council implemented its Planning and Performance Framework during 2021/22. The Planning and Performance Framework includes a suite of key performance indicators aligned to the business plan. The performance indicators have been mapped against the National Performance Framework and seven best value themes.</p> <p>Where appropriate, targets for 2021/22 were set and the status of the Council's performance in relation to these targets reported. However, the impact of Covid-19 over the last year has resulted in some indicators requiring new baselines to be established before meaningful target setting can be done. There are also KPIs that are for monitoring purposes only, due to the Council not having full control of the indicators, but it may take action depending on performance in these areas.</p> <p>The Business Plan is being reviewed and updated. Thereafter a transition plan will be developed to align the planning and performance framework to the revised Business Plan including development of appropriate measures / KPIs and reporting / monitoring cycles.</p>

2. Performance and outcomes, including public performance reporting

Overall auditor judgement:

Action	Status	Audit observation
<i>The Council should further improve its performance reporting by publishing easily accessible, up-to-date performance information on its website.</i>	Ongoing	<p>As noted in the Value for Money section of this report – An annual performance report and LGBF report was presented to Committee in the summer of 2022.</p> <p>The Council has reviewed and updated the Performance and Data section of its website to simplify public access to performance data and ensure performance and data reports are collated under a single section. The webpage includes all performance reports to Committees and the content will be expanded to include a quarterly performance update report and a range of data analytic reports, for example, Edinburgh by Numbers, SIMD, Locality profiles and the Annual Complaints reports.</p>

3. Effective use of resources

Overall auditor judgement:

Action	Status	Audit observation
<p><i>As part of its Adaptation and Renewal Programme, the Council should prepare sustainable medium and long-term financial plans, and detailed workforce plans, to support its strategic priorities.</i></p>	Ongoing	<p>The Adaptation and Renewal Programme was 'closed' in 2022; with either the actions completed or carried out as business as usual.</p> <p>As noted in the Financial Sustainability section of this report – a medium-term financial framework is in place.</p> <p>A dedicated project lead has been appointed to progress the development of the Council's medium term financial plan.</p> <p>The development of a medium-term financial plan which aligns to the Council's business plan and identifies options to address savings requirements over the term of the plan is critical to the Council demonstrating and achieving financial sustainability.</p> <p>The Council agreed a new People Strategy in April 2021, supporting the new Business Plan and aligned to the key priorities. The Plan sets out what employees should expect from the Council as their employer and what the Council expects from its workforce.</p> <p>The People Strategy describes the Council's strategic workforce agenda. The Council's Strategic Workforce Plan 2021-2024 (also approved in April 2021) describes further the specific actions to be taken to address the gaps between the current workforce and the future workforce needed to meet the priorities of the Business Plan.</p>

4. Partnership working and community engagement

Overall auditor judgement:

Action	Status	Audit observation
<i>In order to make community engagement an integral part of service improvement and delivery, the Council should embed the lessons from effective community engagement activity and clearly communicate the results of, and the Council's response to, community consultation.</i>	Ongoing	<p>The Council agreed a new Consultation Policy in April 2021, recognising the need to strengthen community engagement but also introduce more robust controls to manage significant consultations.</p> <p>The first review of the Consultation Policy has begun, involving stakeholders and colleagues. This will be reported to Committee this year (2022).</p>
<i>The Council should work with the Edinburgh Partnership Board to implement its new governance arrangements, effectively involve community representatives and deliver improved outcomes for communities.</i>	Ongoing	<p>The Council and community councils continue to implement the actions identified in the collaborative framework. Development of the partnership element of the work is ongoing with progress to be reported to the Edinburgh Partnership Board, following meetings with the EACC. The EACC is planned to submit a report to the partnership in June to take forward the collaborative working. This however was deferred on their request. A report on the engagement programme for the Edinburgh Partnership Empowerment Strategy will be presented to the Board.</p> <p>A progress report on the framework was approved by the Culture and Communities Committee on 1 February 2022 and was considered by GRBV at the meeting on 8 March 2022.</p> <p>Work on the Edinburgh Partnership Empowerment Plan is ongoing.</p>

4. Partnership working and community engagement

Overall auditor judgement:

Action

Status

Audit observation

The Council should work with the Edinburgh Partnership Board to produce progress reports with clear targets, accountable leads and links between the actions taken and the impact on performance.

Ongoing

The Edinburgh Partnership Board approved the revised Local Outcome Improvement Plan (LOIP) at its meeting in March 2022. This is now subject to partner sign off through internal governance arrangements.

The revised LOIP will be considered by the Culture and Communities Committee this year (2022).

5. Continuous improvement

Overall auditor judgement:

Action

Status

Audit observation

The Council should implement a strategic approach to self-evaluation and continuous improvement. This should include better demonstrating how it responds to feedback and scrutiny findings.

Ongoing

The recommendation for continuous improvement is embedded in the planning and performance framework. Commencing in March 2022, Service Teams carried out a review of the year 1 Annual Plans and Performance. This has informed the development of 2022/23 Annual Plans at Directorate, Divisional and Service Team levels.

The Council is currently reviewing the EFQM (excellence model) methodology and toolsets for self-evaluation.

Appendices

Appendix 1: Respective responsibilities of the Council and the Auditor	76
Appendix 2: Action plan	82
Appendix 3: Follow up of prior year recommendations	87

Appendix 1: Respective responsibilities of the Council and the Auditor

The Code of Audit Practice (2016) sets out the responsibilities of both the Council and the auditor and are detailed below.

Council responsibilities

The Council is required to make arrangements for the proper administration of financial affairs and to secure that one of its officers has responsibility for the administration of those affairs. The Service Director: Finance and Procurement has been designated as that officer.

The Service Director: Finance and Procurement is responsible for the preparation of the Council's annual accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

Area	Council responsibilities
Corporate governance	<p>The Council is responsible for establishing arrangements to ensure the proper conduct of its affairs including the legality of activities and transactions, and for monitoring the adequacy and effectiveness of these arrangements. Those charged with governance should be involved in monitoring these arrangements.</p>
Financial statements	<p>The Council has responsibility for:</p> <ul style="list-style-type: none">• preparing financial statements which give a true and fair view of its financial position and their expenditure and income, in accordance with the applicable financial reporting framework and relevant legislation;• maintaining accounting records and working papers that have been prepared to an acceptable professional standard and that support its financial statements and related reports disclosures;• maintaining proper accounting records; and• preparing and publishing, along with the financial statements, an annual governance statement, management commentary (or equivalent) and a remuneration report that is consistent with the disclosures made in the financial statements. Management commentary should be fair, balanced and understandable and also address the longer term financial sustainability of the Council. <p>Management is responsible, with the oversight of those charged with governance, for communicating relevant information to users about the entity and its financial performance, including providing adequate</p>

Area	Council responsibilities
	<p>disclosures in accordance with the applicable financial reporting framework. The relevant information should be communicated clearly and concisely.</p> <p>The Council is responsible for developing and implementing effective systems of internal control as well as financial, operational and compliance controls. These systems should support the achievement of its objectives and safeguard and secure value for money from the public funds at its disposal. They are also responsible for establishing effective and appropriate internal audit and risk-management functions.</p>
Standards of conduct for prevention and detection of fraud and error	<p>The Council is responsible for establishing arrangements to prevent and detect fraud, error and irregularities, bribery and corruption and also to ensure that its affairs are managed in accordance with proper standards of conduct.</p>
Financial position	<p>The Council is responsible for putting in place proper arrangements to ensure the financial position is soundly based having regard to:</p> <ul style="list-style-type: none"> • Such financial monitoring and reporting arrangements as may be specified; • Compliance with statutory financial requirements and achievement of financial targets; • Balances and reserves, including strategies about levels and their future use; • Plans to deal with uncertainty in the medium and long term; and • The impact of planned future policies and foreseeable developments on the financial position.
Best value	<p>The Council has a specific responsibility to ensure that arrangements have been made to secure best value. They are responsible for ensuring that these matters are given due priority and resources, and that proper procedures are established and operate satisfactorily.</p>

Auditor responsibilities

Auditor responsibilities are derived from statute, the Code of Audit Practice, International Standards on Auditing (UK), professional requirements and best practice. These are to:

- undertake statutory duties, and comply with professional engagement and ethical standards;
- provide an opinion on the financial statements and the regularity of transactions;
- review and report on, as appropriate, other information such as annual governance statements, management commentaries and remuneration reports;
- notify the Controller of Audit when circumstances indicate that a statutory report may be required; and
- demonstrate compliance with the wider scope of public audit.

Wider scope of audit

The special accountabilities that attach to the conduct of public business, and the use of public money, mean that public sector audits must be planned and undertaken from a wider perspective than in the private sector. This means providing assurance, not only on the financial statements, but providing audit judgements and conclusions on the appropriateness, effectiveness and impact of corporate governance and performance management arrangements and financial sustainability.

The Code of Audit Practice frames a significant part of our wider scope responsibilities in terms of four audit dimensions: financial sustainability; financial management; governance and transparency; and value for money.

Best Value

Appointed auditors have a duty to be satisfied that local government bodies have made proper arrangements to secure best value.

Our work in respect of the Council's best value arrangements has been integrated into our audit approach, including our follow up on the Council's Best Value Assurance Report and work on the wider scope dimensions.

Independence

In accordance with our profession's ethical guidance and further to our External Audit Annual Plan issued confirming audit arrangements we have reported below matters to bring to your attention in relation to our integrity, objectivity and independence.

An employee of Azets was appointed as one of the 63 councillors of City of Edinburgh Council on 5 May 2022. The individual ceased to be employed by Azets on 24 May 2022. The employee was a part time member of the administrative team that had no involvement in the audit business conducted by Azets Audit Services and was either on leave or on non-working days for a total of 10 of the 15 working days between the election result and ceasing to be an employee of the firm.

Whilst the individual is no longer employed by the firm, this constitutes an inadvertent breach of the requirements of the FRC Ethical Standard for a short period of time, which prohibits the appointment of a member of staff of a firm (or networked firm) to a governance position at an audit client.

The point of appointment as a councillor was after the year end under audit (31 March 2022). Based on our assessment of the breach, including the nature of the individual's position at Azets, the period of overlap prior to employment ceasing, the timing of appointment being after the period end under audit, and the subsequent action taken, it was concluded that this situation has not compromised our professional judgement or integrity and as such we believe that an objective, reasonable and informed third party in possession of these facts would conclude that our integrity and objectivity has not been impaired and accordingly we remain independent for the purposes of the March 2022 audit.

We confirm that Azets Audit Services and the engagement team complied with the FRC's Ethical Standard. We confirm that all threats to our independence have been properly addressed through appropriate safeguards and that we are independent and able to express an objective opinion on the financial statements.

Audit and non-audit services

The total fees charged to the Group for the provision of services in 2021/22 (with prior year comparators) is as follows:

	Current year £	Prior year £
Audit of City of Edinburgh Council (Auditor remuneration)	354,930	333,550
Audit of components (as audited by Azets)	204,750	153,889
Total audit	559,680	487,439
Non-audit services – Council	9,600	-
Non-audit services – wider Group	58,380	34,000
Total fees	627,660	521,439

FRC's Ethical Standard stipulates that where an auditor undertakes non audit work, appropriate safeguards must be applied to reduce or eliminate any threats to independence. We have detailed in the table below the non-audit services provided to both the Council and the wider group, the threats to our independence and the safeguards we have put in place to mitigate these threats.

Non-audit service	Service provided to	Type of threat	Safeguard
Tax and accounting advice in relation to the reorganisation of the Transport ALEO's	Council	Self-review Management decisions	Work is undertaken by a team independent from the audit engagement team. There is no contingent element. The work does not involve carrying out a management role.
VAT advice on energy-efficiency related housing works	Council	Self-review Management decisions	Work is undertaken by a team independent from the audit engagement team. There is no contingent element. The work does not involve carrying out a management role.
Corporation tax compliance services	Wider group	Self-review	Corporation tax compliance services are provided by a separate tax team.
Tax advisory services	Wider group	Self-review Management decisions	Tax advisory services are provided by a separate tax team.
Preparation of financial statements	Wider group	Self-review Management decisions	All adjustments to the financial statements are agreed with those charged with governance. In addition to this, a 2 nd manager review of the financial statements is performed by an audit manager not involved in the audit of the financial statements.

Audit quality

The Auditor General and the Accounts Commission require assurance on the quality of public audit in Scotland through comprehensive audit quality arrangements that apply to all audit work and providers. The audit quality arrangements recognise the importance of audit quality to the Auditor General and the Accounts Commission and provide regular reporting on audit quality and performance.

Audit Scotland maintains and delivers an [Audit Quality Framework](#).

The most recent audit quality report which covers our work at SPT since appointment can be found at <https://www.audit-scotland.gov.uk/publications/quality-of-public-audit-in-scotland-annual-report-202122>

Appendix 2: Action plan

Our action plan details the weaknesses and opportunities for improvement that we have identified during our audit.

Action plan grading structure

To assist the Council in assessing the significance of the issues raised and prioritising the action required to address them, the recommendations have been rated. Our rating structure has been revised to ensure consistency with the structure/terminology used by internal audit.

Rating	Assessment rationale
Critical	An issue that results in a critical impact to the achievement of objectives in the area audited. The issue needs to be resolved as a matter of urgency.
High	An issue that results in a severe impact to the achievement of objectives in the area audited.
Medium	An issue that results in a moderate impact to the achievement of objectives in the area audited.
Low	An issue that results in a small impact to the achievement of objectives in the area audited.
Advisory	A finding that does not have a risk impact but has been raised to highlight areas of inefficiencies or good practice.

Current year action plan

1. Assets Under Construction Procedures

Medium

Observation	We noted £9.2million of assets under construction that should have been recognised as completions in 2021/22 under the appropriate asset category.
Implication	The depreciation charge and value of an asset will be misstated if the asset register does not accurately reflect the date an asset was brought into use.
Recommendation	The Council should ensure that a review for completed assets is undertaken as part of the accounts preparation process to ensure the correct treatment is applied.
Management response	<p>A review of items classified as assets under construction will be undertaken prior to the year-end, informed by discussion of the current status of these with the responsible service manager and Estates. This review, the results of which will be documented in a newly created working paper, will in turn inform the appropriate accounting treatment. In cases of material change, consideration will also be given to any need for revaluation.</p> <p>Responsible officer: Senior Accountant, Capital Team, Corporate Finance</p> <p>Implementation date: March 2023</p>

2. Inconsistency between Council's Asset Register and Valuer's records

Medium

Observation	Differences were identified between the brought forward value provided by the valuer and those recorded in the Council's asset register for assets which were not subject to revaluation in 2021/22.
Implication	There is a risk that the results of the valuations are not correctly accounted for in the annual accounts.
Recommendation	The Council should ensure that reconciliations are performed between the records held by the valuers and the Council's asset register.
Management response	<p>An additional column will be added to the Estates register to reflect additions for non-revalued assets.</p> <p>Responsible officer: Senior Accountant, Capital Team, Corporate Finance</p> <p>Implementation date: March 2023</p>

3. Component Accounting

Medium

Observation	The Council applies component accounting to land and buildings. The Council's accounting policies reflect that the building component of an asset is separated into further components primarily to those with a carrying value of over £5million. We identified one instance where an asset with a carrying value of over £5million was not componentised.
Implication	There is a risk that the depreciation charge will be misstated if the asset register does not accurately reflect details of componentised assets.
Recommendation	We would encourage the Council to develop procedures to ensure all assets are reviewed as part of the accounts preparation to identify all assets which meet the componentisation threshold.
Management response	<p>Going forward, a check will be incorporated within the relevant supporting accounting working paper.</p> <p>Responsible officer: Senior Accountant, Capital Team, Corporate Finance</p> <p>Implementation date: March 2023</p>

4. Medium term financial plans

High

Observation	<p>The Council continues to face significant financial pressures resulting from increased demand for services, inflation, legislative reform and increased citizen expectations, as well as the continuing financial impacts of the pandemic.</p> <p>Current projections indicate a need to deliver at least £70million of recurring savings in 2023/24, increasing to £153million over the five year period to 2026/27. Work is underway to develop potential options to address this gap with reference to the priorities set out in the Council's business plan.</p>
Implication	<p>There is a risk the Council achieving financial sustainability over the medium-term.</p>
Recommendation	<p>The Council should ensure a medium-term financial plan is developed, which aligns to the Council's business plan, and identifies options to address savings requirements over the term of the plan.</p>
Management response	<p>Work is continuing to develop the Council's Medium-Term Financial Plan (MTFP) to deliver a programme of strategic and structural change to address the four-year (medium-term) financial challenge and, more immediately, agree a set of proposals to set a balanced budget for 2023/24. A detailed update will be reported to the Finance and Resources Committee on 10 November 2022 with a further report in January providing additional options that will balance the budget in 2023/24.</p> <p>It is envisaged that the plan presented to the meeting will comprise a set of costed proposals contributing towards addressing the 2023/24 budget gap and outline proposed major change projects that will primarily deliver in years 2 to 4 (i.e. 2024/25 to 2026/27) and, in due course, contribute towards subsequent years' savings requirements. Given the extent of these requirements, however, members will need to make increasingly difficult choices about the Council's priorities, including considering service reductions, across all service areas to maintain expenditure in line with available income.</p> <p>Responsible officers: Service Director: Head of Finance and Chief Executive</p> <p>Implementation date: February 2023 (for 2023/24 budget), annually thereafter</p>

5. Statutory Performance Information

Medium

Observation	<p>In developing its Planning and Performance Framework, the Council mapped its 15 Business Plan outcomes to the 7 best value themes. This was presented members in a performance update report during the year. We noted however that an overall assessment and conclusion as to how the Council is performing against its duty of best value, based on its performance against the business plan outcomes, was not included in the 2021/22 annual performance report.</p> <p>The Accounts Commission has published its Statutory Performance Direction for periods ending 31 March 2023 to 31 March 2025.</p>
Implication	<p>There is a risk that the Council does not fully comply with the Direction.</p>
Recommendation	<p>We would encourage the Council to review the Direction to ensure it is meeting all requirements through its Planning and Performance Framework.</p>
Management response	<p>The outcomes in the business plan have been mapped against the statutory direction. However, we will more explicitly state our compliance with the Directions in our performance reporting going forward. Furthermore, we will ensure that the Directions are considered as part of the work to refresh our Business Plan and the associated Planning and Performance Framework.</p> <p>Responsible officer: Change and Delivery Manager (Data, Performance and Business Planning)</p> <p>Implementation date: February 2023</p>

Appendix 3: Follow up of prior year recommendations

We have followed up on progress in implementing recommendations raised in the prior year/s which were reported as either new or ongoing in 2020/21. The table below summarises progress made by the Council in implementing these recommendations.

		Year recommendation raised				
	Rating	2016/17	2017/18	2018/19	2019/20	2020/21
No. of recommendations 'ongoing' at end of 2020/21 audit		1	3	3	2	6
Progress during 2021/22:						
Ongoing	High	1	3	2	-	1
	Medium	-	-	-	-	3
Closed	High	-	-	-	-	-
	Medium	-	-	(1)	(2 ²)	(2)
No. of recommendations 'ongoing' at end of 2021/22 audit		1	3	2	0	4

² These actions were classified as 'superseded by Best Value recommendations' in 2020/21 and therefore have been categorised as 'closed'.

Actions outstanding or in progress from previous years

Recommendation	Audit observation
Communication with the valuer (initially raised in 2020/21)	
Ongoing	
<p>A more collaborative approach should be taken to the valuation exercise to ensure valuations are based on complete information, are only obtained when both the Finance team and the valuer deem it necessary, and the valuer's expertise is used to inform all key estimates where appropriate.</p> <p>Medium</p>	<p>While, during 2021/22, we observed progress in implementing this recommendation, we did note that in preparation of the annual accounts, draft HRA values were used by the accounting team who were not aware of subsequent updates to the information prepared by the valuer.</p>
Impairment of assets under construction (initially raised in 2020/21)	
Closed	
<p>The Council should ensure their assessment of impairment adequately considers events and changes in circumstance that may indicate an impairment to assets under construction. This includes, but is not limited to, evidence of obsolescence, physical damage or a change in the way that asset is expected to be used by the Council.</p> <p>Medium</p>	<p>Refer to our observations under the Annual Accounts section of this report (significant risk 4: asset valuations). Based on audit work performed concluded recommendation has been implemented.</p>
Provision for doubtful debts (initially raised in 2020/21)	
Closed	
<p>The Council should reflect on any significant changes in recovery rates of sundry debtors and housing rent arrears when calculating its provision for doubtful debts and adjust the percentages provided for as appropriate.</p> <p>Medium</p>	<p>Refer to our observations under the Annual Accounts section of this report (significant risk 6: provisions for doubtful debts). Based on audit work performed concluded recommendation has been implemented.</p>

Recommendation	Audit observation
<p>Common Good accounting estimates (initially raised in 2020/21)</p> <p>The Council should review processes to ensure that Common Good expenditure is complete and estimates are based on complete and relevant information.</p> <p>Medium</p>	<p>Ongoing</p> <p>Refer to our observations under the Annual Accounts section of this report (Common Good income and expenditure section). While we gained reasonable assurance that expenditure was materially appropriate, we identified areas for improvements. An audit adjustment was made to the Common Good Fund financial statements to reflect expenditure on parks and other green spaces which were not included in management's estimate.</p>
<p>Payroll reconciliations (initially raised in 2020/21)</p> <p>The Council should undertake a year-end reconciliation of employee expenses to the payroll system.</p> <p>Medium</p>	<p>Ongoing</p> <p>Year end reconciliation was performed. However as noted in the Annual Accounts and Financial Management section of this report we did identify areas for scope for improvement in the Council's payroll processes and controls. Our findings have been reported to management.</p>

Recommendation	Audit observation
<p>Implementation of BVAR recommendations (initially raised in 2020/21)</p> <p>The Council should:</p> <ol style="list-style-type: none"> 1. Develop detailed savings plans to address the significant funding gaps identified in the medium-term financial plan. 2. Develop detailed workforce plans for service teams to support the strategic workforce plan. 3. Develop annual service plans for directorates and teams that support the delivery of key performance targets. Targets should be set for all KPIs agreed within the new Planning and Performance Framework. 4. Continue to progress approved Community Asset Transfer requests as a matter of priority. 5. Progress the framework drawn up for collaboration with community councils and ensure this delivers the real involvement of community representatives in delivering community outcomes. <p>Specific timescales should be documented over implementation of these actions.</p> <p>High</p>	<p>Ongoing</p> <p>Refer to our observations under the Best Value section of this report. Progress continues to be made against all of the recommendations. Agreed approaches to address the recommendations and many of the overarching strategies have been confirmed. Detailed work continues to support these agreed approaches.</p>
<p>Elected member and officer protocol (initially raised in 2018/19)</p> <p>Councillors and the senior leadership team should review the current protocols to ensure these are still appropriate and that both members and officers can comply fully with their responsibilities.</p> <p>Medium</p>	<p>Closed</p> <p>Refer to our observations under the Governance and Transparency section of this report. A revised protocol was considered and approved by the Council in August 2022.</p>

Recommendation	Audit observation
<p>Implementation of audit recommendations (initially raised in 2018/19)</p> <p>In August 2019 internal audit reported that 47 internal audit findings (those overdue where management action had not been actioned or evidenced) were outstanding. Of these 26 were more than one year old. 118 management actions were also identified as overdue. There were high rated findings in both overdue management actions and internal audit findings.</p> <p>Whilst we are satisfied that audit is seen as an important element of the internal control framework by senior management and Councillors there needs to be a greater prioritisation of addressing issues raised by internal audit across the Council.</p> <p>High</p>	<p>Ongoing</p> <p>Refer to our observations under the Governance and Transparency section of this report (Internal Audit). The Head of Internal Audit and Risk noted there was significant progress with implementation of agreed management actions to address the risks associated with internal audit findings raised during 2021/22, with the final (31 March 2022) position confirming that the proportion of overdue findings is at the lowest level across the last five years.</p>
<p>Service performance (initially raised in 2018/19)</p> <p>Whilst there has been some improvement in some of the Council's key indicators we are disappointed to note that there is a continuation of areas of poor performance within Adult Social Care Services, Environmental Services and Homelessness.</p> <p>Significant improvements are required, including the pace of change in implementing such improvements.</p> <p>High</p>	<p>Ongoing</p> <p>Refer to our observations under the Value for Money section of this report. The Council implemented its Planning and Performance Framework in 2021/22 and while not explicitly publicly reporting on such service performance we would encourage the Council to continue to monitor service performance.</p>

Recommendation	Audit observation
<p>Common good asset register (initially raised in 2017/18)</p> <p>The Council, in preparing the 2018/19 common good fund annual accounts should review the accounting policies for property, plant and equipment and heritage assets to ensure that:</p> <ul style="list-style-type: none"> • The assets are classified correctly; • The appropriate valuation basis has been applied; and • Depreciation is applied dependent on the accounting policy and classification of the asset. <p>High</p>	<p>Ongoing</p> <p>Refer to our observations under the Annual Accounts section of this report (Common Good income and expenditure section). The Council continues to refine its common good asset registers and the accounting for such assets.</p>
<p>Financial sustainability – health and social care (initially raised in 2017/18)</p> <p>The EIJB continues to face financial pressures. The EIJB's financial plan in 2019/20, despite a challenging efficiencies programme and the release of unallocated funds, remained unbalanced by £7.1million as at 31 August 2019. The financial and service performance of the EIJB remains a high risk issue and the Council needs to work together with the EIJB and NHS Lothian to reach an agreed financial settlement.</p> <p>High</p>	<p>Ongoing</p> <p>This action is being progressed by the Edinburgh Integration Joint Board (EIJB) with tripartite efforts with the Council and NHS Lothian.</p>

Recommendation	Audit observation
<p>Health and Social Care performance (initially raised in 2017/18)</p> <p>Whilst there has been some improvement in performance, it remains too early to conclude whether this can be sustained. The approval of a new Strategic Plan should provide a framework for delivering real improvement however there is a danger that this is compromised by the significant financial challenges faced by the IJB in reaching a balance position.</p> <p>High</p>	<p>Ongoing</p> <p>This action is being progressed by the Edinburgh Integration Joint Board (EIJB).</p>
<p>Delayed discharges: (initially raised in 2016/17)</p> <p>Edinburgh has regularly had the highest number of delayed discharges of any Integration Authority in Scotland.</p> <p>We recommend that improving performance in this area remains a priority.</p> <p>High</p>	<p>Ongoing</p> <p>This action is being progressed jointly by the Edinburgh Integration Joint Board (EIJB), Council and NHS Lothian.</p> <p>The EIJB is part of the Scottish Government's national Discharge without Delay programme, aimed of reducing lengths of patient stay and preventing discharges becoming delayed.</p>

MANAGEMENT COMMENTARY

Introduction

The Audited Annual Accounts present the financial position and performance of the Council, together with the wider Council Group, for the year to 31 March 2022. They have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2021/22 using the Council's management structure as a reporting basis, the same as in the previous year.

The City of Edinburgh Council was constituted under the Local Government, etc. (Scotland) Act 1994 and became the unitary local authority to Scotland's capital city in April 1996. The Council brought together most of the services delivered by the previous regional and district councils, with its primary current frontline functions being the provision of education to school-age children within the city, social care services, economic development, a range of community-based services such as roads maintenance, street lighting and refuse collection and quality of life functions such as libraries, culture, recreation and parks. Services are delivered to some 530,000 citizens across the 102 square mile Council area. As of March 2022, the Council employed 15,085 FTE staff, compared to 14,898 FTE as of March 2021.

The structure of the Council continues to evolve but the Corporate Leadership Team (CLT) organisational chart and tables below indicate the position at the date the accounts were approved.

Corporate Services	Health and Social Care	Place
Customer and Digital Services	Edinburgh Integration Joint Board	Environment (inc. waste and parks)
Finance and Procurement	Older people's services	Transport (inc. parking)
Legal and Assurance	Learning and Physical disabilities	Roads, bridges and flood prevention
Human Resources	Mental Health	Housing and Regulatory Services
Strategy and Communications	Substance Misuse	Planning and building standards
	Education and Children's Services	Culture, Museums and Galleries
	Schools and Lifelong Learning	Property and Facilities Management
	Children's social work	Libraries and Sports
	Community education	Homelessness services
	Early Years	
	Community Justice	

Further comprehensive detail of the services provided by the Council is included on its [website](#) and within the annual **Key Facts and Figures** publication.

MANAGEMENT COMMENTARY

There was a Local Government Election on 5 May 2022 which resulted in a change in political representation for the Council, with a new minority Labour administration formed.

The Council currently has **63 Councillors** representing 17 wards within the city.

The Full Council meets once a month and also delegates decisions to **committees** which meet regularly throughout the year.

Details of the senior councillors' remuneration and committee roles, for those in office during the financial year, are disclosed in the Remuneration Report from page 131 of these financial statements.

The Council's role during the pandemic

During 2021/22 the Council continued to respond to the Covid-19 global pandemic, working hard to keep services running and deliver vital help to those citizens and businesses who needed it most, whilst adhering to all Scottish Government guidelines on the reopening of services.

The Council Incident Management Team (CIMT) and Directorate Incident Management Teams (with escalation to CIMT) have provided a clear, easy to understand and effective governance structure for organising services during the emergency, operating flexibly to ensure the Council could react rapidly to any arising issues.

Due to the loosening of public health restrictions, CIMT decided in March 2022, to shift its focus from Covid-19 to Ukraine, when Ukrainian refugees began to arrive in Edinburgh.

Demographic Trends

Edinburgh continues to see significant population growth, with a 12.3% increase in the ten years to 2020, compared to a national rise of 3.9% over the same period. The main driver of this growth continues to be net overseas migration. Analysis of population trends suggests that the total number of residents will increase by 57,000 people by 2043, with a 72% increase in those aged 75 and over. It is also projected that by 2031 the number of pupils in our primary and secondary schools will increase by 4%. This growth will place further demands on a range of frontline services and as a result, the Council's budget framework continues to provide additional annual sums in respect of growing numbers of school pupils, at-risk children, older people and those with physical and/or learning disabilities.

City of Edinburgh Council's Corporate Strategy and Vision

In 2021, the Council approved **a new Business Plan** which sets out the Council's priorities and how the aims set out in the **Community Plan** would be taken forward.

The Business Plan covers a three-year period and provides an overarching focus for the Council in terms of its priorities and the delivery of its aims. It provides an opportunity to deliver a future organisation to meet the changing needs of citizens.

The Business Plan sets out the three main priorities the Council will focus on in the coming years:

1. Ending poverty and preventing adverse outcomes such as homelessness and unemployment;
2. Becoming a net zero city; and
3. Ensuring wellbeing and equalities are enhanced for all.

The Business Plan describes the approach being taken by the Council to deliver its priorities in the form of 15 outcomes with 55 actions. This plan stands as one part of a golden thread linking and guiding operations through to the shared goals and commitments of the Edinburgh Partnership and towards the long term ambitions for Edinburgh to be a fair, welcoming, pioneering, and thriving city, as outlined in the 2050 Edinburgh City Vision.

The Business Plan also meets the Accounts Commission's Best Value Report recommendations on aligning the Council's strategic direction.

MANAGEMENT COMMENTARY

The 15 outcomes of the Business Plans are as follows:

Ending poverty

- 1 Progressing towards ending poverty in Edinburgh by 2030 by meeting the targets set by the Edinburgh Poverty Commission
- 2 On track to deliver new prevention service models
- 3 More residents experience fair work and receive the living wage
- 4 Intervene before the point of crisis to prevent homelessness
- 5 Ongoing delivery of our 20,000 affordable homes programme
- 6 Increasing attainment for all and reducing the poverty-related attainment gap
- 7 Edinburgh's economy recovers from recession and supports businesses to thrive

Sustainability

- 8 Delivering our 2030 net zero target
- 9 Citizens are engaged and empowered to respond to the climate emergency
- 10 Develop key strategic sites and projects to meet the needs of a diverse and growing city
- 11 The city has a well-connected and sustainable transport and active travel network

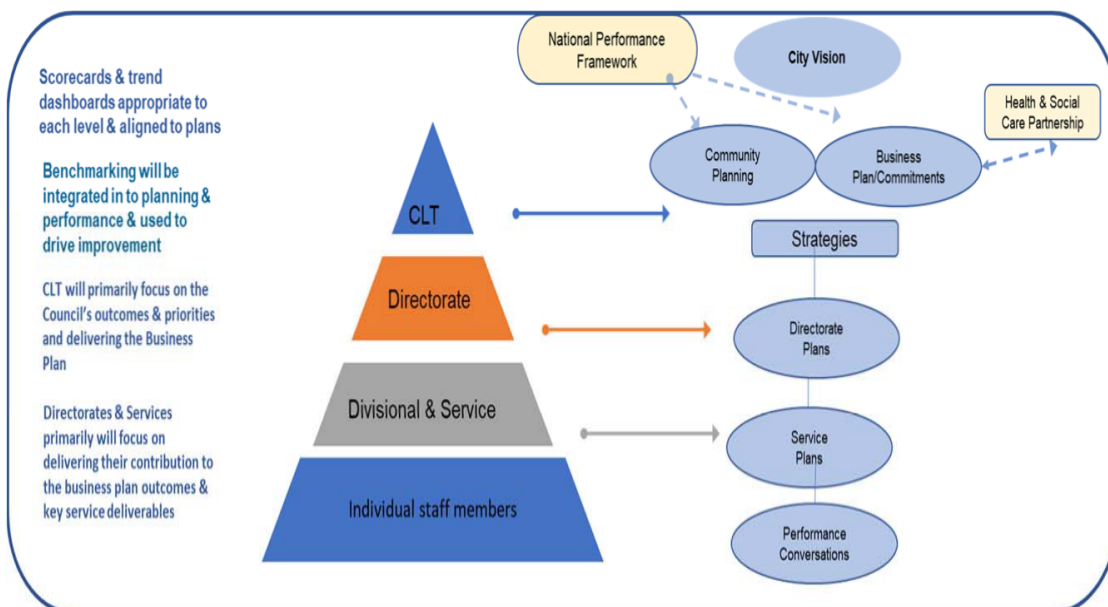

Wellbeing

- 12 People can access the support they need in the place they live and work
- 13 Improved safety and wellbeing for vulnerable citizens
- 14 Core services are maintained or improved
- 15 Make better use of the Council estate and resources to meet our strategic priorities

The Business Plan forms the central part of the strategic Planning and Performance Framework and sits within the wider ecosystem of strategic planning for the Council as shown in the diagram below.

The framework has been designed to ensure that our priorities and outcomes are translated into clear actions and performance measures which are appropriately monitored, actioned and delivered. It will be underpinned by the “Plan, Do, Check, Act/Review” continuous improvement model and delivered through a robust annual cycle.

The approach embeds a “golden thread” between the three-year Council Business Plan, strategies, annual Directorate/ Divisional plans and colleague annual performance conversations, ensuring a clear understanding of our key deliverables across all our services.

Risks and Uncertainty

The Corporate Leadership Team's (CLT) highest-prioritised risks as reported to the Governance, Risk and Best Value Committee (GRBV) on 26 October 2021 are outlined below, along with the key controls in place to mitigate them.

In response to the COVID-19 pandemic, the Council developed a detailed risk management plan that identifies and tracks key risks, along with associated mitigating actions. These have been discussed at risk forum meetings with cross-Directorate representation, and at meetings of the CIMT.

MANAGEMENT COMMENTARY

Risks and Uncertainty - continued

R1	Strategic Delivery	R8	Governance and Decision Making
R2	Financial and Budget Management	R9	Service Delivery
R3	Programme and Project Delivery	R10	Workforce
R4	Health and Safety (including Public Safety)	R11	Regulatory and Legislative Compliance
R5	Resilience	R12	Reputational
R6	Supplier, Contractor and Partnership Management	R13	Fraud and Serious Organised Crime
R7	Technology and Information		

Details of the mitigating actions that are in progress in respect of each of these risks, is included in **Appendix 2** of the risk report.

The Council's most significant current risks are Workforce; Health and Safety (including Public Safety); Service Delivery; and Supplier, Contractor and Partnership Management, as described below:

R4	Health and Safety (including Public Safety)	Employees and / or citizens (including those in the Council's care) suffer unnecessary injury and / or harm
R6	Supplier, Contractor, and Partnership Management	Inability to effectively manage the Council's most significant supplier and partnership relationships
R9	Service Delivery	Inability to deliver quality services that meet citizen needs effectively and in line with statutory requirements
R10	Workforce	Insufficient resources to support delivery of quality services that meet citizen needs effectively and in line with statutory requirements

CLT and Directorate risk committees take place quarterly. Appropriate risk management arrangements were established to support identification; assessment; recording; and management of Covid-19 risks faced by the Council. The Covid-19 Risk Management Plan (RMP) was reviewed and discussed monthly by the Council's Incident Management Team (CIMT). Covid-19 risks and controls were discussed, and actions tracked at all CIMT meetings as circumstances and Government guidance changes.

The Council's **Enterprise Risk Management Policy** is reviewed and approved annually by the Policy and Sustainability Committee.

Once approved by the Committee, the Policy is shared and communicated across the Council, with the refreshed version published on the policy register maintained on the Council's website. The last review was carried out in September 2022.

The Council's **Risk Appetite Statement**, covering its attitude to service delivery, infrastructure, compliance and financial risks, was approved at the meeting of the Policy and Sustainability Committee on 30 November 2021.

Other Risks, Challenges and Uncertainties

On 25 May 2022, the Accounts Commission published its annual **Local Government in Scotland Overview** with the following key messages:

- Councils in Scotland have had a very difficult year, with the ongoing response to the pandemic, the challenges being faced in recovering services, dealing with increased demand and backlogs, and meeting community needs and expectations.
- Councils are operating in a difficult and uncertain strategic context and face longer-term financial pressures, a lack of certainty and flexibility over long-term funding, and the prospect of major service reforms.

MANAGEMENT COMMENTARY

Other Risks, Challenges and Uncertainties - continued

- Pressure on the local government workforce continues. Councils are continuing to experience relatively high absence levels. Impacts on staff wellbeing and skills shortages, particularly in front-line workers, have also been noted.
- The impact of the pandemic and service disruption have been felt most strongly by those already experiencing inequality. Councils have worked hard and adapted to maintain service delivery but not all services are back at pre-pandemic levels so those most in need of support are still being affected.
- The early response showed what could be achieved by working closely with communities and the voluntary sector. This momentum may be lost if communities and the voluntary sector are not involved in shaping recovery.
- Improvements are needed in data availability, tools and skills to support performance monitoring, strategic decision-making and planning service improvements.

A report considering any specific local implication of the national report will be considered by Members later in the year.

On 1 December 2020, in response to the Poverty Commission's final report, the City of Edinburgh Council became the first UK local authority to set a target date for ending poverty by agreeing the proposals set out in the **End Poverty in Edinburgh Delivery Plan 2020-30**.

The Edinburgh Partnership has also published a **paper** setting out how partners will collectively work towards the aim of ending poverty in the city by 2030.

The first **annual report** of how Edinburgh is progressing in its aim details significant positive developments that are taking place in the Capital.

Performance Overview

The latest in-year **performance update report** was considered by the Policy and Sustainability Committee on 22 February 2022. This provides information to enable Elected Members to scrutinise performance in a structured way, following the approach set out in the Planning and Performance Framework (PPF) which was approved on 10 June 2021. The report also provides an update on progress with the implementation of the PPF.

The final **Adaptation and Renewal Programme** update report, outlining the Council's on-going response to the pandemic, was considered by the Policy and Sustainability Committee on 22 February 2022, including a Covid-19 Response Dashboard detailing Edinburgh case numbers, vaccinations, Public Health and Safety, vulnerable groups and economic indicators. The programme was developed in response to the pandemic and has now been closed.

Edinburgh specific performance data has also been provided through a range of other channels, including the **Capital Residents Survey** which took place between 12 October and 2 December 2020. The survey was jointly funded with NHS Lothian and focused on resident experience of services during Covid-19 and areas of mutual interest to both organisations, such as alternative service delivery mechanisms. Since March 2020, when the UK first went into lockdown, 80% of Edinburgh residents said they were satisfied with the services provided by the Council.

Council Performance and Best Value

The Council's **2021/22 Annual Performance Report** was considered by the Policy and Sustainability Committee on 30 August 2022. This report includes an analysis of the comparative indicators comprising the 2020/21 Local Government Benchmarking Framework (LGBF) and an overview of council performance against the priorities and outcomes in the Business Plan.

The Council's **2020/21 Annual Audit Report** concluded that the Council had appropriate arrangements in place for managing its financial position during 2020/21, with a surplus outturn position achieved after additional transfers to reserves from the receipt of Covid-19 funding late in 2020/21.

It was noted that the Council's three-year revenue budget strategy and 10-year capital budget strategy required to be updated given the significant cost impact of Covid-19 on council services and income levels over the short and medium term, and the medium-term framework identifies significant funding gaps facing the Council in future years.

It was acknowledged that Covid-19 continued to present unprecedented challenges to the operation, financial management and governance of organisations, including public sector bodies. Despite the impact of Covid-19, it was found that there had been improvement in some of the Council's key indicators, however, there was a continuation of areas of poor performance within Adult Social Care Services, Environmental Services and Homelessness.

The Council's **Best Value Assurance Report** (BVAR) was considered by the Accounts Commission on 12 November 2020. The Accounts Commission accepted the Controller of Audit's report and endorsed his recommendations. The final report was published by the Accounts Commission on 26 November 2020.

The BVAR for the City of Edinburgh Council focused on five key areas: the Council's vision and strategic direction; performance and outcomes including public performance reporting; effective use of resources; partnership working and community engagement; and continuous improvement.

Actions were agreed at the Edinburgh Partnership Board on 23 March 2021, in response to the partnership working and empowerment findings of the Council Best Value Assurance Audit.

An **update on progress** made to date, in response to the Best Value Assurance Audit Report recommendations was reported to Policy and Strategy Committee on 29 March 2022. The update report was referred to Governance Risk and Best Value Committee for consideration on 14 June 2022.

MANAGEMENT COMMENTARY

Performance Overview - continued

Comparative Performance

Under Section (1) (1) (a) of the Local Government Act 1992, the Accounts Commission has a statutory power to define the performance and outcome information that councils must publish locally in the following financial year with a view to facilitating comparison over time within, and across, authorities, including their effectiveness in working with partners and communities. Councils also require to assess how they are performing against the duty of best value, including actions taken in response to audit recommendations for improvement.

Financial Performance

Revenue - General Fund

The Council's financial performance is presented in the Comprehensive Income and Expenditure Statement, which can be seen on page 22. This statement has been prepared as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2021/22. To show the net position of the Council, it is necessary to adjust the Comprehensive Income and Expenditure Statement for statutory items that require to be taken into account in determining the position on the General Fund and Housing Revenue Account for the year. These are summarised in the Movement in Reserves Statement (page 19).

An Expenditure and Funding Analysis has been provided to reconcile adjustments between the Council's financial performance under the funding position and the surplus on the Provision of Services in the Comprehensive Income and Expenditure Statement. The Expenditure and Funding Analysis can be found in Note 5 and the Expenditure and Income Analysed by Nature in Note 6.

The outturn position for the General Fund, excluding accounting practice adjustments, compared to budget is summarised below. This basis of presentation is the main one adopted for reporting purposes as it is consistent with both budget-setting and in-year monitoring and also best aligned to the Council's statutory responsibilities.

	Revised Budget 2021/22 £000	Actual 2021/22 £000	(Under) / Over Spend £000
General Fund services	1,035,426	1,030,378	(5,048)
Non-service specific areas			
Loans charges / interest on revenue balances	85,438	76,773	(8,665)
Other non-service specific costs	25,748	12,664	(13,084)
Council Tax Reduction Scheme*	26,605	26,124	(481)
Net Cost of Benefits	(127)	(349)	(222)
Dividend and other interest received	(445)	81	526
Non-service specific areas total	137,219	115,293	(21,926)
Movements in Reserves			
Net contribution to / (from) earmarked funds	(19,211)	6,157	25,368
Contribution to / (from) Capital Fund	(26)	(26)	0
Movements in Reserves total	(19,237)	6,131	25,368
Sources of funding			
General Revenue Grant	(653,272)	(653,272)	0
Distribution from Non-Domestic Rate pool	(188,796)	(188,796)	0
Council Tax **	(311,340)	(313,611)	(2,271)
Sources of funding total	(1,153,408)	(1,155,679)	(2,271)
Transfer (to) / from earmarked reserves	0	(3,877)	(3,877)

Fees and charges levied by the Council have been offset against the cost of providing services and are included within the actual cost of General Fund Services shown above.

*uncommitted funds linked to the in-year underspend in respect of the Council Tax Reduction Scheme of £0.481m were transferred to an earmarked reserve.

** gross Council Tax (excluding Council Tax Reduction Scheme)

MANAGEMENT COMMENTARY

Financial Performance - continued

Revenue - General Fund - continued

On 18 February 2021, the Council set a **balanced budget** for 2021/22 but with the delivery of approved savings and the prompt identification and management of underlying or emerging pressures key to maintaining financial stability in the year. In total, the approved budget was predicated on the delivery of some £31.087m of directorate-specific and corporate savings.

Covid-19 Financial Impact

While the financial effects of the pandemic lessened somewhat relative to the previous year, these impacts continued to be significant in 2021/22. The net cost to the Council during the year, including exposure through its Arm's-Length External Organisations (ALEOs), was some £25.5m. The largest single contributors were a reduction in parking income, net of enforcement costs, of £6.8m, the loss of the Lothian Buses dividend of £6m, additional homelessness expenditure of £5.2m and further support for Edinburgh Leisure of £5m.

Given the scale of these impacts, elected members continued to consider regular financial monitoring reports during the year and through a combination of savings in both service areas and corporate budgets as indicated on page 7, an underspend of £3.9m was achieved. This position was also delivered without the planned level of drawdown from reserves, providing an additional contingency against the on-going expenditure and income impacts of the pandemic.

Looking forward, in order to enhance the Council's resilience against these longer-lasting implications, the 2022/23 budget set aside a further £25m, alongside sums to address other new liabilities such as an increase in employer's National Insurance rates effective from April 2022. Following the receipt of additional funding as part of the Scottish Budget's Parliamentary consideration, the budget also included £10m of additional investment in the Council's key priorities.

In overall terms, 89% of approved savings were delivered during the year. This marked a continuing improvement on the equivalent figures for 2020/21 (82%), 2019/20 (77%) and 2018/19 (60%).

Principal Sources of Funding - General Fund

The principal sources of funding used by the Council during the year were:

	£000
Council Tax, net of Council Tax Reduction Scheme (CTRS) <i>(property-related tax from households)</i>	287,487
General Revenue Grant <i>(Government revenue grant funding based on city's relative needs assessment)</i>	653,272
Distribution from Non-Domestic Rates pool <i>(property-related tax primarily from businesses)</i>	188,796
Total	1,129,555

General Fund expenditure 2021/22 by service area (£m)*

Principal sources of funding, 2021/22

* - The orange-shaded box on the expenditure diagram represents the Council's requisition for the Lothian Valuation Joint Board of £3.8m.

Following the onset of the pandemic and recognising significant in-year relief granted to affected businesses, the Scottish Government revised the relative balance of funding between General Revenue Grant and Non-Domestic Rates and thus the proportions are significantly different from pre-Covid years.

MANAGEMENT COMMENTARY

Financial Performance - continued

Reserves

General Fund

The Council's General Fund reserves comprise two elements:

- The unallocated General Fund; and
- Balances earmarked for specific purposes.

The unallocated General Fund is held against the risk of unanticipated expenditure and/or reduced income arising in any particular year. The level of this reserve is reviewed annually by the Council as part of the revenue budget-setting process. This review considers the level of balances held, the financial risks which could be realised and the arrangements in place to manage these.

The **latest review** was in February 2022, as part of the 2022/23 budget-setting process. The unallocated General Fund balance at 31 March 2022 was £28.981m, which equates to 2.51% of the annual budgeted net expenditure.

In addition, the Council has a further £228.224m (2020/21 £196.008m) of balances earmarked for specific purposes. Details can be seen in note 12 to the Financial Statements. The chart below highlights the split of these balances.

These balances are held for a number of reasons:

- Balances set aside for specific financial risks which are likely to arise in the medium-term future. Examples include monies earmarked for staff release costs, dilapidations and other related contractual commitments and the insurance fund. The sums shown above include £71.179m of non-service specific COVID-related funding received or earmarked in-year to be applied against expenditure and income losses in future years;
- Balances set aside from income received in advance are primarily from grant income, due to timing differences between the receipt of the grant income and the planned expenditure thereof. The sums above include £15.159m of service-specific COVID-related funding carried forward to be offset against expenditure in 2022/23;
- Balances set aside to enable the Council to undertake investment in specific projects which will deliver savings in future years, such as Spend to Save. These savings are used, initially, to replenish the earmarked balances; and
- Balances held under the Devolved School Management scheme (DSM) and Pupil Equity Fund (PEF), which permits balances on individual school budgets to be carried forward to the following financial year and academic years.

As part of the 2020/21 budget-setting process there was a realignment and reprioritisation of these sums based on the risks the Council faces. In addition to increasing the size of the Council's unallocated reserve to a level closer to that of other Scottish local authorities, a £16m dedicated reserve was created to provide an additional contingency against the on-going financial impacts of the pandemic. This reserve, when combined with additional COVID-related grant funding received late in 2020/21, allowed the Council to increase from £18m to £39m the level of provision made for these impacts in 2021/22, as well as increasing the corresponding sum in 2022/23 whilst still addressing the majority of that year's residual funding gap. Receipt of these sums also allowed the Council to defer use of the planned loans fund repayment financial flexibility.

Other Reserves

The Council holds other usable reserves; these are the Capital Grants Unapplied Account with a balance of £46.994m, the Capital Fund with a balance of £42.550m and the Renewal and Repairs Fund with a balance of £50.407m, including £3.885m of monies for schools prepaid under PPP arrangements. These sums are used to support capital investment across the Council's property estate.

MANAGEMENT COMMENTARY

Financial Performance - continued

Financial Ratios

Financial ratios relating to Council Tax, debt and borrowing are shown below.

Council Tax	2021/22	2020/21	Notes on interpretation of ratios
In-year collection rate	96.77%	95.96%	This shows the % of Council Tax collected during the financial year that relates to bills issued for that year. It does not include collection of sums billed relating to previous financial years. The collection rate is stated on a line-by-line basis, adjusted for the impact of water-only debt in the joint collection of Council Tax and water charges. The indicator shows that the in-year collection levels increased slightly but remains marginally below the level achieved in 2019/20.
Council Tax income as a percentage of overall funding	25.45%	24.48%	This shows the proportion of total funding that is derived from Council Tax, net of Council Tax Reduction Scheme (CTRS) support. While Council Tax levels were frozen in 2021/22, the prior year was proportionally less due to the provision of significant additional (mainly COVID-related) funding during that year.
Debt and Borrowing - Prudence			Notes on interpretation of ratios
Capital Financing Requirement	£1,902.9m	£1,749.0m	The capital financing requirement represents the underlying need to borrow to fund expenditure on assets and shows an increase of around 9% during the year. Financing costs are provided for within the Council's Long-Term Financial Plan. Further details of the capital financing requirement can be seen in note 37 to the Financial Statements.
External debt levels	£1,736.1m	£1,594.5m	<p>External debt levels include long-term commitments in respect of finance leases (mainly schools provided through PPP schemes) together with borrowing undertaken to finance capital expenditure.</p> <p>External debt levels are lower than the capital financing requirement as the Council has adopted a position of under borrowing, as set out in the Treasury Strategy.</p>
Debt and Borrowing - Affordability			Notes on interpretation of ratios
Financing costs to net revenue stream - General Fund	6.80%	6.83%	These ratios show the proportion of total revenue funding that is used to meet financing costs.
Financing costs to net revenue stream - HRA	32.04%	32.92%	
Impact of capital investment on Council Tax	-0.73%	-8.23%	These ratios show incremental impact of financing costs, the increase or (decrease) in financing costs from the previous financial year, as a percentage of Council Tax, in respect of costs payable through the General Fund and house rents for the HRA. The ratios for 2020/21 reflected the outcome of the Council's Loans Fund review.
Impact of capital investment on house rents	-0.32%	-4.59%	

MANAGEMENT COMMENTARY

Financial Performance - continued

Treasury Management Strategy

The **Annual Treasury Management Strategy 2022/23** was approved on 17 March 2022. The key points are:

- the Council had borrowed £497m over the last three years;
- the Council's total capital expenditure is forecast to be £2.495 billion between 2021/22 and 2025/26;
- the Council's underlying need to borrow at 31 March 2026 is forecast to be £2.391 billion;
- the opportunity to mitigate future interest rate risk with alternatives to the Public Works Loan Board (PWLb) will continue to be sought and the risk locked out where appropriate; and
- the Council will continue to fund its Capital Financing Requirement from temporary investment balances over the next year.

Capital Strategy

The **Sustainable Capital Strategy 2022-32 - Annual Report** was approved at Full Council on 17 March 2022. The report provides a high-level overview of how capital expenditure, capital financing and treasury management activity contribute to the provision of Council services and is linked to a number of other key plans and policies such as the Annual Treasury Strategy, the Capital Investment Programme and HRA Budget Strategy.

The Capital Budget Strategy has been reviewed in light of COVID-19 and the Council's priorities and Council Business Plan.

Capital expenditure is controlled through the Prudential Code that provides the framework for investing in infrastructure. In Scotland, local authorities are required by regulation to comply with the Prudential Code under Part 7 of the Local Government (Scotland) Act 2003. The key objectives of the Prudential Code are to ensure that capital plans are affordable, prudent and sustainable and that treasury decisions are taken in accordance with professional guidance and best practice.

The 2021/22 outturn position for capital expenditure is summarised below:

	Budget 2021/22 £000	Actual 2021/22 £000	(Slippage) / Acceleration £000
Capital expenditure			
General Fund services	438,020	402,151	(35,869)
Housing Revenue Account	103,987	64,850	(39,137)
Total capital expenditure	<u>542,007</u>	<u>467,001</u>	<u>(75,006)</u>
Capital receipts and other contributions			
- General Fund services	(74,180)	(71,426)	2,754
- Housing Revenue Account	(42,443)	(9,526)	32,917
Government and other grants			
- General Fund services	(109,363)	(110,285)	(922)
- Housing Revenue Account	<u>(11,859)</u>	<u>(19,959)</u>	<u>(8,100)</u>
Total capital income	<u>(237,845)</u>	<u>(211,196)</u>	<u>26,649</u>
Balance to be funded through borrowing			
- General Fund services	254,477	220,440	(34,037)
- Housing Revenue Account	<u>49,685</u>	<u>35,365</u>	<u>(14,320)</u>
Total advances from loans fund	<u>304,162</u>	<u>255,805</u>	<u>(48,357)</u>

Expenditure on General Fund services slipped in total by £35.869m. The majority of slippage was caused by COVID-19 related delays, including the construction lockdown and restrictions on internal works. Within Place, the main slippage was from On-Lending for the provision of mid-market homes (£13.862m) which is offset by a delay in the need to borrow. Within Communities and Families, the main slippage was on construction of learning estates, such as Rising School Rolls projects and Maybury Primary School.

Expenditure on Housing Revenue Account slipped in total by £39.137m, primarily as a result of the acquisition of Liberton Hospital for £12m not completing in the financial year. HRA capital income also slipped significantly, mainly from the capital funded from current revenue not being used in year. This resulted in a net requirement of £35.365m in loans fund advances.

MANAGEMENT COMMENTARY

Financial Performance - continued

Capital Expenditure

The Council received £40.039m of general capital grant during 2021/22. The support provided through general capital grant enables the Council to direct resources to its own priorities.

Capital expenditure for the year totalled £467.001m. Major capital projects undertaken during the year included:

- Creation and expansion of educational properties - £95.726m;
- Trams to Newhaven project - £68.486m;
- Investing in new council homes and enhancing existing assets through the Housing Revenue Account programme - £64.850m;
- Roads, carriageways and other transport infrastructure - £64.213m;
- St James GAM redevelopment investment - £59.550m;
- Social housing through the housing development fund - £52.418m;
- Asset Management Works at operational properties - £23.236m; and
- Providing funding for homes for mid-market rent from the Housing Revenue Account through the Edinburgh Living Mid-Market Rent LLP - £4.167m.

Housing Revenue Account

The Council has a statutory obligation to maintain a housing revenue account (HRA) which records all income and expenditure for the management of, and investment in, Council homes. The HRA is entirely self-financing and receives no funding from the general Council budget. All expenditure is funded through the tenants' rent, related service charges, and interests gained through HRA assets.

The Council approved the Housing Revenue Account Budget Strategy 2021 – 2031 on 18 February 2021 and the outline 10-year HRA capital programme “subject to agreement that there be no rent rise in 2021/22”. It set out an ambitious strategy to deliver £2.8 billion investment over ten years to deliver Council commitments on affordable housing and net zero carbon. The Council also agreed to accelerate £1.860m investment to improve internal common stairwells and to increase resources for the Mixed Tenure Improvement Service (MTIS).

The HRA revenue account secured income of £106.7 million in 2021/22. This represents an over recovery of income against budget of £1.033m. However, when looking solely at income from dwelling rent, this element under-recovered by £2.048m. This was mainly due to issues with recovering rent payments (£0.714m) and lost rent on void properties (£1.328m). These issues relate to the ongoing impact of Covid-19.

The 2021/22 capital programme budget was revised from £87.386m to £103.987m to take account of the Council's decision to accelerate investment to improve internal common stairwell and to increase resources for MTIS, as well as, the reprofiling of slippage from 2020/21. The year end capital programme outturn for 2021/22 was £64.850 million; slippage of £39.137 million. Almost 30% of the slippage was due to the delay in concluding the land acquisition of Liberton Hospital, with the purchase now expected to complete before the end of the 2022 calendar year. Other slippage was due to delays in projects under construction through the impacts of material shortages and Covid-19 measures extending the duration of the programme.

The Council Housebuilding Programme delivered over 280 new homes in 2021/22 at Bingham, Parkview, Pennywell and North Sighthill. This included 157 social rented homes, 78 mid-market rented homes that were purchased by Edinburgh Living LLP and 47 homes for market sale. The delivery pipeline for new homes remains strong. For new social and mid-market rented homes only, there were over 770 new homes on site and under construction in March 2022, and a further 2,200 homes in design and pre-construction stage.

Several improvement projects have made significant progress during 2021/22, including projects in multi-storey blocks, e.g. external and internal fabric improvement work in May and Gunnet Court, re-roofing and stack lanes replacement in Fidra Court and a variety of health and safety upgrade works in six Moredun high rise blocks. The door entry installation/upgrade programme continues. Engagement with owners in 300 minority-owned stairs started in 2021/22; work will progress throughout 2022 subject to owners' agreement.

The Mixed Tenure Improvement Service (MTIS) pilot in Murrayburn/Dumbryden consists of 10 phases over 3 years. Phases 1 to 4 involve 500 homes in 66 blocks and commenced in 2021/22. Works on site at Phase 1 started in October 2021 following Scheme Decisions and will complete in 2022/23.

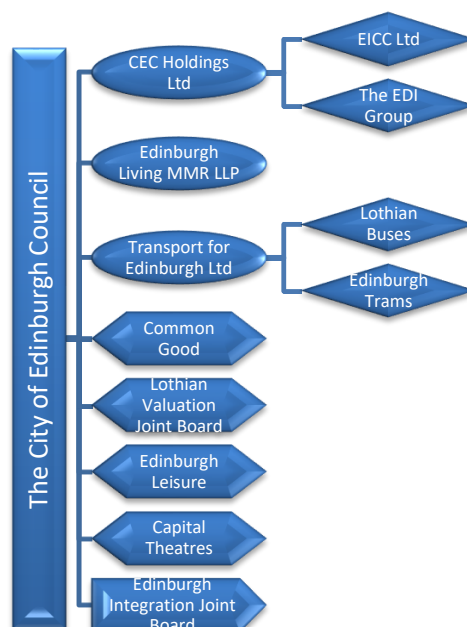

MANAGEMENT COMMENTARY

Financial Performance - continued

Group Accounts

In accordance with the Code of Practice on Local Authority Accounting in the United Kingdom, Group Accounts have been prepared, which consolidate the financial interests the Council has in subsidiaries, associates and joint ventures, where the interest is considered material. Note 9 details the interests the Council holds and further financial details about the entities. The adjacent chart shows the components in the structure of the Group. Information on the Common Good can be found on page 114.

Key:

CEC Holdings Ltd

EDI Group Ltd (subsidiary of CEC Holdings Ltd)

The EDI Group was established in 1988 by The City of Edinburgh Council to carry out the development of Edinburgh Park, now regarded as one of the principal business parks in Europe. In early 2017, the Council conducted a review of its approach to the use of surplus land and its interactions with the property market and concluded that the default position will be that the land or buildings are used to deliver affordable housing, meaning that EDI has no future pipeline of projects. As a result, in the longer term the Council decided it should not have an arm's length development company. The Council therefore instructed the directors to begin a process of closure, with the majority of land transferring to the Council and all staff leaving by October 2018, with the company's activities now overseen by Council officers under the governance of a scheme of delegation and service level agreement. The company will continue to trade into 2022 and beyond until such time as all projects currently being undertaken by EDI have either concluded or have been transferred to the Council.

Edinburgh International Conference Centre (EICC) Ltd (subsidiary of CEC Holdings Ltd)

EICC Ltd operates a prime conference venue in the centre of Edinburgh. The Centre was built in 1995 and since that time has welcomed 1.5 million delegates from more than 120 countries, generating £720m of economic impact for the city region.

At the outset of 2021, the Centre anticipated a challenging and uncertain financial year due to the continued presence of coronavirus and government restrictions. The Company had anticipated an operating deficit of £1.2m based on the level of contracted bookings that had been secured for the year including the NHS; the continued restrictions in place and the expectation that these restrictions could remain in place for large parts of the year.

In the first half of 2021 the Conference Centre secured a large contract with NHS Lothian to use the Conference Centre as a covid mass vaccination centre between January and July, which was later extended to September. The contract was a success and the company was pleased to be part of the solution in the country's vaccination rollout whilst allowing the Centre to be operational in a covid secure manner.

Although it was a very challenging year, it allowed a dynamic environment to be created due to constantly changing situations. Live events were able to recommence in May, albeit on a reduced scale, and international events resumed in September. Unfortunately, the emergence of the Omicron variant in December resulted in the reintroduction of restrictions and the cancellation or postponement of some events.

At this point the centre re-opened for the second time as a mass vaccination centre as the NHS embarked on the roll out of the booster vaccination programme. The cumulative effect of the company's activities had a significant impact on the Company's revenues for the year which amounted to £6.616m. This was a significant increase on the previous year's figure of £3.188m.

In April 2022, the contract for the EICC Hotel and Hotel School was signed. The Council and EICC have developed a business case for the Council to enter into a lease on a new 349-bedroom hotel being developed at Haymarket Edinburgh by Quartermile Developments Limited for The Prudential Assurance Company Limited. The hotel will then be sub-leased to EICC to operate under a Franchise Agreement with the hotel brand Hyatt, as well as operating a hotel school based in the hotel in partnership with Edinburgh College.

Edinburgh Living MMR LLP

Edinburgh Living MMR LLP was established as a housing delivery partnership to address housing needs in Edinburgh. The initiative is a partnership between The Council and Scottish Futures Trust. The partnership delivers homes for mid-market rent to let to households in housing need.

Edinburgh Living bought its first homes in January 2019 and owned 344 homes across eight sites in the city by the end of 2021.

MANAGEMENT COMMENTARY

Financial Performance - Group Accounts - continued

Transport for Edinburgh Ltd

The core purpose of Transport for Edinburgh Ltd (TfE) is to deliver a high-quality and integrated transport service for the city. It also delivers profit through a strong commercial focus and drive for efficiency across all of its activities. TfE's long-term vision is to be an integral part of the future success of the city and the Lothians, by providing world-class, environmentally-friendly and socially-inclusive public transport.

The Group retained a substantial share of the local public transport market in Edinburgh and the Lothians. Revenue has increased by 9.5% from the previous year to £157.3m which was in line with expectations following the Covid-19 pandemic. Although the Group continued to work pro-actively in seeking to address the impact of the varying Covid-19 restrictions on travel, the effect on transport patronage and the resulting revenue streams continued to be significant despite cumulative support for Edinburgh Trams alone of up to £18m by March 2022. Services have been adjusted to ensure the needs of essential and key workers are met, but this delivery of these services is loss inducing.

Work is underway to identify an organisational structure that will deliver closer integration of the Council's public transport companies in order to ensure optimal delivery against Council policies and objectives. A corresponding programme of reform is being developed, with the principal recommendations to be presented to the Transport and Environment Committee once complete.

Lothian Valuation Joint Board (LVJB)

The Board reported expenditure of £6.0m for 2021/22, which was within the approved budget. Due mainly to underspends in employees, property, transport and supplies costs and the use of Scottish Government funding, a contribution of £0.218m was made to reserves. The reserve will be retained by the Board to support Transformation Programme costs in future years.

Edinburgh Leisure

Edinburgh Leisure operates over fifty sport and leisure facilities across the city on behalf of the Council, attracting over four million visits each year, with the aim of inspiring Edinburgh to become a more active and healthy city. The range of facilities includes sport and leisure centres, swim centres, golf courses, tennis courts, bowling greens and sports pitches.

For Edinburgh Leisure, 2021/22 was about recovering from the impact of the Covid-19 pandemic. The charity reported an underlying surplus on unrestricted funds of £1.846m which has been directly attributable to the external cash support received, rather than any strong trading performance of the charity. The cash support, including £5m of additional support from the City of Edinburgh Council has enabled the charity to continue successfully as well as bolster its reserves.

Edinburgh Leisure continued to work with the Council and other stakeholders on a range of projects during the year, including the Active Communities Programme which supports around 10,000 people a year to get active to improve their health and wellbeing. The programme includes initiatives such as activities for people with additional support needs, Female only/BME swimming and Open all Hours which offers teenagers the chance to get active, make friends and have fun on Friday evenings for free.

Capital Theatres

The Covid 19 pandemic meant that all Capital Theatre buildings remained closed at the beginning of 2021/22. In accordance with the Scottish Government's Covid 19 Roadmap, the theatres venues reopened with restrictions in June 2021 hosting a number of productions including Zog, A Night of Laurel & Hardy, Grease and the Scottish Opera show of Falstaff.

As restrictions eased, audience numbers increased and the outlook was promising with the return of the Christmas panto and ballet. However, heavier restrictions on audience capacity were introduced as a result of the Omicron Variant which meant all shows were closed except The Enormous Christmas Turnip in The Studio.

During these turbulent times, support has continued from the City of Edinburgh Council, the Scottish Government, Creative Scotland and the National Lottery Heritage Fund, indicating that Capital Theatres plays a crucial role in Edinburgh and Scotland.

With the reopening of the venues, a hybrid model was successful with in person and virtual events taking place side by side including the re-introduction of in person sessions for young people via the In Our Year programme and a variety of online and in person events celebrating World Alzheimer's Month.

Edinburgh Integration Joint Board

The Edinburgh Integration Joint Board (EIJB) was formally delegated the functions and resources of the Council's Health and Social Care Service and NHS Lothian's Community Health Partnership, with effect from 1 April 2016. At that time an assessment was undertaken on the relationship of the Council with the Edinburgh Integration Joint Board and on the basis of level of control, being fifty percent Board representation, and wider materiality levels, this Joint Venture has been consolidated into the Group accounts for the year to 31 March 2022, see note 9.4.

The Edinburgh Integration Joint Board agreed its strategic plan for 2019-22 in August 2019. The Board is now engaged in the next planning cycle, building on our strategic ambitions through an innovation and sustainability lens. A comprehensive programme of redesign and transformation was designed to deliver the vision set out in the strategic plan, focussed on four key areas: redefining the Edinburgh Pact, embracing the three conversations approach, adopting the principle of home first and working in tandem with other core strategies such as Carers, Thrive Edinburgh (mental health) and the Primary Care Improvement Plan.

For the year to 31 March 2022, the EIJB is reporting a surplus of £56.7m in the annual accounts, reflecting additional funding made available by the Scottish Government to support the impact of the pandemic in future years. All funding received during the year but not yet spent has been transferred to reserves, bringing total reserves to £82.2m. The vast majority of these reserves is earmarked for specific purposes, with the balance of £3.1m being held in general reserve.

MANAGEMENT COMMENTARY

Financial Performance - Group Accounts - continued

Group Summary

Net assets for 2021/22 include a combined group pension liability of £155.131m (2020/21 £701.122m), as shown in note 41.9. This reflects the inclusion of pension liabilities relating to the Council, other employees (including subsidiary companies) and the incorporation of Lothian and Borders Valuation Joint Board as an associate within the group. It should be noted that this is a snapshot of the position at 31 March 2022. The actuarial valuation, which takes a longer term view, will consider the appropriate employers' contribution rates and these, together with employee contributions and revenues generated from fund investments, will be utilised to meet the financing of these liabilities. It is therefore appropriate to adopt a going concern basis for the preparation of the group financial statements.

COVID-19

Council and its Group's role and response

The Council continued to provide vital pandemic-related support to communities and businesses during 2021/22. Five Council Resilience Centres were created in March 2020 from which we continued to deliver essential frontline services requiring face-to-face contact, including housing, homelessness, welfare and benefits advice.

Rough sleeping in the city was reduced to fewer than 15 people sleeping on our streets each night, representing a significant drop given that, prior to the pandemic, there were on average between 80 and 120 people sleeping rough each night in Edinburgh.

The Council also awarded over £4 million of support to those in crisis and made over £12.6m of free school meal, school clothing and pandemic hardship payments. We distributed over 14,000 food parcels to families and children referred by schools and early years providers. This was in addition to free school meal payments for eligible school children which also continued throughout the holiday periods.

Over £7m in financial support was also distributed to Edinburgh residents including those who lost work, have significant health issues or were struggling to afford life's essentials. The Council's Advice Shop assisted more than 4,500 people to obtain information and advice regarding benefits and debt matters.

We delivered a welfare contact service for self-isolating households. At peak periods, over 2,000 calls were being made each week and residents were given support or signposted to the relevant Council services or partner agencies. The Council also administered the Self-Isolation Grant process which had approved over 8,000 applications, giving out over £4 million of essential financial support, by March 2022.

Our refuse collectors continued to pick up more than 420,000 bins a week and in the last year have collected 173,020 tonnes of waste. We were able to do this by using both our own fleet and hired vehicles so that two operatives could travel in the lorry cab with a car following behind for a third.

Despite managing over 10,000 Covid-19 cases from the start of the 2021/22 academic session alone, all 89 primary and 23 secondary schools remained open, facilitated by recruitment of additional teachers and pupil support assistants and improved digital access, working towards distributing over 40,000 devices to students and staff. We've helped approximately 19,000 local businesses to secure grant funding, paying out more than £260m in Coronavirus business support grants since March 2020 across both Edinburgh and Midlothian. We've also supported almost 4,000 businesses through the Edinburgh Business Gateway services.

Immediate and on-going financial impacts

The Council continues to face significant financial challenges resulting from increased demand for services, inflation, legislative reform and increased citizen expectations, as well as the continuing financial impacts of the pandemic. These factors are set against a backdrop of core grant funding (accounting for around three quarters of the Council's overall income) that is not keeping pace.

A series of assessments of the financial position has been reported to elected members. The **most recent** of these was considered by the Finance and Resources Committee on 8 September 2022.

MANAGEMENT COMMENTARY

Immediate and on-going financial impacts - continued

While the Council has approved a balanced budget for 2022/23, we face significant financial challenges going forward. Current projections indicate a need to deliver at least £70.4m of recurring savings in 2023/24, increasing to £152.9m over the five-year period to 2026/27 as shown in the chart below:

The urgent need to initiate a structured medium to longer-term savings programme was highlighted in both the Council's Best Value Assurance Report and the external auditor's report for 2020/21. In recognising this urgency, Directorates have been asked to develop potential options, captured by means of a standard template detailing service and performance impacts, risks and dependencies, with reference to the priorities set out in the Council's business plan. These proposals will be subject to a process of co-design between the incoming administration and officers. Given the extent of the challenge noted above, members will likely need to make increasingly difficult choices about the Council's priorities, including considering service reductions, across all service areas to maintain expenditure in line with available income.

CIPFA Financial Management Code (FM Code)

CIPFA's Financial Management Code (FM Code) was published in October 2019 and is designed to support good practice and assist councils in demonstrating their financial sustainability and resilience by setting out expected standards of financial management. 2020/21 was a "shadow" year for adoption of the Code and 2021/22 marks the first full year of implementation.

The Council's Section 95 Officer's initial assessment, carried out with reference to the 2021/22 budget process and involving interviews with a range of key stakeholders including service directors, elected members and colleagues within partner services, highlighted a number of recent improvements contributing positively to the Council's financial resilience and stability, including:

- (i) realigning and reprioritising the Council's reserves to enable the creation of a £16m COVID-specific contingency whilst also increasing the level of the unallocated general reserve to £25m;
- (ii) incorporating within the budget framework explicit provision for underlying service pressures and anticipated shortfalls in savings delivery, all based on detailed discussion with members of the Corporate Leadership Team;
- (iii) reflecting within the budget framework, insofar as is practicable at this stage given the on-going nature of the pandemic, increased provision for its continuing impacts, particularly for losses of income; and
- (iv) providing dedicated investment in prevention-related resource which, if used effectively, should make a contribution towards future years' savings requirements, as well as improving outcomes for service users.

Improvements then introduced for the 2022/23 process included the following:

- (i) finalisation of financial management guidance and communication to the Wider Leadership Team;
- (ii) development of a fully-funded 2022/32 capital investment programme (albeit with full funding strategies for large-scale initiatives such as the City Plan, City Centre Transformation Plan and City Mobility Plan still to be developed);
- (iii) earlier publication of the schedule of proposed fees and charges for 2022/23; and
- (iv) further recognition of underlying service pressures and estimated recurring COVID-related impacts within the budget framework, alongside review of other key assumptions.

These steps build on a number of aspects already in place that are conducive to enhancing the Council's longer-term financial sustainability including (i) regular reviews, reported to both Council Leadership Team (CLT) and elected members, of revenue and capital budget planning assumptions, (ii) close working between the CLT and the Coalition Budget Core Group and (iii) development of updated, detailed and consistently-applied guidance for Finance staff used to assess savings implementation plans and mitigation of service budget pressures.

MANAGEMENT COMMENTARY

Immediate and on-going financial impacts - continued

The **Sustainable Capital Budget Strategy 2022 - 2032** details the priorities for Council capital investment, in alignment with the Business Plan, over the medium to long-term, and sets out a plan on how they could be funded. The Capital Budget Strategy is expected to come under significant financial pressure as a result of higher tender prices, caused by external factors including COVID-19 and Brexit. Currently, this is most notable in the scarcity and cost pressures in various key construction materials, i.e. steel and timber, which is leading to slippage on delivery of projects. Delivery of funded capital expenditure priorities is dependent on the achievement of a balanced medium-term revenue budget, to comply with the terms of the Prudential Code. The strategy assumes that some priorities, such as the City Centre Transformation and wider transport initiatives, will require to be funded primarily from external funding, unless significant realignment of existing budgets is undertaken. The wider financial implications of City Plan 2030 infrastructure requirements are also likely to have a further impact on the 2022-32 Capital Budget Strategy.

Changing for the future

Delivery of the '**Our Future Work**' strategy includes a programme of work which is currently underway, enabling colleagues to return to buildings across the Council estate from June 2022. A focus group undertaken with frontline colleagues helped to establish what flexible working means for them. The strategy was built on colleague feedback and sets out a vision for a modern Council which makes full use of hybrid and flexible working.

Adaptation and Renewal Programme

In recognising the need for a fundamental re-assessment of service operating models as the city emerges from the pandemic, an **Adaptation and Renewal programme** was established, co-ordinating all aspects of the Council and city's response. The programme was developed in response to the pandemic and has now been closed.

Change Strategy and Business Plan

A Best Value Assurance Audit was carried out by a team from Audit Scotland and the Council's external auditor, Azets. The resulting **Best Value Assurance Report (BVAR)** was published by the Accounts Commission on 26 November 2020.

As recommended in the report, the Council amalgamated its Change Strategy into its **Business Plan**.

The other recommended improvement actions included in the BVAR were also addressed in the Business Plan.

The report highlighted a number of key achievements and areas for the Council to improve since the 2016 Best Value Audit, and reflects on this as mixed progress.

The key achievements include:

- The Council's ambitious plans for the City. Specifically, referencing the Council's Sustainability Programme, approach to tackling poverty, major housing and community regeneration projects in Fountainbridge, Meadowbank and at Granton Waterfront; retail, hospitality and cultural developments, such as the St James Quarter; and extending the tram network;
- The Council's long track record of maintaining revenue expenditure within budget;
- Aspects of leadership and service performance. Specifically, referencing improved performance across many KPIs – schools and education, waste and cleansing and time taken to process benefit and grant claims; and
- Improvements in asset management, procurement and risk management.

The report also notes areas where further progress is required:

- Alignment of strategic priorities;
- Implementation of effective community planning governance arrangements, the pace of change within the CPP and community empowerment;
- The Council's approach to self-assessment, continuous improvement and public performance reporting; and
- Long-term financial planning and workforce planning.

STATEMENT OF RESPONSIBILITIES FOR THE ANNUAL ACCOUNTS

The Authority's Responsibilities

The Authority is required:

- to make arrangements for the proper administration of its financial affairs, including group interests, and to secure that the proper officer of the authority has the responsibility for the administration of those affairs (section 95 of the Local Government (Scotland) Act 1973). In this Authority, that officer is the Service Director: Finance and Procurement.
- to manage its affairs to secure economic, efficient and effective use of its resources and safeguard its assets.
- to ensure the Annual Accounts are prepared in accordance with legislation (The Local Authority Accounts (Scotland) Regulations 2014), and so far as is compatible with that legislation, in accordance with proper accounting practices (section 12 of the Local Government in Scotland Act 2003).
- to approve the Annual Accounts for signature.

I confirm that these Annual Accounts were approved for signature by the Finance and Resources Committee at its meeting on 10 November 2022.

CAMMY DAY
Council Leader

Date

The Section 95 Officer's responsibilities

The Section 95 Officer is responsible for the preparation of the Authority's Annual Accounts in accordance with proper practices as required by legislation and as set out in the CIPFA / LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Accounting Code).

In preparing the Annual Accounts, the Section 95 Officer has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent;
- complied with legislation; and
- complied with the Local Authority Accounting Code (insofar as it is compatible with legislation), except where stated in the Policies and Notes to the Accounts.

The Section 95 Officer has also:

- kept proper accounting records which were up to date; and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

Annual Accounts

I certify that the financial statements give a true and fair view of the financial position of the Council and its Group at the reporting date and the transactions of the Council and its Group for the year ended 31 March 2022.

HUGH DUNN, CPFA
Service Director: Finance and Procurement
Section 95 Officer

MOVEMENT IN RESERVES STATEMENT

This statement shows the movement from the start of the year to the end on the different reserves held by the authority, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other 'unusable reserves'. The Movement in Reserves Statement shows how the movements in year of the authority's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return to the amounts chargeable to Council Tax or rents for the year. The net increase/decrease line shows the statutory General Fund balance and Housing Revenue Account balance movements in the year following those adjustments.

Council 2021/22	General Fund Balance £000	Housing Revenue Account Balance £000	Renewal and Repairs Fund £000	Capital Grants Unapplied Account £000	Capital Fund £000	Total Usable Reserves £000	Total Unusable Reserves £000	Total Reserves £000

GROUP COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT

This statement shows the accounting cost in the year of providing services for the Group in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. The Council raises taxation to cover its expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

for the year ended 31 March 2022

COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT

This statement shows the accounting cost in the year of providing Council services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. The Council raises taxation to cover its expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

for the year ended 31 March 2022

BALANCE SHEET

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Council and Group. The net assets (assets less liabilities) are matched by the reserves held by the Council and Group. Reserves are reported in two categories. The first is usable reserves, i.e. those reserves that may be used to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use. The second category are those that are not able to be used to provide services. This includes reserves that hold unrealised gains and losses (for example, the revaluation reserve) where amounts would only become available if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'adjustments between accounting basis and funding basis under regulations'.

The unaudited financial statements were issued on 24 June 2022.

CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council and Group during the reporting period. The statement shows how the Council and Group generate and use cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council and Group are funded by way of taxation and grant income or from the recipients of services provided by the Council and Group. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council and Group's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council and Group.

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting Policies

The Annual Accounts summarise the authority's and the authority's group transactions for the 2021/22 financial year and its position at the year-end of 31 March 2022. The authority is required to prepare Annual Accounts by the Local Authority Accounts (Scotland) Regulations 2014. Section 12 of the Local Government in Scotland Act 2003 requires that these accounts be prepared in accordance with proper accounting practices. The Accounts have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2021/22 (the Code) and supported by International Financial Reporting Standards (IFRS).

1.1 Material Items

Items of income and expenditure are material if individually or collectively they could influence the decisions or assessments of users of the financial statements, by omission, misstatement or obscuring of information. Materiality is an expression of the relative significance of a matter in the context of the annual accounts as a whole.

The principle of materiality does not, however, override the need for relevant statutory disclosures (such as those included within the remuneration report), even if the amounts concerned would otherwise fall below the materiality threshold. Similarly, the assessment of materiality also considers the nature of transactions, irrespective of amount, insofar as these might influence a user of the financial statements.

1.2 Recognition of Income and Expenditure

- The revenue and capital accounts have been prepared on an accruals basis in accordance with the Code. Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

Income from service recipients is recognised when the goods or services are transferred to the service recipient.

Supplies are recorded as expenditure when they are consumed. Where there is a gap between the date the supplies are received and their consumption, they are carried as inventories on the Balance Sheet.

- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded on the Balance Sheet.
- Provision has been made in the relevant accounts for bad and doubtful debts.
- Revenue from Council Tax and Non Domestic Rates is recognised when it is probable that the economic benefits will flow and the amount of revenue can be measured reliably. Revenue is measured at the full amount receivable (net of any bad debt provision) as they are non-contractual, non-exchange transactions.

1.3 Value Added Tax

Value added tax (VAT) is excluded from the financial statements unless it is non-recoverable from HM Revenue and Customs.

1.4 Overheads

The costs of support services are reported in accordance with the current management structure. Certain support service costs are recovered through direct charges during the year.

1.5 Going Concern

The Council's Statement of Accounts for 2021/22 has been prepared on a going concern basis. The concept of a going concern assumes that the Council's functions and services will continue in operational existence for the foreseeable future. The provisions in respect of going concern reporting requirements reflect the economic and statutory environment in which local authorities operate. These provisions confirm that, as authorities cannot be created or dissolved without statutory prescription, they must prepare their financial statements on a going concern basis of accounting. In accordance with the CIPFA Code of Local Government Accounting (2021/22), the Council is required to prepare its financial statements on a going concern basis unless informed by the relevant national body of the intention for dissolution without transfer of services or function to another entity. The accounts are prepared on the assumption that the Council will continue in operational existence for the foreseeable future.

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting Policies - continued

1.6 Events after the balance sheet date

Events after the balance sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Annual Accounts are authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period - the Annual Accounts are adjusted to reflect such events.
- those that are indicative of conditions that arose after the reporting period - the Annual Accounts are not adjusted to reflect such events, but where the effect would have been material, disclosure is made in the notes of the nature of the event and its estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Annual Accounts.

1.7 Prior period adjustments, changes in accounting policies and estimates

Prior period adjustments may arise as a result of a change in accounting policy or to correct a material error. Changes in accounting policy are only made when required by proper accounting practice or to provide more reliable or relevant information on the Council's financial position. Where a change is made, it is applied retrospectively by adjusting opening balances and comparative amounts for the prior period, as if the new policy had always been applied. Changes in accounting estimation techniques are applied in the current and future years and do not give rise to a prior period adjustment.

1.8 Public Private Partnership - School Buildings, Maintenance and Other Facilities

Public Private Partnership (PPP) contracts are agreements to receive services, where the responsibility for making available the non-current assets required to provide the services passes to the PPP contractor. As the Council is deemed to control the services that are provided under this scheme and as ownership of the schools and other facilities will pass to the Council at the end of the contracts for no additional charge, the Council carries the non-current assets used under the contracts on its Balance Sheet.

Non-current assets recognised on the Balance Sheet are revalued and depreciated in the same way as other assets owned by the Council.

The amounts payable to the PPP operators each year are analysed into five elements:

- fair value of the services received during the year - debited to services in the Comprehensive Income and Expenditure Statement.
- finance cost - an interest charge of 8.968% (PPP1 scheme), 5.895% (PPP2 scheme), 8.197% (James Gillespie's High School), 4.36% (Queensferry High School) and 6.84% (Millerhill Residual Waste Facility) on the outstanding balance sheet liability - debited to 'financing and investment income and expenditure' in the Comprehensive Income and Expenditure Statement.
- contingent rent - increases in the amount to be paid for the property arising during the contract - debited to 'financing and investment income and expenditure' in the Comprehensive Income and Expenditure Statement.
- payment towards liability - applied to write down the value of the finance lease on the Balance Sheet.
- lifecycle replacement costs - recognised as non-current assets on the Balance Sheet.

Service Concession Agreements are accounted for in accordance with IFRIC 12 'Service Concession Arrangements'. The Standard recognises that the Council is in control of services provided under the PPP scheme. As ownership of the long-term assets will pass to the Council at the end of the contract for no additional charge, the Council carries the assets on the Balance Sheet.

1.9 Fair Value measurement - surplus assets and investment properties

Surplus assets, investment properties and relevant financial instruments are measured at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting Policies - continued

1.9 Fair Value measurement - surplus assets and investment properties - continued

In measuring the fair value, the market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use is taken into account.

Appropriate valuation techniques have been applied, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy as:

- Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date.
- Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 - unobservable inputs for the asset or liability.

1.10 Property, Plant and Equipment

• Categories of Assets

Property, plant and equipment is categorised into the following classes:

Council dwellings	Other land and buildings
Surplus assets (assets that are surplus to requirements, but there are no clear plans to sell these at the current time)	Infrastructure assets, e.g. roads and footways
Assets under construction	Community assets, e.g. parks
Vehicles, plant, furniture and equipment	

• Recognition

Expenditure on the acquisition, creation or enhancement of non-current assets has been capitalised on an accruals basis. Expenditure lower than £10,000 on individual assets is charged to revenue.

A change in accounting policy was approved at Finance and Resources Committee on 21 January 2021, enabling interest costs with qualifying assets to be capitalised to better match costs to income streams. A de minimis limit of £2m for interest costs has been approved.

• Measurement

Infrastructure, community assets and assets under construction are initially measured at historic cost, comprising their purchase price and any costs attributable to bringing the assets into use for their intended purpose.

All other classes of property, plant and equipment are measured at fair value.

- Other land and buildings - fair value is the amount that would be paid for the assets in their existing use.
- Council dwellings - fair value is measured at existing use value - social housing.
- Vehicles, plant, furniture and equipment - fair value is the amount equivalent to depreciated historical cost for short life and/or low value assets. For assets with longer lives and/or high values, fair value is the amount that would be paid for the asset in its existing use or depreciated replacement cost for specialised /rarely sold assets where insufficient market-based evidence exists.
- Surplus assets - fair value is the price that would be paid for an asset in its highest and best

• Components

Component accounting is applied to all assets that comprise land and buildings. Land and buildings are treated as separate components of an asset and accounted for separately.

The building component of an asset is separated into further components primarily to those with a carrying value of over £5 million. This policy is also applied to buildings with a carrying value of less than £5 million where enhancement expenditure is considered significant in relation to the overall carrying value of the building component.

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting Policies - continued

1.10 Property, Plant and Equipment - continued

- **Depreciation**

Depreciation is provided on all property, plant and equipment, other than freehold land, community assets and assets under construction.

The Council depreciates its non-current assets in the year of acquisition. The Council operates a five-year rolling revaluation programme for assets and provides for depreciation on a straight line basis on the opening book value plus the cost of acquisitions and enhancements during the year over the remaining useful life of the asset. Thus the charge to the Comprehensive Income and Expenditure Statement for the year is impacted by changes in asset value during the year arising from enhancements but not revaluation.

Component accounting is applied as part of the revaluation process. As a result, where a building asset is split down into further components for the first time in year, the depreciation charge is based on the opening book value over the opening remaining useful life of the asset rather than subsequent component values and associated lives. The difference is not considered material.

- **Charges to Revenue for use of Non-Current Assets**

Service revenue accounts, support services and trading accounts are debited with the following amounts to record the real cost of holding non-current assets during the year:

- depreciation attributable to the assets used by the relevant service.
- impairment losses attributable to the clear consumption of economic benefits on property, plant and equipment used by the service and other losses where there are no accumulated gains in the Revaluation Reserve against which they can be written off.

The Council is not required to raise Council Tax to cover depreciation or impairment losses. Depreciation and impairment losses are therefore a reconciling item in the Movement in Reserves Statement for the General Fund and Housing Revenue Account by way of an adjusting transaction with the capital adjustment account.

- **Revaluations**

Where assets are included in the Balance Sheet at fair value, revaluations are carried out at intervals of no more than five years. The Council operates a rolling programme for revaluations. The determination of fair value of land and buildings is undertaken by the Council's Operational Estate Manager. Changes in the market are monitored throughout the year and any property which has a material change during the year that impacts its value is revalued at the time of the change. This includes extensions, improvements, demolitions, new construction and property damage.

The Council has reviewed the potential for indexation of the Other, Land and Buildings within our asset base and it was deemed by our senior surveyors and external advisors that in their professional judgement, an indexation of 8.9% should be applied to build cost components of Other Land and Buildings that are not revalued in the year, to reflect the conditions in the external market.

- **De-recognition**

An asset is de-recognised either on its disposal, or where no future economic benefits or service potential are expected from its use or disposal. The gain or loss arising from de-recognition of an asset is included in 'surplus or deficit on the provision of services' within the Comprehensive Income and Expenditure Statement when the asset is de-recognised.

The gain or loss on de-recognition of property, plant and equipment assets is a reconciling item in the Movement in Reserves Statement for the General Fund and Housing Revenue Account.

The Scottish Government issued a Statutory Override under section 12(2)(b) of the Local Government in Scotland Act 2003 to manage historic issues surrounding the derecognition of Infrastructure asset components, which had the potential for the gross cost of assets to be overstated, albeit that the Net Book Value was still materially correct. The Council has adopted the Statutory Overrides in full, but particularly relevant to derecognition is Override 2, which is detailed below:-

For accounting periods commencing from 1 April 2010 until 31 March 2024 the carrying amount to be derecognised in respect of a replaced part of an infrastructure asset is to be taken to be and accounted for as a nil amount. No subsequent adjustment shall be made to the carrying amount of the asset with respect to that part.

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting Policies - continued

1.10 Property, Plant and Equipment - continued

Where it is necessary to break a building down into further components, the following categories are applied:

- Structural - includes external and internal walls, traditional roofing, doors, etc.
- Non-traditional roofing - includes flat roof, non-traditional roof coverings and industrial type roofs.
- Finishes - includes doors, windows and room finishes.
- Mechanical and electrical services - includes water, heat, ventilation, electrical, lifts, fire and communications.
- Fittings and furnishings - includes fittings, furnishings and sanitary appliances.

1.11 Revenue Expenditure Funded from Capital Under Statute

Expenditure that may be capitalised under statutory provisions that does not result in the creation of assets for the Council has been charged to the 'cost of services' in the Comprehensive Income and Expenditure Statement.

These costs are a reconciling item in the Movement in Reserves Statement for the General Fund by way of an adjusting transaction with the capital adjustment account.

1.12 Group Account Consolidation

The group has reviewed its investments in other entities to assess whether the conclusion to consolidate is different under IFRS 10 than under IAS 27. No differences were found.

Group accounts have been prepared on the following basis:

- Accounting policies for group members have been aligned unless highlighted below.
- The following methods of consolidation have been used:
 - Subsidiaries - line-by-line basis;
 - Associates and Joint Ventures - equity method.
- Transport for Edinburgh Limited's, CEC Holdings Limited's and Edinburgh Living MMR LLP's reporting periods are to 31 December. As this is within three months of the Council's reporting period (to 31 March) a review was undertaken to establish the potential impact of the different reporting periods and of the COVID-19 pandemic on the financial position of the companies. An adjustment has been made for the B Shares issue of Transport for Edinburgh, as a result of this review, but no other consolidation adjustments have been assessed as being required.
- Transport for Edinburgh Limited and CEC Holdings Limited have adopted Accounting Standard IFRS 16 Finance Leases for the year to 31 December 2021. The Council is not adopting this standard until 1 April 2022 and therefore consolidation adjustments have been made.
- Edinburgh Living MMR LLP accounts for government grants for acquisition of properties on a deferred income basis, which is not aligned to the Council's income recognition policy requirements. Adjustments have been made for this on consolidation.
- Inter-company transactions have been eliminated on consolidation.
- Group members' financial statements have been prepared on an accruals basis.

2. Accounting Standards that have been issued but not yet adopted

The Code requires the disclosure of information relating to the impact of an accounting change that will be required by a new standard that has been issued but not yet adopted. This applies to the adoption of the following new or amended standards within the 2022/23 Code:

The Code requires implementation from 1 April 2022 and there is therefore no impact on the 2021/22 financial statements.

- IFRS 16 Leases (early adoption in 2022/23)
- Annual Improvements to IFRS Standards 2018-2020 (Amendments to IFRS 1, IAS 37, IFRS 16, IAS 41)
- Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS16)

NOTES TO THE FINANCIAL STATEMENTS

2. Accounting Standards that have been issued but not yet adopted - continued

In 2022/2023, the Authority will apply IFRS 16 Leases as adopted by the Code of Accounting Practice. IFRS 16 will mean that the majority of leases where the Council act as lessee will come onto the balance sheet and lessor accounting is effectively unchanged.

The main impact of the new requirements is that, for arrangements previously accounted for as operating leases (i.e. without recognising the leased vehicles, plant, equipment, property and land as an asset and future rents as a liability), a right-of-use asset and a lease liability are to be brought into the balance sheet at 1 April 2022. Leases for items of low value and leases that expire on or before 31 March 2023 are exempt from the new arrangements.

IFRS 16 will be applied retrospectively, but with the cumulative effect recognised at 1 April 2022. This means that right-of-use assets and lease liabilities will have been calculated as if IFRS 16 had always applied but recognised in 2022/2023 and not by adjusting prior year figures.

As a lessee, the Authority has previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset to the Authority. Under IFRS 16, the Authority recognises right-of-use assets and lease liabilities for most leases – i.e. these leases are on-balance sheet.

The Authority has decided to apply recognition exemptions to short-term leases and has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a term of 12 months or less and leases of low value assets. The Authority recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

It is anticipated that the application of the Code's adaptation of IFRS16 will result in the following additions to the balance sheet:

- £42.7m Property, plant and equipment – land and buildings (right-of-use assets)
- £28.1m Non-current creditors (lease liabilities)
- £14.9m Current creditors (lease liabilities)

3. Judgements Made in Applying Accounting Policies

In applying the accounting policies set out in Note 1 and elsewhere in the notes to the Financial Statements, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The most significant judgements made in these Financial Statements are detailed

3.1 Provision of School Buildings and Waste Facility

The Council has entered into Public Private Partnership (PPP) and Design, Build, Finance and Maintain (DBFM) agreements for provision of school buildings and waste facilities. For each of these contracts the Council has considered the tests under IFRIC12 and concluded these to be service concessions.

The Council is deemed to control the services provided under the Public Private Partnership agreements (PPP1 and PPP2) and the Design, Build, Finance and Maintain (DBFM) for James Gillespie's High School (JHGS) and Queensferry High School (QHS), for the provision of school buildings, maintenance and other facilities with Edinburgh Schools Partnership (PPP1), Axiom Education Limited (PPP2), Hub South East Scotland (JGHS) and QHS DBFMCO Ltd (QHS).

The Council is deemed to control 80% of the services provided under the DBFM for Millerhill Residual Waste Facility (20% controlled by Midlothian Council).

The accounting policies for public private partnerships have been applied to these arrangements and the schools and waste facility (valued at net book value of £631.591m and £92.007m respectively at 31 March 2022) are recognised as Property, Plant and Equipment on the Council's Balance Sheet.

3.2 Group Membership

The Council has an interest in a number of subsidiary and associate companies and trusts. The most significant of these companies in terms of the size of trading operations, shareholding and board representation and other factors have been assessed and where deemed material to the Council, are included in the Group Accounts. Full details of these interests are shown in note 9 to the Financial Statements.

3.3 Materiality

The assessment of materiality is based on 1% of gross expenditure, at net cost of services level, as this is considered to be the principal consideration for users when assessing the Group and Council's performance. The materiality assessment is set out in the table below.

Specific levels of materiality are considered appropriate for the Housing Revenue Account. The Housing Revenue Account has been assessed on 1% of gross expenditure.

Group	Council	HRA
£m	£m	£m
25.475	23.689	1.025

3.4 Agency Arrangements

The Council is in receipt of funding which it administers on behalf of other bodies. The Council has assessed the nature of these transactions to determine if it is acting as a Principal or Agent in the process. Under the Code an Agent is acting as an intermediary, whereas a Principal is acting on its own behalf. Details of those arrangements which have been assessed as agency are disclosed in Note 33.

NOTES TO THE FINANCIAL STATEMENTS

4. Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty

The Financial Statements contain estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The following table details uncertainties on assumptions and estimates, and outlines the potential effect if actual results differ from the assumptions made.

		Effect if Actual Results Differ from Assumptions				
Item	Uncertainty					
Property, Plant and Equipment	Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. A reduction in spending on repairs and maintenance would bring into doubt the useful lives assigned to the assets. The Council have used data available on repairs and maintenance to improve the identification of impairments as part of the valuation process. A formal procedure has been put in place in accordance with that procedure and included within the Checklist for Asset Valuation Process. The valuation process also includes a material changes spreadsheet which includes both impairments from unexpected events, the scrutiny of the repairs and maintenance data and the condition score data, as well as changes from capital expenditure on assets, demolitions, etc. In addition, facilities management have now retendered their repairing contracts and have two new suppliers that cover the whole city between them. The works orders will now be raised through a new IT solution and it is anticipated that the repairing data will be easier to scrutinise in future as a result. The new contracts came into force on 1 October 2021. No estimations and assumptions about the estimated cost of dismantling, removing or restoring items of property, plant and equipment have been included in the Capital Expenditure in the Accounts. The Council has reviewed the potential for indexation of the Other, Land and Buildings within our asset base and it was deemed by our senior surveyors and external advisors that in their professional judgement, an indexation of 8.9% should be applied to build cost components of Other Land and Buildings that are not revalued in the year, to reflect the conditions in the external market. Council dwellings are valued using the Beacon Method under which the values of groups of similar properties are calculated by assessing the capital value of one of them (a beacon) then extrapolating the value across the rest of the group. The beacon discount factor is determined by comparing levels of private rent with social rent for each beacon property and calculating the average to apply across the whole portfolio to take account of the difference between private stock (the source of the comparable sales data) and social rented stock. This methodology takes account of regional variations in capital values, stock condition, rent arrears and voids. The discount factor applied in the 2021-22 revaluations is 38% with a 2.8% uplift (38% and 4.5% uplift previously).	If the useful life of assets is reduced, depreciation increases and the carrying value of the assets falls. It is estimated that the annual depreciation charge would increase and the carrying value would fall by £11.088m for each year that useful lives were reduced.				
	Per Accounting Policy 1.9, the building component of an asset is separated into further components primarily to those with a carrying value of over £5 million. This policy is also applied to buildings with a carrying value of less than £5 million where enhancement expenditure is considered significant in relation to the overall carrying value of the building component. We have also introduced a new system for calculating the remaining useful lives for each property rather than using an assumed useful life and are part way through the five-year programme to calculate them all. In any given financial year, we also calculate useful lives for each property we revalue. This is used as the basis for the useful life of the building component.	If the discount factor is increased by 1%, this would lead to a corresponding reduction in the total value of council dwellings of £28.046m.				
	The Council uses the table below as the basis for its standard apportionments of components;					
	Standard Apportionments					
Type	B - Structural	D - Finishes	F - Fittings	R – Non-Traditional Roof	S – Services	This table and the relevant splits will be reviewed annually by the valuer.
High School	38%	17%	3%	6%	36%	
Primary School	38%	17%	3%	6%	36%	
Care Home	36%	19%	4%	3%	38%	
Sport Centre	39%	17%	4%	6%	34%

City Chambers	46%	16%	2%	0%	36%	
Offices, Galleries and Other	44%	16%	2%	2%	36%	
Millerhill Residual Waste	38%	16%	4%	5%	37%	
Estimated Useful Life		25 Years	15 Years	35 Years	20 Years	

NOTES TO THE FINANCIAL STATEMENTS

4. Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty - continued

Pensions Liability	<p>Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied.</p> <p>The interim solution to avoid inequalities between men and women's benefits following the introduction of the Single Status Pension in 2016 has resulted in a recalculation of pension liabilities related to the estimated impact of Guaranteed minimum pension (GMP) indexation changes.</p> <p>A further recent ruling on GMP has been made, in relation to past transfers.</p> <p>Legislation requires the Local Government Pension Scheme (LGPS) to undertake periodic valuations to monitor the cost of the LGPS to ensure it remains sustainable and affordable. The costs management process has been paused following the Court of Appeal ruling that the transitional arrangements in both the Judges' Pension Scheme (McCloud) and Firefighters' Pension Scheme (Sargeant) were age discriminatory. These cases could have knock on implications for the LGPS (potentially increasing the liabilities).</p> <p>The Goodwin case judgement, in respect of deemed discrimination in spousal transfer on death of a member, may also result in the potential increasing of the pension liabilities.</p> <p>The Walker and O'Brien cases, may impact LGPS benefits in the future, in respect of retrospective discrimination in spousal transfer of benefits for same sex couples.</p>	<p>The effects on the net pensions liability of changes in individual assumptions can be measured.</p> <p>Note 41.6 provides further information on the Council's pension liability.</p> <p>The increased liability has been reflected in the pension liability as a past service cost.</p> <p>The Council's actuary has not included any allowance for this as they deem it unlikely to have a significant impact on the pension obligations of a typical Employer.</p> <p>The Council's actuary has included an estimate within the pension liability as a past service cost.</p> <p>The Council's actuary has not included an estimate of the impact of the Goodwin case in the valuation due to the uncertainty of the final outcome. The estimated impact on the Employer's future obligations may be around 0.13% higher, equating to approximately £5m.</p> <p>The Council's actuary has not included an estimated of the impact of these cases as they are unlikely to result in significant impact on the pension obligations.</p>
Arrears	At 31 March, the Council had a balance of sundry debtors of £31.482m. A review of significant balances suggested that an impairment of doubtful debts of £6.938m (22.04%) was appropriate. In the current economic climate it is not certain that this will be sufficient.	If collection rates were to deteriorate, a 5% increase in the rate of the impairment of doubtful debts would require an additional £1.574m to be set aside as an allowance.
House Rent Arrears	At 31 March, the Council had a balance of housing rent arrears of £12.115m. A review of significant balances suggested that an impairment of doubtful debts of £10.779m (88.9%) was appropriate. In the current economic climate it is not certain that this will be sufficient.	There is a relatively high level of arrears and the impairment set aside should help protect against potential loss of income to the Council arising from welfare reforms such as Universal Credit and the reduction in the benefits cap which will potentially impact on the level of rent arrears.

This list does not include assets and liabilities that are carried at fair value based on recently observed market prices.

NOTES TO THE FINANCIAL STATEMENTS

5. Expenditure and Funding Analysis - Council

The objective of the Expenditure and Funding Analysis is to demonstrate to Council Tax and rent payers how the funding available to the authority (i.e. government and other grants, rents, fees and charges, Council Tax and business rates) for the year has been used in providing services in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. The Expenditure and Funding Analysis also shows how this expenditure is allocated for decision making purposes between the Council's services. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement on Page 22.

Interest payable and similar charges	(23,594)	0	(2,174)	(25,768)
Net pension interest cost	0	14,232	0	14,232
Gains on disposal of assets	(1,045)	0	0	(1,045)
Gains on derecognition or revaluation of financial assets	0	0	0	0
Capital grants and contributions	(81,449)	0	0	(81,449)
Income from donated assets	586	0	0	586
Total Adjustments	207,825	97,822	(4,782)	300,865

Notes -

Adjustments for capital purposes include the replacement of depreciation and impairment costs with repayment of borrowing to the Loans Fund.

Net changes for pensions adjustment relate to the adjustment made for the removal of IAS19 Employee Benefits pension related expenditure and income with the pension contributions.

Other differences include reversal of the value of entitlement to accrued leave, the revaluation of investment properties and the timing differences for premiums and discounts associated with borrowing within the Loans Fund.

(Surplus) / Deficit on the Provision of Services	255,479	(71,534)

NOTES TO THE FINANCIAL STATEMENTS

7. Material Items of Income and Expense

There has been material income and expense during this financial year related to the Covid 19 pandemic, further details of this are contained in the Management Commentary page 8.

8. Events After the Balance Sheet Date

There have been no material events to disclose after the Balance Sheet date.

9. Subsidiaries and Associates

The Council holds shares in various trading companies, either as a controlling or minority shareholder.

The Council is also represented on the Boards of various companies that are limited by guarantee and have no share capital. It participates in these companies by means of Board membership and the provision of funding and management support.

The following entities have a significant impact on the Council's operations and have been consolidated into the Group Accounts:

Subsidiaries:	Shareholding	
• CEC Holdings Limited	100.00%	
• Transport for Edinburgh Limited	100.00%	
• Edinburgh Living MMR LLP	99.999%	
Associates:		
• Edinburgh Leisure	33.33%	Board representation
• Capital Theatres	33.33%	Board representation
• Lothian Valuation Joint Board	61.52%	Funding percentage
• Common Good	100.00%	
Joint Venture	Interest	
• Edinburgh Integration Joint Board	50.00%	Board representation

The following companies are not consolidated into the Group Accounts. An assessment has been carried out on these companies, their activities and the level of Council control. These companies are not considered to be a material part of the Group and have therefore been excluded from the Group Accounts:

	Shareholding	
• Capital City Partnership Limited	100.00%	
• CEC Recovery Limited (formerly tie Limited)	100.00%	
• Marketing Edinburgh Limited	100.00%	
• Energy for Edinburgh Limited	100.00%	
• Edinburgh Living MR LLP	99.00%	(dormant to 31.12.21)
• Telford NHT LLP	> 75% controlling interest	

In January 2019 the Council bought out the developer's share in Telford NHT LLP and held majority control of this associate during the financial year, in conjunction with the Scottish Futures Trust. The properties held were sold on 4 May 2021, however the controlling interest has been retained.

LFPE Limited and LPFI Limited are consolidated in the annual accounts of Lothian Pension Fund.

Unless otherwise stated, the accounts of these bodies may be accessed, as they become available, through [the Council's website](#).

NOTES TO THE FINANCIAL STATEMENTS

9. Subsidiaries and Associates - continued

9.1 Analysis of Minority Interest Shares in the Group Comprehensive Income and Expenditure Statement

Attributable shares of income and expenditure 2021/22	Authority £000	Minority Interest £000	Total £000
(Surplus) or Deficit on the Provision of Services	240,392	(5,356)	235,036
Other Comprehensive Income and Expenditure	(1,164,842)	975	(1,163,867)
	<u>(924,450)</u>	<u>(4,381)</u>	<u>(928,831)</u>
Re-stated 2020/21	£000	£000	£000
(Surplus) or Deficit on the Provision of Services	(75,831)	5,263	(70,568)
Other Comprehensive Income and Expenditure	(327,584)	(1,506)	(329,090)
	<u>(403,415)</u>	<u>3,757</u>	<u>(399,658)</u>

9.2 Subsidiary Companies

• CEC Holdings Limited

The principal activities of the company are property development and the operation of an international conference centre. The company is wholly owned by the City of Edinburgh Council.

The most recent audited results of the company are as follows:

	31.12.21 £000	31.12.20 £000
Net assets	14,977	13,837
Net (profit) / loss before taxation	(1,032)	4,941
Retained profit / (loss) carried forward	(55,073)	(56,107)

The Council inherited its interest in CEC Holdings Limited following the local government reorganisation in 1996. It is considered that this was on an acquisition basis, however, as no consideration was given for these interests, there was no goodwill involved in these transactions.

• Transport for Edinburgh Limited

The principal activities of the company are as a holding company for the City of Edinburgh Council's interest in public transport companies; Lothian Buses Limited and Edinburgh Trams Limited. The company is wholly owned by the City of Edinburgh Council.

The Council's major shareholding in Lothian Buses of 5,824,139 (91.01%) £1 ordinary shares (fully paid) was transferred to Transport for Edinburgh Limited in 2014.

The Council inherited its interest in Lothian Buses Limited, following the reorganisation of local government in 1996. It is considered that this was on an acquisition basis, however, as no consideration was given for these interests, there was no goodwill involved in these transactions.

Edinburgh Trams Limited commenced a fare paying revenue service on 31 May 2014.

The most recent audited results of the company are as follows:

	31.12.21 £000	31.12.20 £000
Transport for Edinburgh Limited (Consolidated Group)		
Net assets	132,032	70,310
Net loss before taxation	15,937	21,271
Retained earnings	4,858	(38,230)
Dividend paid in March 2022 and March 2021	0	0

A copy of the latest accounts can be obtained by writing to the Finance Director, Lothian Buses Limited, Annandale Street, Edinburgh, EH7 4AZ.

• Edinburgh Living MMR LLP

The limited liability partnership (LLP) members are the City of Edinburgh Council and Scottish Futures Trust (SFT). The principal activities of the partnership are to acquire and manage homes for mid-market rent.

The most recent audited results of the partnership are as follows:

	31.12.21 £000	31.12.20 £000
Net assets	60,104	40,268
Net profit before taxation	(8,085)	(2,627)
Retained profit carried forward	1,157	142

NOTES TO THE FINANCIAL STATEMENTS

9. Subsidiaries and Associates - continued

9.3 Associates

• Edinburgh Leisure

This is a non-profit-distributing company limited by guarantee and registered as a Charity. Each member has undertaken to contribute an amount not exceeding £1 towards any deficit arising in the event of the company being wound up.

The principal activity of the company is the provision of recreation and leisure facilities.

The City of Edinburgh Council is represented on the company's Board of Directors and contributes a substantial sum to the company towards the cost of operating sport and leisure facilities.

The City of Edinburgh Council leases its sport and leisure centres to the company.

The most recent audited results of the company are as follows:	31.03.22	31.03.21
	£000	£000
Net assets / (liabilities)	6,995	892
Net operating (profit) / loss	1,578	(4,453)
Earnings / (Losses) carried forward	6,995	892

Although Edinburgh Leisure is included in the Group Accounts, as the nature of its activities is a core part of Council policy, the Council has no legal interest in the assets or liabilities of the company.

• Capital Theatres

This is a non-profit-distributing company limited by guarantee and registered as a Charity.

The City of Edinburgh Council is represented on the trust's board of directors and gives substantial financial assistance. The City of Edinburgh Council leases the King's Theatre and the Festival Theatre to the trust.

The most recent audited results of the company are as follows:	31.03.22	31.03.21
	£000	£000
Net assets	8,104	5,626
Net operational (profit) / loss	(2,412)	82
Fund balances carried forward	8,104	5,626

Although Capital Theatres is included in the Group Accounts, due to its activities being a core part of Council policy, the Council has no legal interest in the assets or liabilities of the company.

• Lothian Valuation Joint Board

The Lothian Valuation Joint Board provides Valuation Appeals, Lands Valuation, Electoral Registration and Council Tax Valuation Services.

The Board comprises 16 members of whom nine are elected by the City of Edinburgh, three by West Lothian and two each by East and Midlothian Councils. Costs incurred by the Lothian Valuation Joint Board are apportioned in accordance with the non-domestic rateable subjects and dwellings valued for Council Tax within the areas of each constituent authority.

	31.03.22	31.03.21
	£000	£000
Deficit for the year	711	490
Net Assets / (Liabilities)	3,042	(6,620)
Usable reserves	1,450	1,231
Unusable reserves	1,592	(7,851)
Total reserves	<u>3,042</u>	<u>(6,620)</u>

NOTES TO THE FINANCIAL STATEMENTS

9.4 Joint Ventures

• Edinburgh Integration Joint Board

The Edinburgh Integration Joint Board (EIJB) was established by order of Scottish Ministers on 27 June 2015 under the Public Bodies (Joint Working) (Scotland) Act 2014.

The Board comprises 10 voting members, made up of five elected members appointed by the City of Edinburgh Council and five NHS non-executive directors appointed by NHS Lothian, along with a number of non voting members.

The expenditure incurred by the EIJB is covered in full by income received from the partner bodies, NHS Lothian and the City of Edinburgh Council. EIJB therefore commission services from the parent bodies based on the approved strategic plan.

The most recent audited results of the Board are as follows:

	31.03.22 £000	31.03.21 £000
Gross expenditure	881,767	850,054
(Surplus) / Deficit for the year	(56,749)	(22,244)
Usable reserves	82,159	25,410

9.5 Audit Opinions noted on the Accounts of the Companies

Unless otherwise indicated, the companies' accounts are audited.

9.6 Shareholder Support to Council Companies

A number of companies within the group are currently dependent on the continued financial support of the Council. The companies are EICC Limited, a subsidiary of CEC Holdings Limited - (the Council owns 100% of the shares in CEC Holdings Limited), Transport for Edinburgh Ltd - (including Lothian Buses and Edinburgh Trams Ltd), Capital Theatres and Edinburgh Leisure.

9.7 Financial Impact of Consolidation

The effect of inclusion of subsidiaries and associates on the Group Balance Sheet is to increase both reserves and net assets by £191.469m (2020/21 £167.309m) representing the Council's share of the realisable surpluses or deficits in these companies.

10. Contingent Liabilities

Contingent Assets and Liabilities are not recognised in the accounting statements. Where there is probable inflow or outflow of economic benefits or service potential, these are disclosed in the notes to the financial statements.

There may be outstanding liability claims or claims to be submitted against the Council in relation to insured and uninsured losses or incidents. The actual cost and timing of any claims cannot be estimated with reasonable accuracy and consequently no specific provision has been made in the financial statements in respect of any such claims.

The work of the Scottish Child Abuse Inquiry, which began in 2015, is continuing under Lady Smith. Since early 2022, this has focussed on historic foster carer provision and the Council is contributing accordingly. As the Redress scheme for survivors of historical child abuse and the introduction of Qualified One-Way Costs Shifting (QOCS) have now both been introduced, there are increased avenues for survivors to seek compensation for alleged abuse which took place whilst in the care of an organisation. The Council's project team continues to support the inquiry, review historic records and respond to requests from the Inquiry for information. Local authorities across Scotland will be presented with claims, however the extent of the exposure remains unknown in 2022 as there is no time bar on the presentation of claims. The introduction of the Prescription (Scotland) Act 2018 may also have an impact on claims in coming years

The Inquiry has identified a number of Council operated or commissioned facilities which it wishes to review as part of its investigation. Separately, some civil litigation claims have been submitted to the City of Edinburgh Council, as successor authority to Lothian Regional Council. Where claims are ongoing, it is impossible to confirm the likely cost to the Council as reserves change regularly and accurate costs are only known when a claim is settled. The total cost to the Council will include any settlement amount, fees (both first and third party), which may be offset by the insurance coverage in force at the time of the alleged abuse. It is worth noting that discussions are due to take place to ensure an equitable distribution of legacy claims across all Lothian councils which will further impact the exposure to the Council.

The Council has finalised the details of a redress scheme for survivors who suffered physical and sexual abuse at the hands of a former Council employee. The total amounts paid out under this scheme will depend on the number of eligible claimants, nature of the claims being brought and the tariffs for each type of injury.

NOTES TO THE FINANCIAL STATEMENTS

11. Adjustments Between Accounting Basis and Funding Basis Under Regulations

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure.

	Usable Reserves		
	General Fund Balance £000	Housing Revenue Account Balance £000	Capital Receipts Reserve £000
2021/22			
Adjustments primarily involving the Capital Adjustment Account

NOTES TO THE FINANCIAL STATEMENTS

15. Property, Plant and Equipment

15.1 Depreciation

Depreciation is provided in the year of an asset's purchase. Assets in the course of construction are not depreciated until they are brought into use. Where depreciation is provided for, assets are depreciated using the straight line method over the following periods:

Council dwellings	50 years
Buildings	Up to 120 years as advised by the valuer (assets not subject to component accounting)
Buildings - structural	50 years
Buildings - non-traditional roofing	35 years
Buildings - finishes	25 years
Buildings - mechanical and electrical	20 years
Buildings - fittings and furnishings	15 years
PPP - Millerhill Residual Waste Facility	30 years
PPP - Schools	40 years (PPP1 schools) and 35 years (PPP2 schools) 50 years (JGHS and QHS)
Infrastructure assets	20 years
Vehicles, plant, furniture and equipment	5 years to 30 years, to reflect estimated useful life 3 years to 15 years, Group Companies

15.2 Capital Commitments

At 31 March 2022, the Council had entered into a number of contracts for the construction or enhancement of property, plant and equipment. These are budgeted to cost £204.614m. A number of these amounts relate to contract retentions, as projects are now complete. Similar commitments at 31 March 2021 were £250.801m.

15.7 Infrastructure Assets

The Council has adopted the Statutory Overrides contained within the Local government finance circular 09/2022: statutory override - accounting for infrastructure assets (www.gov.scot/publications/local-governmentfinance-circular-09-2022-statutory-overrideaccounting-for-infrastructure-assets/) issued by the Scottish Government under section 12(2)(b) of the Local Government in Scotland Act 2003 in relation to Infrastructure assets. The overrides were put in place to manage historic issues surrounding the derecognition of Infrastructure asset components, which had the potential for the gross cost of assets to be overstated, albeit that the Net Book Value was still materially correct. The Statutory Overrides that the Council has adopted are detailed below: -

Statutory Override 1: For accounting periods commencing from 1 April 2021 until 31 March 2024 a local authority is not required to report the gross cost and accumulated depreciation for infrastructure assets.

Statutory Override 2: For accounting periods commencing from 1 April 2010 until 31 March 2024 the carrying amount to be derecognised in respect of a replaced part of an infrastructure asset is to be taken to be and accounted for as a nil amount. No subsequent adjustment shall be made to the carrying amount of the asset with respect to that part.

15.8 Council Dwellings, Other Land and Buildings and Investment Properties

The Council carries out a rolling programme of revaluations that ensures that all property, plant and equipment required to be measured at fair value is revalued at least every five years. All valuations were carried out internally. Valuations of land and buildings were carried out under the direction of the Council's Operational Estate Manager, L. Turner RICS, in accordance with the Statements of Asset Valuation Practice and Guidance Notes of The Royal Institution of Chartered Surveyors. Fixtures and fittings are included in the valuation of the buildings where appropriate.

NOTES TO THE FINANCIAL STATEMENTS

15. Property, Plant and Equipment - continued

15.8 Council Dwellings, Other Land and Buildings and Investment Properties - continued

In 2019-20, the Valuation Certificate that accompanied the asset valuations contained a Material Valuation Uncertainty clause in line with RICS guidance. The RICS set up a Material Valuation Uncertainty Leaders Forum (UK) in response to the Covid 19 Pandemic. On 9 September 2020, the forum recommended a general "lifting" of material valuation uncertainty excluding assets valued with reference to trading potential. This recommendation was reaffirmed on 3 November 2020 and 5 January 2021. On 11 May 2021, the recommendation was amended to lift the exclusion of assets valued with reference to trading potential. In light of this, the forum has reduced the frequency of its meetings but continues to monitor markets and evidence and will convene at short notice if necessary. No new recommendation has been made so the recommendation of May 2021 still stands.

In line with the RICS recommendations, no material valuation uncertainty declaration is made for the asset valuations this year. The Valuation Certificate contains a statement to this effect in line with the RICS Covid 19 practice alert supplement "Impact of Covid 19 on Valuation" dated 6 November 2020.

The significant assumptions applied in estimating fair value are:

- Unless otherwise stated, all properties with a greater than de minimis value were taken into account based on the actual condition of the property and its actual residual useful life. Where the Council has a planned replacement programme asset life is reviewed accordingly;
- The valuations were prepared using information from the Council's internal records, together with the valuation roll produced by Lothian Valuation Joint Board; and
- Not all properties were inspected.

The following statement shows the progress of the Council's five-year rolling programme for the revaluation of property, plant and equipment.

Council assets	Council Dwellings £000	Other Land and Buildings £000	Vehicles, Plant, Furniture and Equipment £000
Carried at historical cost	492	232,862	176,634
Valued at fair value as at:			
31 March 2022	1,740,159	2,206,681	0
31 March 2021	2,249	79,952	0
31 March 2020	408	133,042	0
31 March 2019	177	114,687	0
31 March 2018	0	122,979	0
Total cost or valuation	1,743,485	2,890,203	176,634

Council assets	Community Assets £000	Surplus Assets £000	Assets Under Construction £000	Total £000
Carried at historical cost	7,754	15,480	197,514	630,736
Valued at fair value as at:				
31 March 2022	0	0	0	3,946,840
31 March 2021	0	0	0	82,201
31 March 2020	0	0	0	133,450
31 March 2019	0	0	0	114,864
31 March 2018	0	20	0	122,999
Total cost or valuation	7,754	15,500	197,514	5,031,090

NOTES TO THE FINANCIAL STATEMENTS

15. Property, Plant and Equipment - continued

15.9 Surplus Assets and Investment Properties - Fair Value Disclosure

	Quoted prices in active markets for identical assets (Level 1)	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair Value as at 31 March 2021
	£000	£000	£000	£000
Recurring fair value measurements using:				
Surplus assets	0	15,501	0	15,501
Investment properties - advertising hoardings	0	19,996	0	19,996
Total cost or valuation	0	35,497	0	35,497

- There were no transfers between levels during the year.
- The fair value for surplus assets has been based on the market approach using current market conditions and recent sales prices and other relevant information for similar assets in similar locations. Market conditions are such that similar properties are actively purchased and sold and the level of observable inputs is significant, leading to the properties being categorised at level 2 in the fair value hierarchy. In estimating the fair value of the Council's surplus assets, the assumption has been made that these would be disposed of for highest and best use consideration.
- The fair value for investment properties has been based on the market approach using current rent receivable with a capitalisation rate applied. The rate reflects the return that an investor would expect from the capital employed. There is evidence of lettings from the Council's property information systems which have been used to determine valuation parameters and the level of observable inputs is significant, leading to the investment properties being categorised at level 2 in the fair value hierarchy. In estimating the fair value of the Council's investment properties, the highest and best use of the properties is their current use.

16. Investment Properties

Policy

Investment properties are initially measured at cost. After initial recognition, investment properties are measured at fair value (the price that would be received for the asset in its highest and best use).

Any gains or losses arising from a change in the fair value of investment properties are recognised in the Comprehensive Income and Expenditure Statement for the period in which they arise.

Investment properties are revalued annually.

Investment properties held at fair value are not depreciated.

Investment properties are de-recognised on disposal or when the investment property is permanently withdrawn from use and no future economic benefits or service potential are expected from its disposal.

The gain or loss arising from the retirement or disposal of an investment property is recognised in the 'surplus or deficit on provision of services' within the Comprehensive Income and Expenditure Statement in the period of the retirement or disposal.

Note

16.1 Income and Expenses on Investment Properties

Income of £1.825m (£0.798m 2020/21) and expense £Nil (£Nil 2020/21) have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

There are no restrictions on the Council's ability to realise the value inherent in its investment properties or on the Council's right to the remittance of income and the proceeds of disposal.

NOTES TO THE FINANCIAL STATEMENTS

16. Investment Properties - continued

16.2 Movement in Fair Value - continued

The following table summarises the movement in the fair value of investment properties over the year.

	2021/22		2020/21	
	Group £000	Council £000	Group £000	Council £000
Value at 1 April	65,631	19,239	47,221	19,225
Additions	15,266	1,075	15,894	0
Disposals	0	0	0	0
Net (loss) / gain from fair value adjustments	6,753	(318)	2,516	14
Value at 31 March	87,650	19,996	65,631	19,239

17. Intangible Assets

Policy

Intangible fixed assets represent software licences purchased by the Council.

Expenditure on the acquisition, creation or enhancement of intangible fixed assets has been capitalised on an accruals basis.

Intangible fixed assets are initially measured at cost. Software licences are depreciated over the period of the licence, commencing in the year of acquisition.

Note

The carrying value of intangible assets of the Group and the Council is £0.182m in 2021/22 (£0.296m in 2020/21).

The carrying amount of intangible assets is amortised on a straight-line basis. The amortisation of £0.114m in 2021/22 (2020/21 £0.148m) was charged to Corporate Services.

18. Heritage Assets

Policy

Heritage assets comprise the following:

Monuments and statues

Civic regalia and artefacts

Archival collections

Libraries' special collections

Museum and gallery collections

Intangible heritage assets represent three private vehicle registration plates.

It has not been practicable or possible to split out all heritage assets belonging to the common good fund, charities or trusts. Therefore, the Council's Balance Sheet may hold elements of heritage assets that belong to other entities. Work is on-going to establish and maintain a common good register, in accordance with the Community Empowerment (Scotland) Act 2015.

Expenditure on the acquisition, creation or enhancement of heritage assets has been capitalised on an accruals basis.

Heritage asset valuations may be made by any method that is appropriate and relevant. Furthermore valuations need not be carried out by external valuers and there is no prescribed period between valuations.

NOTES TO THE FINANCIAL STATEMENTS

18. Heritage Assets - continued

Heritage assets are deemed to have indeterminate lives and a high residual value; hence it is not considered appropriate to charge depreciation.

NOTES TO THE FINANCIAL STATEMENTS

18. Heritage Assets - continued

18.2 Details of Heritage Assets

- Valuations on Monuments and Statues are carried out under the direction of the Council's Operational Estate Manager. Monuments and Statues are valued on a historic basis.
- Civic Regalia and artefacts include items such as the Lord Provost's Badge and Chain of Office and the Rosebery Jewel. The value of these assets is based on an insurance purposes valuation carried out in 1998.
- Archival collections include historical records which relate to the history of Edinburgh and its surrounding areas. The value of these assets is based on a current insurance purposes valuation based on restoration costs only. This valuation has not changed since 2008/09.
- Libraries' special collections include items such as rare book collections and pictures in Calotype. The value of these assets is based on an insurance purposes valuation carried out in 2007 with a minor proportions valuation being updated in 2014.
- Museums and Gallery collections include various collections held at a number of museums across Edinburgh. They include items held within the Social History, Applied Art, Writers' Museum, Childhood, City Art Centre and Picture Loan Scheme. The value of these assets is based on insurance purposes valuations carried out in 2003 along with a minor proportions valuation being updated in 2014. A small minority of the assets are based on insurance purposes valuations carried out in 1996.
- The valuations for heritage assets have all been carried out internally and although they are from earlier periods, they are considered the most appropriate and relevant. Carrying out valuations for the majority of collections held is very costly and time consuming so it is not practicable to obtain recent valuations at a cost which is commensurate with the benefits to users of the financial statements. The carrying amounts of these heritage assets will be reviewed with sufficient regularity in the future to ensure they are brought up to date and remain appropriate.
- The Council has three private vehicle registration plates which meet the definition of intangible heritage assets. These have not been recognised on the balance sheet due to lack of information on cost or current value. They are limited registration numbers that rarely become available for sale and therefore no relevant or appropriate current value can be placed on these. It is also almost certain they are below the materiality threshold for the Council.

19. Inventories

Policy

Inventories are measured at the lower of cost and net realisable value.

Inventories acquired through a non-exchange transaction are measured at their fair value as at the date of acquisition.

Inventories held for distribution at no charge or a nominal charge are measured at the lower of cost and current replacement cost.

Note	2021/22		2020/21	
	Group £000	Council £000	Group £000	Council £000
Total				
Balance at 1 April	13,569	3,448	13,472	3,451
Purchases	75,030	14,699	60,675	13,901
Held by a third party	114	114	169	169
Recognised as an expense in the year	(74,720)	(14,538)	(60,745)	(14,071)

23. Assets Held for Sale

Policy

Current assets held for sale are assets that the Council has identified as surplus to requirements, are being actively marketed and it is expected that the sale will be realised within twelve months of the Balance Sheet date.

Non-current assets held for sale are assets that the Council has identified as surplus to requirements, are being actively marketed, but it is not expected that the sale will be realised within twelve months of the Balance Sheet date.

Assets held for sale are measured at the lower of carrying value and fair value less costs to sell at the Balance Sheet date. Where the sale is expected to occur in more than twelve months, the cost is measured at present value.

Current and non-current assets held for sale are not depreciated.

Note

25. Provisions

Policy

The value of provisions is based upon the Council's obligations arising from past events, the probability that a transfer of economic benefit will take place and a reasonable estimate of the obligation. An assessment of long and short-term provisions has been made at the 31 March 2022 year end and provisions disclosed separately.

Note Long-Term	2021/22		2020/21

The Council provisions include estimates of settlements on outstanding equal pay, compensation, insurance and other claims, contract arrangements, land acquisition costs for the tram project and Council Tax discounts that require to be set aside for housing projects.

26. Reserves

Policy

Reserves held on the Balance Sheet are classified as either usable or unusable reserves.

Usable reserves hold monies that can be applied to fund expenditure or reduce Council Tax.

Unusable reserves cannot be applied to fund expenditure.

Usable Reserves

The Council operates the following usable reserves:

- Capital receipts reserve - this represents capital receipts available to finance capital expenditure in future years.
- Capital grants unapplied account - holds capital grants and contributions that have been received towards specific works that have yet to be completed.
- Capital fund - under Schedule 3 of the Local Government (Scotland) Act 1975, certain receipts derived from the sale of property may also be used to create a capital fund "to be used for defraying any expenditure of the authority to which capital is properly applicable, or in providing money for repayment of the principal of loans".
- Renewal and repairs fund - holds monies set aside for the renewal and repair of Council property and funds for PPP school lifecycle maintenance. This fund is operated under the terms of Schedule 3 to the Local Government (Scotland) Act 1975.
- General Fund - held to mitigate financial consequences of risks and other events impacting on the Council's resources. Monies within the General Fund can be earmarked for specific purposes.

NOTES TO THE FINANCIAL STATEMENTS

27. Unusable Reserves

Note

Movements in the Group and the Council's usable reserves are detailed in the Movement in Reserves Statement (on pages 19 to 20) and Note 12.

Policy

The Council operates the following unusable reserves:

- Revaluation reserve - holds unrealised gains arising since 1 April 2007 from holding non-current assets.
- Capital adjustment account - provides a mechanism between the different rates at which assets are depreciated and are financed through the capital controls system.
- Financial instruments adjustment account - provides a mechanism between the different rates at which gains and losses (such as premiums on the early repayment of debt) are recognised under the Code and are required by statute to be met from the General Fund.
- Available for sale financial assets - provides a mechanism to recognise the unrealised gains and losses on the revaluation of financial assets (such as investment bonds).
- Pensions reserve - represents the net monies which the Council requires to meet its pension liability, as calculated under IAS19, Employee Benefits. The Council operates a pensions reserve fund under the terms of the Local Government Pension Reserve Fund (Scotland) Regulations
- Employee statutory adjustment account - represents the net monies which the Council requires to meet its short-term compensated absences for employees under IAS19.

27.1 Summary of Unusable Reserves

	Balance as at:	
	31 March 2022 £000	31 March 2021 £000
Revaluation Reserve	2,625,380	2,169,894
Capital Adjustment Account	1,419,258	1,555,092
Financial Instruments Adjustment Account	(79,850)	(82,929)
Pensions Reserve	(203,825)	(670,502)
Employee Statutory Adjustment Account	(14,225)	(16,246)
Total Council Unusable Reserves	3,746,738	2,955,309
Subsidiaries, Associates and Joint Ventures	122,071	104,724
Total Group Unusable Reserves	3,868,809	3,060,033

27.2 Revaluation Reserve

The revaluation reserve contains the gains made by the Council arising from increases in the value of its property, plant and equipment. The balance is reduced when assets with accumulated gains are: revalued downwards or impaired and the gains are lost; used in the provision of services and the gains are consumed through depreciation; or disposed of and the gains are realised.

The reserve contains unrealised gains accumulated since 1 April 2007, the date the reserve was created. Accumulated gains arising before 1 April 2007 were consolidated into the capital adjustment account.

	2021/22 £000	Re-stated 2020/21 £000
Balance at 1 April	2,169,894	1,758,446
Upward revaluation of assets	816,830	522,576
Downward revaluation of assets and impairment losses not charged to the Surplus on the Provision of Services	(297,155)	(59,330)
Surplus on revaluation of non-current assets not posted to the Surplus on the Provision of Service	519,675	463,246
Difference between fair value depreciation and historical cost depreciation	(58,892)	(50,012)
Accumulated gains on assets sold written off to the capital adjustment account	(5,297)	(1,786)
Balance at 31 March	2,625,380	2,169,894

NOTES TO THE FINANCIAL STATEMENTS

27. Unusable Reserves - continued

27.3 Capital Adjustment Account

The capital adjustment account provides a balancing mechanism for timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (CIES) (with reconciling postings from the revaluation reserve to convert fair value figures to a historical cost basis). The account is credited with the amounts set aside by the Council to finance the costs for acquisition, construction and enhancement of non-current assets. The account also holds accumulated gains and losses on investment properties and revaluation gains accumulated on property, plant and equipment prior to 1 April 2007.

Note 11 provides details of the source of the transactions posted to this account, except those involving the revaluation reserve.

	2021/22 £000	Re-stated 2020/21 £000
Balance at 1 April	1,555,092	1,518,318

Movements in the market value of investment properties credited to the CIES	(318)	14
Other unrealised losses debited to the CIES	15	81
Balance at 31 March	<u>1,419,258</u>	<u>1,555,092</u>

NOTES TO THE FINANCIAL STATEMENTS

27. Unusable Reserves - continued

27.4 Financial Instruments Adjustment Account

The financial instruments adjustment account provides a balancing mechanism between the different rates at which gains and losses (such as premiums on the early repayment of debt) are recognised under the Code and are required by statute to be met from the General Fund and Housing Revenue Account. This account also holds the equivalent interest rate adjustment on lender option / borrower option loans.

	2021/22	2020/21
	£000	£000
Balance at 1 April	(82,929)	(85,965)
Proportion of premiums incurred in previous financial years to be charged against the General Fund and HRA balances in accordance with statutory requirements	3,008	3,010
Proportion of equivalent interest rate calculation on lender option / borrower option loans (LOBOs)	71	26
Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in accordance with statutory requirements	3,079	3,036
Balance at 31 March	<u>(79,850)</u>	<u>(82,929)</u>

The Council operates a loans pool on behalf of the General Fund and Housing Revenue Account. With the transfer of responsibility for Police and Fire services to the new national bodies, all movements are now reflected on the Council's Balance Sheet. An element of the cost, however, is recovered through the pooled interest rate and therefore there is no financial impact on the Council.

27.5 Pensions Reserve

The pensions reserve provides a balancing mechanism arising from the different arrangements for accounting for post employment benefits (pension costs) and for funding pensions in accordance with statutory provisions. The Council accounts for pensions in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs.

Statutory arrangements, however, require benefits to be financed as the Council makes its contributions to Lothian Pension Fund or pays any pensions for which it is directly responsible.

NOTES TO THE FINANCIAL STATEMENTS

27. Unusable Reserves - continued

27.5 Pensions Reserve - continued

The debit balance on the pension reserve therefore shows a substantial shortfall between the benefits earned by past and current employees and the resources that the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits require to be paid.

	2021/22 £000	2020/21 £000
Balance at 1 April	(670,502)	(523,535)
Actuarial gains or (losses) on pension assets and liabilities	564,499	(101,615)
Reversal of items relating to retirement benefits debited or credited to the Surplus on the Provision of Services in the Comprehensive Income and Expenditure Statement	(174,306)	(118,584)
Employer's pension contributions and direct payments to pensioners payable in the year	76,484	73,232
Balance at 31 March	<u>(203,825)</u>	<u>(670,502)</u>

27.6 Employee Statutory Adjustment Account

The employee statutory adjustment account provides a balancing mechanism arising from the different arrangements that would otherwise impact on the General Fund and HRA balances from accruing for compensated absences earned but not taken in the year (annual leave entitlement carried forward at 31 March). Statutory arrangements require that the impact on the General Fund and HRA balances is mitigated by transfers to or from this account.

	2021/22 £000	2020/21 £000
Balance at 1 April	(16,246)	(13,807)
Settlement or cancellation of accrual made at the end of the preceding year	16,246	13,807
Amount accrued at the end of the current year	<u>(14,225)</u>	<u>(16,246)</u>
Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	2,021	(2,439)
Balance at 31 March	<u>(14,225)</u>	<u>(16,246)</u>

NOTES TO THE FINANCIAL STATEMENTS

32. Financial Support and Guarantees

32.1 Loans and guarantees

The Council has made loans to the following organisations at less than market interest rates (soft loans).

	2021/22 £000	2020/21 £000
Opening Balance	60	58
New Loans	0	0
Increase in the Discounted Amount	5	5
Fair Value Adjustment	0	0
Loan Repayment	(9)	(3)
Balance Carried Forward	<u>56</u>	<u>60</u>
Nominal Value Carried Forward	<u>81</u>	<u>90</u>

Adjustments have been made under the requirements of IFRS 9 Financial Instruments, as required by the Code.

The Spartans loan relates to the lease of an area of ground lying immediately to the west of Ainslie Park Leisure Centre, Pilton Drive, Edinburgh. The original outstanding payment was £120,000, with £3,000 paid annually for ten consecutive years up to 31 March 2021 and £9,000 to be paid for ten consecutive years on or before 31 March from 31 March 2022.

32.2 Guarantees

In February 2018 the Council agreed to provide a formal pension guarantee to Lothian Pension Fund on behalf of Edinburgh Leisure.

From 1 April 2018 Lothian Pension Fund introduced a new investment strategy, whereby those employers closed to new entrants but who do not meet the criteria for the Fund's low-risk strategy, would be moved to a medium risk strategy.

Edinburgh Leisure would fall into this category and the impact would be a considerable increase in contribution rates and would likely result in a significant impact on services provided by this entity.

The Council approved providing a pension guarantee which enabled Edinburgh Leisure to be moved back to a low-risk strategy, avoiding the additional financial costs.

In June 2018 the Council also approved to provide a pension guarantee to Lothian Pension Fund on behalf of Lothian Buses, to enable them to merge their existing pension fund into Lothian Pension Fund, to streamline the pension portfolio and bring associated financial efficiencies.

NOTES TO THE FINANCIAL STATEMENTS

32. Financial Support and Guarantees - continued

32.3 Shared Equity Scheme / Scheme of Assistance

In 2010/11, the Council approved a shared equity scheme to help buyers purchase homes from PARC. The Council provided assistance to sixteen purchasers, at a cost of £0.484m. No further assistance has been provided since 2012/13.

The monies are required to be repaid to the Council either on sale of the property or after twenty years, whichever occurs earlier.

Purchasers have the option to pay interest annually or accumulate charges on the same terms as the original equity. Sums due to the Council, including accrued interest, where owners have opted to defer interest, are included in long-term debtors, the balance at 31 March 2022 £0.205m.

The assisted purchase scheme was an initiative administered on behalf of the Council to allow home owners to enter into a lifetime mortgage agreement to finance repairs to their properties. Forty loans were made between 2007 and 2012, with an original loan principal value of £0.762m. These sums are included in long-term debtors, the balance at 31 March 2022 £0.735m.

The loans are repayable on sale of the property or on the death of the home owner. The amount repayable is a minimum of the original loan principal and a maximum of the original loan as a percentage of the property value on signing the agreement, as applied to the value on redeeming the loan.

In June 2018 the Council purchased the interest in a shared equity loan scheme from PARC for £0.512m. The scheme provided assistance to buyers to purchase homes from PARC and twenty two loans remain in the scheme. These sums are included in long-term debtors, the balance at 31 March 2022 £0.327m.

The loans are repayable on sale of the property or on the death of the home owner. The amount repayable is a minimum of the original loan principal and a maximum of the original loan as a percentage of the property value on signing the agreement, as applied to the value on redeeming the loan.

32.4 National Housing Trust

The National Housing Trust (NHT) is a housing initiative developed by the Scottish Government, in partnership with the Scottish Futures Trust (SFT) and local authorities. The aim is to deliver new homes for mid-market rent while at the same time stimulating the housing market. The scheme is underwritten by the Scottish Government, by way of a guarantee against the borrowing and associated interest costs. The Council works with the Scottish Government and SFT to procure private developers to build homes for mid-market rent and enter into joint ventures with the Council, by way of Limited Liability Partnerships through the NHT initiative.

Phase 1 and 2 of NHT are now complete and have delivered 518 new homes.

Phase 1 NHT developments are now in the latter stages of their investment, and in accordance with the scheme, are now making arrangements to repay their borrowing.

The Telford NHT LLP with Miller Homes was bought over by the Council in January 2019. The Council agreed, in October 2020, to approve the sale of the homes in the Telford North LLP to LAR Housing Trust. The sale took place in May 2021.

NHT Phase 3 is to deliver up to 368 mid-market rent homes across three separate sites. The total required budget for NHT3 is £50.1m for the three projects. Fruitmarket NHT3 has completed, with investment totalling £9.153m and delivery of 80 homes. Western Harbour has also completed, with investment totalling £17.284m and 138 homes delivered. The final project under NHT Phase 3 (Shrubhill) commenced in 2018/19 and 93 homes have been delivered to date, with an investment of £14.923m. The final two phases at Shrubhill (57 homes in total) will no longer be part of the NHT Programme, as works are due to be completed outwith the approved timeframe. There will therefore be no further Council investment in NHT Phase 3.

NOTES TO THE FINANCIAL STATEMENTS

32. Financial Support and Guarantees - continued

32.4 National Housing Trust - continued

The Council has advanced and had repaid the following sums through the NHT scheme:

Developer	Development Site	Phase	Total No. of Units	Advanced 2021/22 £000	Repaid 2021/22 £000	Prior Years £000	Total £000
Places for People	Lochend North	1	60	0	(3,532)	5,059	1,527
Places for People	Lighthouse Court	1	33	0	(2,039)	3,375	1,336
Teague Homes Limited	Salamander Place / Leith Links	1	0	0	(15,551)	15,551	0
City of Edinburgh Council	Telford North	1	0	0	(10,299)	10,299	0
FP Newhaven Ltd	Sandpiper Road	2	96	0	0	11,908	11,908
Ediston Homes Ltd	Fruitmarket	3	80	0	0	9,153	9,153
Cruden Homes	Western Harbour	3	138	0	0	17,284	17,284
Places for People	Shrubhill	3	93	0	0	14,923	14,923
			500	0	(31,421)	87,552	56,131

These sums are included within long-term debtors, as detailed in note 20.1.

33. Agency Income and Expenditure

The Council has entered into agency agreements with other public bodies to provide and receive services, the income and expenditure for which is included in the Comprehensive Income and Expenditure Statement.

During the financial year the total Agency income was £157.552m (2020/21 £284.898m) and Agency Expenditure £148.607m (2020/21 £276.450m).

During the financial year the Council undertook the administration of several Covid-19 related funding streams on behalf of the Scottish Government, on an agency basis. During the year income and expenditure amounted to £88.87m (2020/21 £213.473m), grants of £112.665m were paid out, utilising funding carried forward from the prior year and funds received in year (2020/21 £188m).

The council also undertakes, on an agency basis, the financial administration on behalf of the Scottish Cities Alliance. During the year £0.197m (2020/21 £0.231m) was paid out to the respective lead authorities of the projects concerned, included in the totals above.

The Council acts as the Billing Authority for a number of Business Improvement Districts (BIDs). The Council collects a levy from the business rate payers on behalf of the BID bodies, Essential Edinburgh and Edinburgh West End. During the year income of £1.049m (2020/21 £1.071m) was collected and £0.997m (2020/21 £0.401m) paid out to BID schemes, included in the totals above.

In August 2018 the Edinburgh and South-East Scotland City Region Deal (ESESCR Deal) was signed and committed a total of £600m of funding from both the Scottish and UK Governments, over 15 years. The Council has undertaken, on an agency basis, to act as the accountable body for the management of the Deal. During the year income and expenditure amounted to £54.935m (2020/21 £58.659m).

34. Audit Costs

The fees payable to Azets Audit Services in respect of external audit services undertaken in accordance with the Code of Audit Practice are £0.617m (2020/21 £0.638m).

In addition, the Council paid audit fees to Azets Audit Services for the audit of CEC Recovery Limited's (formerly tie Limited) accounts. The Council paid £0.002m during 2021/22 (2020/21 £0.002m) for the audit of the 2020/21 financial statements.

NOTES TO THE FINANCIAL STATEMENTS

35. Grant Income

Policy

• Revenue

Revenue grants and contributions have been included in the financial statements on an accruals basis.

Where such funds remain unapplied at the Balance Sheet date, but approval has been given to carry these funds forward to the next financial year, these amounts have been set aside in the General Fund.

• Capital

Capital grants and contributions are recognised in the Comprehensive Income and Expenditure Statement except to the extent there are conditions attached to them that have not been met.

Where there are no conditions attached to capital grants and contributions, these funds are a reconciling item in the Movement in Reserves Statement for the General Fund and Housing Revenue Account by way of an adjusting transaction with the capital adjustment account, where expenditure has been incurred, and the unapplied capital grants account, where expenditure has not been incurred.

Where there are outstanding conditions attached to capital grants and contributions that have not been met at the Balance Sheet date, the grant or contribution will be recognised as part of capital grants receipts in advance. Once the condition has been met, the grant or contribution will be transferred from capital grants received in advance and recognised as income in the Comprehensive Income and Expenditure Statement, as above.

Note

Grants and contributions credited to the Comprehensive Income and Expenditure Statement include the following:

	2021/22		2020/21	
	£000	£000	£000	£000
Credited to taxation and non-specific grant income				
General revenue funding	(653,272)		(635,771)	
Non-domestic rates	(188,796)		(238,922)	
Capital grants and contributions	<u>(81,449)</u>		<u>(110,046)</u>	
		(923,517)		(984,739)

Other Local Authorities	(3,325)		(3,059)	
NHS bodies	(73,701)		(75,403)	
Other entities and individuals	<u>(22,249)</u>		<u>(14,269)</u>	
		<u>(376,841)</u>		<u>(377,851)</u>
Total		<u><u>(1,300,358)</u></u>		<u><u>(1,362,590)</u></u>

NOTES TO THE FINANCIAL STATEMENTS

36. Related Parties

During the year, the Council entered into a number of transactions with related parties - bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. The most material of these transactions, including Outstanding Balances where normal terms and conditions apply, are shown below.

	2021/22	2021/22	2021/22	2020/21	2020/21
	Expenditure £000	Income £000	Debtor / (Creditor) £000	Net Expenditure / (Income) £000	Debtor / (Creditor) £000
Subsidiaries and Associates					
Subsidiaries and Associates are independent bodies over which the Council is considered to have control or influence, see Note 9 (page 42) for further details. The following entities have a significant impact on the Council's operations and have been consolidated into the Group Accounts:					
CEC Holdings (incl. EDI Group, EICC)	120	(414)	2,335	(215)	5,985
Transport for Edinburgh (inc. Edinburgh Trams and Lothian Buses)	4,375	(11,595)	(377)	(21,702)	(123)
Edinburgh Living MMR	4,167	(1,057)	41,979	18,610	38,089
Edinburgh Leisure Limited	13,988	(296)	251	13,126	2,299
Capital Theatres	585	(279)	(150)	309	0
Lothian Valuation Joint Board	3,831	(347)	(1,728)	3,412	(1,695)
Common Good	0	0	(411)	0	(451)
Edinburgh Integration Joint Board	230,524	(251,748)	(83,663)	276	(27,898)

The following companies are not consolidated into the Group Accounts as, following an assessment, the companies are not considered to be a material part of the Group and have therefore been excluded from the Group Accounts:

Capital City Partnership	5,332	(274)	3	4,436	225
CEC Recovery (formerly Tie Limited)	0	0	(1)	0	(1)
Marketing Edinburgh	57	0	0	374	0
Energy for Edinburgh	0	(16)	0	0	0
Telford NHT	0	(11)	203	(11)	17

The Council is the administering authority for the Lothian Pension Fund which is a Local Government Pension Scheme, details of the scheme, including contributions paid to the fund are shown in Note 41. LFPE Limited and LPFI Limited are corporate bodies wholly owned by the City of Edinburgh Council. Both bodies accounts are consolidated in the annual accounts of Lothian Pension Fund.

Lothian Pension Fund	5,362	0	(4,084)	5,656	(6,081)
----------------------	-------	---	---------	-------	---------

Scottish Government

The Scottish Government has control over the general operations of the Council. It outlines the statutory framework in which the Council operates, specifies the terms of various transactions that the Council has with other parties such as council tax, and provides the majority of the Council's funding through grants. Grants received from government are shown in the Note 35. Grant Income.

Scottish Government	949	(76,915)	107,273	(2,036)	40,984

Members Interest

Under the Council Code of Conduct, elected members must declare any registered interests in any bodies where the Council *itself* does not have significant influence over their operations. Each member's Register of Interest is available in the Your Councillors section of the City of Edinburgh Council website.

In 2021/22, the Council made payments totalling £29.123m to 40 bodies where members hold an interest, i.e. they held or hold a position where they have significant influence or control. Material payments (in excess of £0.250m) have been detailed below:

Bethany Christian Trust	1,257	(264)	10	979	(72)
Church of Scotland	488	(38)	0	352	0
Dean and Cauvin Charitable Trust	1,061	0	0	905	(4)

NOTES TO THE FINANCIAL STATEMENTS

36. Related Parties - continued

Senior Officers

Senior Officers have control over the Council's financial and operating policies. The total remuneration paid to senior officers is shown in the Remuneration Report. In 2021/22, two senior officers, J. Kramer and R. Carr were employed by external companies, details of their salary and additional costs are listed in the Remuneration paid to Senior Officers section of the Remuneration Report

Officers have the responsibility to adhere to a Code of Conduct, which requires them to declare an interest in matters that may directly or indirectly influence, or be thought to influence their judgement or decisions taken during the course of their work. In terms of any relevant parties, officers with declarations of interest would opt out of taking part in any discussion or decisions relating to transactions with these parties.

37. Capital Expenditure and Capital Financing

The total amount of capital expenditure incurred during the year is shown below (including the value of assets acquired under finance leases and PPP contracts), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years through charges to revenue (loan charges), capital expenditure results in an increase in the capital financing requirement. This shows the amount of capital expenditure that has yet to be financed. The capital financing requirement is analysed below.

	2021/22		2020/21	
	£000	£000	£000	£000

(Decrease) / Increase in capital financing requirement		<u>151,235</u>		<u>72,774</u>

NOTES TO THE FINANCIAL STATEMENTS

38. Leases

38.1 Assets Leased in - Finance Leases

Policy

Finance leases, which have substantially transferred to the authority the benefits and risks of ownership of a non-current asset, are treated as if the asset had been purchased outright.

Assets acquired under finance leases are included in non-current assets at the lower of the fair value or the present value of the minimum lease payments. The capital element of the lease is included as obligations under finance leases / creditors.

The lease rentals comprise capital and interest elements. The capital element is applied to reduce the outstanding obligation and the interest element is charged to revenue on a straight line basis over the terms of the lease.

Note

The Council has acquired a waste treatment facility and its IT equipment under finance leases. The assets classified under these leases are included in property, plant and equipment in the Balance Sheet.

The Group subsidiaries Edinburgh Trams Ltd and CEC Holdings Ltd have adopted the accounting standard IFRS 16 - Finance Leases, from 1 January 2019, in accordance with company accounting standards. The Council is going to adopt IFRS 16 from 1 April 2022, therefore consolidation adjustments have been made to the finance lease disclosures to adjust for right of use assets and related lease liabilities in connection with all former operating leases.

38.2 Assets Leased in - Operating Leases

Policy

Leases that do not meet the definition of a finance lease are accounted for as operating leases.

Rental payments, net of benefits received, under operating leases are charged to the relevant service on a straight line basis over the life of the lease.

NOTES TO THE FINANCIAL STATEMENTS

38. Leases - continued

38.2 Assets Leased in - Operating Leases - continued

Note

The Group subsidiaries Edinburgh Trams Ltd and CEC Holdings Ltd adopted the accounting standard IFRS 16 - Finance Leases, from 1 January 2019, in accordance with company accounting standards. The Council is not adopting IFRS 16 until 1 April 2022, therefore consolidation adjustments have been made to the operating lease disclosures to adjust for right of use assets and related lease liabilities in connection with all former operating leases.

The Group leases in property, vehicles and copying equipment. The amount charged to the Comprehensive Income and Expenditure Statement under these arrangements and the value of future payments under operating leases is shown below.

Under these operating leases, the Group and Council is committed to paying the following sums:

	2021/22		2020/21	
	Group	Council	Group	Council
Future Repayment Period	£000	£000	£000	£000
Not later than one year	10,571	1,316	10,072	845
Later than one year and not later than five years	39,868	3,262	38,372	1,590
Later than five years	28,368	851	62,963	915
	78,807	5,429	111,407	3,350
Value at 31 March

Vehicles, plant, equipment and furniture	65,873	2,467	97,947	431
	78,807	5,429	111,407	3,350
Recognised as an expense during the year	9,094	1,259	10,576	1,313

38.3 Assets Leased Out by the Council - Operating Leases

Policy

Rental income received under operating leases is credited to the relevant service in accordance with the terms specified in the lease agreement.

Note

The Council leases out property, equipment and infrastructure under operating leases for a number of purposes, including:

- for economic development purposes, including regeneration and to provide suitable affordable accommodation for local businesses.
- to arm's-length companies for the provision of services such as sport and leisure and theatres.
- an operating lease arrangement with Edinburgh Trams for the lease of the tram infrastructure.

The future minimum lease payments receivable under non-cancellable leases in future years are:

	2021/22	2020/21
	£000	£000
Not later than one year	21,043	21,133
Later than one year and not later than five years	72,312	74,149
Later than five years	319,292	324,515
Total liabilities	412,648	419,797

The Council has a number of leases that are agreed for a period of over 100 years, the majority of which relate to land.

39.2 PPP - Residual Waste

In 2016, the Council entered into a twenty five year contract with FCC to supply residual waste treatment at Millerhill. The contract is a joint arrangement between the Council and Midlothian Council on an 80:20 split respectively. This contract became operational in April 2019. The Council's 80% share of the facility value is included in the Fixed Assets on the balance sheet.

Under the agreements the Council is committed to paying the following sums as detailed in the contractor's final bid model:

	Payment for Services £000	Reimburse. of Capital Expenditure £000	Interest £000	Total £000	Donated Asset £000
Payable in 2022/23	4,242	314	3,690	8,245	2,293
Within two to five years	18,389	1,271	14,288	33,948	9,173

	<u>125,116</u>	<u>23,986</u>	<u>59,275</u>	<u>208,377</u>	<u>52,745</u>

Payments due under the scheme have been inflated by 1.06% per annum, reflecting the terms of the contracts.

NOTES TO THE FINANCIAL STATEMENTS

39. Public Private Partnerships and Similar Contracts - continued

39.3 PPP - Education Projects

In 2001, the Council entered into a Public Private Partnership (PPP1) for the provision of school buildings, maintenance and other facilities with Edinburgh Schools Partnership. This agreement was supplemented by a further agreement in April 2004, which now requires Edinburgh Schools Partnership either to replace or substantially renovate ten primary, five secondary and two special schools, together with one close support unit and a community wing, and to maintain these schools to an agreed standard. When the agreement ends in July 2033 the schools will be handed to the Council with a guaranteed maintenance-free life of five years.

In April 2007, the Council entered into a second Public Private Partnership (PPP2) for the provision of school buildings, maintenance and other facilities with Axiom Education Limited. This required Axiom Education Limited to replace six secondary schools and two primary schools and to maintain these schools to a high standard. When the agreement ends in July 2038 the schools will be handed to the Council with an agreed major maintenance-free life of five years.

In December 2013, the Council entered in to an agreement with Hub South East Scotland for the provision of a new building for James Gillespie's High School. This has been procured using a Design, Build, Finance and Maintain (DBFM) agreement with Hub South East Scotland. The concession is due to terminate in July 2041.

In June 2018, the Council entered in to an agreement with QHS DBFMCO Ltd for the provision of a new building for Queensferry High School. This has been procured using a Design, Build, Finance and Maintain (DBFM) agreement with QHS DBFMCO Ltd. The concession is due to terminate in March 2045.

Under the agreements the Council is committed to paying the following sums as detailed in the contractor's final bid model:

	Payment for Services £000	Reimburse. of Capital Expenditure £000	Interest £000	Total £000
Payable in 2022/23	24,304	8,772	19,014	52,090
Payable within two to five years	111,527	38,235	72,063	221,825
Payable within six to ten years	156,526	60,174	78,406	295,106
Payable within eleven to fifteen years	119,554	59,811	55,024	234,389
Payable within sixteen to twenty years	36,893	31,113	15,444	83,450
Payable within twenty one to twenty five years	2,074	8,282	1,833	12,189
	450,878	206,387	241,784	899,049

The payments for service disclosed have had uplifts applied to reflect the current inflationary position and estimated potential future impacts, subject to the terms of the separate contracts, as set out below.

	2022/23	2023/24	2024/25	2025/26 onwards
Payable				
PPP1	4.59%	5.86%	1.65%	1.11%
PPP2	5.86%	7.88%	2.21%	1.67%
James Gillespie's High School	8.18%	11.80%	3.30%	2.50%
Queensferry High School	8.18%	11.80%	3.30%	2.50%

The amounts disclosed as reimbursement of capital expenditure are included in creditors and other long-term liabilities on the Balance Sheet. These are not subject to the above inflationary uplifts.

The unitary charges paid to the service providers include amounts to compensate them for the capital expenditure incurred and interest payable whilst the capital expenditure remains to be reimbursed. The liability outstanding to pay the service providers for capital expenditure incurred is as follows:

	2021/22 £000	2020/21 £000
Balance at 1 April	212,915	187,859
PPP unitary charge restatement adjustment	4	0
Additions during the year	2,973	34,594
Repayments during the year	(9,505)	(9,538)
Balance at 31 March	206,387	212,915

NOTES TO THE FINANCIAL STATEMENTS

39. Public Private Partnerships and Similar Contracts - continued

39.4 Provision of Information Technology services

In 2015 the Council entered into a seven year contract with CGI for the provision of information technology services. This contract became operational on 1 April 2016. A six year contract extension was approved to 31 March 2029.

Under the agreement the Council is committed to paying the following sums in cash terms (assuming an inflationary uplift). These sums exclude amounts disclosed under finance leases for ICT asset additions.

Future Repayment		Inflationary
Period	£000	Uplift
2022/23	23,489	2.5%
2023/24 - 2028/29	138,283	2.5%
	<u>161,772</u>	

39.5 Provision of Parking Enforcement

The Council entered into a five year contract with NSL for the provision of parking enforcement on 1 October 2014 which ended on 30 September 2019. There was a five year extension clause which has been approved with the contract extended to 30 September 2024.

The Council is committed to paying the following sums in cash terms (renegotiated annually):

Future Repayment	£000
Period	
2022/23	7,165
2023/24 - 2024/25	10,748
	17,913

39.6 Other Rolling Contracts

The Council has entered into a number of rolling contracts to provide services, which are mainly care orientated through 'Supporting People'. The annual value of these contracts is £35.232m.

40. Pension schemes accounted for as defined contribution schemes

The Scottish Teachers' Superannuation Scheme is an unfunded scheme administered by the Scottish Public Pensions Agency. The scheme is excluded from the accounting requirements of IAS 19 as it is a national scheme which does not allow for the identification of pension liabilities consistently and reliably between participating authorities. The accounts, therefore, only include the payments made by the Council to the scheme in year and do not reflect the estimated pension assets or liabilities of the scheme. The exception to this are payments in relation to unfunded pension enhancements for members of the scheme as they are administered through the Local Government Pension Scheme and are taken into consideration in accounting for pension costs under IAS 19.

	2021/22		2020/21	
	£000	%	£000	%
Amount paid to Scottish Government in respect of teachers' pension costs	37,327		36,657	
As a percentage of teachers' pensionable pay		23.00		23.00
Amount paid in respect of added years	0		0	
As a percentage of teachers' pensionable pay		0.00		0.00
Capitalised value of discretionary awards	13,086		15,012	

At 31 March 2022, creditors include £4.408m (2020/21 £4.292m) in respect of teachers' superannuation.

41. Defined Pension Schemes

41.1 Participation in Pension Scheme

The Council is operating as an administering authority for the Local Government Pension Scheme.

The Council also makes contributions towards the cost of its own employees' post-employment benefits. Although these benefits will not be payable until employees retire, the Council has a commitment to make payment for those benefits and to disclose them at the time that employees earn their future entitlement.

Employees other than teachers are eligible to join the Local Government Pension Scheme. The pension costs charged to Services in respect of these employees have been calculated under IAS 19 - Employee Benefits.

NOTES TO THE FINANCIAL STATEMENTS

41. Defined Pension Schemes - continued

41.1 Participation in Pension Scheme - continued

In terms of this scheme, in 2021/22 the Council paid an employer's contribution of £69.915m (2020/21 £66.934m) into the Lothian Pension Fund, representing 22.7% (2020/21 22.7%) of pensionable pay. Contribution rates are determined by the Fund's Actuary based on triennial actuarial valuations of the pension fund. The data is based on the valuations as at March 2020, at which point the funding level (i.e. the percentage of assets to past service liabilities) was 106%.

The Fund's Actuary is unable to provide an analysis of IAS19 pension costs by individual service. The charge in the Comprehensive Income and Expenditure Statement applied against each service included in 'Cost of Services' reflects an apportionment of costs in line with the actual cash payments made by the Council to Lothian Pension Fund.

41.2 Transactions Relating to Post-Employment Benefits

The cost of pension benefits, as assessed by the Fund's Actuary and reflected within 'Cost of Services', differed from the cash payment to the Fund charged against Council Tax. The following summarises the entries reflected within the Comprehensive Income and Expenditure Statement in respect of accounting for pensions under IAS19. The amount by which pension costs calculated in accordance with IAS19 are different from the contributions due under the pension scheme regulations is included in the Movement in Reserves Statement.

	2021/22		2020/21	
Comprehensive Income and Expenditure Statement	£000	£000	£000	£000
<i>Cost of services:</i>				
Service cost, comprising:				
Current service costs	158,312		103,848	
Past service costs	1,762		2,326	
		160,074		106,174
<i>Financing and investment income:</i>				
Net interest expense		14,232		12,410
Total post employee benefit charged to the surplus on the provision of services		174,306		118,584
<i>Other post-employment benefits charges to the Comprehensive Income / Expenditure Statement</i>				
Re-measurement of the net defined liability, comprising:				
Return on plan assets, excluding the amount incl. in the net interest expense above.	(287,525)		(399,005)

NOTES TO THE FINANCIAL STATEMENTS

41. Defined Pension Schemes - continued

41.6 Basis for Estimating Assets and Liabilities

Hymans Robertson, the independent actuaries to Lothian Pension Fund, have advised that the financial assumptions used to calculate the components of the pension expense for the year ended 31 March 2022 were those from the beginning of the year (i.e. 31 March 2021) and have not been changed during the year. The main assumptions in the calculations are:

Investment returns

Actual return for period from 31 March 2021 to 31 March 2022	(10.80%)
Total return for period from 1 April 2021 to 31 March 2022	(10.80%)

Average future life expectancies at age 65:

	31.03.22	31.03.21
Current pensioners male	20.3 years	20.5 years
Current pensioners female	23.1 years	23.3 years
Future pensioners male	21.6 years	21.9 years
Future pensioners female	25.0 years	25.2 years
Period ended	31.03.22	31.03.21
Pension increase rate	3.20%	2.85%
Salary Increase rate	3.70%	3.35%
Discount rate	2.70%	2.00%

As at the date of the most recent valuation, the duration of the Employer's funded obligations is 19 years.

Estimation of defined benefit obligations is sensitive to the actuarial assumptions set out above. In order to quantify the impact of a change in the financial assumptions used, the Actuary has calculated and compared the value of the scheme liabilities as at 31 March 2022 on varying bases. The approach taken by the Actuary is consistent with that adopted to derive the IAS19 figures.

For example, to quantify the uncertainty around life expectancy, the Actuary has calculated the difference in cost to the Employer of a one year increase in life expectancy. For sensitivity purposes, this is assumed to be an increase in the cost of benefits of broadly 3-5%. In practice the actual cost of a one year increase in life expectancy will depend on the structure of the revised assumption and changes in some of the assumptions may be interrelated.

Change in assumptions at 31 March 2022	Approximate % Increase to Employer	Approximate Monetary Amount £000
0.1% decrease in Real Discount Rate	2%	70,538
1 year increase in member life expectancy	4%	151,801
0.1% increase in the Salary Increase Rate	0%	6,812
0.1% increase in the Pension Increase Rate	2%	63,186

41.7 Impact on the Council's Cash Flows

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. The Council agreed a contribution stability mechanism with the scheme's actuary until 31 March 2024. The rate was increased by 1.1% from 1 April 2021 and thereafter, for the remainder of the actuarial valuation period, rates will remain fixed.

41.8 Information about the defined benefit obligation

	£000	%
Active members	1,777,085	47.6%
Deferred members	554,883	14.9%
Pensioner members	1,403,465	37.6%
Total	3,735,433	100.0%

NOTES TO THE FINANCIAL STATEMENTS

41. Defined Pension Schemes - continued

41.8 Information about the defined benefit obligation - continued

The figures are for funded obligations only and do not include the unfunded pensioner liabilities. The durations are effective as at the previous formal valuation of 31 March 2020.

The unfunded pensioner liability at 31 March 2022 comprises approximately £46.507m (2020/21 £52.927m) in respect of LGPS unfunded pensions and £13.086m (2020/21 £15.012m) in respect of teachers' unfunded pensions. For unfunded liabilities as at 31 March 2022, it is assumed that all unfunded pensions are payable for the remainder of the member's life. It is further assumed that 90% of pensioners are married (or cohabiting) at death and that their spouse (cohabitee) will receive a pension between 37.5% and 50% of the member's pension as at the date of the member's death.

41.9 Pension Reserves - Group Position

The pension reserves shown in the Group Balance Sheet relate to the Council. Pension reserves for the Lothian Valuation Joint Board are included in unusable reserves. Pension reserves for other companies in the group are included in usable reserves. The value of the pension reserves is shown separately below;

	2021/22 Pension Reserve £000	2020/21 Pension Reserve £000
Unusable Reserves		
Council	(203,825)	(670,502)
Lothian Valuation Joint Board	(867)	(4,934)
	<u>(204,692)</u>	<u>(675,436)</u>
Usable Reserves		
Edinburgh Leisure	(2,172)	(2,172)
Transport for Edinburgh Ltd	88,072	23,743
	<u>85,900</u>	<u>21,571</u>
Net Pension Reserves	<u>(118,792)</u>	<u>(653,865)</u>

41.10 Analysis of projected amount to be charged to profit or loss for the period to 31 March 2023

	Assets £000	Obligations £000	Net (liability) / asset £000	% of pay
Current service cost	0	(140,732)	(140,732)	(45.7%)
Past service cost including curtailments	0	0	0	0.0%
Effect of settlements	0	0	0	0.0%
Total Service Cost	0	(140,732)	(140,732)	(45.7%)
Interest income on plan assets	97,082	0	97,082	31.5%
Interest cost on defined benefit obligation	0	(103,466)	(103,466)	(33.6%)
Total Net Interest Cost	97,082	(103,466)	(6,384)	(2.1%)
Total included in Profit or Loss	<u>97,082</u>	<u>(244,198)</u>	<u>(147,116)</u>	<u>(47.8%)</u>

The Council's estimated contribution to Lothian Pension Fund for 2022/23 is £69.916m.

NOTES TO THE FINANCIAL STATEMENTS

41. Defined Pension Schemes - continued

41.11 Strain on the Pension Fund

Lothian Pension Fund has the right to require the Council to make additional payments to the pension fund to reflect the extra cost to the pension fund of immediate payment of benefits to employees who retire early on efficiency, redundancy or voluntary grounds. This amounted to £1.598m, including accrued payments (2020/21 £1.194m).

41.12 Further Information

Further information on Lothian Pension Fund can be found in the Council's Pension Fund's Annual Report which is available upon application to the Chief Executive Officer, Lothian Pension Fund, Atria One, 144 Morrison Street, Edinburgh, EH3 8EX.

42. Financial Instruments

Policy

Classifications

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Non-exchange transactions, such as those relating to taxes, benefits and government grants, do not give rise to financial instruments.

Financial Liabilities

A financial liability is an obligation to transfer economic benefits controlled by the Council and can be represented by a contractual obligation to deliver cash or financial assets or an obligation to exchange financial assets and liabilities with another entity that is potentially unfavourable to the Council.

All of the Council's financial liabilities held during the year are measured at amortised cost and comprised:

- long-term loans from the Public Works Loan Board and commercial lenders,
- lease payables detailed in note 38,
- PPP contracts detailed in note 39, and
- trade payables for goods and services received.

Financial Assets

A financial asset is a right to future economic benefits controlled by the Council that is represented by cash, equity instruments or a contractual right to receive cash or other financial assets or a right to exchange financial assets and liabilities with another entity that is potentially favourable to the Council. The financial assets held by the Council during the year are accounted for under the following classifications:

Amortised cost (where cash flows are solely payments of principal and interest and the Council's business model is to collect those cash flows comprising:

- cash in hand,
- current, call and notice accounts with banks
- fixed term deposits with banks and building societies,
- loans to other local authorities,
- certificates of deposit and covered bonds issued by banks and building societies,
- treasury bills and gilts issued by the UK Government,
- trade receivables for goods and services provided.

Fair value through other comprehensive income (where cash flows are solely payments of principal and interest and the Council's business model is to both collect those cash flows and sell the instrument; and equity investments that the Council has elected into this category) comprising:

- money market funds

Financial assets held at amortised cost are shown net of a loss allowance reflecting the statistical likelihood that the borrower or debtor will be unable to meet their contractual commitments to the Council.

NOTES TO THE FINANCIAL STATEMENTS

42. Financial Instruments - continued

42.1 Categories of Financial Instruments

The following categories of financial instrument are carried on the Council's Balance Sheet:

	2021/22		Re-stated 2020/21	
	Long-Term £000	Current £000	Long-Term £000	Current £000
Assets				
At amortised cost				
- Bank Call Accounts (Note 21)	0	56,129	0	112,212
- Local Authority Loans - S-T (Note 22.2)	0	10,654	0	31,571
- Local Authority Loans - S-T (Note 21)	0	24,777	0	75,169
- Sovereign / Supranational debt	0	143,887	0	0
		<u>235,447</u>		<u>218,952</u>
At fair value through profit and loss				
- Money Market Funds	0	39,633	0	85,691
Total Financial Instruments - Assets	0	275,080	0	304,643
The Investment total does not include £21.1m (2020/21 £21.1m) in unquoted equity in subsidiary companies which are not deemed to be Financial Instruments.				
Debtors				
At amortised cost	143,258	170,963	181,940	85,677
Total debtors	143,258	170,963	181,940	85,677
Borrowings				
- Public Works Loans Board	(1,152,648)	(64,538)	(1,000,544)	(62,672)
- Salix	(221)	(233)	(454)	(268)
- Market debt	(300,163)	(5,682)	(302,007)	(5,648)
Total borrowings	<u>(1,453,032)</u>	<u>(70,453)</u>	<u>(1,303,005)</u>	<u>(68,588)</u>
Other Liabilities				
Financial liabilities at amortised cost	0	(40,113)	0	(19,217)
PPP and finance lease liabilities	(226,077)	(10,655)	(235,870)	(11,568)
PPP and finance lease liabilities (donated assets)	(50,452)	(2,293)	(52,745)	(2,293)
Deferred liability	(62,144)	0	(39,964)	0
Total other long-term liabilities	<u>(338,673)</u>	<u>(53,061)</u>	<u>(328,579)</u>	<u>(33,078)</u>

In August 2018, the Council undertook a fixed rate forward starting loan transaction. The Council drew down a £60m loan in October 2020 repayable over 25 years on a semi annual annuity basis.

Lothian Regional Council entered into an agreement for the disposal of Norton Park Annex to the Tudor Trust. The terms of the disposal included the creation of a Title Company with share capital of 100 ordinary shares, held by the Tudor Trust, and 350,000 £1 preference shares held by City of Edinburgh Council. The preference shares carry rights that, in the event of the company being wound up or the property sold, the Council will receive the first £0.35m of the sale proceeds. This is included in the Balance Sheet as a 'Deferred Liability' of £0.35m, and as a long-term investment.

NOTES TO THE FINANCIAL STATEMENTS

42. Financial Instruments - continued

42.1 Categories of Financial Instruments - continued

Other deferred liabilities relate to income received in advance, which is required to be put on interest bearing deposit.

Further detail on the finance lease and PPP liabilities can be seen in notes 38 and 39.

42.2 Income, Expenses, Gains and Losses

	Financial Liabilities: Measured at Amortised Cost £000	Financial Assets: Measured at Amortised Cost £000	Fair Value through Profit / Loss £000	Total £000
Interest expense	58,478	0	0	58,478
Interest on leases	18,277	0	0	18,277
Total expense in Surplus on the Provision of Services	76,755	0	0	76,755
Interest income	0	(312)	(23)	(335)
Total Interest and investment income	0	(312)	(23)	(335)
Net (gain) / loss for the year	76,755	(312)	(23)	76,420

In addition to the above interest expense, £3.008m (2020/21 £3.008m) was charged to the loans pool from the financial instruments adjustment account during the year, but not reflected in the Comprehensive Income and Expenditure Statement. It also excludes £0.193m (2020/21 £0.118m) of loans fund expenses charged to the Council.

Dividend income of £nil (2020/21 £1.75m) was received from a subsidiary council company.

42.3 Fair Value of Assets and Liabilities

The Council has adopted IFRS 13 for the calculation of fair values. Financial assets classified as available for sale are carried in the Balance Sheet at fair value. For Treasury Bills and shares in Money Market Funds, the fair value is taken from the market price. Financial assets classified as loans and receivables and all financial liabilities are carried in the Balance Sheet at amortised cost. Their fair values have been estimated by calculating the net present value of the remaining contractual cash flows at 31 March 2022, using the following methods and assumptions:

- Loans, including PWLB loans, borrowed by the Council have been valued by discounting the contractual cash flows over the whole life of the instrument at the appropriate market rate for local authority loans.
- The value of "Lender's Option Borrower's Option" (LOBO) loans has been increased by the value of the embedded options.
- The fair values of other long-term loans and investments have been discounted at the market rates for similar instruments with similar remaining terms to maturity on 31 March.
- The fair values of finance lease assets and liabilities and of PFI scheme liabilities have been calculated by discounting the contractual cash flows (excluding service charge elements) at the appropriate AA-rated corporate bond yield.

NOTES TO THE FINANCIAL STATEMENTS

42. Financial Instruments - continued

42.3 Fair Value of Assets and Liabilities - continued

- The fair value of soft loan assets has been calculated using the cash flows implied by the appropriate market interest rate which has been deemed to be the appropriate PWLB rate plus a credit spread of between 2% and 5% depending on the party to whom the advance has been made.
- The fair value of short-term instruments, including trade payables and receivables, is assumed to approximate to the carrying amount.

Fair values are shown in the table below, split by their level in the fair value hierarchy:

- Level 1 – fair value is only derived from quoted prices in active markets for identical assets or liabilities, e.g. bond prices.
- Level 2 – fair value is calculated from inputs other than quoted prices that are observable for the asset or liability, e.g. interest rates or yields for similar instruments.
- Level 3 – fair value is determined using unobservable inputs, e.g. non-market data such as cash flow forecasts or estimated creditworthiness.

The fair values are calculated as follows:

	Fair Value Level	2021/22		2020/21	
		Principal Outstanding £000	Carrying Amount £000	Fair Value £000	Carrying Amount £000
Public Works Loans Board	2	(1,205,738)	(1,217,186)	(1,313,405)	(1,063,216)
Salix	2	(463)	(454)	(452)	(722)
Market debt	2	(293,173)	(305,845)	(448,848)	(307,655)
Borrowings		(1,499,374)	(1,523,485)	(1,762,704)	(1,371,593)
Other long-term liabilities	n/a	(62,144)	(62,144)	(62,144)	(62,144)
Trade creditors	n/a	(40,113)	(40,113)	(40,113)	(40,113)
PPP and Finance Leases	3	(289,477)	(289,477)	(337,807)	(302,476)
Financial liabilities		<u>(1,891,108)</u>	<u>(1,915,219)</u>	<u>(2,202,768)</u>	<u>(1,776,326)</u>

The fair value is higher than the carrying amount because the authority's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the rates available for similar loans at the Balance Sheet date.

		2021/22		2020/21	
	Fair Value Level	Carrying Amount £000	Fair Value £000	Carrying Amount £000	Fair Value £000

42.4 Financial Assets classified as Fair Value through Profit and Loss

	Fair Value Level	2021/22	Fair Value £000	2020/21	Fair Value £000
		Carrying Amount £000		Carrying Amount £000	
Investments held at Fair Value through Profit and Loss					
Money Market Funds	1	39,633	39,633	85,691	85,691
		<u>39,633</u>	<u>39,633</u>	<u>85,691</u>	<u>85,691</u>

There was no unrealised gain on the available for sale financial assets (2020/21 £nil).

43. Nature and Extent of Risks Arising from Financial Instruments

43.1 Overall Procedures for Managing Risk

The Council's overall risk management procedures focus on the unpredictability of financial markets, and implementing restrictions to minimise these risks. The Council complies with the CIPFA Prudential Code and has adopted the CIPFA Treasury Management in the Public Services Code of Practice. Overall these procedures require the Council to manage risk in the following ways:

- by formally adopting the requirements of the Code of Practice;
- by approving annually in advance prudential indicators for the following three years limiting:
 - the Council's overall borrowing;
 - its maximum and minimum exposures to fixed and variable rates;
 - its maximum and minimum exposures in the maturity structure of its debt;
- by selecting investment counterparties in compliance with the Council's Treasury Policy Statement.

The annual treasury management strategy which incorporates the prudential indicators was approved by the Council on 17 March 2022 and is available on the Council website. The key issues within the strategy are:

- The authorised limit for 2022/23 has been set at £2.226bn. This is the maximum limit for external borrowings and other short and long term liabilities.
- The operational boundary for 2022/23 has been set at £2.216bn. This is the expected upper level of borrowing and other short and long term liabilities during the year.

The prudential indicators are reported and approved as part of the Council's annual budget setting process. Actual performance is also reported annually to members of the Council.

43.2 Key Risks

The Council's activities expose it to a variety of financial risks, the key risks are:

- Credit risk – the possibility that other parties might fail to pay amounts due to the Council;
- Liquidity risk – the possibility that the Council might not have funds available to meet its commitments to make payments;
- Re-financing risk – the possibility that the Council might be requiring to renew a financial instrument on maturity at disadvantageous interest rates or terms;
- Market risk - the possibility that financial loss might arise for the Council as a result of changes in such measures as interest rates movements.

NOTES TO THE FINANCIAL STATEMENTS

43. Nature and Extent of Risks Arising from Financial Instruments - continued

43.3 Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Council's customers. Deposits are with banks, building societies, and other institutions in line with the Council's prevailing counterparty limits as set out in the Council's treasury policy statement. Investment decisions are considered daily as part of the daily cash flow management by the Council's Treasury Team who can, and do, restrict the list further in light of market conditions.

The Council's funds are managed along with those of Lothian Pension Fund and some other related organisations which are pooled for investment purposes as a treasury cash fund. Management of the cash fund is on a low risk, low return basis, with security of the investments the key consideration while at the same time seeking innovative and secure cash investment opportunities. This arrangement has allowed a better management of the Council's risk in the exceptional financial and market circumstances in recent years.

As well as lending monies to other local authorities, the Council purchases UK Government Treasury Bills, short dated UK Government Gilts and short dated EIB and other commercial Paper. At 31 March 2022, the Council had £75.5m in short term investments, split between loans to other local authorities, UK Treasury Bills, UK Gilts and EIB Commercial Paper. Of the net Cash and Cash Equivalents, 12.5% were loans to other local authorities, a further 20.0% was held in three AAA rated Money Market Funds, 39.1% was with the UK Government, leaving 28.3% with banks. All of the monies held on deposit with banks at 31 March 2022 were in call or near call accounts.

The principal outstanding on monies held by the Council under its treasury management arrangements at 31 March 2022 was £275.0m (31 March 2021: £261.3m). This was held with the following institutions:

	Standard and Poor's Rating	Principal Outstanding 31.03.22 £000	Carry Value 31.03.22 £000	Fair Value 31.03.22 £000	Carry Value 31.03.21 £000
Summary					
Money Market Funds					
Deutsche Bank AG, London	AAAm	10,267	10,274	10,274	39,523

Barclays Bank	A	14	14	14	16
Handelsbanken	AA-	16	16	16	0
HSBC Bank Plc 31 dn	A+	24,322	24,327	24,330	27,561
HSBC Bank Plc	A+	3,084	3,085	3,085	5
UK Pseudo-Sovereign Risk Instruments					
Local Authorities (see below)	n/a	35,410	35,431	35,391	106,740
Supranational CP	AAA	21,146	21,153	21,302	0
DMADF	AAu	56,145	56,148	56,148	0
UK Government Treasury Bills/Gilts	AAu	66,539	66,586	66,645	0
Total		274,973	275,080	275,251	261,348

Local Authorities are generally assumed to have a pseudo-sovereign credit rating (which in the UK at 31 March 2022 would have been 'AA' from S&P) due to their tax raising powers and the perceived government support. Very few have their own credit rating.

The Council's maximum exposure to credit risk in relation to its direct investments in banks and building societies of £56.13m cannot be assessed generally as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution. Recent experience has shown that it is rare for such entities to be unable to meet their commitments. A risk of irrecoverability applies to all of the Council's deposits, but the Council takes a low risk approach to investment. There was no evidence at 31 March 2022 that this risk was likely to crystallise.

NOTES TO THE FINANCIAL STATEMENTS

43. Nature and Extent of Risks Arising from Financial Instruments - continued

43.3 Credit Risk - continued

No breaches of the Council's counterparty criteria occurred during the reporting period and the Council does not expect any losses from non-performance by any of its counterparties in relation to deposits.

In line with the Investment Regulations governing local authorities introduced in 2010, the Council approved an annual investment strategy and treasury policy statement for both the Council and the Cash Fund at its March 2022 meeting. The papers are available on the Council's website. A full list of the deposits outstanding at 31 March 2022 is contained in the Treasury Cash Fund Investment Report for Quarter 1 2022. This is available on request from corporate.finance2@edinburgh.gov.uk, marked for the attention of Treasury.

All Council invoices become due for payment on issue. Excluding pre-payments of £2.062m (2020/21 £4.088m), trade debtors past due date can be analysed by age as follows:

	2021/22 £000	2020/21 £000
Less than two months	15,135	20,330
Two to four months	1,334	3,498
Four to six months	1,268	2,360
Six months to one year	4,654	5,164
More than one year	8,584	9,919
Total	<u>30,975</u>	<u>41,270</u>

Collateral – During the reporting period the Council held no collateral as security.

Credit Risk: Trade Debtors

Loss allowances on debtors have been calculated by reference to the Council's historic experience of default. The Council will continue to take appropriate and proportionate action to recover what is due even where the related debts are written off for the purposes of the financial statements.

Debtors are collectively assessed for credit risk in the following groups:

		31.03.22	
		Gross	Loss
	Range	Receivable	Allowance
Council Tax	3.5% - 100%	222,929	(205,532)
Non Domestic Rates	1% - 100%	5,195	(4,596)
HRA tenants and other debtors	5% - 95%	12,215	(10,779)
Housing Benefits	75% - 85%	28,085	(23,191)
Trade and Other Debtors	10% - 100%	54,291	(10,461)
Total		<u>322,715</u>	<u>(254,559)</u>

43.4 Liquidity risk

The Council carries out short and medium term cash flow management to ensure that it will have sufficient liquidity to cover all of its payment obligations. This includes monitoring the maturity profile of investments to ensure sufficient liquidity is available for the Council's day to day cash flow needs. The Council also has ready access to borrowings from the money markets to cover any day to day cash flow needs.

NOTES TO THE FINANCIAL STATEMENTS

43. Nature and Extent of Risks Arising from Financial Instruments - continued

43.4 Liquidity risk - continued

Whilst the PWLB provides access to longer term funds, it also acts as a lender of last resort to the Council. The Council is also required by statute to achieve a balanced budget, which ensures sufficient monies are raised to cover annual expenditure. There is therefore no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

The Council manages its liquidity position through the risk management procedures above (the setting and approval of prudential indicators and the approval of the treasury and investment strategy reports), as well as through cash flow management procedures required by the Code of Practice.

43.5 Re-financing and Maturity Risk

The Council maintains significant debt and investment portfolios. The re-financing risk to the Council relates to managing the exposure to replacing financial instruments as they mature. As shown in the chart in 43.6, the majority of the Council's debt portfolio consists of fixed rate longer term loans, and as such, the Council has a relatively low re-financing risk on its liabilities. However, the Council has market debt which allows the lender the option to ask for a rate increase at set dates and at that point the Council may choose to repay the loan at no additional cost. This gives a potential re-financing risk which the Council monitors and manages.

The Council's approved treasury strategy addresses the main risks and the treasury team address the operational risks within approved parameters. This includes monitoring the maturity profile of financial liabilities and amending the profile through either new borrowing or the rescheduling of the existing debt. With the margin on new borrowing rates and a separate rate for the premature repayment of loans, it is unlikely that there will be much scope for any substantial rescheduling of PWLB debt. However the Council is in on-going discussion with institutions over the potential to restructure some of the Council's market debt.

The maturity analysis of the principal outstanding on the Council's debt is as follows:

	2021/22 £000	2020/21 £000
Less than one year	(68,048)	(66,726)
Between one and two years	(56,764)	(65,057)
Between two and five years	(226,989)	(191,282)
Between five and ten years	(216,668)	(236,341)
More than ten years	<u>(1,220,381)</u>	<u>(1,090,115)</u>
Financial Liabilities	<u>(1,788,850)</u>	<u>(1,649,521)</u>

All trade and other payables are due to be paid in less than one year and trade creditors of £40.113m (2020/21 £19.008m) are not shown in the table above. The above figures show the principal outstanding, therefore, neither accrued interest of £15.358m (2020/21 £15.733m) nor net equivalent interest rate (EIR) adjustments of £8.763m (2020/21 £8.834m) to the carrying amounts of market debt shown in the financial liabilities are included.

The only investment which the Council has with a maturity of greater than one year is £2.24m in EDI loan stock.

43.6 Market risk

Interest rate risk

The Council is exposed to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Council, depending on how variable and fixed interest rates move across differing financial instrument periods. For instance, a rise in variable and fixed interest rates would have the following effects:

- borrowings at variable rates – the interest expense charged to the Comprehensive Income and Expenditure Statement will rise;
- borrowings at fixed rates – the fair value of the borrowing liability will fall;
- investments at variable rates – the interest income credited to the Comprehensive Income and Expenditure Statement will rise; and
- investments at fixed rates – the fair value of the assets will fall.

NOTES TO THE FINANCIAL STATEMENTS

43. Nature and Extent of Risks Arising from Financial Instruments - continued

43.6 Market risk - continued

Borrowings are not carried at fair value on the Balance Sheet, so nominal gains and losses on fixed rate borrowings would not impact on the Comprehensive Income and Expenditure Statement or Movement in Reserves Statement. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Comprehensive Income and Expenditure Statement and affect the General Fund Balance, subject to influences from Government grants. Movements in the fair value of fixed rate investments will be reflected in the Movement in Reserves Statement, unless the investments have been designated as fair value through the Comprehensive Income and Expenditure Statement.

The Council has a number of strategies for managing interest rate risk. The treasury team continue to monitor market and forecast interest rates during the year and adjust investment policies accordingly. For instance during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long term returns. The Council has run such a strategy over the last three years, borrowing £500m in fixed rate loans at historically low interest rates.

The following chart shows the source of the Council's borrowing. Most of the Council's borrowings are from the Government by way of the Public Works Loans Board (PWLB). As interest rates are historically low, none of the recent PWLB borrowing was variable rate.

Sources of Borrowing 2021/22

NOTES TO THE FINANCIAL STATEMENTS

43. Nature and Extent of Risks Arising from Financial Instruments - continued

43.6 Market risk - continued

If all interest rates had been 1% higher with all other variables held constant, the financial effect would be:

	£000
Increase in interest receivable on variable rate investments	(1,932)
Impact on Comprehensive Income and Expenditure Statement	(1,932)
Decrease in fair value of fixed rate borrowings liabilities	(239,143)

Price Risk

The Council does not generally invest in equity shares but does have shareholdings of £21.105m (2020/21 £21.105m) in a number of Council owned Companies and joint ventures. Whilst these holdings are generally illiquid, the Council is exposed to losses arising from movements in the prices of the shares.

As the shareholdings have arisen in the acquisition of specific interests, the Council is not in a position to limit its exposure to price movements by diversifying its portfolio.

Foreign exchange risk

The Council has no financial assets or liabilities denominated in foreign currencies. It therefore has no exposure to loss arising from movements in exchange rates.

43.7 Repayment Profile

The Local Authority (Capital Finance and Accounting) (Scotland) Regulations 2016 require the statutory loans fund to be administered in accordance with the 2016 Regulations, proper accounting practices and prudent financial management.

The Council operates a consolidated loans fund under the terms of these Regulations. Capital payments made by services are financed by capital advances from the loans fund. As part of the 2020/21 budget process the Council received a report on the review carried out on the loans fund. The report recommended changes in the method of calculating loans fund repayments for current and historical capital advances. Those changes mean that the repayments for both historical and new capital advances (with the exception of those detailed below) will be calculated using the Asset Life method. For capital advances relating to loans to the Edinburgh Living LLPs and capital advances for the "Trams to Newhaven" project, all advances from the loans fund in the current year have a repayment profile set out using the funding/income method and these capital advances will be repaid using an annuity structure with fixed interest rate and principal repayments. The business cases brought forward for other projects involving major capital expenditure funded by borrowing will consider the appropriate repayment method depending on the structure of the business case. The Council operates the loans fund to manage historic debt and the balance therefore represents historic borrowing for capital spend.

NOTES TO THE FINANCIAL STATEMENTS

44. The City of Edinburgh Council Charitable Funds

The City of Edinburgh Council administers a number of charitable funds. Over the last few years, the Council has rationalised the number of charitable trusts down from over a hundred to six, with approval also granted to wind up the Boyd Anderson Trust.

44.1 The funds are:

	Scottish Charity Registration Number	Market Value 31.03.22 £000	Market Value 31.03.21 £000
Scottish Registered Charities			
Lauriston Castle	SC020737	7,677	7,673
Jean F. Watson	SC018971	6,753	6,641
Edinburgh Education Trust	SC042754	1,284	1,191
Nelson Halls	SC018946	286	271
The Royal Scots Trust	SC018945	35	33
Boyd Anderson	SC025067	92	96
Total market value		<u>16,127</u>	<u>15,905</u>

These funds do not represent assets of the Council and are not included in the Consolidated Balance Sheet.

<u>15,905</u> Funds at 31 March	<u>16,126</u>

Separate Trustee's Reports and Accounts have been prepared which give further information on the Scottish registered charities in the trusteeship of the Council. A copy of this document may be obtained on the [Council's website](#).

NOTES TO THE FINANCIAL STATEMENTS

45. Prior Period Adjustment

Council - Property, Plant and Equipment - Festival Theatre

A prior year adjustment has been included in the Council accounts to reflect the change in valuation methodology applied to the Festival Theatre, to bring it into alignment with the other properties in this category.

Council - Property, Plant and Equipment

A prior year adjustment has been made to the disclosure of two areas of land which were classified as Assets Under Construction, where one was assessed as having nil value and has been fully impaired and the other was included in the value of a fully operational asset and the duplicate value has been written out.

Council - Cash Flow

A prior year adjustment has been made to the Cash Flow disclosures for presentational adjustments to reflect non-cash items that had been included in financing activities.

HOUSING REVENUE ACCOUNT

Notes to the Housing Revenue Account

1. The number and types of dwellings in the authority's housing stock at 31 March 2022 are as follows:

Types of Houses	2022		Re-stated 2021	
	Number	Annual Average Rent (£)	Number	Annual Average Rent (£)
Main provision Council dwellings				
1 Apartment	285	4,105.00	284	4,132.00
2 Apartment	5,629	4,612.00	5,565	4,619.00
3 Apartment	10,182	5,350.00	10,129	5,353.00
4 Apartment	3,545	6,160.00	3,497	6,168.00
5 Apartment	536	6,606.00	523	6,655.00
6 Apartment	12	6,678.00	10	6,672.00
7 Apartment	4	6,463.00	4	6,463.00
8 Apartment	1	6,463.00	1	6,463.00
Mid-market rent dwellings				
2 Apartment	22	6,005.00	23	6,005.00
3 Apartment	83	7,372.00	84	7,378.00
4 Apartment	22	9,307.00	22	9,307.00
	<u>20,321</u>		<u>20,142</u>	

- The stock figure represents all types of residential properties, including furnished tenancies, sheltered housing and homelessness units.
- The amount of rent arrears included as debtors in the Council's Consolidated Balance Sheet was £12.115m (£10.447m 2020/21) against which a provision amounting to £10.695m (£9.035m 2020/21), has been created in respect of non collectable debts.
- The total value of uncollectable void rents for main provision properties was £2.045m (2020/21 £0.948m). This has been netted against rental income.

COUNCIL TAX INCOME ACCOUNT

The Council Tax Income Account (Scotland) shows the gross income raised from council taxes levied and deductions made under Statute. The resultant net income is transferred to the Comprehensive Income and Expenditure Statement.

2020/21 £000		2021/22 £000 £000	
(387,802)	Gross council tax levied and contributions in lieu		(392,527)
62,682	Less: - Exemptions and other discounts	63,681	
11,344	- Provision for bad debts	11,475	
28,075	- Council Tax Reduction Scheme	26,124	
5,044	- Other reductions	4,810	
<u>107,145</u>		<u></u>	<u>106,090</u>
(280,657)			(286,437)
<u>(2,839)</u>	Previous years' adjustments		<u>(1,051)</u>
<u>(283,496)</u>	Total transferred to General Fund		<u>(287,488)</u>

Notes to the Council Tax Income Account

The in-year collection rate for Council Tax was 96.8% (2020/21 96.0%).

Each household or occupied dwelling is allocated to a Council Tax band by the Assessor. The charge per Council Tax band is calculated as a proportion of band D - these proportions are determined by legislation. Bands E to H were rebased in 2017/18 by the Scottish Government as per the Council Tax Base table below, with no increase applied to Council Tax in 2021/22 (2020/21 4.79%).

Unoccupied properties are eligible for 10% discount for up to 12 months, from the date the property was last occupied, thereafter 100% additional charge, with certain exceptions. For Council Tax purposes, students and certain other categories of people are not regarded as occupants. Reductions in Council Tax payable are also granted to properties, with certain attributes, that are the sole and main residence of permanently disabled persons.

Charges in respect of water and sewerage are the responsibility of Scottish Water. The Council collects both water and sewerage charges and makes payment to the Water Authority.

Calculation of the Council Tax Base 2021/22

Band	Number of Properties	Disabled Relief	Exemptions	Discounts	Effective Properties	Ratio to Band D	Band D Equivalents	Charges per Band
A Up to £27,000	24,502	80	(3,978)	(3,627)	16,977	6/9	11,318	£892.39
B £27,001 - £35,000	48,536	51	(4,027)	(7,214)	37,346	7/9	29,047	£1,041.12
C £35,001 - £45,000	45,719	14	(3,024)	(5,777)	36,932	8/9	32,828	£1,189.86
D £45,001 - £58,000	41,801	65	(2,826)	(4,619)	34,421	9/9	34,421	£1,338.59
E £58,001 - £80,000	43,736	(19)	(3,636)	(3,971)	36,110	473/360	47,445	£1,758.76
F £80,001 - £106,000	26,299	(28)	(1,538)	(2,045)	22,688	585/360	36,868	£2,175.20
G £106,001 - £212,000	22,824	(132)	(493)	(1,328)	20,871	705/360	40,872	£2,621.40
H Over £212,000	4,241	(31)	(125)	(222)	3,863	882/360	9,464	£3,279.54
Total							242,263	
Add: Contributions in Lieu							490	
Less: Provision for Non-Payment							<u>(8,496)</u>	
Council Tax Base							<u>234,257</u>	

NON-DOMESTIC RATES INCOME ACCOUNT

The Non-Domestic Rate Account is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Non-Domestic Rate Account. The statement shows the gross income from the rates and deductions made under statute. The net income is paid to the Scottish Government as a contribution to the national Non-Domestic Rate pool.

2020/21 £000		2021/22 £000	£000
(478,952)	Gross rates levied and contributions in lieu		(470,059)
290,727	Less: - Reliefs and other deductions	235,563	
2,644	- Uncollectable debt written off and provision for impairment	3,360	
<u>293,371</u>			<u>238,923</u>
(185,581)			(231,136)
17,665	Previous years' adjustments		25,642
(167,916)	Net Non-Domestic Rates Income		(205,494)
<u>(167,916)</u>	Non-Domestic Rate Income		<u>(205,494)</u>
	Allocated to:		
(168,636)	Contribution to Non-Domestic Rate Pool		(206,212)
720	City of Edinburgh Council		718
<u>(167,916)</u>			<u>(205,494)</u>

Notes to the Non-Domestic Rates Income Account

Rateable Values as at 1 April 2021	Number	Rateable Value £000
Shops, offices and other commercial subjects	16,042	630,404
Industrial and freight transport	2,841	79,806
Telecommunications	5	21
Public service subjects	361	49,966
Miscellaneous	3,973	172,667
	<u>23,222</u>	<u>932,864</u>

1. The amount distributed to the council from the national non-domestic rate income pool in the year was £188.796m (2020/21 £238.922m).

2. Occupiers of non-domestic property pay rates based on the valuation of the property within the valuation roll for Edinburgh. The non-domestic rate poundage is determined by the Scottish Ministers, and was 49.0p per £ in 2021/22 (2020/21 49.8p per £).

Properties with a rateable value between £51,001 and £95,000 had their rate charges calculated using the poundage of 50.3p per £ (2020/21 51.1p per £). Properties with rateable value greater than £95,000 had their rate charges calculated using the poundage of 51.6p per £ (2020/21 52.4p).

3. From 1 April 2008, the Scottish Government introduced the small business bonus scheme. Business properties with a rateable value of £18,000 or less may receive relief as set out below.

100% relief	below	£	15,000
25% relief	£	15,001 to	£ 18,000
Upper limit for combined rateable value *		£	35,000

* Businesses with multiple properties whose combined rateable value is £35,000 or less will be eligible for relief of 25% for each property with a rateable value of £18,000 or less.

COMMON GOOD FUND

Common Good Fund Foreword

The Common Good Fund stands separate from the Council's accounts and has been described as "the ancient patrimony of the community". It was originally derived from the grants by the Sovereigns of Scotland at various times. The present fund is an amalgam of the funds of the City and Royal Burgh of Edinburgh and the Royal Burgh of South Queensferry.

A report on the (Edinburgh) Common Good prepared by the Town Clerk and City Chamberlain in 1905 set out the historical background of the fund and listed its then assets in some detail. The report also stated a "General Principle" that the Fund should be administered "for the purpose of upholding the dignity and suitable hospitality of the City; performing the duties incumbent upon a Royal Burgh maintaining the municipal establishment and managing the municipal affairs; vindicating or extending the corporate rights of the community and defending its interests; acquiring additional land or property for the corporate benefit, or improving existing corporation property, and generally for any purpose which, in the bona fide judgement of the Town Council, is for the good of the community as a whole, or in which the inhabitants at large may share, as distinct from the separate interests or benefit of any particular individual or class, however deserving or needy. The purpose must be limited to those which concern the City and its interests".

The Local Government etc. (Scotland) Act 1994 confirms this interpretation that use of the Fund shall "have regard to the interests of all the inhabitants" of the area.

The Common Good accounts are prepared in accordance with the Council's accounting policies as detailed in Note 1.

In 2015/16, £2m of the Common Good Fund was earmarked to be utilised to fund a planned property maintenance programme. £123,000 of this funding has been used to fund Scott Monument lighting work and surveys, £33,000 on surveys and work at the City Observatory, £36,000 on engineering consultancy at the Queensferry Harbour, and £13,000 on surveys and work for the Portobello Municipal Clock.

The balance of the Common Good Fund is £2.657m as at 31 March 2022 (£2.669m 2020/21). This is split £0.863m in the fund and £1.794m in the planned property maintenance fund.

Assets under construction as at 31 March 2022 relates to a community hub in the former tennis pavillion on Leith Links.

During 2021/22, the Common Good made a deficit of £0.012m.

The lease of 329 High Street was completed in January 2020 with a lease premium of £3.036m received in the Common Good. The lease premium is being amortised over the lease term of 125 years. The in-year deficit, as mentioned above, includes a lease premium of £0.024m for 2021/22. Recommendations for the use of the funds from the lease will be presented to the Finance and Resources Committee for approval.

The Common Good Annual Performance Report will be considered by the Finance and Resources Committee in November 2022, along with the Audited Annual Accounts.

These asset categories are not depreciated.

1.2 Developing a Common Good Register

Significant progress has been made to collate information regarding properties considered by the Council to be Common Good.

A response to the Community Empowerment (Scotland) Act 2015 consultation on Common Good matters was approved by the Finance and Resources Committee on 28 September 2017 and submitted to the Scottish Government.

The relevant provisions came into force on 27 June 2018, and the Scottish Government published the accompanying guidance in July 2018. The Community Empowerment (Scotland) Act 2015 places a duty on Local Authorities to "establish and maintain a register of property which is held by the authority as part of the Common Good" (a Common Good Register).

Before establishing a Common Good Register, the Act requires a Local Authority to prepare and publish a list of properties that it proposes to include in the register. The Common Good Asset Register for **public consultation** was approved for issuing at the 27 September 2018 Finance and Resources Committee. The consultation closed on 31 December 2018.

The first version of the Common Good Register was published on the Council's Common Good webpage on 28 June 2019, complying with Scottish Government guidance. The Register was subsequently presented and approved by the Finance and Resources Committee on 26 September 2019 as part of the 2018-19 Common Good Annual Performance Report.

The Council maintains a **web page** with a link to the latest Common Good Register on its website.

Work continues to be ongoing to ensure the completeness of the Common Good register, and to reconcile this to the Common Good register of assets for accounting purposes. A further updated draft of the Common Good Asset Register is yet to be finalised because work had to be put on hold during the imposed COVID-19 lockdown. Therefore, at the balance sheet date, the Council's balance sheet may hold heritage assets that belong to the Common Good.

COMMON GOOD FUND - NOTES TO FINANCIAL STATEMENTS

2. Unusable Reserves

2.1 Capital Contribution

This balance contains the gains made by the Common Good Fund arising from increases in the value of its property, plant and equipment. The balance is reduced when assets with accumulated gains are:

- transferred from Common Good;
- revalued downwards or impaired and the gains are lost;
- used in the provision of services and the gains are consumed through depreciation; or
- disposed of and the gains are realised.

The reserve contains unrealised gains accumulated since 1 April 2007, the date the reserve was created. Accumulated gains arising before 1 April 2007 were consolidated into the capital adjustment account.

The reserve also contains capital grants used to fund assets.

	2021/22		2020/21	
	£000	£000	£000	£000
Balance at 1 April		23,522		23,522
Movement of assets	0		0	
Transfer from General Fund	354		0	
Transfer from Income and Expenditure Account	1,071			
Upward revaluation of assets	100		0	
Downward revaluation of assets and impairment losses not charged to the Surplus/ Deficit on the Provision of Service	0		0	
Surplus / (Deficit) on revaluation of non-current assets not posted to the Surplus / Deficit on the Provision of Service		1,525		0
Derecognition of asset disposals / transfers		(1)		0
Balance at 31 March		25,046		23,522

2.2 Capital Adjustment Account

The capital adjustment account provides a balancing mechanism for timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (CIES) (with reconciling postings from the revaluation reserve to convert fair value figures to a historical cost basis).

The account also holds revaluation gains accumulated on property, plant and equipment prior to 1 April 2007, the date the revaluation reserve was created to hold such gains.

Balance at 31 March	(13)	(13)

ANNUAL GOVERNANCE STATEMENT

Introduction

2021/22 has been a challenging year, with the Covid-19 pandemic remaining prevalent throughout this period but by the end of the year, restrictions ending and a return to 'normality' commencing. The pandemic continued to put strain on the Council's resources, and this was especially so as services resumed and staff returned to offices. The past two years have also been challenging for elected members and officers and the pandemic has placed a significant strain upon Council finances, the workforce, digital and physical assets, along with our supply chain and partners. The Council's governance has been effective during this period although the strains on the system cannot be underestimated. Through robust and effective governance, the Council has been able to respond well to these evolving and increasing challenges, to adapt and evolve the provision of its services and, importantly, to take on additional responsibilities to support local and national responses to Covid-19. The resumption of services and the impact of the pandemic on staff and the wider City will now be a new challenge that the Council must tackle.

The Council has also had to take steps to help refugees impacted from the war in Ukraine. This has involved setting up a project team and has required input from across the Council. Partnership working has been key to this, as well as close co-operation with the UK and Scottish Governments.

Scope of Responsibility

The City of Edinburgh Council is responsible for ensuring that its business is conducted in accordance with the law and appropriate standards, and that public money is safeguarded, properly accounted for, and used economically, efficiently, effectively and ethically. The Council also has a statutory duty under the Local Government in Scotland Act 2003, to make arrangements to secure best value, which is demonstrated by continuous improvement in the way its functions are carried out.

In discharging these responsibilities, Elected Members and senior officers are responsible for implementing effective arrangements for governing the Council's affairs, and facilitating the effective exercise of its functions, including securing appropriate arrangements for the management of risk.

This statement also covers the organisations included in the Council's Group Accounts, a list of which is included on page 42 of the Accounts.

Council's Strategy and Vision

In February 2021 the Council approved a new Council Business Plan: Our Future Council, Our Future City which set out the Council's strategic priorities and how the aims set out in the Community Plan would be taken forward over the next 3 years.

The Business Plan covers a three year period and provides an overarching focus for the Council in terms of its priorities and the delivery of its aims. It provides an opportunity to deliver a future organisation to meet the changing needs of citizens.

The Business Plan set out the three main priorities the Council would focus on in the coming years:

- Ending poverty by 2030;
- Becoming a sustainable and net zero city; and
- Wellbeing and Equalities

The Business Plan describes the approach the Council will take to deliver its priorities in the form of 15 outcomes with actions. This plan stands as one part of a golden thread linking and guiding operations, through to the shared goals and commitments of the Edinburgh Partnership and towards the long term ambitions for Edinburgh to be a fair, welcoming, pioneering, and thriving City, as outlined in the 2050 Edinburgh City Vision.

The Business Plan addressed the Accounts Commission's Best Value Report recommendations on aligning the Council's strategic direction.

Decision making structures

Political Governance Arrangements

The Council operates an executive committee structure (see figure 1.1). This consists of six executive committees which are responsible for policy and financial decision making and scrutiny within their designated areas of responsibility. These committees are Policy and Sustainability; Culture and Communities; Education, Children and Families; Finance and Resources; Housing, Homelessness and Fair Work; and Transport and Environment.

The Governance, Risk and Best Value Committee seeks assurance over the adequacy of governance and risk management frameworks and the internal control environment. It also scrutinises the Council's financial and non-financial performance, approves and monitors progress against the internal audit risk-based plan, and monitors performance of the internal audit service.

The Council also operates a range of other committees, some of which are quasi-judicial such as the Development Management Sub-Committee and the Licensing Sub-Committee, to consider individual applications.

ANNUAL GOVERNANCE STATEMENT

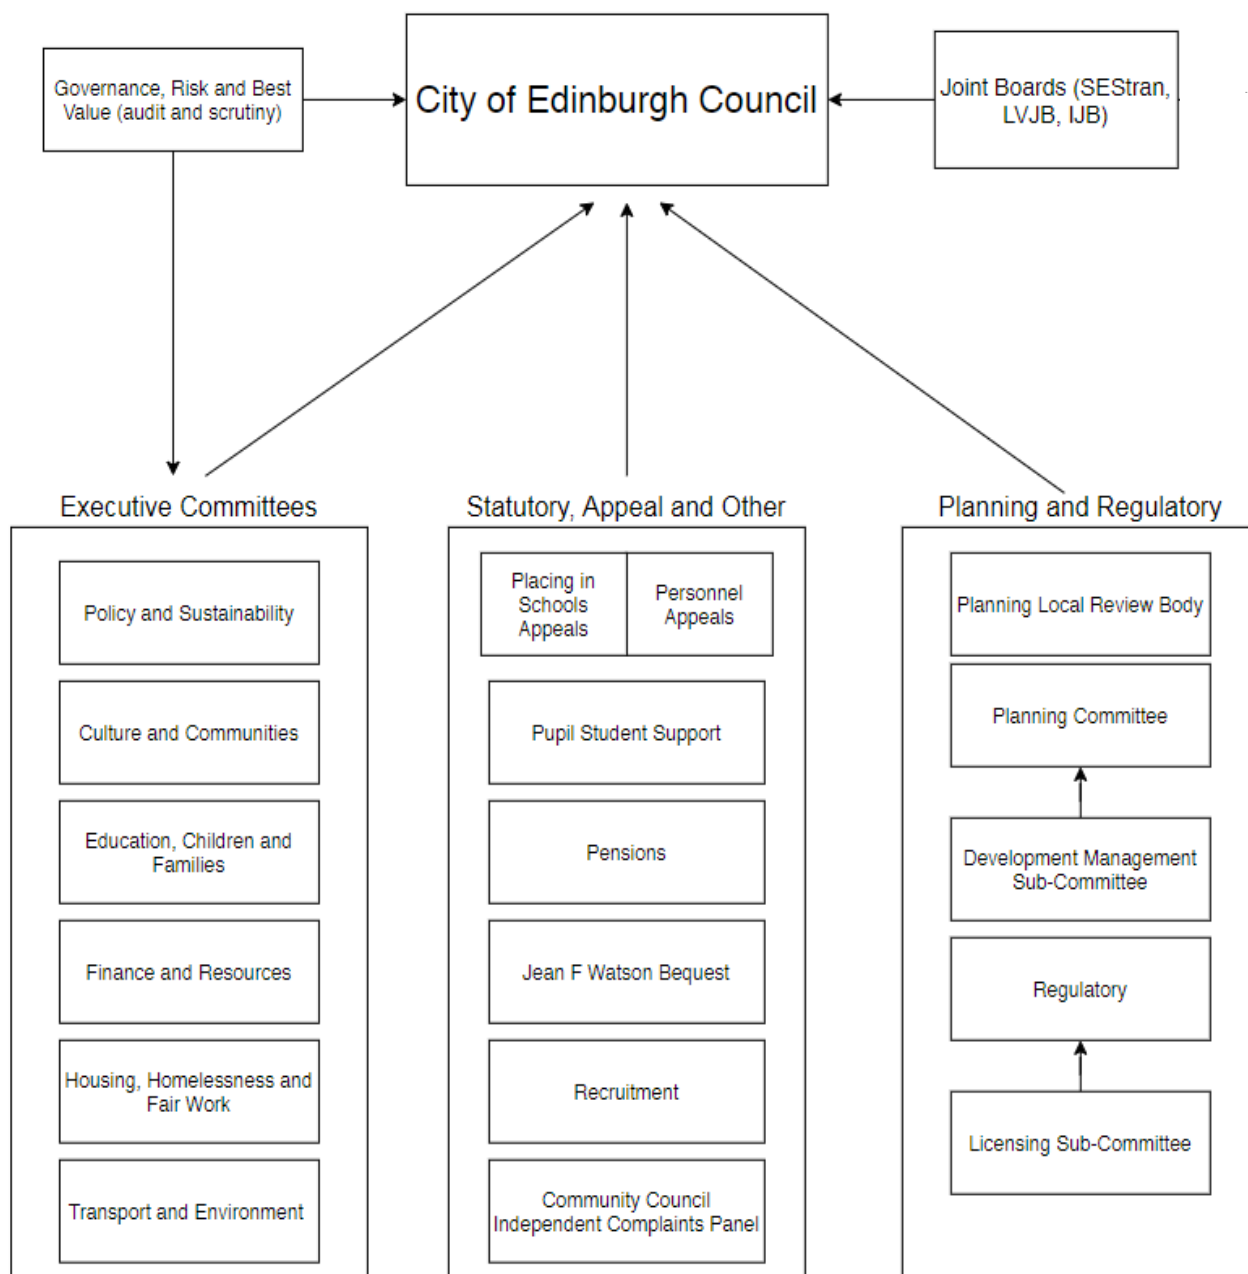

Figure 1.1 Executive Committee Structure

Political Decision Making in Covid-19

The impact of Covid-19 on political decision making in 2021-22 has been minimal. All meetings were re-established, and virtual and hybrid meeting arrangements were put in place to allow meetings to carry on as close to normal as possible. Interim Standing Orders were agreed which took account of the additional pressures that virtual only meetings put on members and attendees of committees.

Officer Decision Making

The Corporate Leadership Team (CLT) meets weekly, led by the Chief Executive, and includes all executive directors and key statutory officers including the Section 95 Officer, Monitoring Officer and Chief Social Work Officer.

CLT is supported by a range of groups covering key matters such as risk, health and safety and programme management. There is a robust health and safety reporting structure which includes directorate health and safety groups, a quarterly Council health and safety group and a quarterly consultative forum involving the trade unions. Health and safety working groups are in place for key life safety issues including: fire; water safety; and, asbestos. All directorates have risk and assurance committee meetings at least quarterly and ensure escalation of risks. The CLT also has a specific risk committee meeting which reviews the corporate risk register on a quarterly basis.

ANNUAL GOVERNANCE STATEMENT

Officer Decision Making

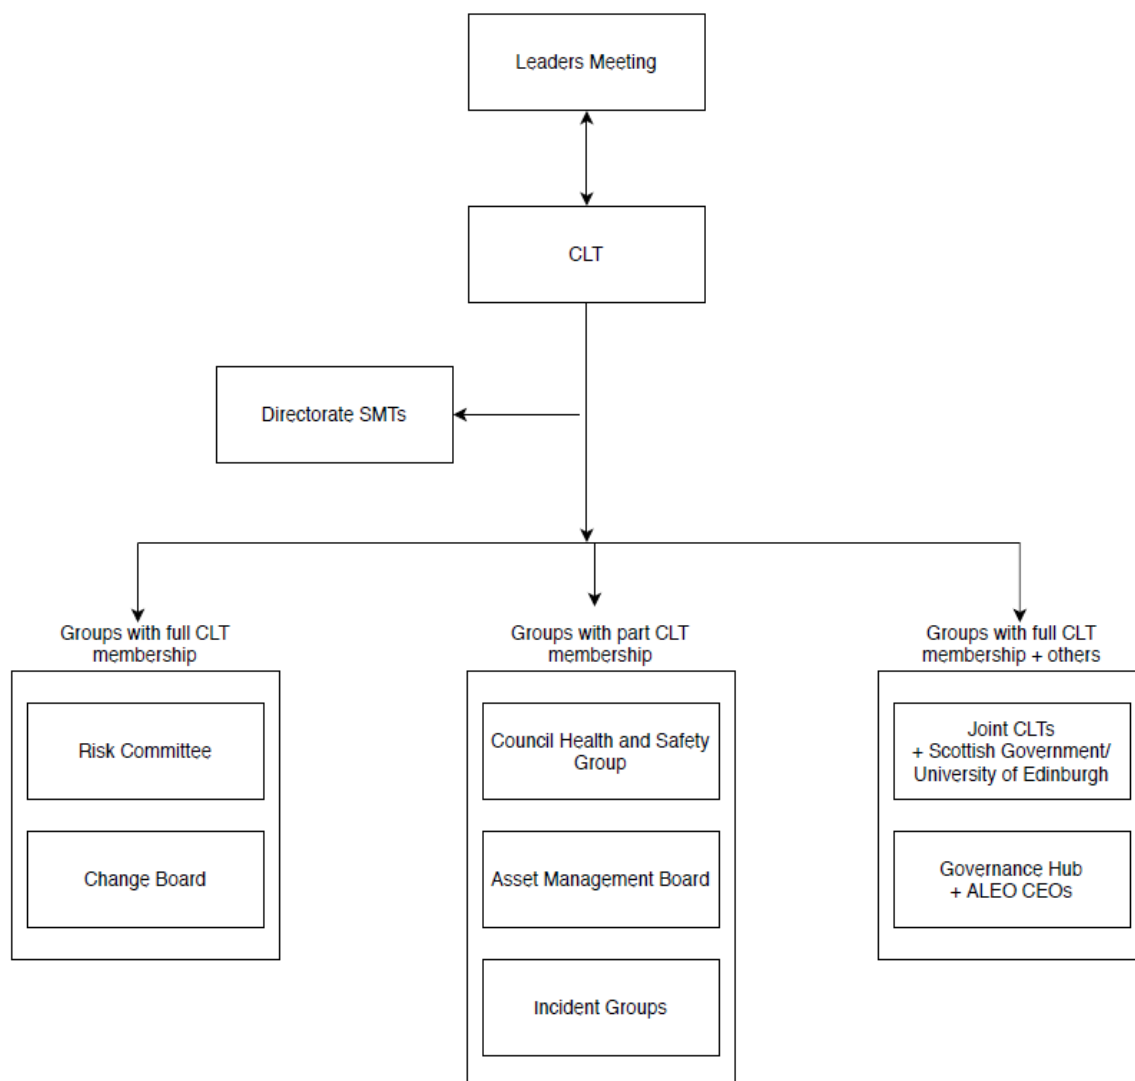

Figure 1.2 - CLT and Senior Management Team (SMTs) Structure

A key area of governance for the Council is its involvement in national, regional and city wide bodies. The Chief Executive and members of CLT represent the Council on a number of groups. Examples of these include SOLACE, Scottish Government Directors, City Deal Executive, Edinburgh Guarantee and Edinburgh Chamber of Commerce Council. Partnership working has increased during the pandemic, building on strong relationships and the need to work together to provide holistic solutions for the City and its region.

Arm's Length External Organisations (ALEOs) reporting in terms of the Annual Governance Statement is reported through assurance schedules being submitted to their relevant directorate. The Executive Director then determines whether they feel it is appropriate for any issues highlighted to be included in their assurance schedules and reported in the Annual Governance Statement.

Covid-19 Officer Decision Making

Decision making during the Covid-19 pandemic has varied depending on the current impact on Council services. As a result, the frequency of meetings varied during 2021-22, until March 2022 when Covid arrangements were reduced to a minimum. The Council's incident management team continues to meet weekly but the impact of Covid-19 on Council services has reduced to a manageable level although the impact on staff absences and the residual impact on some services remains and requires to be closely monitored.

ANNUAL GOVERNANCE STATEMENT

Covid-19 Officer Decision Making

The groups below were all established to respond to, or assisted with dealing with, Covid-19:

- Council Incident Management Team (CIMT), chaired by the Chief Executive
- Directorate Incident Management Teams, with escalation to CIMT
- Specialist Incident Management Teams:
 - Health and Social Care Command, chaired by Edinburgh Health and Social Care Partnership (EHSCP) Head of Operations
 - Personal Protective Equipment (PPE), chaired by the Chief Procurement Officer
 - Shielding, chaired by the Executive Director of Resources
 - Vulnerable and Volunteering, chaired by the Executive Director of Communities and Families
- Cross-Council Risk Forum, convened and chaired by the Head of Legal and Assurance
- Weekly meetings with the Trade Unions, including on specialist subjects such as PPE

The CIMT and directorate IMTs have provided a clear, easy to understand and effective governance structure for organising services during the emergency. They have met frequently during the pandemic, operating flexibly to ensure the Council could react rapidly to any arising issues.

The three guiding principles that were set out at the beginning of the response have been the framework for every decision taken:

- to protect the most vulnerable in our city;
- to minimise the risks to our colleagues; and
- to continue to provide services in challenging circumstances.

The Chief Executive established measures to ensure that decision making was as transparent as possible and that critical decisions were taken only by officers where absolutely necessary. The following principles were applied:

- The Chief Executive would be the only officer to take decisions in response to the Covid-19 emergency using powers outlined in the Scheme of Delegation to Officers;
- The Chief Executive would consult on all these decisions with the Leader and Depute Leader;
- Decisions would be considered and discussed at the Council's Incident Management Team;
- If possible, Executive Directors would discuss matters at their directorate incident management teams before escalating to the CIMT;
- Decisions would only be taken by the Chief Executive where urgent and where they could not be considered in good time by the Leadership Advisory Panel;
- Decisions would be reported to the Leadership Advisory Panel for information; and
- When making decisions, the potential risk and impact of those decisions, whether existing controls are effective and what new measures or controls may be required should be considered. This process should be as efficient and streamlined as possible.

The Council has reduced both the number and frequency of its Covid-19 meetings from the peak in 2020-21, but the Council's Incident Management Team continues to meet weekly and other meetings have been stood back up depending on the changing situation of the pandemic.

In May 2020 the Council, recognising the significant long term impact and challenges caused by the pandemic, commenced a programme of work titled Adaptation and Renewal, focussed on post-Covid new ways of working. It aimed to set a clear long term vision, feeding into the business plan, on how the City would recover while retaining the flexibility to adapt to the changing public health situation.

Its five work programmes were as follows:

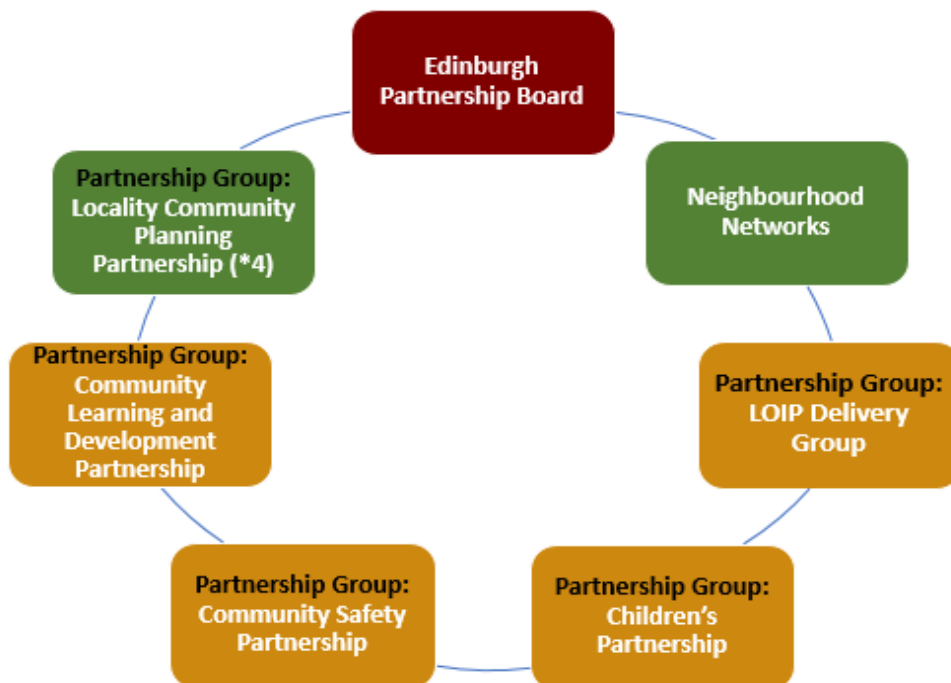

- **Public Health Advisory Board** - This board brought together NHS Lothian and the Edinburgh Health and Social Care Partnership (EHSCP) to ensure the effective communication and implementation of national advice concerning public health.
- **Service Operations** – To consider how to reintroduce services and adapt to new ways of working.
- **Change, People and Finance** – To evolve the Council's current Change Strategy and financial framework and the impact of the pandemic on our workforce, our digital strategy and governance arrangements.
- **Sustainable Economic Recovery** – To work closely with the Scottish and UK Governments, the business community and the third sector, to respond to the challenging economic circumstances facing the city and the nation.
- **Life Chances** - To consider the provision of education and to ensure the Council is supporting people who are vulnerable or need support because of the impact of Covid-19.

The programme, alongside urgent decisions taken on the pandemic were reported to the Policy and Sustainability Committee until the programme was closed at the end of 2021 and in February 2022 reporting on the programme outcomes and the Covid-19 position concluded.

ANNUAL GOVERNANCE STATEMENT

Partnership Working

The Council plays an important role in the Edinburgh Partnership, the Community Planning Partnership in Edinburgh, and its new community planning structure. The new framework agreed by the Edinburgh Partnership comprises a Board, four city wide partnerships, four locality partnerships and thirteen neighbourhood networks. The new arrangements are designed to support a different way of working and to support the delivery of the Partnership's priorities for the city as set out in the new community plan. The plan focuses on reducing poverty and inequality in the city through making sure people have enough money to live on; access to work, learning and training opportunities; and have a good place to live.

The Council, NHS Lothian and the Edinburgh Integration Joint Board (EIJB) work closely together to work towards a more caring, healthier and safer Edinburgh. The responsibility for the budget sits with the Chief Officer of the EIJB however the Council and NHS Lothian play a key role in supporting the processes in place to ensure sound financial management and budget control.

Internal Controls

A significant part of the governance framework is the system of internal controls in place to ensure that risks are being identified and managed effectively. The Council has adopted a local Corporate Governance Code (CGC). The CGC is based on the Chartered Institute of Public Finance and Accountancy (CIPFA) and Society of Local Authority Chief Executives and Senior Managers (SOLACE) model framework Delivering Good Governance in Local Government. The CGC outlines how the Council embeds good governance throughout the organisation and is available on the Council's website.

Review of Effectiveness

An assurance statement on the effectiveness of the system of internal controls has been provided and was informed by:

- the work of the Corporate Leadership Team which develops and maintains the governance environment;
- the certified annual assurance statements provided by all Executive Directors;
- the certified assurance statements provided by the Chief Executives and Directors of Finance of the Council's group companies;
- council officers' management activities;
- the Head of Internal Audit and Risk's annual report and internal audit reports, risk-based, across a range of Council services;
- reports from the Council's external auditor; and
- reports by external, statutory inspection agencies.

The Accounts Commission in November 2020 published their Best Value Assurance report into the City of Edinburgh Council. The report highlighted a number of key achievements and areas for the Council to improve since the 2016 Best Value Audit and reflects on this as mixed progress.

ANNUAL GOVERNANCE STATEMENT

Review of Effectiveness - continued

Best Value and Strategy and Vision

The key achievements outlined in the Best Value Assurance report include:

- The Council's ambitious plans for the City specifically, referencing the Council's Sustainability Programme, approach to tackling poverty, major housing and community regeneration projects in Fountainbridge, Meadowbank and at Granton Waterfront; retail, hospitality and cultural developments, such as the St James Quarter; and extending the tram network;
- The Council's long track record of maintaining revenue expenditure within budget;
- Aspects of leadership and service performance. Specifically, referencing improved performance across many of KPIs – schools and education, waste and cleansing and time taken to process benefit and grant claims;
- Improvements in asset management, procurement and risk management.

The Best Value Assurance report also notes areas where further progress is required:

- To align better strategic priorities;
- The implementation of effective community planning governance arrangements, the pace of change within the Community Planning Partnership and community empowerment;
- The Council's approach to self-assessment, continuous improvement and public performance reporting; and
- Long-term financial planning and workforce planning.

The Chief Executive put into place an improvement plan for all the areas of improvement outlined in the Best Value Assurance report. As outlined above, the Business Plan has been created to ensure strategic priorities are aligned to a set of key priorities. Changes have been made to ensure the Council is working to the business plan, including senior management structural changes and work will continue to align work streams and governance with the Business Plan and the priorities within.

As outlined earlier the Best Value report highlighted that the Council and its partners had not established effective community planning governance arrangements. The report acknowledged that it was too early to conclude if the review undertaken in 2019 would effectively support the Partnership to deliver the Local Outcome Improvement Plan (LOIP). There was further commentary on the Partnership not delivering effective Local Improvement Plans. The Edinburgh Partnership has considered the recommendations outlined in the Best Value report and has agreed a series of actions to address the concerns, with a number of these being led by the Council. This includes a partnership plan to deliver the 20 minute neighbourhood model, strengthening the resourcing and capacity to support neighbourhood networks and developing a framework for collaboration with the Edinburgh Association of Community Councils and Community Councils themselves.

A new integrated planning and performance framework was approved in June 2021. This aims to ensure that the Council's priorities and outcomes as established by the Business Plan are translated into clear actions and performance measures which are monitored, actioned and delivered. The framework aims to create a culture of robust performance management and continuous improvement. The approach embeds a "golden thread" among the Business Plan, annual directorate and divisional plans and colleague annual performance conversations. Performance scorecards and trend dashboards will also be aligned to plans and monitored regularly. A Council performance report would be considered at the Policy and Sustainability Committee every four months and the public performance reporting information would also be improved.

The Council agreed a new People Strategy in April 2021, supporting the new Business Plan and aligned to the key priorities. The Plan sets out what employees should expect from the Council as their employer and what the Council expects from its workforce. The Plan has three strategic themes:

- Living our behaviours;
- Maximising our capacity and performance; and
- Enhancing our colleague experience.

The People Strategy should also be cross-referenced with the Strategic Workforce Plan 2021-2024 which sets out how the Council addresses the gaps between its current workforce and the future workforce needed to meet the priorities of the Business Plan.

ANNUAL GOVERNANCE STATEMENT

Review of Effectiveness - continued

Decision Making

During Covid remote meetings were established to allow for the committee system to operate whilst physical distancing rules were in place. In 2021-22, as the rules surrounding physical distancing relaxed, hybrid meetings were trialed to allow for physical meetings to resume but keeping the added benefits of flexibility by allowing some members and officers to join remotely. These meetings were successful and, although meetings have continued to take longer than pre-Covid, the system has run effectively, with meetings continuing to be webcast and available to the public in the archive. To reduce the impact on staff and elected members, changes were made to Standing Orders to manage the time taken at committee whilst still ensuring that effective scrutiny could take place. Hybrid meetings are set to continue in a post Covid environment and Standing Orders will be reviewed in 2022 to determine whether the changes implemented during the pandemic should continue.

It should be noted that although meetings were able to take place successfully during the pandemic, the meetings were longer and relations between members declined during this period.

The Council undertook an audit, carried out externally, into the effectiveness of its Governance, Risk and Best Value Committee. A number of weaknesses were found, and these findings will be built into the review of the Council's political management arrangements for the new Council following the local government elections. Councillors from the committee and across the Council embraced the audit and saw it as a real opportunity to look at the strengths and weaknesses of its scrutiny and improve the committee structure.

Self-evaluation workshops were carried out for all the executive committees and the Governance, Risk and Best Value Committee. This was a recommendation from the Governance, Risk and Best Value Committee audit. The workshops considered the terms of reference for their committee, the balance of reporting, time spent at committee, the membership of the committee and training. The findings of each workshop were considered by the respective committees and these findings would go into the consideration of the political management arrangements following the elections. The workshops were a useful exercise and, although each workshop differed in its value, they allowed an opportunity for elected members to reflect and discuss the committee system and how it operated. Further feedback was also taken from a survey of members and exit interviews with those councillors standing down at the election.

Elected member training has been reviewed and induction training took place in May and June 2022. This was extensive training from a wide range of subjects that prioritised what was needed to ensure elected members were ready to take decisions at committee. Further training is being provided throughout the autumn and winter with the intention that there will be regular training slots to delve deeper into subjects such as equality duties and corporate parenting.

The Council has extensive governance at officer level to support operational decision making. The current system has evolved through custom and practice and can be sometimes be unwieldy and difficult to navigate. Although it can be resource intensive, it does ensure that there is sufficient oversight of major decisions. However, improvements could be made to ensure there is a structure in place that is more efficient and better encourages cross-directorate working. Work has been undertaken in the early and middle of 2022 to prepare for Council following the Council elections. This has included preparing for how a new programme of work could be supported, a revised business plan, a medium term financial plan and new political management arrangements. Work was commenced earlier than usual so as to allow this work to inform discussions between groups following the election.

Internal Controls

The Internal Audit team operates in accordance with CIPFA's Code of Practice for Internal Audit and the Public Sector Internal Audit Standards (PSIAS). The team undertakes an annual work programme based on an agreed audit strategy and formal assessments of risk that are reviewed regularly. During the year, the Head of Internal Audit and Risk reported to the Service Director: Legal and Assurance but had free access to the Chief Executive, all Executive Directors and Elected Members along with direct reporting to the Governance, Risk and Best Value Committee.

Each Executive Director has reviewed the arrangements in their directorate and reported on their assessment of the effectiveness of control arrangements, together with any potential areas requiring improvement, to the Chief Executive. Where improvement actions are identified, an action plan will be developed and will be subject to regular monitoring. In reviewing the overall governance framework, the Council has also considered relevant third-party reviews and recommendations. Assurance has also been taken from each organisation's most recent audited accounts, together with the Council's detailed knowledge of these organisations as a consequence of their continued involvement.

Each directorate's assurance schedule is scrutinised by the Governance, Risk and Best Value Committee.

The Council carries out a review each year of the Corporate Governance Code which is then scrutinised by the Governance, Risk and Best Value Committee (the review for the 2021/22 year is available [here](#)). The Corporate Governance Code outlines the Council's internal controls and is aligned with the questions in the annual assurance schedules that are issued to directorates. In addition to the Code a self-assessment is carried out which scores the design of the controls in place. The aim is to provide a subjective picture of the quality of the design of controls which can then inform the full picture when looking at whether directorates have implemented the relevant controls. There is also a benefit of senior officers discussing, reflecting and rating the Council's controls.

ANNUAL GOVERNANCE STATEMENT

Review of Effectiveness - continued

The Head of Internal Audit and Risk highlighted in her 2020/21 annual opinion that the weaknesses identified in internal audit reports were, in part, attributable to and/or exacerbated by a lack of capacity and skills to support effective governance; risk management; control; and assurance activities within first line divisions and directorates. The Chief Executive and Executive Directors acknowledged that additional resource was necessary to strengthen the Council in these areas and gave a commitment to add additional resource to address the situation. These weaknesses were recognised by directorates in their annual assurance returns. In response a first line governance and assurance model has been implemented on a permanent basis across the Council. The objective of the new model is to address the concerns highlighted in both current and recent Internal Audit annual opinions in relation to lack of capacity and skills within first line divisions and directorates to ensure that key controls; governance; and risk management processes are consistently and effectively applied, by increasing first line capacity, and first and second line assurance across these areas. Recruitment of staff to these areas has taken considerable time and as a result the full framework required to support the governance and assurance model has not yet been completed. Directorates have increased support in their areas which has brought an immediate improvement, in particular in the completion of audit actions, and these have contributed to the improvement in the overall audit opinion for the year ending 31 March 2022 to an amber status. However, it will be in 2022/23 when the framework will be implemented and a full analysis can begin on its impact.

The Council had asked Susanne Tanner QC supported by the legal firm Pinsent Masons to conduct an independent review into the Council's whistleblowing and organisational culture. The review findings were considered by the Council in December 2021 with a report in February 2022 from the Chief Executive setting out how the recommendations in the review would be taken forward. There are a number of significant recommendations which cover a lot of key areas in the Council. Implementing these recommendations will take time, for example there are a number of HR policies that require to be reviewed in light of the Review and this will take approximately 18-24 months to complete. As a result, no comment on the success of the implementation plan is made in this year's statement.

The Council's whistleblowing arrangements continue to operate with oversight from an independent external service provider with the autonomy to decide who investigates the concerns raised. The Governance, Risk and Best Value Committee receives a quarterly update on whistleblowing and the whistleblowing policy is reviewed annually by committee. The whistleblowing policy is currently being reviewed and will take on board the recommendations of the Cultural Review. The Council's approach to investigations will also be changed through the recruitment of an investigatory team as recommended by the Tanner Review. This will replace the current practice of managers taking on an investigatory role and this will cover both whistleblowing and HR matters.

An audit has been undertaken in regard to the Council's management of fraud and serious organised crime which identified significant areas for improvement. Although there are policies in place, there is a need for these to be reviewed and updated. In addition, there is no corporate overarching framework that pulls the different strands and policies together. As yet there is no owner within the Council for this role and further work is necessary to devise an implementation plan to make the necessary improvements in this area.

External Audit had previously highlighted the importance of adhering to approved member-officer protocols in respect of sensitive information and the importance of all Councillors and senior officers having a clear understanding of their respective rights and responsibilities in relation to information held by the Council. A review of the Member/Officer protocol had commenced but completion of the revised document was delayed by Covid-19 and a subsequent delay pending the publication of the revised Councillors' Code of Conduct. Work has recommenced on the document and a revised protocol was considered and approved by the Council in August 2022. The delay to the agreement of this document has been significant but there is a benefit to the new protocol having been agreed by the new Council following the local government elections.

The Council agreed a new Consultation Policy in April 2021, recognising the need to strengthen community engagement but also introduce more robust controls to manage significant consultations. The policy strengthens the management and governance of consultation activity by introducing a sign off process to ensure oversight and challenge at an early stage. The policy has undertaken a review that was considered by the Policy and Sustainability Committee in Summer 2022. The policy and framework have provided additional support and guidance for Council officers when conducting a consultation. The framework also includes a self-assessment exercise and a Panel to consider significant consultations with an escalation to the Corporate Leadership Team for those consultations rated highest in the criteria. The review of the Policy found that the policy itself was understood widely by officers and the additional guidance and support was beneficial. The review did however note that there was often confusion between what constituted engagement and what was consultation, and that the standard 12 week consultation period was too inflexible for smaller consultations. The implementation of the Consultation Policy and framework has supported the improvement of consultations from the Council, it has provided consistency and guidance and raised the overall quality of Council consultations. The consultation advisory panel and the control and escalation aspect of the framework adds a layer of assurance and is a practical tool in improving the quality of consultations. Improvements following the review will make the policy and framework more agile and flexible, but caution should be exercised that the control elements of the framework are not diminished by the additional flexibility.

ANNUAL GOVERNANCE STATEMENT

Review of Effectiveness - continued

External Audit concluded in the Annual Accounts for 2020-21 that the governance arrangements at the Council were satisfactory and appropriate.

In compliance with standard accounting practice, the Section 95 Chief Financial Officer has provided the Chief Executive with a statement of the effectiveness of the Group's internal financial control system for the year ended 31 March 2022. It is the Chief Financial Officer's opinion that although a degree of assurance can be placed upon the adequacy and effectiveness of the Group's systems of internal financial control, further improvements, including some embedding of actions taken in response to previous recommendations, are still required.

2021/22 is the first full year of implementation of the requirements of the CIPFA Financial Management Code. The Code is designed to support good practice and assist councils in demonstrating their financial sustainability and resilience by setting out expected standards of financial management. The Chief Financial Officer's initial assessment highlighted a number of key improvements contributing positively to the Council's financial resilience and stability. However, there continues to be a need for additional savings proposals to be brought forward to maintain the Council's financial sustainability which will require increasingly difficult choices about the Council's priorities including consideration of service reductions. Finally, the Chief Financial Officer concluded that further improvements to the effectiveness of current service arrangements in demonstrating value for money were required.

The urgent need to initiate a structured medium to longer-term savings programme was highlighted in both the Council's Best Value Assurance Report and the external auditor's report for 2020/21. In recognising this urgency, a dedicated project lead has been appointed. Directorates have been requested to identify potential options, captured by means of a standard template detailing service and performance impacts, risks and dependencies, with reference to the priorities set out in the Council's business plan. Given the extent of the financial challenge, members will likely need to make increasingly difficult choices about the Council's priorities, including considering service reductions, across all service areas to maintain expenditure in line with available income.

The Head of Internal Audit and Risk's Annual Opinion for the year ended 31 March 2022 stated that whilst some control weaknesses were identified in the design and/or effectiveness of the control environment and/or governance and risk management frameworks, they provide reasonable assurance that risks are being managed and the Council's objectives should be achieved. The Head of Internal Audit and Risk noted that this reflected an improvement on the 2020/21 position which was a limited 'red' (significant improvement required opinion) based on 80% plan completion due to the ongoing impacts of Covid-19. The Head of Internal Audit and Risk also noted there was significant progress with implementation of agreed management actions to address the risks associated with IA findings raised during 2021/22, reflecting significant focus from management and the impact of two Internal Audit secondments into the Place Directorate and Health and Social Care Partnership, with the final (31 March 2022) position confirming that the proportion of overdue findings is at the lowest level across the last five years. Whilst there were no 'inadequate' IA reports issued during 2021/22 and the proportion and significance of IA findings raised has improved, these assurance outcomes highlight that the most significant challenges with the Council's control environment continue to be ensuring consistent and effective compliance with external regulations and policies across the Council and managing ongoing delivery of digital services.

Meeting the demands of new data protection legislation has led to significant increases in the volume of data protection work. The work necessary to deal with complex subject access requests has increased significantly reducing the number of staff working on Freedom of Information requests. This has resulted in several resource and operational challenges which have had a detrimental effect on related statutory obligations and associated timescales. Remedial plans continue to be maintained to reduce risks in this area and to ensure that statutory obligations are met.

Work is still outstanding on reviewing how the Council works with its ALEOs, in particular examining the shareholder agreements and Service Level Agreements in place to ensure a greater degree of consistency, alignment with key outcomes and clarity of relationship. The lack of an ALEO framework is a weakness that requires to be resolved and it is anticipated that specialist resource will be brought in to assist in this work in 2022/23.

Following concerns raised at committee, the Council began looking into its governance arrangements regarding the Trusts where it is sole trustee. In August 2021 a report was considered into the governance of trusts run by the Council and in particular Lauriston Castle Trust. The review into governance found that improvements were required both to the Council's governance arrangements surrounding trusts and to the governance of the trusts themselves. A further report will be presented to elected members in due course on implementing the recommendations of the review.

There are established, well exercised, resilience incident management processes and protocols in place to effectively plan for and respond to emergencies. The Council Resilience Group for example drives and monitors the Council Resilience Management Programme, reporting to CLT, with the flexibility to convene working groups as required, for example, for Brexit planning. In the event of an incident there is a flexible framework, including directorate and Council-wide levels, that can be stood up as required, reporting to CLT and the appropriate committee(s). The Council feeds into Scotland's resilience structures on a multi-agency basis, through the Lothian and Borders Local Resilience Partnership and East of Scotland Regional Resilience Partnership. The incident management used for Covid-19 is a good example of the effectiveness and agility of these structures.

ANNUAL GOVERNANCE STATEMENT

Review of Effectiveness - continued

The Council could improve its reporting and publication of integrated impact assessments (IIAs). There is a need for the Council to evidence how these IIAs are an integral part of decision making, reporting this to committee and this been scrutinised as part of the decision making process. There is a robust process in place, alongside guidance for officers in how and when IIAs should be carried out which supports officers in the completion and reporting of IIAs but there remains a gap in implementation.

A new enterprise risk management policy was agreed in November 2021. The policy sets out how risk management should be considered when making both strategic and operational decisions and delivering services; the Council's risk culture; the requirements for effective application of the operational risk management framework across Council services; risk management structures and responsibilities across the Three Lines model (including those of senior management); and ongoing risk management assurance arrangements. The policy is a robust policy and should support identification and realisation of the improvements and benefits associated with both planned and unexpected opportunities, whilst protecting the Council. However, the success of the policy will be determined by its implementation across Council directorates, and it is still too early in its application and embedding across the organisation to judge its success. The risk framework is supported by a service director, and on an interim basis, the Head of Health and Safety has taken on the management of the risk team. There are two FTEs supporting the framework and enabling managers to take responsibility to ensure the consideration of risk is an integral part of their day-to-day business.

The Council has adapted how it works on some of its key priorities enabling it to work flexibly with its partners with a view to achieving its ambitious objectives. An example of this is the Poverty Commission where the Council has worked with a newly created independent body and chair and agreed that recommendations proposed by the Commission will be used to inform future Council policies and actions to prevent, reduce, and mitigate poverty in Edinburgh. A further example is the governance arrangements that have been set up to support the Climate Strategy and involve partners across the city. A silo Council approach for example would not deliver the necessary change to realise the Strategy's objectives and the approach taken ensures leadership comes from different organisations and that city-wide solutions can be explored. The flexible governance approach taken in these two examples has allowed the Council to be informed by external experts from across a range of sectors with the aim of achieving better outcomes, work closely with partners to explore city wide solutions while respecting the separate decision making processes for each organisation.

Partnership working strengthened considerably over the pandemic and while engagement with local communities has been more challenging, there has been progress in how the Council works with communities. The Council, though, is aware of the need to improve constantly how it empowers communities and is reviewing its locality arrangements to see how it can best support this work.

The status of the previous year's actions is outlined below. Where actions are incomplete, they will be rolled forward and their progress will be monitored alongside the new actions.

	Governance Issue	Responsible Party	Status
1	To review, design and implement an officer governance structure for the Council aligned to the Council Business Plan.	Head of Democracy, Governance and Resilience	Work was commenced and paused until the political management arrangements were confirmed.
2	To review and propose a revised Scheme of Delegation to take into account senior management restructures.	Head of Democracy, Governance and Resilience	Completed
3	To create a revised planning and performance framework linked to the Business Plan	Head of Strategic Change and Delivery	Completed
4	To report on the progress with the first year's Implementation of the new Equality and Diversity Framework 2021-2025	Chief Executive	Moved to the statutory review period of two years
5	Review of the governance arrangements regarding the Council's trusts	Executive Director of Resources	Review has been completed but implementation of review has not yet been confirmed
6	Initiate development of a cross-Council savings programme, aligned to the priorities set out within the Business Plan, to address significant estimated funding gaps in 2023/24 and subsequent years	Service Director - Finance and Procurement and Head of Strategic Change and Delivery	Relevant work is underway.

ANNUAL GOVERNANCE STATEMENT

	Governance Issue	Responsible Party	Reporting Date
7	Review of the Council's service level agreements and shareholder agreements with its ALEOs	Executive Director of Resources	Delayed until resource can be identified
8	Review of the political management arrangements of the Council	Chief Executive	This is targeted for December 2022

Following the review of effectiveness and the assurance statements from directorates and ALEOs, the following actions have been identified to improve the Council's governance arrangements:

	Action	Action Owner	Action Deadline
1	Implementation of the Risk Framework	Service Director: Legal and Assurance	April 2023
2	Roll out of governance and assurance framework	Service Director: Legal and Assurance	Designed by October 2022 and implemented by March 2023
3	Agreement of the Member/Officer protocol	Service Director: Legal and Assurance	October 2022
4	Review of the Scheme of Delegation to Officers	Service Director: Legal and	October 2022
5	Review of Political Management Arrangements	Service Director: Legal and Assurance	December 2022
6	Implementation of the recommendations from the Tanner Review	Chief Executive, Service Director; Human Resources and Service Director: Legal and Assurance	Various
7	Implementation of Corporate ALEO framework	Service Director: Legal and Assurance	April 2023
8	Implementation of the review into governance of Trusts	Service Director: Legal and Assurance	April 2023
9	Development of a medium-term financial plan	Executive Director of Corporate Services	February 2023

Conclusion

In conclusion, the Council's governance and control framework provides a satisfactory level of assurance. The Council understands its areas for improvement and there are robust arrangements to deal with issues when they do arise. Improvements are needed in certain areas to ensure that the Council's controls are implemented and embedded fully and in particular capacity issues in services have to be overcome. There has though been a strong commitment shown by the Chief Executive and Executive Directors in providing additional resource to address these weaknesses. Covid-19 continued to put a considerable strain on services, but the Council has put in place strong processes to manage these pressures and managed to resume services based on priority. However, the Council must continue to be ambitious and committed to improving its governance, as budgetary and resource pressures increase, to ensure that it continues to operate effectively.

Certification

It is our opinion that, in light of the foregoing, assurance can be placed upon the adequacy and effectiveness of City of Edinburgh Council and its Group's systems of governance. The annual review demonstrates sufficient evidence that the Code is operated effectively, and the Council and its Group comply with the Local Code of Corporate Governance in all significant respects.

ANDREW KERR

REMUNERATION REPORT

The Council is required under statute to provide information on the remuneration of each senior officer and each senior elected member, together with any other officer not otherwise included whose remuneration was over £150,000 during the year covered by these accounts. In addition, the Council is required to provide information for the most senior employee within each of its subsidiary companies, together with all other employees whose remuneration exceeds £150,000 in that year.

The information disclosed in the tables Remuneration Paid and Members' Salaries and Expenses on pages 132 to 134, Number of Employees by Pay Band and Exit Packages on page 135 and Pension Rights on pages 136 to 139 in this remuneration report will be audited by Azets. The other sections of the remuneration report will be reviewed by Azets to ensure that they are consistent with the Financial Statements.

Remuneration Arrangements Councillors

The remuneration of Councillors is regulated by the Local Governance (Scotland) Act 2004 (Remuneration) Regulations 2007 (SSI No. 2007/183) as amended by the Local Governance (Scotland) Act 2004 (Remuneration and Severance Payments) Amendment Regulations 2017. The Regulations provide for the grading of councillors for the purposes of remuneration arrangements, as either the Leader of the Council, the Civic Head (the Lord Provost), senior councillors or councillors. The Leader of the Council and the Civic Head cannot be the same person for the purposes of payment of remuneration. A senior councillor is a councillor who holds a significant position of responsibility in the Council's political management structure.

When determining the level of Councillors' remuneration, Scottish Ministers consider the recommendations of the Scottish Local Authority Remuneration Committee (SLARC). SLARC's recommendations were first implemented for councillors elected in the local government elections in May 2007. SLARC was stood down as a committee in February 2013, but the principles of its work continue. In 2022, SLARC was reconstituted to undertake a review on Councillors' remuneration.

The salary that is to be paid to the Leader of the Council is set out in the Regulations. For 2021/22, the remuneration for the Leader of the City of Edinburgh Council was £55,817. The Regulations permit the Council to remunerate one Civic Head. The Regulations set out the maximum remuneration that may be paid to the Civic Head (the Lord Provost). For 2021/22 this was £41,862. The Council's policy is to pay the Lord Provost at the national maximum.

The Regulations also set out the remuneration that may be paid to Senior Councillors and the total number of Senior Councillors the Council may have (24 for the City of Edinburgh Council). The maximum yearly amount that may be paid to a Senior Councillor is 75% of the total yearly amount payable to the Leader of the Council. The total yearly amount payable by the Council for remuneration of all Senior Councillors shall not exceed £725,601. The Council is able to exercise local flexibility in the determination of the precise number of Senior Councillors and their remuneration within these maximum limits. The Council's current policy is summarised below:

	No. of Posts	% of amount payable to Leader of the Council
Depute Leader of the Council	1	75%
Depute Convener	1	50%
Conveners of Culture and Communities, Housing, Homelessness and Fair Work, Education, Children and Families, Finance and Resources, Planning, Regulatory, Transport and Environment, Licensing Board and Integration Joint Board Committees	9	62.5%
Convener of Governance, Risk and Best Value	1	50%
Vice-Conveners of Culture and Communities, Housing, Homelessness and Fair Work, Education, Children and Families, Finance and Resources, Planning, Regulatory and Transport and Environment Committees	7	50%
Opposition Group Leaders - Conservative, Green and Liberal Democrat Groups	3	50%

In addition, the Council has an arrangement with the Joint Boards to reimburse the Council for any additional costs for councillors that arise from their being a Convener or Vice Convener of the Joint Boards.

REMUNERATION REPORT

Remuneration Paid

The following tables provide details of the remuneration paid to the Council's Senior Councillors, Senior Employees and the remuneration paid to the Chief Executive (or the most senior manager of that body) of each of the Council's subsidiary bodies. Where a Councillor has held more than one post during the year, he/she is only included once within the following table. Salary, fees and allowances represents the total amount received during the year, where the individual was a Senior Councillor for part or all of the year.

	Salary, Fees and Allowances £	Taxable Expenses £	Non-Cash Expenses / Benefits- -in-kind £	Total Remun. 2021/22 £	Total Remun. 2020/21 £
Council's Leader, Civic Head and Senior Councillors

Notes:

1. The City of Edinburgh Council meeting held on 25 August 2020, it was agreed that Cllr. A. Rankin would continue to receive the Special Responsibility Allowance whilst on a leave of absence. This leave of absence payment continued until 24 June 2021.
2. Cllr. E. Bird was appointed as Vice-Convener of Education, Children and Families Committee on 28 January 2022 with the accompanying Senior Responsibility Allowance. The Remuneration paid in 21/22 does not include the increased allowance, a back dated payment of £1,301 was however made in April 2022.
3. The amount recharged to Lothian Valuation Joint Board in 2021/22 was £4,676.82 (2020/21 £4,488.40). Expenses relate to Councillor role.
3. For Councillors whose Senior role has covered part-year, the Salary, Fees and Allowances disclosed relates to the full year remuneration, not just the current appointment.

Members' Salaries and Expenses

The Council paid the following amounts to members of the Council during the year (these sums include the totals shown above):

	2021/22 £	2020/21 £
Salaries	1,503,070	1,455,259
Expenses		
<i>Claimed by councillors</i>	72	0
<i>Paid directly by the Council</i>	12,301	13,286
Total	<u>1,515,443</u>	<u>1,468,544</u>

REMUNERATION REPORT

Pension Rights

Pension benefits for councillors and local government employees are provided through the Local Government Pension Scheme (LGPS).

Councillors' pension benefits are based on career average pay. For Pre April 2015 benefits, the councillor's pay for each year or part year ending 31 March (other than the pay in the final year commencing 1 April) is increased by the increase in the cost of living, as measured by the appropriate index (or indices) between the end of that year and the last day of the month in which their membership of the scheme ends. The total revalued pay is then divided by the period of membership to calculate the career average pay. This is the value used to calculate the pension benefits. The Post April 2015 benefits are calculated in the same way as Local Government employees.

For local government employees the Local Government Pension Scheme (LGPS) became a career average pay scheme on 1 April 2015. Benefits built up to 31 March 2015 are protected and based on final salary. Accrued benefits from 1 April 2015 will be based on career average salary.

The scheme's normal retirement age for both councillors and employees is linked to the state pension age (but with a minimum of age 65).

From 1 April 2009 a five tier contribution system was introduced with contributions from scheme members being based on how much pay falls into each tier. This is designed to give more equality between the cost and benefits of scheme membership. Prior to 2009 contributions rates were set at 6% for all non-manual employees.

The tiers and members' contribution rates for 2021/22 were as follows:

Whole Time Pay	Contribution rate
On earnings up to and including £22,300 (2020/21 £22,200)	5.50%
On earnings above £22,301 and up to £27,300 (2020/21 £22,201 to £27,100)	7.25%
On earnings above £27,301 and up to £37,400 (2020/21 £27,101 to £37,200)	8.50%
On earnings above £37,401 and up to £49,900 (2020/21 £37,201 to £49,600)	9.50%
On earnings above £49,901 (2020/21 £49,601)	12.00%

From April 2015, when allocating contribution rates to members, pensionable pay means the actual pensionable pay, regardless of hours worked.

There is no automatic entitlement to a lump sum for members who joined the scheme post April 2009. Members may opt to give up (commute) pension for lump sum or bigger lump sum up to the limit set by the Finance Act 2004.

The value of the accrued benefits has been calculated on the basis of the age at which the person will first become entitled to receive a pension on retirement without reduction on account of its payment at that age; without exercising any option to commute pension entitlement into a lump sum; and without any adjustment for the effects of future inflation - assuming that the person left the related employment or service as at 31st March in the year to which the value relates.

The pension figures shown relate to the benefits that the person has accrued as consequence of their total local government service, and not just their current appointment.

REMUNERATION REPORT

Pension Rights - continued

Council's Leader, Civic Head and Senior Councillors

The pension entitlements of senior councillors for the year to 31 March 2022 are shown in the table below, together with the contribution made by the Council to each senior councillor's pension during the year.

	In-year pension contribs.		Accrued Pension Benefits

			Lump Sum	0	0

All senior councillors shown in the above table are members of the Local Government Pension Scheme. Not all senior councillors are members of the Local Government Pension Scheme. The pension figures shown relate to the benefits that the person has accrued as a consequence of their total local government service, including any service with a Council subsidiary body, and not just their current position.

Senior Employees

The pension entitlements of senior employees for the year to 31 March 2022 are shown in the table below, together with the contribution made by the Council to each senior employee's pension during the year.

	In-year pension contribs.			Accrued Pension Benefits	
	For year to 31.03.2022 £	For year to 31.03.2021 £		As at 31.03.2022 £000	Difference from 31.03.2021 £000
A. Kerr, Chief Executive	n/a	n/a	Pension	9	0

H. Dunn, Service Director - Finance and Procurement	27,452	26,685	Pension	90	7
			Lump Sum	151	0
Total	144,220	134,773			

Notes:

1. J Proctor is employed by the City of Edinburgh Council and 50% of her salary costs are recharged to the EIJB and NHS Lothian. The above Pension figures show the full contributions but only 50% of these are relevant to the City of Edinburgh Council

REMUNERATION REPORT

Pension Rights - continued

Senior Employees - continued

Notes:

The pension figures shown for senior employees relate to the benefits that the person has accrued as consequence of their total local government / public service and not just their current appointment. Accrued pension benefits relate to the position as at 31 March 2022, or the date of leaving, if that is earlier. Employees contribute towards their pensions in accordance with the rates set out on page 134.

There are no accrued pension benefits included in the table above if the employee has been a member of the pension scheme for less than 2 years.

The in-year pension contributions include pension strain costs where applicable.

Council's Subsidiary Companies

The pension entitlements of senior employees within the Council's subsidiary bodies for the year to 31 March 2022 are shown below, together with the contribution made to each senior employee's pension during the year.

	In-year pension contribs.			Accrued Pension Benefits	
	For year to 31.03.2022 £	For year to 31.03.2021 £		As at 31.03.2022 £000	Difference from 31.03.2021 £000
<u>EICC</u>					
M. Dallas, Chief Executive	17,464	5,693	Pension	n/a	n/a
			Lump Sum	n/a	n/a
<u>Lothian Buses Ltd.</u>					
N. Serafini, Interim Managing Director	15,667	35,161	Pension	n/a	n/a
			Lump Sum	n/a	n/a
<u>Edinburgh Trams Ltd.</u>					
L. Harrison, Managing Director	16,256	19,971	Pension	n/a	n/a
			Lump Sum	n/a	n/a
<u>Capital City Partnership</u>					
R. Hunter, Chief Executive	16,341	14,904	Pension	19	3
			Lump Sum	15	2
Total	<u>65,728</u>	<u>75,729</u>			

EICC is a subsidiary company of CEC Holdings Limited. Figures shown for this company, Edinburgh Trams Ltd. and Lothian Buses Ltd. are for the years ended 31 December 2021 and 2020 respectively.

R. Hunter is the only current member of the Local Government Pension Scheme in the above table. The pension figures shown relate to the benefits that the person has accrued as a consequence of their total relevant service and not just their current appointment.

There are no accrued pension benefits included in the table above if the employee has been a member of the pension scheme for less than 2 years and/or if they are not members of the Local Government Pension Scheme

The in-year pension contributions include pension strain costs where applicable.

Trade Union (Facility Time Publication Requirements) Regulations 2017

The Council is required to report from 1 April 2017 a range of information on facility time made available to its employees who are trade union representatives.

For the reporting year 2021/22, the equivalent of 9.4 FTE (across 20 individuals) of paid facility time was made available, with an associated cost of £0.28m. This sum equates to 0.06% of the Council's overall paybill.

Of the total time made available, eight individuals spent 100% of time during the year on trade union-related activities, none between 51% and 99%, and the remaining twelve between 1% and 50%.

INDEPENDENT AUDITOR'S REPORT

Independent auditor's report to the members of City of Edinburgh Council and the Accounts Commission

Reporting on the audit of the financial statements

Opinion on financial statements

We certify that we have audited the financial statements in the annual accounts of City of Edinburgh Council and its group for the year ended 31 March 2022 under Part VII of the Local Government (Scotland) Act 1973. The financial statements comprise the group and council-only Movement in Reserves Statements, Comprehensive Income and Expenditure Statements, Balance Sheets, Cash Flow Statements, the council-only Housing Revenue Account Income and Expenditure Statement, the Movement on the Housing Revenue Account Statement, the Council Tax Income Account, and the Non-domestic Rates Income Account, the Common Good Fund Income and Expenditure Account and Balance Sheet, and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and UK adopted international accounting standards, as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2021/22 (the 2021/22 Code).

In our opinion the accompanying financial statements:

- give a true and fair view in accordance with applicable law and the 2021/22 Code of the state of affairs of the council and its group as at 31 March 2022 and of the income and expenditure of the council and its group for the year then ended;
- have been properly prepared in accordance with UK adopted international accounting standards, as interpreted and adapted by the 2021/22 Code; and
- have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973, The Local Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003.

Basis for opinion

We conducted our audit in accordance with applicable law and International Standards on Auditing (UK) (ISAs (UK)), as required by the [Code of Audit Practice](#) approved by the Accounts Commission for Scotland. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We were appointed by the Accounts Commission on 31 May 2016. The period of total uninterrupted appointment is 6 years. We are independent of the council and its group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Non-audit services prohibited by the Ethical Standard were not provided to the council. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern basis of accounting

We have concluded that the use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the ability of the council and its group to continue to adopt the going concern basis of accounting for a period of at least twelve months from when the financial statements are authorised for issue.

These conclusions are not intended to, nor do they, provide assurance on the current or future financial sustainability of the council and its group. However, we report on the council's arrangements for financial sustainability in a separate Annual Audit Report available from the [Audit Scotland website](#).

INDEPENDENT AUDITOR'S REPORT

Risks of material misstatement

We report in our Annual Audit Report the most significant assessed risks of material misstatement that we identified and our judgements thereon.

Responsibilities of the Service Director: Finance and Procurement and council for the financial statements

As explained more fully in the Statement of Responsibilities, the Service Director: Finance and Procurement is responsible for the preparation of financial statements that give a true and fair view in accordance with the financial reporting framework, and for such internal control as the Service Director: Finance and Procurement determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Service Director: Finance and Procurement is responsible for assessing the ability of the council and its group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless there is an intention to discontinue the operations of the council and its group.

The council is responsible for overseeing the financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities outlined above to detect material misstatements in respect of irregularities, including fraud. Procedures include:

- obtaining an understanding of the applicable legal and regulatory framework and how the council and its group is complying with that framework;
- identifying which laws and regulations are significant in the context of the council and its group;
- assessing the susceptibility of the financial statements to material misstatement, including how fraud might occur; and
- considering whether the audit team collectively has the appropriate competence and capabilities to identify or recognise non-compliance with laws and regulations.

The extent to which our procedures are capable of detecting irregularities, including fraud, is affected by the inherent difficulty in detecting irregularities, the effectiveness of the council's controls, and the nature, timing and extent of the audit procedures performed.

Irregularities that result from fraud are inherently more difficult to detect than irregularities that result from error as fraud may involve collusion, intentional omissions, misrepresentations, or the override of internal control. The capability of the audit to detect fraud and other irregularities depends on factors such as the skilfulness of the perpetrator, the frequency and extent of manipulation, the degree of collusion involved, the relative size of individual amounts manipulated, and the seniority of those individuals involved.

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Reporting on other requirements

Opinion prescribed by the Accounts Commission on the audited part of the Remuneration Report

We have audited the part of the Remuneration Report described as audited. In our opinion, the audited part of the Remuneration Report has been properly prepared in accordance with The Local Authority Accounts (Scotland) Regulations 2014.

INDEPENDENT AUDITOR'S REPORT

Other information

The Service Director: Finance and Procurement is responsible for other information in the annual accounts. The other information comprises the Management Commentary, Annual Governance Statement, Statement of Responsibilities and the unaudited part of the Remuneration Report.

Our responsibility is to read all the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon except on the Management Commentary and Annual Governance Statement to the extent explicitly stated in the following opinions prescribed by the Accounts Commission.

Opinions prescribed by the Accounts Commission on the Management Commentary and Annual Governance Statement

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Management Commentary for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with statutory guidance issued under the Local Government in Scotland Act 2003; and
- the information given in the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with the Delivering Good Governance in Local Government: Framework (2016).

Matters on which we are required to report by exception

We are required by the Accounts Commission to report to you if, in our opinion:

- adequate accounting records have not been kept; or
- the financial statements and the audited part of the Remuneration Report are not in agreement with the accounting records; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Conclusions on wider scope responsibilities

In addition to our responsibilities for the annual accounts, our conclusions on the wider scope responsibilities specified in the Code of Audit Practice, including those in respect of Best Value, are set out in our Annual Audit Report.

Use of our report

This report is made solely to the parties to whom it is addressed in accordance with Part VII of the Local Government (Scotland) Act 1973 and for no other purpose. In accordance with paragraph 120 of the Code of Audit Practice, we do not undertake to have responsibilities to members or officers, in their individual capacities, or to third parties.
