## Description of Proposal

Please provide a description of your proposal to which your review relates. The description should be the same as given in the application form, or as amended with the agreement of the planning authority: \*  
(Max 500 characters)

I am submitting a request for a review due to an error in my previous application, where I mistakenly indicated that the property was a secondary residence; however, it is my sole and primary residence. I have not received any objections from neighbors, and being on the ground floor, it does not present any issues that could lead to complaints. I have consulted with a firm regarding our next steps and would appreciate your feedback. I look forward to our discussion.

## Type of Application

What type of application did you submit to the planning authority? \*

- Application for planning permission (including householder application but excluding application to work minerals).
- Application for planning permission in principle.
- Further application.
- Application for approval of matters specified in conditions.

What does your review relate to? \*

- Refusal Notice.
- Grant of permission with Conditions imposed.
- No decision reached within the prescribed period (two months after validation date or any agreed extension) – deemed refusal.

## Statement of reasons for seeking review

You must state in full, why you are seeking a review of the planning authority's decision (or failure to make a decision). Your statement must set out all matters you consider require to be taken into account in determining your review. If necessary this can be provided as a separate document in the 'Supporting Documents' section: \* (Max 500 characters)

Note: you are unlikely to have a further opportunity to add to your statement of appeal at a later date, so it is essential that you produce all of the information you want the decision-maker to take into account.

You should not however raise any new matter which was not before the planning authority at the time it decided your application (or at the time expiry of the period of determination), unless you can demonstrate that the new matter could not have been raised before that time or that it not being raised before that time is a consequence of exceptional circumstances.

I am seeking a review of the refusal of my planning permission application. The refusal was a result of my incorrect completion of the application form, as this property is my sole and primary residence. My neighbors have expressed no objections, and following a temporary license granted in August, they are supportive of my plans. Being a ground-floor flat, it poses no issues for them. I have engaged a firm to assist me in this matter and would greatly appreciate your review.

Have you raised any matters which were not before the appointed officer at the time the Determination on your application was made? \*

Yes  No

If yes, you should explain in the box below, why you are raising the new matter, why it was not raised with the appointed officer before your application was determined and why you consider it should be considered in your review: \* (Max 500 characters)

I inadvertently indicated that this was a secondary residence; however, it is, in fact, my sole home and primary residence.

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review and intend to rely on in support of your review. You can attach these documents electronically later in the process: \* (Max 500 characters)

I will provide proof of utility bills, witness statements and bank statements at your request.

## Application Details

Please provide the application reference no. given to you by your planning authority for your previous application.

What date was the application submitted to the planning authority? \*

29/07/2024

What date was the decision issued by the planning authority? \*

26/08/2024

## Review Procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.

Can this review continue to a conclusion, in your opinion, based on a review of the relevant information provided by yourself and other parties only, without any further procedures? For example, written submission, hearing session, site inspection. \*

Yes  No

In the event that the Local Review Body appointed to consider your application decides to inspect the site, in your opinion:

Can the site be clearly seen from a road or public land? \*

Yes  No

Is it possible for the site to be accessed safely and without barriers to entry? \*

Yes  No
