Referral Report

Internal Audit: Overdue Findings and Key Performance Indicators at 30 October 2020 – referral from the Governance, Risk and Best Value Committee

2. Terms of Referral

- 2.1 On the 8 December 2020 the Governance, Risk and Best Value Committee considered a report on Internal Audit Overdue Findings and Key Performance Indicators at 30 October 2020, which provided an overview of the status of the overdue Internal Audit (IA) findings as at 30 October 2020. A total of 126 open IA findings remain to be addressed across the Council as at 30 October 2020. This includes the one remaining historic finding and excludes open and overdue Internal Audit findings for the Edinburgh Integration Joint Board and the Lothian Pension Fund.
- 2.2 The Governance, Risk and Best Value Committee agreed:
- 2.2.1 To note the status of the overdue Internal Audit (IA) findings as at 30 October 2020.
- 2.2.2 To refer the paper to the relevant Council Executive committees and the EIJB Audit and Assurance Committee for information.
- 2.2.3 To note that in appendix 1, the report by the Chief Internal Auditor at paragraph 4.8 should say increased rather than decreased

Internal Audit: Overdue Findings and Key Performance Indicators at 30 October 2020

2. Executive Summary

Open and overdue Internal Audit findings

- 2.1 Due to the impacts of Covid-19, the last report on overdue IA findings was presented to the Committee in December 2019 and reported the position as at 22 October 2019. A high level update on the position as at 31 March 2020 was also included in the 2019/20 IA annual opinion that was presented to the Committee in August 2020.
- 2.2 Monthly reporting on overdue IA findings to the Corporate Leadership team (CLT) recommenced in October 2020, reporting the position as at 28 September 2020.
- 2.3 With regard to resolution of the 26 historic overdue findings reopened in June 2018, only one overdue finding remains and validation of this is in progress.
- 2.4 A total of 126 open IA findings remain to be addressed across the Council as at 30 October 2020. This includes the one remaining historic finding and excludes open and overdue Internal Audit findings for the Edinburgh Integration Joint Board and the Lothian Pension Fund.
- 2.5 Of the 126 currently open IA findings:
 - 2.5.1 a total of 65 (52%) are open, but not yet overdue;
 - 2.5.2 61 (48%) are currently reported as overdue as they have missed the final agreed implementation dates. This reflects an increase of 6% in comparison to the October 2019 position (42%).
 - 2.5.3 72% of the overdue findings are more than six months overdue, reflecting an increase of 6% in comparison to October 2019 (66%) with 28% aged between six months and one year and 44% more than one year overdue.
 - 2.5.4 The historic position (more than one year overdue) has improved in comparison to the October 2019, with a decrease from 66% to 44% evident, reflecting increased management focus on this population.
 - 2.5.5 evidence in relation to 10 of the 61 overdue findings is currently being reviewed by IA to confirm that it is sufficient to support closure; and

2.5.6 51 overdue findings still require to be addressed.

- 2.6 Whilst good progress continues with resolution of all but one of the reopened historic overdue findings and findings that are more than one year overdue, it is important to ensure that management continues to focus on timely implementation of agreed management actions supporting the remaining population of open and overdue findings. This should result in an improvement in the ageing profile of overdue findings and will help to ensure that the Council is not exposed to the risks associated with these findings for a significant period of time.
- 2.7 The number of overdue management actions associated with open and overdue findings where completion dates have been revised more than once since July 2018 is 71, reflecting an increase of 38 when compared to the October 2019 position. This excludes the four month date extension that was applied to reflect the impact of Covid-19.

Key Performance Indicators

- 2.8 Recognising the impacts of Covid-19, IA key performance indicators (KPIs) have not been applied to the Covid-19 audits completed by IA during the period July to October 2020.
- 2.9 KPIs will now be applied to delivery of the remaining audits included in the refreshed 2020/21 IA annual plan approved by the Committee in September 2020. Whilst the KPIs will be applied, the ongoing Covid-19 impacts on the areas being audited will also be considered.

3. Background

- 3.1 Overdue findings arising from IA reports are reported monthly to the Corporate Leadership Team (CLT) and quarterly to the GRBV Committee.
- 3.2 This report specifically excludes open and overdue findings that relate to the Edinburgh Integration Joint Board (EIJB) and the Lothian Pension Fund (LPF). These are reported separately to the EIJB Audit and Assurance Committee and the Pensions Audit Sub-Committee respectively.
- 3.3 Findings raised by IA in audit reports typically include more than one agreed management action to address the risks identified. IA methodology requires all agreed management actions to be closed in order to close the finding.
- 3.4 The IA definition of an overdue finding is any finding where all agreed management actions have not been evidenced as implemented by management and validated as closed by IA by the date agreed by management and IA and recorded in relevant IA reports.
- 3.5 The IA definition of an overdue management action is any agreed management action supporting an open IA finding that is either open or overdue, where the individual action has not been evidenced as implemented by management and validated as closed by IA by the agreed date.

- 3.6 Where management considers that actions are complete and sufficient evidence is available to support IA review and confirm closure, the action is marked as ‘implemented’ by management on the IA follow-up system. When IA has reviewed the evidence provided, the management action will either be ‘closed’ or will remain open and returned to the relevant owner with supporting rationale provided to explain what further evidence is required to enable closure.
- 3.7 A ‘started’ status recorded by management confirms that the agreed management action remains open and that implementation progress ongoing.
- 3.8 A ‘pending’ status recorded by management confirms that the agreed management action remains open with no implementation progress evident to date.
- 3.9 An operational dashboard has been designed to track progress against the key performance indicators included in the IA Journey Map and Key Performance Indicators document that was designed to monitor progress of both management and Internal Audit with delivery of the Internal Audit annual plan. The dashboard is provided monthly to the Corporate Leadership Team to highlight any significant delays that could potentially impact on delivery of the annual plan.

4. Main report

- 4.1 The 126 open IA findings across the Council have been split into the following two categories to enable separate monitoring and reporting of the historic findings that were reopened in June 2018:
- 4.1.1 Current findings (125 in total) shows progress with findings raised, tracked, and reported on as part of the routine IA assurance cycle; and
- 4.1.2 Historic overdue findings (1 in total) highlight progress with closure of the 26 historic findings that were reopened in June 2018.
- 4.2 A total of 61 open IA findings (60 current and 1 historic) are overdue.
- 4.3 The movement in open and overdue IA findings during the period 22 October 2019 to 30 October 2020 is as follows:

	Analysis of changes between 22/10/19 and 30/10/20				Analysis at 30/10/20	
	Position 22/10/19	Added	Closed	Position 30/10/20	Current	Historic reopened
Open	101	69	(44)	126	125	1
Overdue	42	51	(32)	61	60	1

Appendix 1 provides a graphic of the analysis detailed at 4.1 and 4.2 above.

Current Overdue Findings

- 4.4 Of the 126 currently open findings, 61 (48%) comprising 18 High; 33 Medium; and 10 Low rated findings are now 'overdue'.
- 4.5 However, IA is currently reviewing evidence to support closure of 10 of these findings (3 High, 5 Medium and 2 Low), leaving a balance of 51 overdue findings (15 High; 28 Medium; and 8 Low) still to be addressed.

Historic Overdue Findings

- 4.6 IA is currently reviewing evidence recently provided to support closure of the one final remaining medium rated historic finding. This work will be completed by December 2020.

Overdue findings ageing analysis

- 4.7 Figure 1 illustrates the ageing profile of all 61 current and historic overdue findings by rating across directorates as at 30 October 2020.

- 4.8 This analysis of the ageing of the 61 overdue findings outlined below highlights that Directorates continue to make good progress with resolving findings between six months and one-year overdue, as the proportion of those findings, has significantly decreased. However, there has been an increase in the proportion of findings less

than six months overdue, as well as a rise in the proportion of findings that are overdue by more than one year.

- 8 (13%) less than 3 months (90 days) overdue, in comparison to 26% as at October 2019;
- 9 (15%) between 3 and 6 months (90 and 180 days) overdue, in comparison to 7% as at October 2019;
- 17 (28%) between 6 months and one year (180 and 365 days) overdue, in comparison to 16% as at October 2019; and
- 27 (44%) more than one year overdue, in comparison to 50% as at October 2019.

It should be noted that findings more than 180 days old include the one remaining medium rated historic finding to be closed (see 4.6 above) that is currently being reviewed by IA.

Agreed Management Actions Analysis

- 4.9 The 126 open IA findings are supported by a total of 376 agreed management actions. Of these, 179 (48%) are overdue as the completion timeframe agreed with management when the report was finalised has not been achieved. This reflects a 16% increase from the October 2019 position (32%).
- 4.10 Of the 179 overdue management actions, 20 have a status of 'implemented' and are currently with IA for review to confirm whether they can be closed, leaving a balance of 159 to be addressed.
- 4.11 Appendix 2 provides an analysis of the 179 overdue management actions highlighting:
- their current status as at 30 October 2020 with:
 - 20 implemented actions where management believe the action has been completed and it is now with IA for validation;
 - 119 started where the action is open, and implementation is ongoing; and
 - 40 pending where the action is open with no implementation progress evident to date.
 - 44 instances (24%) where the latest implementation date has been missed; and
 - 76 instances (42%) where the implementation date has been revised more than once.
- 4.12 Figure 2 illustrates the allocation of the 179 overdue management actions across Directorates, and the 20 that have been passed to IA for review to confirm whether they can be closed.

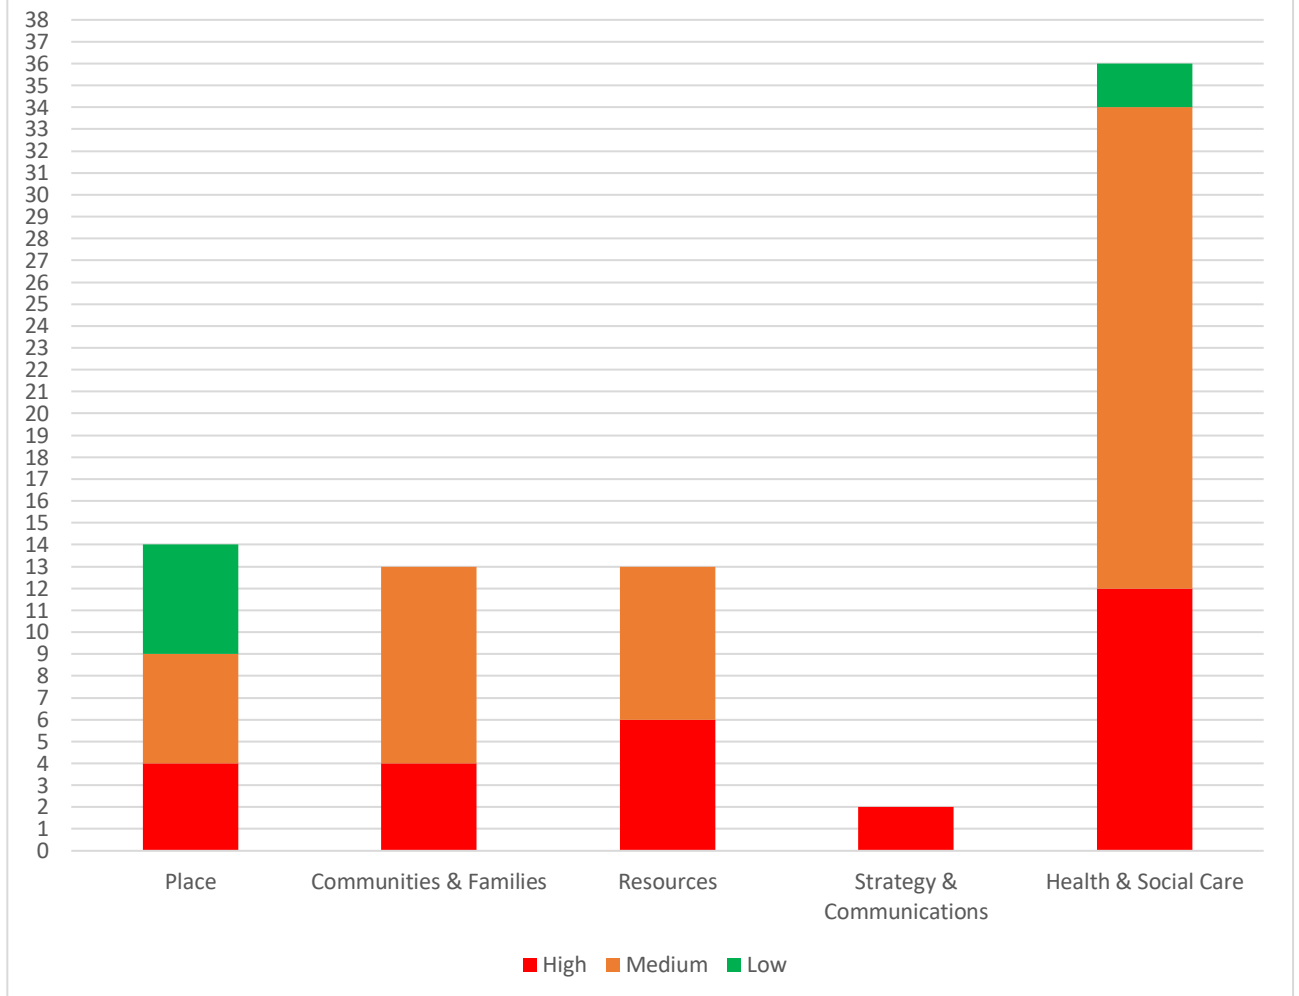

Figure 2: Overdue and Implemented Management Actions by Directorate

Revised Implementation Dates

- 4.13 Figure 3 illustrates that there are currently 78 open management actions (including those that are overdue) across directorates where completion dates have been revised between one and five times since July 2018. This number excludes the automatic extension applied by IA to reflect the impact of Covid-19.
- 4.14 This reflects an increase of 45 in comparison to the position reported in October 2019 (33).
- 4.15 Of these 78 management actions, 28 are associated with High rated findings; 43 Medium; and 7 Low, with the majority of date revisions in Health and Social Care directorate.

Figure 3 - management actions with more than one revised completion date since July 2018

4.16 Given the timeframes involved in reviewing open IA findings with directorates as part of the revisiting IA extension timeframes exercise, the full population of amendments to overdue findings has not been reflected in this paper. Where relevant, overdue management actions included in Appendix 2 have been manually updated to reflect extension timeframes outcomes.

Key Performance Themes Identified from the IA Dashboard

4.17 The IA dashboard has not been applied since April 2020 as the annual IA plan was paused to enable the Council to focus on implementation of Covid-19 resilience activities. The dashboard will be reinstated to support delivery of the IA annual plan with effect from October 2020.

5. Next Steps

- 5.1 IA will continue to monitor the open and overdue findings position, providing monthly updates to the CLT and quarterly updates to the Governance, Risk and Best Value Committee.

6. Financial impact

- 6.1 There are no direct financial impacts arising from this report, although failure to close findings and address the associated risks in a timely manner may have some inherent financial impact.

7. Stakeholder/Community Impact

- 7.1 If agreed management actions supporting closure of Internal Audit findings are not implemented, the Council will be exposed to the service delivery risks set out in the relevant Internal Audit reports. Internal Audit findings are raised as a result of control gaps or deficiencies identified during reviews therefore overdue items inherently impact upon effective risk management, compliance and governance.

Glossary of terms

1. Project – This is the name of the audit report.
2. Owner – The Executive Director responsible for implementation of the action.
3. Issue Type – This is the priority of the audit finding, categorised as Critical; High; Medium; or Low
4. Issue – This is the name of the finding.
5. Status – This is the current status of the management action. These are categorised as:
 - Pending (the action is open and there has been no progress towards implementation),
 - Started (the action is open and work is ongoing to implement the management action), and
 - **Implemented** (the service area believes the action has been implemented and this is with Internal Audit for validation).
6. Agreed Management action – This is the action agreed between Internal Audit and Management to address the finding.
7. Estimated date – the original agreed implementation date.
8. Revised date – the current revised date. **Red** formatting in the dates field indicates the last revised date is overdue.
9. Number of revisions – the number of times the date has been revised since July 2018. **Amber** formatting in the dates field indicates the date has been revised more than once.
10. Contributor – Officers involved in implementation of an agreed management action.

The action plan will initially focus only on the Council's key financial systems and will consider all of the recommendations made by Internal Audit in this report. It is also acknowledged that the risks that have been highlighted are not exclusively limited to financial systems and could also extend to the Health and Social Care Partnership (the Partnership). Consequently, the action plan will include guidance to be applied by all system administrators across the Council. This will be communicated and shared with the expectation that it will be applied across all systems and divisions, including those that deliver services on behalf of and provide support to the Partnership. Following distribution of the guidance, discussions will be held with Internal Audit to determine whether the remaining systems used across the Council should be subject to a separate audit to confirm whether the user administration guidance is being consistently applied. Once the plan has been prepared and resources to support implementation identified and agreed with relevant divisions, timeframes for implementation of individual system plan actions will be discussed and agreed with Internal Audit. This work will be dependent upon active service area engagement. Commercial and Procurement Services will shortly be commencing a review of the Council's current Commercial and Procurement Strategy (2016-2020), which will be submitted to the Finance and Resources Committee for adoption in March 2020. This will include detail on how the operational work of the team will support the strategy, including the work of the C&GM Team. A suitable section will be included in the Strategy around contract management support/training, including an estimated number of compliance reviews that are to be undertaken and the Directorates to which they relate, and if practicable specific contracts. Compliance with the strategy is reported annually to Finance and Resources Committee, in August, so this will enable annual monitoring against this.</p>	<p>Estimated Date: 30/09/2020</p> <p>Revised Date: 01/02/2021</p> <p>No of Revisions 0</p>	<p>Annette Smith</p> <p>Gavin Brown</p> <p>Hugh Dunn</p> <p>Iain Strachan</p> <p>Layla Smith</p> <p>Michelle Vanhegan</p> <p>Mollie Kerr</p>

While an element of these are service led, Facilities Management are keen to ensure a customer led component to these. These KPI's will be based on industry standards and will be linked to Facilities Management performance data and the outcomes of quality assurance reviews. Once agreed, KPI's will be communicated through training sessions, web updates and included in the SLA and janitorial handbook which is distributed both to staff and to our customers and key stakeholders. Monthly dashboards will be produced highlighting performance against indicators. These will be both for internal service use and for customer reporting.</p>	<p>Estimated Date: 31/03/2020</p> <p>Revised Date: 01/08/2020</p> <p>No of Revisions 0</p> <p>Agreed date to be extended as part of IA Extension Timeframes exercise – date to be advised by Service.</p>	<p>Audrey Dutton Gohar Khan Layla Smith Mark Stenhouse Michelle Vanhegan Peter Watton</p>

This reflects the statutory process and the need to ensure that the Council treats applications for a renewal lawfully unless the reconciliation process can evidence a payment has not been made. There is no evidence from directorate monitoring the level of income from HMOs licence applications which would demonstrate that fees are not being collected. Any unmatched fee not identified will in effect contribute to the Council's general revenue account and therefore there is no financial loss to the Council. The Internal Audit recommendation outlined above is not accepted as it not believed to be achievable. Therefore Licencing; Customer; and Finance will investigate potential solutions re the BACS issue, (including any potential scope for a technology solution) to address this risk. These options will be reviewed with Internal Audit and a longer-term solution identified and implemented. It has been agreed with Internal Audit that (once the solution has been identified) another audit finding will be raised that will monitor implementation of the solution to confirm that it is operating effectively. In the meantime, a statement will be added to the Licencing pages on the Council's external website and application forms advising customers of what reference must be used to successfully make a BACs payment.</p>	<p>Estimated Date: 30/03/2020</p> <p>Revised Date: 05/10/2020</p> <p>No of Revisions 1</p>	<p>Alison Coburn Andrew Mitchell David Givan George Gaunt Grace McCabe Isla Burton Michael Thain Sandra Harrison</p>

Quality assurance sample sizes will be selected at the start of each week and will depend on the volumes of files reviewed by the project team and the relevant proportion of non-merged and merged files. Where merged files have been identified and split by the project team, a lighter touch approach involving peer reviews will be adopted to ensure that the project file review process has been consistently applied and appropriate actions implemented. Quality assurance outcomes will be recorded and all significant errors (for example failure to identify merged files), areas of good practices, and areas for improvement will be shared with the project team. Availability of quality resource will be monitored throughout the project to ensure that it remains adequate to complete an appropriate number of QA reviews based on file outcomes. A retrospective sample of cases already reviewed by the project team will also be selected for retrospective review based on the approach outlined above. 96	<p>Payments and Charges</p> <p>CW1803 Payments and Charges Issue 1: Review, authorisation, and publication of fees and charges</p> <p>Paul Lawrence, Executive Director of Place and SRO</p>	Medium	<p>CW1803 Rec. 1.1 - Process documentation supporting calculation of fees and charges including review of reserve balances</p> <p>Started</p>	<p>Response from Licensing Any new fees or proposed adjustments are presented to the Committee for scrutiny and agreement. The rationale for Taxi, Civic and Houses in Multiple Occupation (HMO) licensing fees was reviewed and agreed by Regulatory Committee in 2015 and 2017 respectively and no further changes are planned at this time. As part of the annual budget process, the Place Directorate makes recommendations on any inflationary uplifts that should be applied to fees based on projected costs and the Licensing reserves position. In 2018/2019 there was no increase in the Licensing budget which reflected the reserves position at that time. In the 2019/20 budget Taxi and Civic discretionary licence fees were increased by 2.5% to reflect increased costs associate with the local government pay settlement for 2018/19 and 2019/2020. In comparison, the increase applied to fees supporting generation of other types of income across the Council was circa 5%. This demonstrates that Licensing is proactively managing both fees and reserves. For HMO Licences, the Regulatory Committee approved a revised fee structure in 2017, and there is planned reduction of current reserve balances over a 3-year period. Consequently, HMO fees for 2019/2020 were not increased. For budget 2020/2021 a review of HMO reserves will be performed with Finance and recommendations made either to the Regulatory Committee or Full Council on any further fee adjustments required to ensure the planned reduction of the reserve is achieved. There are also unplanned factors that impact the final reserves position. These include increased application volumes; the impact of vacancies and recruitment; and repairs or replacement of property or equipment (for example a replacement ramp at the Taxi Examination Centre in 2016/17 at the cost of £90K). These unplanned factors are also considered when revised fees are proposed during the budget process. The Taxi reserve increase is largely driven by increased application volumes. The reserve is also being allowed to increase in the medium term to offset planned capital spend on relocation of the Taxi</p>	<p>Estimated Date: 31/07/2020</p> <p>Revised Date: 01/12/2020</p> <p>No of Revisions 0</p>	<p>Alison Coburn Andrew Mitchell Annette Smith David Givan Gavin Brown George Gaunt Hugh Dunn John Connarty Layla Smith Michael Thain Michelle Vanhegan Sandra Harrison Stephen Moir</p>

				<p>Examination Centre when the Council closes the Murrayburn depot site in the next 2-3 years to avoid potential capital budget pressures. Licensing is working with Finance to ensure there is greater certainty in setting fees when taking account of the impact of the Central Support Charges levied. In 2018 the Directorate introduced financial reporting to the Regulatory Committee in addition to the established financial reporting provided to the Finance and Resource Committee. http://www.edinburgh.gov.uk/download/meetings/id/58887/item_72_-_licence_income_for_fees_2017-2018 http://www.edinburgh.gov.uk/download/meetings/id/59029/minute_of_the_regulatory_committee_of_221018 Response from Finance At present, the allocation of central support costs in line with accountancy conventions is not finalised until after the licensing charges for the future year have been set. A mechanism to approximate allocation of central support charges in advance to allow for more considered analysis of reserve balances and costs within each budgetary process will facilitate this. There is already a framework in place to apportion income and costs across licence categories and calculate additions to or withdrawals from licensing reserves. This populates the annual City of Edinburgh Licensing Board Financial Report as required under Section 9B of the Licensing (Scotland) Act 2005. This framework where appropriate will be developed to add to existing transparency in respect of rationale and processes. The combination of both actions above will enable regular review and monitoring of reserve positions and related decision making. The implementation date allows for 2020-21 budget setting and 2019-20 final accounts processes to be completed allowing for audit evidence.</p>

Health and Social Care: Given the considerable business support and social worker resources implications, the above recommendations will take time to design, implement and maintain. Business Support is resolving problem appointee arrangements as we go along, however, the backlog of reviews will need a programme management approach to rectify errors and support the governance required. In the meantime, associated risks will be added to the Partnership's risk register to monitor controls and progress on a monthly basis, given its high finding rating. Following the Care Home Assurance Review, the Partnership is developing a self-assurance control framework. Locality Managers have agreed for corporate appointee arrangements to be included in the assurance framework – which if found to be successful and useful, can be mirrored by the other applicable services in this report. Business Support is working on new guidelines for the administration of Corporate Appointeeship (e.g. new procedures, monthly checklists, etc.), which will support the effective delivery of the framework.</p>	<p>Estimated Date: 28/06/2019</p> <p>Revised Date: 01/08/2021</p> <p>No of Revisions 2</p> <p>Current revised date agreed as part of extension exercise</p>	<p>Angela Ritchie Cathy Wilson Colin Beck Ian Waitt Tony Duncan</p>

Planning accepts that the status of the remaining £2.3 million backlog needs to be identified, and any associated actions identified and recorded. Whilst an agreed implementation date of 30 September 2020 is noted below, priority will be given to completing these actions as quickly as possible.1. The audit recommendations detailed above will be implemented. Finance and planning will work together to determine the risk-based sample to be included in the review. For the sample selected, Planning will determine whether or not the terms of the agreement have been fulfilled where agreements have been fulfilled, Finance will determine whether developer contributions have been received and applied. Where agreements have not been fulfilled and the Council is holding developer funds, the management action specified at 2.3 below will be applied.2. An internal record will be maintained of agreements that have not been fulfilled to prevent services from drawing down contributions to support any development work. Developers will not be advised that agreements are void and no longer applicable, as (under legislation) only developers can seek to discharge the agreement; and3. and 4 where agreements have not been fulfilled and funds are held by the Council, the developer will be contacted (where they can be traced) to ascertain whether they would accept reimbursement of funds. Where this is the case, a value should be agreed between the Council and the developer that reflects interest and indexation (where applicable) and reimbursed.</p>	<p>Estimated Date: 31/01/2016</p> <p>Revised Date: 01/02/2021</p> <p>No of Revisions 1</p>	<p>Alison Coburn Alison Henry Annette Smith Bruce Nicolson David Leslie David Givan George Gaunt Graham Nelson Hugh Dunn Kevin McKee Michael Thain Michelle Vanhegan Nick Smith Rebecca Andrew</p>

Written Induction packs for the licensing service were created and will be used for all new staff. The pack includes a 6-week training programme which will be tailored for each new start depending on where they sit within the service. The member of staff identified by the audit had been assigned alternate duties was not therefore familiar with the process. This has been addressed with the individual concerned. 175	<p>Asset Management Strategy and CAFM system 18/19</p> <p>RES1813 Asset Management Strategy and CAFM: Issue 3 - Property and Facilities Management Data Completeness; Accuracy; and Quality</p> <p>Stephen Moir, Executive Director of Resources</p>	High	<p>3.1 Ensuring Data Completeness, Accuracy, and Quality</p> <p>Started</p>	<p>Current CAFM users have access to the operational data they need in the system to perform their roles and are also updating the CAFM system with new data. Whilst the vision is to have all property data in CAFM, the volume of property data that could be captured and recorded is near infinite, therefore property data that will retained in CAFM has to be focused on the effort and cost to collect versus the value it provides. The CAFM Business Case includes requirement for a Data Quality Manager, who will be the responsible data steward for Property and Facilities Management (P&FM) data. Their role is not necessarily to collect the data but to ensure rigor and control over it. This will involve ensuring regular reviews of data within the system and ensuring that data is managed and maintained in line with the established CAFM data hierarchy and agreed Council information management policies and procedures.</p> <p>Sharing data steward responsibilities across services is problematic, as they hold responsibility and accountability for the data under their remit. It would be highly unlikely that a data steward from another service would want to take on the additional accountability of data from P&FM. We recommend that P&FM establish their own data steward. The CAFM Business Case includes the delivery of a Data Quality Strategy for P&FM. The objective of the data quality strategy is to attribute risk and value to the data maintained in the system. Additionally: data change processes and procedures that capture data processing and management in CAFM will be designed and implemented. processes for reviewing data quality, for example, review of condition survey data run in tandem with review of property data every five years, will be designed and implemented. data validation controls within CAFM will be applied; and data quality audit controls for individual data fields available in CAFM will be applied, and audit reports run at an appropriate frequency to identify any significant changes to key data.</p>	<p>Estimated Date: 31/03/2016</p> <p>Revised Date: 01/08/2022</p> <p>No of Revisions 1</p> <p>Management has proposed closure by risk acceptance – discussions with IA ongoing</p>	<p>Alan Chim Andrew Field Audrey Dutton Brendan Tate Gohar Khan Layla Smith Michelle Vanhegan Peter Watton</p>

The viability of establishing a referencing system for concessionary lets in the CAFM system will be explored. The volume and value of known concessionary lets across the Council Estate will form part of the Annual Investment Portfolio update which is reported to the Finance and Resources committee. There is an ongoing work stream looking at vacant and disposed properties and the systems updates required.</p>	<p>Estimated Date: 31/03/2016</p> <p>Revised Date: 01/08/2022</p> <p>No of Revisions 2</p> <p>Management has proposed closure by risk acceptance – discussions with IA ongoing</p>	<p>Alan Chim Andrew Field Audrey Dutton Brendan Tate Gohar Khan Graeme McGartland Layla Smith Michelle Vanhegan Peter Watton</p>

This review will consider the criticality of Council applications and infrastructure supported by these sub-contractors in comparison to divisional application and system recovery requirements and will ensure that the gaps noted in the CNT spreadsheet in relation to missing contractors; expired purchase orders; and criticality of applications have been addressed. Where the review highlights any significant changes, the outcomes will be provided to the relevant Council and CGI partnership governance forums together with a request that CGI implements the supplier management arrangements specified in the contract to any new key sub-contractors. Review of CGI sub-contractors will be scheduled for completion annually, and the process outlined above applied.</p>	<p>Estimated Date: 30/04/2020</p> <p>Revised Date: 01/01/2021</p> <p>No of Revisions 1</p>	<p>Alison Roarty Heather Robb Jackie Galloway Layla Smith Michelle Vanhegan Nicola Harvey</p>

178	Budget Setting and Management RES 1903 Issue 4: Training for budget managers Stephen Moir, Executive Director of Resources	Medium	RES 1903 Issue 4.1: Training for budget managers Started	Finance is not currently responsible for providing training for budget managers as this was centralised into, Learning and Development in 2016. However, following discussions earlier this year, it has been agreed that responsibility for budget managers training will transfer back from Learning and Development to Finance. Once these responsibilities have been transferred, Finance will establish a process to ensure that all first line budget managers have completed the two training modules with supporting checks performed to ensure that the training has been completed. Please note that the 'Evidence required to close' listed above is for indicative purposes only. During Internal Audit's review of any evidence submitted, further supporting evidence may be required to close the action. Evidence should be uploaded to TeamCentral as actions progress and no later than 10 working days before agreed implementation date. This will allow Internal Audit sufficient time to review the evidence.
