## Transport and Environment Committee

19 February 2021

### Item 7.2 – Strategic Review of Parking

Deletes 1.1.2, 1.1.3, and 1.1.4 and replaces with:

Committee:

1.1.2 Notes that this report forms the second part of a city-wide strategic review of parking being conducted in 4 different stages and previously approved in 2018.

1.1.3 Notes the degree of consultation and engagement which has taken place and the consultation results for the Phase 2 schemes.

1.1.4 Requests officers undertake further engagement with resident's groups and other local stakeholders, such as community Councils, on the final designs for Phase 2.

1.1.5 Requests an additional report in Autumn 2022 at the latest (including feedback on the implementation on phase 1) to allow Committee to review the designs for the TRO process for Phase 2 schemes following the engagement set out in 1.1.4 above and prior to a traffic order being issued. These designs should be consistent with the implementation of the pavement parking ban.

Renumbers remaining recommendations accordingly.
