Main Report

1. In August 2023 the Integration Joint Board approved the revised Board, Committee, Development Session and Working Group dates for the 2024 Calendar Year.
2. Committee dates follow patterns outlined in the terms of reference for each committee which are as follows:
 - a) Audit and Assurance – Quarterly
 - b) Clinical and Care Governance – Quarterly
 - c) Performance and Delivery – Bi monthly – two weeks prior to the IJB

- d) Strategic Planning Group – Six meetings a year.
- 3. The only exception to the above is the Performance and Delivery Committee. Last year, the Chair requested two additional meetings – one in April and one in September – to consider the savings reports. Following consultation with the new Performance and Delivery Committee Chair and members, the Committee agreed to continue with the meeting schedule as implemented under the previous Chair.
- 4. It is proposed that meetings of the Edinburgh Integration Joint Board will now take place in person/hybrid where possible. It is proposed that Development Sessions and Working Groups for 2025 continue to alternate between virtual and in person/hybrid. It is also proposed that Committees continue to operate via Microsoft Teams, with exception to the Clinical & Care Governance Committee which at its meeting on the 28 June 2023, agreed to meet in person/hybrid on an alternating basis for future meetings and the Strategic Planning Group which will meet in person/hybrid on an alternating basis at the request of the Chair.
