Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: The proposed changes to the consented planning extension I feel are valid and will enhance the build. What's been proposed is not out of line with the rest of the development, in fact, the new proposal is arguable more in line with the rest of the development, compared to what has been approved in the past.

We fully support this and see no reason why it should be rejected.
