# Referral Report

## Internal Audit: Overdue Findings and Key Performance Indicators as at 5 November 2021 – referral from the Governance, Risk and Best Value Committee

### 2. Terms of Referral

---

- 2.1 On 14 December 2021, the Governance, Risk and Best Value Committee considered a report on the Internal Audit: Overdue Findings and Key Performance Indicators as at 5 November 2021. The report confirmed the three-month completion date extension agreed by the GRBV Committee in September 2021 had been applied to all open and overdue agreed management actions, with revised dates reflected.
- 2.2 The Governance, Risk and Best Value Committee agreed:
- 2.2.1 To note the status of the overdue Internal Audit findings as at 5 November 2021;
  - 2.2.2 To note that the three-month completion date extension agreed at the September 2021 Committee reflecting ongoing Covid-19 pressures across the Council had now been applied to all open and overdue agreed management actions;
  - 2.2.3 To note the status of IA Key Performance Indicators for audits that were either completed or in progress as at 5 November 2021;
  - 2.2.4 To refer the report to the relevant Council committees for ongoing scrutiny of their relevant overdue management actions;
  - 2.2.5 To refer the report to the Edinburgh Integration Joint Board Audit and Assurance Committee for information in relation to the current Health and Social Care Partnership position.
- 2.3 Following requests for clarification on the specific Internal Audit overdue findings that parent executive committees should focus on, an exercise has been completed that maps the findings included in this report to the specific committee based on their responsibilities detailed in the Council's committee terms of reference.
- 2.4 This exercise has identified an anomaly as there is currently no linear relationship between individual audit reports and committees, as it is possible for scrutiny of the actions in one Internal Audit report to be allocated across a number of Committees.

For example, a review of Planning or Licensing could potentially result in operational service delivery actions being allocated to the Planning Committee and/or Regulatory Committee, with actions that relate to the ICT arrangements that these teams use being allocated to the Finance and Resources Committee.

- 2.5 As part of preparations for the new Council following the May 2022 Local Government elections, we will complete further work on this area to determine whether there is a more effective way of ensuring a more linear allocation of responsibility for executive committee and oversight of overdue IA actions.
- 2.6 In the meantime, the information provided to each committee is based upon the allocation of agreed management actions in line with each committee's current terms of reference. A copy of the full report is also available online, with a link include in the background section of this referred report for reference.

### 1. Recommendations

---

- 1.1 It is recommended that the Committee:
- 1.1.1 notes the status of the overdue Internal Audit (IA) findings as at 5 November 2021;
  - 1.1.2 notes that the three-month completion date extension agreed at the September 2021 Committee reflecting ongoing Covid-19 pressures across the Council has now been applied to all open and overdue agreed management actions;
  - 1.1.3 notes the status of IA Key Performance Indicators (KPIs) for audits that are either completed or in progress as at 5 November 2021;
  - 1.1.4 refers this paper to the relevant Council Executive committees for ongoing scrutiny of their relevant overdue management actions; and,
  - 1.1.5 refers this paper to the Edinburgh Integration Joint Board Audit and Assurance Committee for information in relation to the current Health and Social Care Partnership position.

**Lesley Newdall**

Chief Internal Auditor

## Internal Audit: Overdue Findings and Key Performance Indicators as at 5 November 2021

### 2. Executive Summary

---

- 2.1 The three-month completion date extension agreed at the September 2021 Committee has now been applied to all open and overdue agreed management actions, with revised dates reflected in this report.
- 2.2 The impact of the extension is that completion dates for all open management actions that were not currently overdue in October (when the extension was applied) were extended by three months, and all overdue findings had their revised completion dates extended by three months. These revised dates are reflected in Appendix 2.

#### **Progress with Closure of Open and overdue Internal Audit findings**

- 2.3 The overall progress status for closure of overdue IA findings is currently amber (stable with limited change) as at 5 November 2021, based on the average position across the last three months.
- 2.4 Increasing trends in the proportion of open IA findings that are overdue (KPI 3 in Appendix 1); the proportion of low rated overdue findings (KPI 7); and the proportion of findings that are between 90 – 180 days overdue are evident in the last month, together with a decrease in the number of overdue findings currently being reviewed by IA to determine whether they can be closed (KPI 4).
- 2.5 These increasing trends in the last month are partially offset by improvement in the proportion of IA findings that are between six months and one year overdue.
- 2.6 Whilst progress with implementation of agreed management actions has remained relatively stable across the last quarter, there has been an increase in the proportion of overdue management actions in the last month.
- 2.7 Positive progress with management actions where the latest date has been missed, or the date revised more than once in the last month, is mainly attributable to application of the three month completion date extension.
- 2.8 These outcomes confirm that further sustained focus is required on closure of overdue findings, particularly those more than one year, and between three and six

months overdue. It is also important to ensure that open findings that are not overdue are closed by their originally agreed implementation dates.

- 2.9 Further detail on the monthly trends in open and overdue findings is included at Appendix 1.

### **Current position as at 5 November 2021**

- 2.10 A total of 108 open IA findings remain to be addressed across the Council as at 5 November 2021. This excludes open and overdue Internal Audit findings for the Edinburgh Integration Joint Board and the Lothian Pension Fund.
- 2.11 Of the 108 currently open IA findings:
- 2.11.1 a total of 53 (49%) are open, but not yet overdue;
  - 2.11.2 55 (51%) are currently reported as overdue as they have missed the final agreed implementation dates. This reflects a decrease of 2% in comparison to the August 2021 position (53%).
  - 2.11.3 69% of the overdue findings are more than six months overdue, reflecting a decrease of 9% in comparison to August 2021 (78%) with 16% aged between six months and one year, and 53% more than one year overdue.
  - 2.11.4 evidence in relation to 5 of the 55 overdue findings is currently being reviewed by IA to confirm that it is sufficient to support closure; and,
  - 2.11.5 50 overdue findings still require to be addressed.
- 2.12 The number of overdue management actions associated with open and overdue findings where completion dates have been revised more than once since July 2018 is 44, reflecting a decrease of 4 when compared to the August 2021 position (48). This excludes the two completion date extensions applied to reflect ongoing Covid-19 impacts across the Council.

### **Annual Plan Delivery and Key Performance Indicators**

- 2.13 IA Key Performance Indicators (KPIs) to support effective delivery of the 2021/22 IA annual plan has confirmed that action is required to ensure that services are aware of the KPIs that apply to the audit process and engage proactively with IA to ensure that any potential impacts that could cause delays are identified and effectively managed.
- 2.14 The KPIs also highlight areas where IA has not achieved their reporting delivery timeframes.
- 2.15 Reasons for delayed IA annual plan delivery that underpin KPI outcomes were discussed at the November 2021 Committee.

### **3. Background**

---

- 3.1 Overdue findings arising from IA reports are reported monthly to the Corporate Leadership Team (CLT) and quarterly to the GRBV Committee.
- 3.2 This report specifically excludes open and overdue findings that relate to the Edinburgh Integration Joint Board (EIJB) and the Lothian Pension Fund (LPF). These are reported separately to the EIJB Audit and Assurance Committee and the Pensions Audit Sub-Committee respectively.
- 3.3 Findings raised by IA in audit reports typically include more than one agreed management action to address the risks identified. IA methodology requires all agreed management actions to be closed in order to close the finding.
- 3.4 The IA definition of an overdue finding is any finding where all agreed management actions have not been evidenced as implemented by management and validated as closed by IA by the date agreed by management and IA and recorded in relevant IA reports.
- 3.5 The IA definition of an overdue management action is any agreed management action supporting an open IA finding that is either open or overdue, where the individual action has not been evidenced as implemented by management and validated as closed by IA by the agreed date.
- 3.6 Where management considers that actions are complete and sufficient evidence is available to support IA review and confirm closure, the action is marked as 'implemented' by management on the IA follow-up system. When IA has reviewed the evidence provided, the management action will either be 'closed' or will remain open and returned to the relevant owner with supporting rationale provided to explain what further evidence is required to enable closure.
- 3.7 A 'started' status recorded by management confirms that the agreed management action remains open and that implementation progress ongoing.
- 3.8 A 'pending' status recorded by management confirms that the agreed management action remains open with no implementation progress evident to date.
- 3.9 An operational dashboard has been designed to track progress against the key performance indicators included in the IA Journey Map and Key Performance Indicators document that was designed to monitor progress of both management and Internal Audit with delivery of the Internal Audit annual plan. The dashboard is provided monthly to the Corporate Leadership Team and quarterly to the Committee to highlight any significant delays that could potentially impact on delivery of the annual plan.

### **4. Main report**

---

- 4.1 As at 5 November 2021, there are a total of 108 open IA findings across the Council with 55 findings (51%) now overdue.

4.2 The movement in open and overdue IA findings during the period 11 August to 5 November 2021 is as follows:

Analysis of changes between 11/08/2021 and 05/11/2021				
	Position at 11/08/21	Added	Closed	Position at 05/11/21
<b>Open</b>	96	20	8	108
<b>Overdue</b>	51	8	4	55

### Overdue Findings

4.3 The 55 overdue findings comprise 17 High; 31 Medium; and 7 Low rated findings.

4.4 However, IA is currently reviewing evidence to support closure of 5 of these findings (2 High; 1 Medium; and 2 Low), leaving a balance of 50 overdue findings (15 High; 30 Medium; and 5 Low) still to be addressed.

### Overdue findings ageing analysis

4.5 Figure 1 illustrates the ageing profile of all 55 overdue findings by rating across directorates as at 5 November 2021.

4.6 The analysis of the ageing of the 55 overdue findings outlined below highlights that Directorates made good progress last quarter with resolving findings less than three months and between six months and one year overdue, as the proportion of these findings has decreased. However, this is offset by an increase in the proportion of findings overdue between three and six months, and a consistent position with findings that are more than one year overdue.

- 7 (13%) are less than 3 months (90 days) overdue, in comparison to 18% as at August 2021;
- 10 (18%) are between 3 and 6 months (90 and 180 days) overdue, in comparison to 4% as at August 2021;
- 9 (16%) are between 6 months and one year (180 and 365 days) overdue, in comparison to 25% as at August 2021; and,
- 29 (53%) are more than one year overdue, which remains the same as the position reported in August 2021.

#### **Management Actions Closed Based on Management's Risk Acceptance**

4.7 During the period 11 August to 5 November 2021, the following management action has been closed on the basis that management has retrospectively accepted either the full or residual elements of the risks highlighted by IA in the original audit report.

4.7.1 Council Wide (all Directorates) First Line Project Governance – Project Management Skills Matrix (medium) - management has accepted the risks associated with not implementing and maintaining a centralised project management skills matrix to ensure that employees with appropriate project management skills and experience are allocated to projects, as this would require resource from both the Strategic Change and Delivery and Human Resources teams. Management has advised that this additional resource is not available, and that existing Strategic Change and Delivery team resources should continue to focus on continuing to support teams across the Council to deliver change.

#### **Agreed Management Actions Analysis**

4.8 The 108 open IA findings are supported by a total of 259 agreed management actions. Of these, 141 (54%) are overdue as the completion timeframe agreed with management when the report was finalised has not been achieved. This reflects a 2% decrease from the August 2021 position (56%).

4.9 Of the 141 overdue management actions, 28 have a status of 'implemented' and are currently with IA for review to confirm whether they can be closed, leaving a balance of 113 to be addressed.

4.10 Appendix 2 provides an analysis of the 141 overdue management actions highlighting:

- their current status as at 5 November 2021 with:

- 28 implemented actions where management believe the action has been completed and it is now with IA for validation;
  - 101 started where the action is open, and implementation is ongoing; and
  - 12 pending where the action is open with no implementation progress evident to date.
- 34 instances (24%) where the latest implementation date has been missed; and
  - 44 instances (31%) where the implementation date has been revised more than once.

4.11 Appendix 2 has also been updated to reflect the relevant Executive Committees that should be responsible for ongoing scrutiny of the overdue management actions.

4.12 Figure 2 illustrates the allocation of the 141 overdue management actions across Directorates, and the 28 that have been passed to IA for review to confirm whether they can be closed.

4.13 IA has continued to achieve its established KPI for reviewing all implemented management actions within four weeks of the date they are proposed for closure by management.

4.14 Where implementation dates longer than four weeks occur, these are supported by feedback to management requesting either additional evidence or a discussion to explain the context of the evidence provided. Where this is not provided by services within a further four weeks, the status of the action is reverted to 'started' until the further information requested is provided.

### **More Than One Revised Implementation Date**

4.15 Figure 3 illustrates that there are currently 48 open management actions (including those that are overdue) across directorates where completion dates have been

revised between two and six times since July 2018. This number excludes the two automatic extensions applied by IA to reflect the impact of Covid-19.

- 4.16 This remains aligned with the position reported in August 2021 (48).
- 4.17 Of these 48 management actions, 26 are associated with High rated findings; 21 Medium; and 1 Low, with the majority of date revisions in the Place directorate.

**Key Performance Themes Identified from the IA Dashboard**

- 4.18 The IA key performance indicator dashboard has been reinstated for 2021/22 to support delivery of the annual plan by both services and the IA team; and prevent delays in completion of audits and finalisation of the IA annual opinion.
- 4.19 Reintroduction of the KPIs supported by monthly reporting to the Corporate Leadership Team and quarterly to the Committee will highlight any significant delays that could potentially impact on delivery of the annual plan, and is aligned with the requirements of both the motion and addendum agreed at Committee in August 2021 requesting that audits will be carried out in line with the timescales set out in the agreed audit plan.
- 4.20 Two audits that were included in the dashboard presented to the Committee in September (Health and Social Care Partnership: Management of Waiting Lists and Assessments; and Place: Active Travel) have been paused and carried forward into the 2022/23 IA annual plan following the rebase of the annual plan approved by the Committee in November 2021, and have now been removed from the dashboard.
- 4.21 The dashboard included at Appendix 3 reflects the current status for the 11 audits in progress where terms of reference detailing the scope of the planned reviews have been issued. This highlights that:

- 4.21.1 Services are consistently taking longer than the 5 day KPI for feedback on draft IA terms of reference, with feedback received within the 5 days for only 2 audits.
- 4.21.2 Executive Directors are generally providing feedback on draft terms of reference within the agreed 5 day response times. Delays are mainly attributable to Council wide audits where responses are not consistently received from all Executive Directors.
- 4.21.3 Internal Audit reporting delays for the Planning and Performance Framework and Health and Safety audits were highlighted in the report presented to Committee in September, and has experienced a further delay with preparing and issuing the Parking and Traffic Regulations audit report. This was mainly attributable to the timing of annual leave.
- 4.21.4 There have also been significant delays with receipt and finalisation of management responses for the Implementation of Asbestos Recommendations and Parking and Traffic Regulations audits, and a delay in finalising Executive Director approval of the Planning and Performance Framework report.

## **5. Next Steps**

---

- 5.1 IA will continue to monitor the open and overdue findings position and delivery against key performance indicators, providing monthly updates to the CLT and quarterly updates to the GRBV Committee.

## **6. Financial impact**

---

- 6.1 There are no direct financial impacts arising from this report, although failure to close findings and address the associated risks in a timely manner may have some inherent financial impact.

## **7. Stakeholder/Community Impact**

---

- 7.1 If agreed management actions supporting closure of Internal Audit findings are not implemented, the Council will be exposed to the service delivery risks set out in the relevant Internal Audit reports. Internal Audit findings are raised as a result of control gaps or deficiencies identified during reviews therefore overdue items inherently impact upon effective risk management, compliance and governance.

Positive trend with progress evident

*No trend analysis is performed on open findings and findings not yet due as these numbers will naturally increase when new IA reports are finalised.*

**Appendix 2 - Internal Audit Overdue Management Actions as at 5 November 2021**
**Glossary of Terms**

1. Executive Committee – This is the relevant Executive Committee that should have oversight of completion of agreed management actions
2. Project Name – This is the name of the audit report.
3. Issue Type – This is the priority of the audit finding, categorised as Critical; High; Medium; or Low
3. Issue Title - this is the title of the issue in the Original IA Report
4. Owner – The Executive Director responsible for implementation of the action.
5. Recommendation Title - this is the title of the recommendation in the original IA report
6. Agreed Management action – This is the action agreed between Internal Audit and Management to address the finding.
7. Status – This is the current status of the management action. These are categorised as:
  - Pending (the action is open and there has been no progress towards implementation),
  - Started (the action is open, and work is ongoing to implement the management action), and
  - **Implemented** (the service area believes the action has been Implemented and this is with Internal Audit for validation).
8. Estimated date – the original agreed implementation date.
9. Revised date – the current revised date. **Red** formatting in the dates field indicates the last revised date is overdue.
10. Number of revisions – the number of times the date has been revised since July 2018.
11. **Amber** formatting in the dates field indicates the date has been revised more than once.
12. Contributor – Officers involved in implementation of an agreed management action.

Executive Committee	Project Name	Issue Type	Issue Title	Owner	Recommendation Title	Agreed Management Action	Status	Estimated Implement Date	No of Revisions	Revised Implement Date	Contributors
Regulatory Committee	HMO Licensing	High	PL1803 Issue 1 Licensing system - Data Integrity and Performance Issues	Paul Lawrence, Executive Director of Place	PL1803 Issue 1.2 Escalation of system issues	The Place Directorate has previously reported on operational performance issues to the Regulatory Committee in 2018. The Place Directorate will include a full assessment of system issues with APP within a wider performance report due to be submitted to Regulatory Committee in the last quarter of 2019/20. This report will include an update on proposed project plan for APP.	Started	31/03/20	1	30/06/21	Alison Coburn Andrew Mitchell David Givan George Gaunt Grace McCabe Isla Burton Matthew MacArthur Peter Watton Ross Murray
Regulatory Committee	HMO Licensing	High	PL1803 Issue 2 - Collection and processing of HMO licence fees	Paul Lawrence, Executive Director of Place	PL1803 Issue 2.1 BACs payment reference	It should be noted that measure are in place to ensure that no application is progressed without the required fee being reconciled. This reflects the statutory process and the need to ensure that the Council treats applications for a renewal lawfully unless the reconciliation process can evidence a payment has not been made. There is no evidence from directorate monitoring the level of income from HMOs licence applications which would demonstrate that fees are not being collected. Any unmatched fee not identified will in effect contribute to the Council's general revenue account and therefore there is no financial loss to the Council. The Internal Audit recommendation outlined above is not accepted as it not believed to be achievable. Therefore Licencing; Customer; and Finance will investigate potential solutions re the BACS issue, (including any potential scope for a technology solution) to address this risk. These options will be reviewed with Internal Audit and a longer term solution identified and implemented. It has been agreed with Internal Audit that (once the solution has been identified) another audit finding will be raised that will monitor implementation of the solution to confirm that it is operating effectively. In the meantime, a statement will be added to the Licencing pages on the Council's external website and application forms advising customers of what reference must be used to successfully make a BACs payment.	Started	30/03/20	1	05/01/21	Alison Coburn Andrew Mitchell David Givan George Gaunt Grace McCabe Isla Burton Matthew MacArthur Peter Watton Ross Murray
Regulatory Committee	HMO Licensing	Medium	PL1803 Issue 3 - Operational Performance and Reporting	Paul Lawrence, Executive Director of Place	PL1803 Issue 3.6 HMO Key Performance Indicators and Performance Reporting	The Regulatory Committee were previously advised that HMO performance data would be excluded whilst the Licencing introduced the significant change of moving towards a three-year licensing system. Performance reports therefore only included Civic and Taxi data in the period 2015-2018. Licencing will be reporting to Regulatory Committee on the first cycle of three-year licencing for HMO's prior to the setting of Licencing Fees for 2020/21 in early 2020. The Directorate will include within that report relevant performance data and make recommendations for approval for performance targets ongoing performance targets.	Started	31/01/20	0	01/09/20	Alison Coburn Andrew Mitchell David Givan George Gaunt Grace McCabe Isla Burton Matthew MacArthur Peter Watton Ross Murray
Regulatory Committee	Payments and Charges	Medium	CW1803 Payments and Charges Issue 4: Processing and recording Licensing Fees	Paul Lawrence, Executive Director of Place	CW1803 Rec. 4.1 - Procedures supporting processing and recording licencing fees	The Licensing Service processes approximately 21,000 applications per annum and the Internal Audit sample reviewed represents approximately 1% of the overall number of applications. Internal procedures will be reviewed to ensure that they adequately cover the issues raised and all staff will receive refresher training to reinforce the importance of consistent application of the procedures. Longer term upgrades to the APP Civica Licensing system should also offer enhanced capability with mandatory sections for each licence type processed.	Started	20/12/19	0	01/08/20	Alison Coburn Andrew Mitchell David Givan Gavin Brown George Gaunt Matthew MacArthur Nicky Brown Peter Watton

Executive Committee	Project Name	Issue Type	Issue Title	Owner	Recommendation Title	Agreed Management Action	Status	Estimated Implement Date	No of Revisions	Revised Implement Date	Contributors
Regulatory Committee	Payments and Charges	Medium	CW1803 Payments and Charges Issue 5: Processing and recording of Parking Permit fees	Stephen Moir, Executive Director, Corporate Services	CW1803 Rec. 5.4 - NSL income reconciliation	The recommendation is accepted. Financial reconciliations between the systems have commenced reinstatement. Work is underway to build a management information suite which will augment the control attributes of the reconciliation as a standalone mechanism.	Implemented	28/02/20	3	30/09/21	Annette Smith Dougie Linton Gavin Graham Hugh Dunn John Connarty Layla Smith Michelle Vanhegan Susan Hamilton
Regulatory Committee	Registration and Bereavement Services	Low	PL2003 Issue 3: Registration and Bereavement Services Risks	Paul Lawrence, Executive Director of Place	PL2003 Recommendation 3.1: Recording and monitoring risks within risk registers	Risks associated with this audit will be recorded within service risk registers and where required will be escalated to the Place Management divisional risk register.	Pending	31/10/21	0	31/01/22	Alison Coburn Gareth Barwell Matthew MacArthur Robbie Beattie Ross Murray
