

QUESTION NO 27

**By Councillor Cowdy for answer by
the Convener of the Transport and
Environment Committee at a meeting
of the Council on 26 September 2024**

Many residents across the city have raised concern that policy on weeding has led to an eruption of unwanted weeds on pavements, road gullies and cycle lanes that are unsightly, potentially hazardous, and could give rise to longer term maintenance problems.

One of the Community Council's in my Ward is considering organising a local community weeding event.

Question

Can the Convener confirm what guidance and public indemnity insurance cover exists for Community Council's to organise local pavement weeding events?

Answer
