Notes that the continuation of the exemption for exempt related advertising displayed during the festival fringe would still allow pedestrian areas to be cluttered with advertising paraphernalia. Further notes that Overcrowding of pavements during summer festivals appears at item 11 on CLT risk register. Therefore, agrees to continue a decision on the exemption to investigate the possibilities of only allowing advertising in areas that are not footways or road ways that are designated for pedestrian use during the festival. This report be presented to this Committee on the 27<sup>th</sup> Feb detailing any contract implications.
