Use of Council Sports Facilities

2. Executive Summary

- 2.1 This report has been prepared in response to a Motion by Councillor Osler which was [approved](#) by the Council on 5 October 2023.
- 2.2 It provides details of the use by sports clubs and associations of Council owned sports facilities that are managed by Edinburgh Leisure. The data provided reflects use of the centres and school facilities by all demographics from a specific week (Monday to Sunday) in November 2023.
- 2.3 The results from the data analysis indicate that use of Council sports facilities by junior clubs and associations exceeds use by adult groups and associations. This pattern is consistent when analysing the results by sport, venue, peak and off-peak times.

3. Background

On 5 October 2023, Committee approved the following motion from Councillor Osler. Committee notes:

- 1) Motion by Cllr Osler on the Physical Activity and Sport Strategy (August 2022)
- 2) Response to the motion (December 2022) - ***That the new strategy and resulting action plan will focus on tackling inequality, with a specific theme expected to be included on improving inclusion and diversity and reducing health inequalities.***
- 3) The Workshop on Physical Activity and Sport Strategy (11 August 2023) – priority 7 **Sport & Active Recreation for All**
- 4) That the City of Edinburgh Council, including notably through its Schools Estate, has a large number of sports facilities that are available to hire by the public.
- 5) That the management and booking of these sports facilities is managed by Edinburgh Leisure, and
- 6) That these sports facilities can contribute to the attainment of the aims and objectives referred to above.

Committee therefore:

- 7) Reinforces its commitments to tackling inequality, to improving inclusion, promoting diversity and to reducing health inequality, and
- 8) Asks for a report in three cycles, describing the use profile of those facilities by sports and leisure clubs and associations, including by location and weekday/weekend dates and timings.
- 9) Understands that the Physical Activity and Sport Strategy is still to be agreed and part of that will be engagement and consultation with sports and leisure clubs. So further agrees that as part of the consultation sports and leisure clubs will be consulted upon as to how far their organisation contribute to the attainment of the aims and objectives referred to above and that will be reported back to Committee as part of the Physical Activity and Sport Strategy report.

4. Main report

- 4.1 Council officers have worked with Edinburgh Leisure to gather, review, and analyse the data held on use of Council sports facilities.
- 4.2 The use of Council sports facilities by sports and leisure clubs and associations is managed through an extended let application process. Edinburgh Leisure have an annual rebooking process and clubs are invited to renew/adjust existing access and apply for new spaces for the new booking year. The lets renewal process starts in March each year with extended lets covering the period 1 August to 31 July.
- 4.3 The information gathered to analyse the use of Council sports facilities has been provided from extended lets. Use of sports facilities through memberships, pay and play or other programmes organised by Edinburgh Leisure has not been captured for this report.
- 4.4 The assessment of use profile is based on the information and data gathered within the extended let forms completed by clubs and associations. The key use profile data collated by Edinburgh Leisure and used for this report included sport, venue, junior/adult group, and off-peak/peak timings.
- 4.5 The analysis of extended let data has been completed for 29 sports taking place across 41 Council venues. Data was taken from a sample week (Monday to Sunday) in November 2023 to provide an overview of facility use.
- 4.6 For the purpose of the report, peak use is defined as after 6pm – Monday to Friday and off-peak is before 6pm – Monday to Friday and weekend use.
- 4.7 The detailed information is provided in the report appendices:
 - 4.7.1 Appendix 1 details the seven sports with the highest level of extended let hours and the split between junior and adult lets;
 - 4.7.2 Appendix 2 provides a comparison of junior and adult use during peak and off-peak hours;

- 4.7.3 Appendix 3 compares junior and adult use at the venues with the highest number of extended let hours; and
- 4.7.4 Appendices 4 and 5 provide the full overview of use per sport and per venue.
- 4.8 Analysis of the information provided indicates that, for most sports, junior use exceeds adult use. The analysis in Appendix 2 also indicates that junior use exceeds adult use at individual sport centres.
- 4.9 The sport with the overall highest total number of hours is Swimming followed by Football (seven-a-side) (Appendix 1). Across the sports with the highest total of hours, junior use is significantly higher than adult use with Football (11-a-side) and Dance taking 87% and 83% of total hours respectively.
- 4.10 When considering peak use, seven-a-side football has the highest number of hours, followed by swimming (Appendix 2). With all sports apart from volleyball and rugby attracting more junior use than adult.
- 4.11 When considering off-peak use, swimming has the highest number of hours, followed by seven-a-side football (Appendix 2). It is only martial arts where adult use exceeds junior use.
- 4.12 The venues with the highest number of lets are Meadowbank Sports Centre followed by the Royal Commonwealth Pool (Appendix 3). The level of use between junior and adult lets at Meadowbank is almost equal and adult use does exceed junior use at the Royal Commonwealth Pool. When reviewing swimming across all venues, however, 69% of the total hours are allocated to junior lets.

5. Next Steps

- 5.1 To note content of the report and appendices.
- 5.2 To note the public consultation on a new Physical Activity and Sport Strategy has now commenced with a [survey](#) live on the Council's Consultation Hub. The survey opened on 3 April 2024 and closes on 26 June 2024. Engagement events are also scheduled to take place through the consultation period.

6. Financial impact

- 6.1 There are no financial impacts from this report.

7. Equality and Poverty Impact

- 7.1 The data provided within this report indicates that Edinburgh Leisure's approach to the management of access by sports and leisure clubs and associations supports the use of the Council's sports facility estate by children and young people.
- 7.2 The Physical Activity and Sport Strategy online survey asks the following two questions to clubs and organisations about equality impact:

7.2.1 Does your organisation currently address inequalities to improve inclusion and diversity in the effort to support more people to become physically active?

7.2.2 What could your organisation do in the future to tackle inequalities, improve inclusion and diversity in the effort to support more people to become physically active?

7.3 Along with other feedback gathered through the consultation process, the responses to the questions will be taken into account in the development and delivery of the new Strategy and action plans to tackle inequality and improve inclusion and diversity in the effort to support more people to become physically active.

7.4 Edinburgh Leisure for 2024/25 are now gathering additional use profile data on male/ female and mixed use of facilities.

7.5 Edinburgh Leisure deliver several programmes that aim to improve equality of access and support those on low income, including the £10 Get Active Card, Community Access Programme and Open All Hours.

8. Climate and Nature Emergency Implications

8.1 Edinburgh Leisure, with support from the Council, have invested in their estate to maximise its energy efficiency and reduce running costs and carbon emissions.

9. Risk, policy, compliance, governance and community impact

9.1 Edinburgh Leisure manage sports and leisure clubs and associations access to the Council's sport and leisure estate through the use of extended lets. Lets can be put in place for a maximum of 12 months and typically cover the period 1 August to 31 July.

10. Background reading/external references

10.1 None

11. Appendices

Appendix 1 – Junior / Adult comparison for sports with highest number of total hours.

Appendix 2 – Junior / Adult comparison during peak and off-peak hours for sports with highest number of total hours.

Appendix 3 – Junior / Adult comparison at venues with the highest total of extended let hours.

Appendix 4 – Use of Council sports facilities by sport.
Culture and Communities Committee – 16 May 2024

Appendix 5 – Use of Council sports facilities by venue.

Junior / Adult comparison for sports with highest number of total hours.

Sport	Total Junior Hours	Total Adult Hours	Total Hours	Percentage of junior lets against total hours (%)
Swimming	319.58	174.67	494.25	65
