### Item 7.1 Financial implications of addressing potential short term lets

In recommendations:

Delete “notes” at the end of 1.1

Insert “notes” at the start of 1.1.1 and 1.1.2

Insert at the end of recommendations:

“1.1.3 notes and welcomes the current Scottish Government consultation on changes to the planning and regulatory regime around Short Term Lets, notes that officers are currently preparing a favourable response, and that this will be circulated to committee members shortly;

1.1.4 notes that scenario 2 (determine ownership) in the current report can be contained within current budgets, and therefore agrees to pursue this option, while making every effort to minimise impact on existing enforcement activity, for example by making use of staff currently on the redeployment pool to undertake this work;

1.1.5 agrees to receive a further report once this work to determine ownership has been completed;

1.1.6 further agrees to forward this report, and a copy of the ‘determine ownership’ report, once available, to the Short Term Lets Working Group for consideration.”
