Report

Funding Third Sector Delivery Partners: Edinburgh World Heritage and Edinburgh and Lothians Greenspace Trust

2. Executive Summary

- 2.1 A report was presented to Committee in [May 2019](#) seeking approval to enter into three-year service level agreements with Edinburgh World Heritage (EWH) and Edinburgh and Lothians Greenspace Trust (ELGT) for financial year 2019/20. It was also agreed that, subject to funds being available, similar levels of funding would be put forward for future years. This report seeks approval for funding for financial year 2020/21.

3. Background

- 3.1 The aims and objectives of EWH and ELGT are well aligned with the Council's planning and place-making objectives, to protect and enhance Edinburgh's built and natural heritage
- 3.2 At Planning Committee in [October 2018](#), approval was given for the use of service level agreements (SLA) as the mechanism for sustained partnership working with these third sector organisations.

4. Main report

- 4.1 Planning Committee agreed in [May 2019](#) to support a small number of third sector organisations via three-year SLAs. These organisations are in a unique position to partner with the Council to fulfil the obligations of the United Nations Educational, Scientific and Cultural Organisations (UNESCO) World Heritage Site Management Plan and the Council's commitment to improve the environment for communities.
- 4.2 The value of the programme is around £86,000 per annum. Most of these funds are allocated between EWH (£46,000) and ELGT (£25,833). The activities proposed to be delivered under these three-year SLAs were approved at Planning Committee in May 2019 and are detailed in Appendix 1 and 2.

- 4.3 Edinburgh World Heritage works in partnership with the Council and Historic Environment Scotland (HES) to implement the Old and New Towns of Edinburgh (ONTE) World Heritage Site Management Plan 2017/22, fulfilling the collective obligations to UNESCO and the World Heritage Site. The daily liaison and monitoring of delivery of the Management Plan is led by the ONTE WHS Site Co-ordinator who is based in the Planning Service. In addition, this year a member of EWH staff is being seconded one day a week, at their own cost, to work as part of the Planning Service to address Public Realm issues. The WHS Steering Group is chaired by the City Plan Programme Director.
- 4.4 ELGT delivers projects that enhance the quality of life for Edinburgh's communities by improving their local environment. It works with the Council, communities, agencies and partners to create sustainable, well-managed and accessible green spaces. It is an active member of the Edinburgh Biodiversity Partnership and Edinburgh Living Landscape.
- 4.5 The remainder of the funds are allocated under the scheme of delegation to organisations such as the Edinburgh Access Panel, Planning Aid for Scotland, The Wildlife Information Centre and the Cockburn Association to provide specified services in support of Planning Service objectives.

5. Next Steps

- 5.1 The delivery of SLA's outputs will be overseen by the EWH Site Co-ordinator and other Planning officers. The Council is represented by elected members on the boards of both organisations and liaison and monitoring will be ongoing throughout the financial year. Annual reports will be required to be produced by both organisations.

6. Financial impact

- 6.1 The cost of the SLAs requiring Committee approval in financial year 2020/21 will be £71,833. It is expected that cost associated with contract for EHW and ELGT for 2021/22 will continue to be around £72,000, subject to funds being available in the Council budget.

7. Stakeholder/Community Impact

- 7.1 Consulting with the community is core to the work of both organisations. ELGT have Community Engagement officers employed to undertake engagement for each project the Trust delivers. EWH has strong links with communities in both the Old Town and New Town Conservation Areas. Whilst these have been affected by Covid-19 restrictions, it is expected that these will resume for the remainder of the year.

		communities on maintenance issues <ul style="list-style-type: none"> • Provide educational events and materials • Deliver training events 	EWH will continue to work with partners including: <ul style="list-style-type: none"> • Edinburgh ADAPTS • Community groups 		
5. Traditional Skills (WHS Management Plan action 22)	CEC HES Residents	EWH will promote and create opportunities to support traditional skills, supporting employability and the skills pipeline, as part of the Conservation Funding Programme and through events such as the Traditional Building Festival	EWH will work with partners including HES, CEC, the Traditional Building Forum and apprentices	The resourcing required to deliver this is covered by item 3	<ul style="list-style-type: none"> • Number of traditional skills activities • Number of people engaged • Number of apprentices working on projects
6. Energy efficiency (WHS Management Plan action 11)	CEC HES Residents	EWH will continue to work with CEC to deliver Scotland's Energy Efficiency Programme (SEEP) at the Sir Basil Spence Canongate Housing Development.	EWH requires CEC's continued active engagement and appropriate internal coordination to support delivery.	The resourcing required to deliver this is covered by SEEP funding	<ul style="list-style-type: none"> • Delivery of successful project • Engagement with owners and community

Appendix 2

Edinburgh and Lothians Greenspace Trust Strategy 2019/24 Outcomes of Service Level Agreement with City of Edinburgh Council

Goals and Objectives	Stakeholder	Service, activities and tactics	Assumptions	Roles and resources	Targets and outcomes
1. Develop policies, strategies and projects for park, greenspace, biodiversity and landscape improvements in the city and the wider region	In partnership with CEC and other stakeholders, including: Scottish Wildlife Trust Scottish Natural Heritage Edinburgh University NHS Lothian Forestry Commission Scottish Enterprise and other Landowners	Contribute to and partner in wider initiatives which help Edinburgh deliver its policies and commitments, including Edinburgh Biodiversity Action Plan, Edinburgh Living Landscape, Central Scotland Green Network, Pentland Hills Regional Park and Sustainable Edinburgh 2020.	There is buy in from stakeholder organisations	Chief Executive, Project Manager	Development and delivery of action plans
2. Create more biodiverse and healthy quality environments to mitigate against climate change through green infrastructure.	In partnership with CEC and other local stakeholders.	Deliver a programme of greenspace improvements across Edinburgh to aid the Locality Improvement Plans	Better quality greenspaces encourage more people to use them	Project and Fundraising Managers	Improvement in the local environment. Deliver quality green infrastructure projects

Goals and Objectives	Stakeholder	Service, activities and tactics	Assumptions	Roles and resources	Targets and outcomes
3. Increase access to greenspaces through off road active travel routes that bring benefits in terms of reduced carbon emissions and greater rates of physical activity	CEC Active Travel Team, cycling groups, Local communities	Develop and deliver new and improved active travel off road routes	If there are more routes then more people will use them.	Project Manager	Increase in use of active travel through counters and surveys. Overcome some of the obstacles that people face which prevent them from choosing active ways of travelling within the city.
4. Champion the role that greenspaces and the natural environment play in delivering positive social, economic and environmental benefits through placemaking activities.	Local community organisations, housing providers, and residents' groups	Deliver local initiatives including landscaping and gardening projects. Contribute to Local Development Plans.	There is access to vacant and derelict land to make improvements	Project Team	Greater investment in neighbourhoods. Prioritising places and neighbourhoods which offer significant benefits in terms of improving people's visual surroundings.

Goals and Objectives	Stakeholder	Service, activities and tactics	Assumptions	Roles and resources	Targets and outcomes
5. Promote community safety and increase community cohesion through better maintained local greenspaces and woodlands	Local communities, schools and community groups	Run community events and activities with a focus on SIMD areas which include litter picks and outdoor learning.	Engaged local families and young people.	Community Project Officers	Reduction in anti-social incidents. Deliver outdoor learning activities to encourage greater awareness and understanding of the value that the natural environment brings for the development of young people. Develop WIAT projects.
6. Foster healthy lifestyles where more people value their greenspaces through greater appreciation of nature and being outdoors	Local communities including community councils	Run engagement projects and events including nature walks, physical activity programmes and woodland activities	Increasing the value attached to greenspaces results in them being better respected and looked after.	Community Project Officers	More people using greenspaces which improve their health and wellbeing. Deliver opportunities for visiting and experiencing the natural environment.
7. Encourage greater community ownership of local open spaces through community engagement. Improving and developing local greenspaces, parks, woodlands and other outside spaces.	Local communities and volunteers	Provide a wide range of opportunities to encourage ongoing maintenance and improvement through environmental enhancements and volunteering	There is community buy in	Community Project Officers	Supporting and empowering local communities to connect with nature by becoming actively involved in local greenspace projects. Improving access to enhance green corridors and networks.

Goals and Objectives	Stakeholder	Service, activities and tactics	Assumptions	Roles and resources	Targets and outcomes
Monitoring & evaluation methodology	Number of sessions and participant recorded on engagement spreadsheet Production of an activity timetable.	Questionnaires sent out after the programme has been completed.	Regular board meeting. Team meeting and compiling of reports by Project Team, Project Manager and Communications Manager	Production of annual project programme and impact report
