## Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:As an immediate neighbour to the property I object on the grounds that the design is detrimental to the character and appearance of the adjoining terrace block. I disagree strongly with suggestion in the planning submission that the design is 'sympathetic' with the adjoining building - on the contrary I feel it would stick out like sore thumb.

I would also add that use of recycling bins is already frequently at/beyond full capacity so the addition of a new residential property sharing the recycling facilities could have a significant adverse impact.
