Item 8.3 – Draft Public Performance Scorecard

In addition to the report recommendations:

1.1.4 Asks officers to consider ways in which to enhance accessibility and to also make the format as engaging to members of the public as possible

1.1.5 Asks that officers iterate the performance scorecard on the following points:

- a) Adult social care: measures of performance and quality of the services being delivered
- b) Education: numeracy for looked-after children
- c) Climate change: expand to include nature emergency & biodiversity, adaptation and community climate action measures; break down the climate measures to be illustrative of climate justice approach
- d) Housing: retrofitting targeted and completed; accessible homes targeted and completed; breaking down affordable homes into different types
- e) Planning: major applications, enforcement, listed building consent, developer contributions and non-determinations
- f) Culture: develop measures
