Item 7.12 – Fountainbridge Development Partner Appointment Recommendation

Add to recommendations

1.1.3 Notes

- That the site masterplan has been the product of 10 years of proactive community engagement and the expectation of high levels of continued engagement through both the pre-development and development phases;
- The shared ambition by the community for the development to be an exemplar of zero carbon and wider sustainable development; that the economic model offer a range of opportunities for a variety of commercial, social enterprise and community businesses; and that the “Green Plan for Fountainbridge” published in 2019 inform the approach to public realm development and its future management.
