## Common Good Asset Register – Biannual Update

### 2. Executive Summary

---

- 2.1 Part 8 of the Community Empowerment (Scotland) Act 2015 imposes duties on local authorities in relation to common good property and section 102 places a duty on local authorities to establish and maintain a register of property which is held by the authority as part of the Common Good.
- 2.2 The Capital Coalition budget motion, approved by Council on 21 January 2016, included an instruction to the Chief Executive to allocate a budget to develop and maintain a Common Good Asset Register.
- 2.3 This report provides an update on the current position.

### 3. Background

---

- 3.1 The City of Edinburgh Council has a statutory obligation under the Local Government etc (Scotland) Act 1994, Section 15(4) (b) in administering property held as part of the Common Good, to administer it having regard to interests of all the inhabitants of the city.
- 3.2 Section 102 of Part 8 of the Community Empowerment (Scotland) Act 2015 (the “Act”) places a duty on local authorities to establish and maintain a register of property which is held by the authority as part of the Common Good.
- 3.3 The Capital Coalition budget motion, approved by the Council on 21 January 2016 included, inter alia, an instruction to the Chief Executive to allocate £100,000 in 2016/17 to develop and maintain a Common Good Asset Register, and to deliver a report to the Council in June 2016 detailing progress. Further funding was allocated for the subsequent three financial years and the balance held in reserves as at 1 April 2021 was £0.401m.
- 3.4 It was agreed that an update on the register would be provided to the Finance and Resources Committee on a biannual basis.
- 3.5 In July 2018 the Scottish Government published statutory guidance for local authorities on how the legal duties imposed on them by Part 8 of the Act should be carried out.

## 4. Main report

---

- 4.1 Before establishing a Common Good register, the Act requires a local authority to publish a list of property that it proposes to include in the register, notify community councils and other community bodies, and invite those bodies to make representations in relation to whether the property proposed is part of the Common Good, or identify other property which may be part of the Common Good. The local authority must have regard to the representations made by those community bodies and other persons.
- 4.2 Council staff have been collating information with regard to those properties historically considered by the Council to be Common Good, specifically those included on the Common Good register of assets for accounting purposes, relevant parks and other assets with a public function. A methodology has been developed for assessing a property for its Common Good status, taking into account the relevant legal tests.
- 4.3 Progress has been accelerated by seconding a solicitor from an external legal firm to Legal Services in order to release a Council solicitor to work on the project and additional administrative support has also been obtained.
- 4.4 Officers have explored possible innovative ways of involving higher education establishments, historical societies and other community groups in contributing to completing the task, in accordance with Scottish Government guidance, when available. An organisation or group's involvement in the exercise will only be considered where appropriate, depending upon the relevant legal complexities and sensitivities and will be considered on a property-by-property basis as the project progresses.
- 4.5 The opportunity to review representations made by community councils, community bodies and other persons will assist with the development of a comprehensive register.
- 4.6 Until the register is fully updated, the risk that a common good property is unlawfully used or disposed of, is mitigated by a review being undertaken of any property identified for disposal or change of use, in terms of section 77 of the Land Reform (Scotland) Act 2016, to assess whether it is Common Good.
- 4.7 Work continues to be ongoing to ensure the completeness of the Common Good register (Appendix 1), and to reconcile this to the Common Good register of assets for accounting purposes (Appendix 2).
- 4.8 Work on categorising civic regalia and artefacts that are assets of the Common Good fund is advancing well but has been delayed by the COVID-19 lockdown and the changes to working practices. This sub-element of the overall implementation plan will proceed once it is safe to return to the office to catalogue the items and value the assets to be transferred.
- 4.9 Work has commenced on the review of larger assets that are "split", having been acquired at different times under different titles, some being deemed Common Good and others that are not, being held on other accounts. This element will also

be completed once it is safe to return to the office to review the title deeds and plans.

## 5. Next Steps

---

- 5.1 Given the continuing public health restrictions and restricted access to buildings, it is too early to provide a definitive timescale to complete the work required as noted above. In addition, the remaining tasks will require external input from specialists (for example Counsel's legal opinion on property titles) and this will also have a bearing on the time required to complete these items. Once full building access has been reinstated, officers will provide an update on the outstanding work and an estimated timescale for completion. It should also be anticipated that further queries may be raised from members of the public as to whether property or artefacts should be included in the common good register and this work will remain ongoing.

## 6. Financial impact

---

- 6.1 As at 1 April 2021, a reserve balance of £0.401m remains from the approved budget allocated to develop and maintain a Common Good Asset Register.

## 7. Stakeholder/Community Impact

---

- 7.1 The [Common Good webpage](#) on the City of Edinburgh Council's website invites members of the public to make representations or express views about potential Common Good assets for consideration.
- 7.2 The list of [Common Good asset representations](#) is updated when additional submissions are received and research is completed on a property. The aim is to respond to submissions within 12 weeks of the date of the enquiry.
