

QUESTION NO 9

**By Councillor Neil Ross for answer
by the Convener of the Transport and
Environment Committee at a meeting
of the Council on 15 October 2020**

Question

Traffic volumes in the city are reported to have been significantly lower during lockdown but rising more recently. A report has been issued showing a 10% increase in the number of vehicles on the A702 at Morningside Station and at Greenbank crossroads. What are the recorded volumes of traffic at the same, or similar, time periods on the A70, the A701, the A772 and the A7, or any of the main arterial routes into Edinburgh where data is available?

Answer
