

**QUESTION NO 11**

**By Councillor Booth for answer by  
the Leader of the Council at a  
meeting of the Council on 22  
September 2022**

**Question**

Further to his supplementary answer to my question at full council of 25 August 2022, the council leader has again failed to answer the question. Can I give him another opportunity to answer the question: what were the reasons behind his proposal to reduce the size of the licensing board while also creating a new position of vice-convener?
