

**QUESTION NO 5**

**By Councillor Bennett for answer by the Convener of the Transport and Environment Committee at a meeting of the Council on 26 September 2024**

Thirteen Local Authorities across the UK, including Stirling and East Lothian, are installing EV charging channels to support homes without off-street parking, offering potential savings of £1,000 per year compared to public charging.

Can the Convenor provide:

**Question** (1) An update on the City of Edinburgh Council's monitoring of this initiative and clarify what information is being gathered to assess its potential adoption.

**Answer** (1) Clarity on whether the City of Edinburgh Council would consider allowing individuals to install their own

**Question** (2)

**Answer** (2)
