Addendum by the Green Group

Planning Committee
7 August 2019
6.1 Strategic Development Plan 2 - Scottish Ministers’ decision

Add at the end of recommendations:

1.1.2 Agrees the Convenor will write to the Sesplan joint board urging them to urgently address the issues outlined in the Minister’s letter of 16 May, specifically that the plan should be informed by an adequate and timely transport appraisal, and that the plan does not sufficient account of the relationship between land use and transport.
