

# Amendment by the Liberal Democrat Group

## Education Children & Families Committee

15 November 2022

### Item 7.1 - Attainment in the Broad General Education in Edinburgh Primary and Secondary Schools, 2021-22

Committee

After 1.1.3 add:

"Committee notes with concern the Scottish Government response to a written question which stated "there are no plans to discontinue national standardised assessments for P1 learners" in spite of the Scottish Parliament voting to halt these tests.

Furthermore, notes that prominent educational bodies have criticised these tests as adding to the pressure and mental health problems experienced by children, particularly recognising these impacts are felt more keenly by those already facing multiple adverse childhood experiences including poverty.

Therefore, calls for:

1. A report to the January Education, Children and Families Committee on the extent that Edinburgh Schools are carrying out standardised assessments for Primary 1 and the impact this has had on children's wellbeing.
2. The Convenor of the Education, Children and Families Committee to write to the Scottish Government Education Secretary expressing our dissatisfaction at the continuation of these tests and requesting that the practice be halted.

**Moved by: Councillor Euan Davidson**

**Seconded by: Councillor Louise Young**
