Decision date: 11 May 2023

TOWN AND COUNTRY PLANNING (SCOTLAND) ACTS
DEVELOPMENT MANAGEMENT PROCEDURE (SCOTLAND) REGULATIONS 2013

Change of use from residential to short term let (in retrospect).
At BF2 18 Saxe-coburg Street Edinburgh EH3 5BW

Application No: 22/05480/FULSTL

DECISION NOTICE

With reference to your application for Planning Permission STL registered on 9 November 2022, this has been decided by **Local Delegated Decision**. The Council in exercise of its powers under the Town and Country Planning (Scotland) Acts and regulations, now determines the application as **Refused** in accordance with the particulars given in the application.

Any condition(s) attached to this consent, with reasons for imposing them, or reasons for refusal, are shown below;

Reason for Refusal:-

1. The proposal is contrary to Local Development Plan Policy Hou 7 in respect of Inappropriate Uses in Residential Areas, as the use of this property as a short stay let will have a materially detrimental effect on the living conditions and amenity of nearby residents.
2. The proposal is contrary to National Planning Framework 4 Policy 30(e) in respect of Local Amenity and Loss of Residential Accommodation, as the use of this dwelling as a short stay let will result in an unacceptable impact on local amenity and the loss of a residential property has not been justified.

Please see the guidance notes on our [decision page](#) for further information, including how to appeal or review your decision.

Drawings 01, 02, represent the determined scheme. Full details of the application can be found on the [Planning and Building Standards Online Services](#)

The reason why the Council made this decision is as follows:

The proposal is acceptable with regard to Section 64 of the Planning (Listed Buildings and Conservation Areas) (Scotland) Act 1997 as it will preserve the character or appearance of the conservation area.

The change of use of this property to a short term let (STL) will have an unacceptable impact on neighbouring amenity. The loss of the residential accommodation has not been justified. Whilst it is recognised that there is an economic benefit to the city as a whole from the provision of tourist accommodation, in this case it does not outweigh the adverse impact on residential amenity or loss of residential accommodation. The proposal does not comply with the Development Plan policy NPF 4 policy 30(e) and LDP policy Hou 7. There are no material considerations that outweigh this conclusion. The proposal is unacceptable.

This determination does not carry with it any necessary consent or approval for the proposed development under other statutory enactments.

Should you have a specific enquiry regarding this decision please contact Lesley Porteous directly at lesley.porteous@edinburgh.gov.uk.

Chief Planning Officer
PLACE
The City of Edinburgh Council

NOTES

1. If the applicant is aggrieved by the decision to refuse permission for or approval required by a condition in respect of the proposed development, or to grant permission or approval subject to conditions, the applicant may require the planning authority to review the case under section 43A of the Town and Country Planning (Scotland) Act 1997 within three months beginning with the date of this notice. The Notice of Review can be made online at www.eplanning.scot or forms can be downloaded from that website. Paper forms should be addressed to the City of Edinburgh Planning Local Review Body, G.2, Waverley Court, 4 East Market Street, Edinburgh, EH8 8BG. For enquiries about the Local Review Body, please email localreviewbody@edinburgh.gov.uk.

2. If permission to develop land is refused or granted subject to conditions and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by carrying out of any development which has been or would be permitted, the owner of the land may serve on the planning authority a purchase notice requiring the purchase of the owner of the land's interest in the land accordance with Part 5 of the Town and Country Planning (Scotland) Act 1997.

Report of Handling

**Application for Planning Permission STL
BF2 18 Saxe-coburg Street, Edinburgh, EH3 5BW**

Proposal: Change of use from residential to short term let (in retrospect).

**Item – Local Delegated Decision
Application Number – 22/05480/FULSTL
Ward – B05 - Inverleith**

Recommendation

It is recommended that this application be **Refused** subject to the details below.

Summary

The proposal is acceptable with regard to Section 64 of the Planning (Listed Buildings and Conservation Areas) (Scotland) Act 1997 as it will preserve the character or appearance of the conservation area.

The change of use of this property to a short term let (STL) will have an unacceptable impact on neighbouring amenity. The loss of the residential accommodation has not been justified. Whilst it is recognised that there is an economic benefit to the city as a whole from the provision of tourist accommodation, in this case it does not outweigh the adverse impact on residential amenity or loss of residential accommodation. The proposal does not comply with the Development Plan policy NPF 4 policy 30(e) and LDP policy Hou 7. There are no material considerations that outweigh this conclusion. The proposal is unacceptable.

SECTION A – Application Background

Site Description

The application site is a two-bedroom basement flat at 18 Saxe Coburg Street, Stockbridge. The front door of the flat is accessed via a shared stairwell. There is a private patio to the front of the property and a shared garden to the rear. The property is located at the basement level of a four storey tenement in a secluded cul-de-sac which is predominantly residential.

The site lies within the New Town Conservation Area.

Description Of The Proposal

The application is for a change of use from residential to short term let (sui-generis). No internal or external physical changes are proposed. The applicant has advised that the property has been used as a short term let since July 2021. Therefore, the application is retrospective.

Section B - Assessment

Determining Issues

Due to the proposed development falling within a conservation area, this report will first consider the proposals in terms of Section 64 of the Planning (Listed Buildings and Conservation Areas) (Scotland) Act 1997:

- Is there a strong presumption against granting planning permission due to the development conflicting with the objective of preserving or enhancing the character or appearance of the conservation area?
- If the strong presumption against granting planning permission is engaged, are there any significant public interest advantages of the development which can only be delivered at the scheme's proposed location that are sufficient to outweigh it?

This report will then consider the proposed development under Sections 24, 25 and 37 of the Town and Country Planning (Scotland) Act 1997 (the 1997 Act):

Having regard to the legal requirement of Section 24(3), in the event of any policy incompatibility between National Planning Framework 4 (NPF4) & Edinburgh Local Development Plan 2016 (LDP) the newer policy shall prevail.

Do the proposals comply with the development plan?

If the proposals do comply with the development plan, are there any compelling material considerations for not approving them?

If the proposals do not comply with the development plan, are there any compelling material considerations for approving them?

In the assessment of material considerations this report will consider:

- equalities and human rights;
- public representations; and
- any other identified material considerations.

Assessment

a) The proposals harm the character or appearance of the conservation area?

Section 64(1) of the Planning (Listed Buildings and Conservation Areas) (Scotland) Act 1997 states:

"In exercise, with respect to any buildings or other land in a conservation area, of any powers under any of the provisions in subsection (2), special attention shall be paid to the desirability of preserving or enhancing the character or appearance of that area."

The New Town Conservation Area Character Appraisal states that the area is typified by the formal plan layout, spacious stone built terraces, broad streets and an overall classical elegance. The buildings are of a generally consistent three storey and basement scale, with some four storey corner and central pavilions.

There are no external changes proposed. The change of use from a residential premises to a short term let will not have any material impact on the character of the conservation area. The change of use would preserve the appearance of the conservation area.

Conclusion in relation to the conservation area

The proposals are acceptable with regard to Section 64 of the Planning (Listed Buildings and Conservation Areas) (Scotland) Act 1997.

a) The proposals comply with the development plan?

National Planning Framework 4 (NPF4) was adopted by the Scottish Ministers on 13 February 2023 and forms part of the Council's Development Plan. NPF4 policies supports the planning and delivery of Sustainable Places, Liveable Places and Productive Places and are the key policies against which proposals for development are assessed. Several policies in the Edinburgh Local Development Plan (LDP) are

superseded by equivalent and alternative policies within NPF4. The relevant policies to be considered are:

- NPF4 Sustainable Places Policy 1.
- NPF4 Historic Assets and Places Policy 7.
- NPF4 Productive Places Tourism Policy 30.
- LDP Housing Policy Hou 7.
- LDP Transport Policies Tra 2 and Tra 3.

The non-statutory 'Listed Buildings and Conservation Area' guidance is a material consideration that is relevant when considering historic assets. The non-statutory 'Guidance for Businesses' (2023) is a material consideration that is relevant when considering change of use applications.

Conservation Area

There are no external or internal works proposed and as such there will not be a significant impact on historic assets and places. The proposal complies with NPF 4 Policy 7.

Proposed Use

With regards to NPF 4 Policy 1, the proposals do not involve operational development. The proposals will have a negligible impact on the global climate and nature crisis.

NPF 4 Policy 30 seeks to encourage, promote and facilitate sustainable tourism development which benefits local people, is consistent with our net zero and nature commitments, and inspires people to visit Scotland. Criterion 30 (b) and (e) specifically relate to STL proposals.

LDP Policy Hou 7 (Inappropriate Uses in Residential Areas), seeks to protect residential amenity.

The non-statutory Guidance for Businesses (2023) states that an assessment of a change of use of dwellings to a short term let will have regard to:

- The character of the new use and of the wider area;
- The size of the property;
- The pattern of activity associated with the use including numbers of occupants, the period of use, issues of noise, disturbance and parking demand; and
- The nature and character of any services provided.

Amenity

The front door of the application property is accessed via a shared stairwell. The property is at the basement level of a four storey tenement and there are residential properties on upper floors.

The applicant has submitted a planning statement addressing the NPF 4 policies. The statement says that the hosts have had very successful STL stays with no complaints from neighbours. It submits that as the property is relatively small, attracts couples and

families and is moderately priced, it will have no negative impact on local amenity or the character of the area.

The use of this property as a short term let would have the potential to introduce an increased frequency of movement to the flat, shared stairwell and private patio at unsociable hours. The proposed two bedroom short stay use would enable visitors to arrive and stay at the premises for a short period of time on a regular basis throughout the year in a manner dissimilar to that of permanent residents. There is no guarantee that guests would not come and go frequently throughout the day and night and transient visitors may have less regard for neighbours' amenity than individuals using the property as a principal home. This could also have a negative effect on community cohesion.

The additional servicing that operating a property as an STL requires compared to that of a residential use is also likely to result in an increase in disturbance, further impacting on neighbouring amenity. However, this would be of lesser impact as it is likely that servicing would be conducted during the daytime.

The potential for noise described above would be significantly different from the ambient background noise that neighbouring residents might reasonably expect and will have a significantly detrimental effect on the living conditions and amenity of nearby residents. The proposal does not comply with NPF 4 policy 30(e) part (i) and LDP policy Hou 7.

Loss of residential accommodation

NPF 4 policy 30 (e) part (ii) requires that where there is a loss of residential accommodation, this will only be supported where the loss is outweighed by demonstrable local economic benefits.

Paragraph 220 of the LDP acknowledges that tourism is the biggest source of employment in Edinburgh, providing jobs for over 31,000 people. The use of the property by guests and the required maintenance and upkeep of STL properties are likely to result in a level of job creation and spend within the economy which can be classed as having an economic benefit.

The applicant's planning statement suggests that the demonstrable economic benefits for local businesses are apparent from the reviews and comments left by guests on the relevant digital platform which the hosts use.

The current lawful use of the property is for residential accommodation. Consequently, the use of the property as an STL would result in a loss of residential accommodation, which given the recognised need and demand for housing in Edinburgh is important to retain, where appropriate.

Further, it is important to recognise that residential occupation of the property contributes to the economy, in terms of providing a home and the spend in relation to the use of the property as a home, including the use of local services and resultant employment, as well as by making contributions to the local community.

In this instance, it has not been sufficiently demonstrated that the loss of the residential accommodation is outweighed by demonstrable local economic benefits. As such, the proposal does not comply with NPF 4 30(e) part (ii).

Conclusion in relation to the Development Plan

The change of use of this property to an STL will have an unacceptable impact on neighbouring amenity. The loss of the residential accommodation has not been justified. Whilst it is recognised that there is an economic benefit to the city as a whole from the provision of tourist accommodation in this case it does not outweigh the adverse impact on residential amenity. The proposal does not comply with the Development Plan policy NPF 4 policy 30(e) and LDP policy Hou 7.

d) There are any other material considerations which must be addressed?

The following material planning considerations have been identified:

Emerging policy context

City Plan 2030 represents the settled will of the Council, and it has been submitted to Scottish Ministers for examination. As such, limited weight can be attached to it as a material consideration in the determination of this application.

Equalities and human rights

Due regard has been given to section 149 of the Equalities Act 2010. No impacts have been identified.

Consideration has been given to human rights. No impacts have been identified through the assessment and no comments have been received in relation to human rights.

Public representations

A summary of the representations is provided below:

material considerations

- Negative impact on residential amenity. Addressed in b) above.
- Contradicts LDP policy Hou 7. Addressed in b) above.
- Threatens sense of community. Addressed in b) above.
- Reduces availability of housing. Addressed in b) above.

non-material considerations

- Not in accordance with LDP policies Des 1 and Des 5. These are not relevant LDP policies in the consideration of this application.

Conclusion in relation to identified material considerations

The proposals do not raise any issues in relation to other material considerations identified.

Overall conclusion

The proposal is acceptable with regard to Section 64 of the Planning (Listed Buildings and Conservation Areas) (Scotland) Act 1997 as it will preserve the character or appearance of the conservation area.

The change of use of this property to an STL will have an unacceptable impact on neighbouring amenity. The loss of the residential accommodation has not been justified. Whilst it is recognised that there is an economic benefit to the city as a whole from the provision of tourist accommodation, in this case it does not outweigh the adverse impact on residential amenity or loss of residential accommodation. The proposal does not comply with the Development Plan policy NPF 4 policy 30(e) and LDP policy Hou 7. There are no material considerations that outweigh this conclusion. The proposal is unacceptable.

Section C - Conditions/Reasons/Informatives

The recommendation is subject to the following;

Conditions

Reasons

Reason for Refusal

1. The proposal is contrary to Local Development Plan Policy Hou 7 in respect of Inappropriate Uses in Residential Areas, as the use of this property as a short stay let will have a materially detrimental effect on the living conditions and amenity of nearby residents.
2. The proposal is contrary to National Planning Framework 4 Policy 30(e) in respect of Local Amenity and Loss of Residential Accommodation, as the use of this dwelling as a short stay let will result in an unacceptable impact on local amenity and the loss of a residential property has not been justified.

Case Officer: Improvement Team

Customer Details

Name: Dr The Architectural Heritage Society of Scotland

Address: 15 Rutland Square, Edinburgh EH1 2BE

Comment Details

Commenter Type: Amenity Body

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The AHSS Forth & Borders Cases Panel has examined the proposals for the change of use to short-term let within the New Town Conservation Area, and objects.

- 1) The proposals only relate to one property within the basement tenement, which is accessed from a shared internal stair. This would have a detrimental impact on the residential amenity of neighbouring properties, and limits the future of the flats not included within the application.
- 2) The change of use would contribute to the unsustainable growth of the short term let (STL) sector in Edinburgh. The economic benefits of tourism for Edinburgh are clear, and we celebrate the role that our architectural heritage plays in this sector. However, the current rising rate of STLs threatens the sense of place and community which are part of the city's attraction.
- 3) Scottish Government Research has highlighted the links between STLs and the negative impacts of reduced availability of affordable housing, congestion and reduced quality of life through noise and disturbance (People, Communities and Places, October 2019, pp. iv-v)
- 4) With particular reference to architectural heritage the responsibility for the care and maintenance of communal areas and aspects of joint responsibility in listed buildings and conservation areas is diminished by the increase of short-term occupants.

The change of use does not respect the special characteristics of history and place reflected in the building's designation and location in the Conservation Area, and would increase the negative impacts caused by the growth of STLs in Edinburgh.

The proposals contradict Edinburgh Council's Local Development Plan policies DES1 (Sense of place), DES5 (amenity of neighbours/refuse and recycling facilities), and HOU7 (Materially detrimental effect on the living conditions of nearby residents). We therefore object to the application.
