

QUESTION NO 7

By Councillor Osler for answer by the Convener of the Transport and Environment Committee at a meeting of the Council on 30 June 2022

On the Council website under EV Charging it states the following - We have been awarded £2.2m of funding from Transport Scotland through the [Switched on Towns and Cities Challenge Fund](#) to put in more electric vehicle charging points across the city.

We are putting in another 81 charging points with 141 electric vehicle charging bays across the city which should be ready to use by **summer 2022**.

Question (1) Of the 141 electric vehicle charging bays:
How many are currently operational (broken down by site)

Answer (1)

Question (2) Of the ones NOT operational:
a) Why are they not operational (broken down by site)
b) When will they be operational (broken down by site)

Answer (2)
