Decision date: 24 November 2023

**TOWN AND COUNTRY PLANNING (SCOTLAND) ACTS
DEVELOPMENT MANAGEMENT PROCEDURE (SCOTLAND) REGULATIONS 2013**

Retrospective Change of use of flat to short term let (sui generis) for 52 weeks in a calendar year.
At 1F3 111 Brunswick Street Edinburgh EH7 5HR

Application No: 23/05156/FULSTL

DECISION NOTICE

With reference to your application for Planning Permission STL registered on 27 September 2023, this has been decided by **Local Delegated Decision**. The Council in exercise of its powers under the Town and Country Planning (Scotland) Acts and regulations, now determines the application as **Refused** in accordance with the particulars given in the application.

Any condition(s) attached to this consent, with reasons for imposing them, or reasons for refusal, are shown below;

Reason for Refusal:-

1. The proposal is contrary to Local Development Plan Policy Hou 7 in respect of Inappropriate Uses in Residential Areas, as the use of this property as a short term let will have a materially detrimental effect on the living conditions and amenity of nearby residents.
2. The proposal is contrary to National Planning Framework Policy 30(e) in respect of Local Amenity and Loss of Residential Accommodation, as the use of this property

as a short term let will result in an adverse impact on local amenity and the loss of a residential property has not been justified.

Please see the guidance notes on our [decision page](#) for further information, including how to appeal or review your decision.

Drawings 01, represent the determined scheme. Full details of the application can be found on the [Planning and Building Standards Online Services](#)

The reason why the Council made this decision is as follows:

The change of use of this property to a short term let (STL) will result in a loss of the residential accommodation and a negative impact to neighbouring amenity. Whilst it is recognised that there is an economic benefit to the City as a whole from the provision of visitor accommodation in this case it does not outweigh the loss of residential accommodation or the impact to neighbouring amenity. The proposal does not comply with Development Plan policy NPF4 policy 30(e) and LDP plan policy Hou 7. There are no material considerations that outweigh this conclusion. The proposal is unacceptable.

This determination does not carry with it any necessary consent or approval for the proposed development under other statutory enactments.

Should you have a specific enquiry regarding this decision please contact James Armstrong directly at james.armstrong@edinburgh.gov.uk.

Chief Planning Officer
PLACE
The City of Edinburgh Council

NOTES

1. If the applicant is aggrieved by the decision to refuse permission for or approval required by a condition in respect of the proposed development, or to grant permission or approval subject to conditions, the applicant may require the planning authority to review the case under section 43A of the Town and Country Planning (Scotland) Act 1997 within three months beginning with the date of this notice. The Notice of Review can be made online at www.eplanning.scot or forms can be downloaded from that website. Paper forms should be addressed to the City of Edinburgh Planning Local Review Body, G.2, Waverley Court, 4 East Market Street, Edinburgh, EH8 8BG. For enquiries about the Local Review Body, please email localreviewbody@edinburgh.gov.uk.

2. If permission to develop land is refused or granted subject to conditions and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by carrying out of any development which has been or would be permitted, the owner of the land may serve on the planning authority a purchase notice requiring the purchase of the owner of the land's interest in the land accordance with Part 5 of the Town and Country Planning (Scotland) Act 1997.

Report of Handling

**Application for Planning Permission STL
1F3 111 Brunswick Street, Edinburgh, EH7 5HR**

Proposal: Retrospective Change of use of flat to short term let (sui generis) for 52 weeks in a calendar year.

**Item – Local Delegated Decision
Application Number – 23/05156/FULSTL
Ward – B12 - Leith Walk**

Recommendation

It is recommended that this application be **Refused** subject to the details below.

Summary

The change of use of this property to a short term let (STL) will result in a loss of the residential accommodation and a negative impact to neighbouring amenity. Whilst it is recognised that there is an economic benefit to the City as a whole from the provision of visitor accommodation in this case it does not outweigh the loss of residential accommodation or the impact to neighbouring amenity. The proposal does not comply with Development Plan policy NPF4 policy 30(e) and LDP plan policy Hou 7. There are no material considerations that outweigh this conclusion. The proposal is unacceptable.

SECTION A – Application Background

Site Description

The application property is a two bedroom first floor flat located on the east side of Brunswick Street. The property shares its access to the street via a communal stairwell.

This section of Brunswick Street is made up of tenements with a mix of uses, including restaurants, takeaways and commercial units at ground floor. The upper floors are all in residential use. Public transport links are highly accessible from the site.

Description Of The Proposal

The application is for the retrospective change of use of the property from residential to short term let (sui generis). No internal or external physical changes are proposed.

Section B - Assessment

Determining Issues

This report will consider the proposed development under Sections 24, 25 and 37 of the Town and Country Planning (Scotland) Act 1997 (the 1997 Act):

Having regard to the legal requirement of Section 24(3), in the event of any policy incompatibility between National Planning Framework 4 (NPF4) & Edinburgh Local Development Plan 2016 (LDP) the newer policy shall prevail.

Do the proposals comply with the development plan?

If the proposals do comply with the development plan, are there any compelling material considerations for not approving them?

If the proposals do not comply with the development plan, are there any compelling material considerations for approving them?

In the assessment of material considerations this report will consider:

- equalities and human rights;
- public representations; and
- any other identified material considerations.

Assessment

a) The proposals comply with the development plan?

National Planning Framework 4 (NPF4) was adopted by the Scottish Ministers on 13 February 2023 and forms part of the Council's Development Plan. NPF4 policies supports the planning and delivery of Sustainable Places, Liveable Places and Productive Places and are the key policies against which proposals for development are assessed. Several policies in the Edinburgh Local Development Plan (LDP) are superseded by equivalent and alternative policies within NPF4.

The relevant NPF4 and LDP 2016 policies to be considered are:

- NPF4 Sustainable Places Tackling the climate and nature crises Policy 1.
- NPF4 Productive Places Tourism Policy 30.
- Local Development Plan Housing Policy, Hou 7.
- Local Development Plan Transport Policies, Tra 2 and Tra 3

The non-statutory Guidance for Business (April 2023) is a material consideration that is relevant when considering LDP Policy Hou 7 and the Edinburgh Design Guidance is a material consideration when considering LDP Policies Tra 2 and Tra 3.

Proposed Use

With regards to NPF 4 Policy 1, the proposed change of use does not involve operational development resulting in physical changes to the property. The proposals will have a negligible impact on the global climate and nature crisis.

NPF 4 Policy 30 seeks to encourage, promote and facilitate sustainable tourism development which benefits local people, is consistent with our net zero and nature commitments, and inspires people to visit Scotland. Criterion 30 (e) specifically relate to STL proposals.

LDP Policy Hou 7 (Inappropriate Uses in Residential Areas), seeks to protect residential amenity.

The non-statutory Guidance for Businesses (2023) states that an assessment of a change of use of dwellings to a short term let will have regard to:

- The character of the new use and of the wider area;
- The size of the property;
- The pattern of activity associated with the use including numbers of occupants, the period of use, issues of noise, disturbance and parking demand and
- The nature and character of any services provided.

Amenity

The use of this property as an STL would introduce an increased frequency of movement to the property through the shared stair, enabling visitors to arrive and stay at the premises for a short period of time on a regular basis throughout the year in a manner dissimilar to that of permanent residents. There is no guarantee that guests would not come and go frequently throughout the day and night, and transient visitors may have less regard for neighbours' amenity than individuals using the property as a principal home.

Whilst the amenity impact of the proposed STL use on neighbouring residents living outside of the shared stair is sufficiently mitigated by the mix of uses and high ambient noise level in the surrounding area, the proposed use would have an unacceptable impact on the residents who occupy the flats off the shared stair.

The noise generated by the proposed use would be significantly different from the ambient background noise that neighbouring residents living within the building might reasonably expect, and consequently will have a significantly detrimental effect on their living conditions and amenity. There could also be a negative impact on community cohesion and residents' safety.

The additional servicing that operating a property as an STL requires compared to that of a residential use is also likely to result in an increase in disturbance, further impacting on neighbouring amenity. However, this would be of lesser impact as it is likely that servicing would be conducted during the daytime.

The proposal does not comply with NPF 4 policy 30(e) part (i) and LDP policy Hou 7.

Loss of residential accommodation

NPF 4 policy 30 (e) part (ii) requires that where there is a loss of residential accommodation, this will only be supported where the loss is outweighed by demonstrable local economic benefits.

Paragraph 220 of the LDP acknowledges that tourism is the biggest source of employment in Edinburgh, providing jobs for over 31,000 people. The use of the property by guests and the required maintenance and upkeep of STL properties are likely to result in a level of job creation and spend within the economy which can be classed as having an economic benefit.

The current lawful use of the property is for residential accommodation. Consequently, the use of the property as an STL would result the loss of this residential accommodation, which given the recognised need and demand for housing in Edinburgh it is important to retain, where appropriate.

Further, it is important to recognise that residential occupation of the property contributes to the economy, in terms of providing a home and the spend in relation to the use of the property as a home, including the use of local services and resultant employment, as well as by making contributions to the local community.

In this instance, it has not been sufficiently demonstrated that the loss of the residential accommodation is outweighed by demonstrable local economic benefits. As such, the proposal does not comply with NPF 4 30(e) part (ii).

Parking Standards

No car parking and no cycle parking is proposed. This is acceptable as there are no parking requirements for STLs.

The proposals comply with LDP Policies Tra 2 and Tra 3.

b) There are any other material considerations which must be addressed?

The following material planning considerations have been identified:

Emerging policy context

City Plan 2030 represents the settled will of the Council, and it has been submitted to Scottish Ministers for examination. As such, limited weight can be attached to it as a material consideration in the determination of this application.

Independent economic impact assessment

An independent economic impact assessment was commissioned by the Planning Service, and this resulted in a report on the Economic Impact of Residential and Short-Term Let Properties in Edinburgh (the Economic Report). This was reported to Planning Committee on 14 June 2023. The Committee noted that the findings of the report are one source of information that can be considered when assessing the economic impacts of short-term let planning applications and that given the report is considering generalities rather than the specifics of an individual case, it is likely that only limited weight can be attached to it as a material consideration when making planning application decisions. The study considered the economic impact of various types of properties in Edinburgh if used as a residential property as opposed to being used for short-term holiday lettings.

The Economic Report shows that there are positive economic impacts from the use of properties for both residential use and short-term let use. The Report found that in general the gross value added (GVA) effects are greater for residential uses than short-term lets across all property types and all areas. However, given it is considering generalities rather than the specifics of this individual case, only limited weight can be attached to it as a material consideration in the determination of this application.

Equalities and human rights

Due regard has been given to section 149 of the Equalities Act 2010. No impacts have been identified.

Consideration has been given to human rights. No impacts have been identified through the assessment and no comments have been received in relation to human rights.

Public representations

No public comments were received.

Conclusion in relation to identified material considerations

The identified material considerations have been assessed above and do not raise issues which outweigh the conclusion in relation to the development plan.

Overall conclusion

The change of use of this property to an STL will result in a loss of the residential accommodation and a negative impact to neighbouring amenity. Whilst it is recognised

that there is an economic benefit to the City as a whole from the provision of visitor accommodation in this case it does not outweigh the loss of residential accommodation or the impact to neighbouring amenity. The proposal does not comply with Development Plan policy NPF4 policy 30(e) and LDP plan policy Hou 7. There are no material considerations that outweigh this conclusion. The proposal is unacceptable.

Section C - Conditions/Reasons/Informatives

The recommendation is subject to the following;

Reason for Refusal

1. The proposal is contrary to Local Development Plan Policy Hou 7 in respect of Inappropriate Uses in Residential Areas, as the use of this property as a short term let will have a materially detrimental effect on the living conditions and amenity of nearby residents.
2. The proposal is contrary to National Planning Framework Policy 30(e) in respect of Local Amenity and Loss of Residential Accommodation, as the use of this property as a short term let will result in an adverse impact on local amenity and the loss of a residential property has not been justified.
