City of Edinburgh Council

24 November 2022

Item 6.2 – Appointments to Committees & Boards

Notes two Conservative Councillors were given salaried roles in the Administration that did not exist in the previous term, highlighting that these roles are unnecessary to the function of Council business.

Therefore, agrees to remove Councillor Mowat as Convenor of the Licensing Sub-Committee, withdrawing the associated Senior Responsibility allowance with those duties being covered by the Regulatory Committee Convenor as is standard practice.

Further agrees to withdraw the Senior Responsibility Allowance from Councillor Rust as Vice-Convenor of the Licensing Board, recommending the Board remove the position of Vice-Convenor.

Item 7.2 – Young People's Assembly

Adds:

1.2 Welcomes the description, delivered in this report, of how the Young Person's Assembly (or newly-titled initiative) would work as an inclusive model of joint working between young people with many different life experiences and Council officers and elected members.

1.3 To add to that blueprint, requests that officers of each directorate provide lists of potential topics, policies, programmes and ideas, which could form early submissions to this young person's forum, to the next meeting of their respective executive committees. Agrees that these proposed topics are discussed, agreed and subsequently collated into a short report for the next available Full Council.

1.4 Recognises that this list should not be definitive or restricted but should be illustrative of the usefulness and relevance that this young person's assembly can have to effective decision-making within the Council.

1.5 Welcomes the speedy development and implementation timescale outlined in the report.

Item 7.2 – Young People's Assembly

Adds:

- 1.2 Recognises that engagement processes will reproduce structural inequalities if these are not carefully managed.
- 1.3 Agrees, therefore, that work to ensure diversity and inclusion needs to include practices that ensure equality of voice at the table (e.g. facilitation support) in addition to targeted outreach and support to bring young people to the table.
- 1.4 Agrees that the membership structure of the Assembly and local forums should be open and flexible to allow young people to contribute their views as and when they require or wish and on topics that are of interest to them.
- 1.5 Agrees that the membership of the steering group should include young people.
- 1.6 Recommends that the Assembly's age range should be decided by the steering group.

Item 7.4 – Monitoring Officer Report – Adults with incapacity

Council

In 1.6 adds “This report should consider ongoing issues related to delayed discharge to give assurance as to no repeat of these incidents due to ongoing pressures with a particular focus on:

- A) The impact of court delays in obtaining appropriate orders
- B) Assurance around the legal status of interim/step down beds

Item 7.4 – Monitoring Officer Report – Adults with Incapacity

Adjusts recommendation 1.6 with an insertion (highlighted) so that the recommendation reads:

“1.6 To note that a further detailed report will be submitted by the Chief Executive to Policy and Sustainability Committee on completion of the fact-finding investigation, **and thereafter referred to the following meeting of full council.**”

Adds additional recommendations as follows:

- “1.7 Thanks everyone who has worked to investigate and review the discharge of adults with incapacity from hospitals to care homes during the pandemic
- 1.8 Expresses sorrow to all those affected by the discharge practices which took place at this time, and resolves for officers to work with families affected throughout”

Item 10.1 – By Councillor Lang – Council Led Enforcement of Speed Limits

Insert additional paragraph at point 5 and renumber subsequent paragraph accordingly:

- “5) Notes police forces across England & Wales accept and successfully use video evidence submitted online by citizens, but Police Scotland does not yet have a portal to upload footage from dashcams, and the project announced this year which would introduce a National Dashcam Safety Portal is now at risk”

Add the following additional wording (highlighted) to the final paragraph:

- 6) therefore agrees that the Convener of Transport & Environment should write to the Scottish Government to request that Edinburgh Council be allowed to undertake a similar pilot study in Scotland **“and to urge the Government to commit to the National Dashcam Safety Portal.”**

Item 10.3 – By Councillor Kumar – Care Experienced Protected Characteristic

Agree paragraph 1

Replace the remaining paragraphs with:

2) Notes that councils in Manchester, Cumbria, Cumberland Council and Westmorland and Furness Council; and Ashfield District Council in Nottinghamshire have made a policy decision to include 'Care Experienced' as a protected characteristic.

3) Requests a report to the Education, Children and Families Committee in two cycles to scope:

a) whether and how a definition of 'Care Experienced' is compatible with the legal framework of protected characteristics which specifically relate to discrimination as set out in the Equality Act 2010;

b) whether, and in what way, any such definition would change the Council's Statutory Duties or commitments such as contained within 'The Promise' regarding Integrated Impact Assessments, policies and decision making that might affect care experienced people - where 'Care Experienced' people is used to describe anyone who is currently, or has been, in the care system (for example, kinship care, looked after at home, foster care, residential care, secure homes, and adoption);

c) what the cost implications, including opportunity costs, might be of adopting this definition;

d) the steps and timeline required for the implementation of any such change.

Item 10.4 – By Cllr Campbell – Bonfire Night

Council

Removes points 6, 7 and 8 and replace with;

- 6) Notes that Council will consider agenda item 7.2 Young People's Assembly, and that both the objectives of the Assembly laid out in the report, and the suggestions from Edinburgh's MSYPs concerning the participation of young people are particularly relevant to these challenges.
- 7) Recognises that these challenges are not restricted to Bonfire Night, are not necessarily fixed to specific locations, can be felt across the whole city, and frequently move between communities as well as within them.
- 8) Further recognises the importance of community centres, while acknowledging their absence from large areas of the city.
- 9) Agrees to convene a meeting of stakeholders, including but not limited to; police, schools, social work, and the Lothian Association of Youth Clubs to discuss options for establishing a city-wide anti-social behaviour strategy.
- 10) Agrees that a report following this meeting will come to Culture and Communities Committee within three cycles, outlining the Council's options for pursuing such a strategy.

Item 10.5 – By Councillor Nicolson – Pension Fund Divestment

Council

Delete paragraphs 4 to the end and replace with

“The International Energy Agency (IEA) presents three scenarios for oil demand in its World Energy Outlook 2022 report: “Our scenarios provide different perspectives on the strength of these shifts and their implications.” And “In the Net Zero Emissions by 2050 (NZE) Scenario, faster global action to cut emissions means oil demand never returns to its 2019 level and falls to 75 mb/d by 2030.”

Whether oil and gas companies could be seen as potential ‘junk investments’ will clearly depend on how and whether they reinvest their cash flow.

Pension Funds have a fiduciary duty to consider the material risks of all their investments, including in companies with fossil fuel operations. Pension Funds are obliged to give precedence to the fiduciary duty owed to members and employers to ensure that sufficient funding is available in the long term so that pensions can be paid when they fall due.

Pension funds have a legal duty to treat members fairly. That means taking seriously the longer-term interests of all members equally.

The investment policy of the Lothian Pension Fund is the responsibility of its Pensions Committee.

Council agrees to review the Council’s investment strategy and develop and implement a Responsible Investment Policy that will not provide new financing to companies or projects that are incompatible with the aims of the Paris Agreement if in future the Council has sufficient unallocated surplus capital and decides to invest in listed or unlisted shares or securities, as it has none at present.

Council, in its role as the largest employer of members, agrees that the Council Leader writes to Lothian Pension Fund to request that they consider over a reasonable timescale

- i. divestment from any companies that are not aligned, or are not making sufficient progress towards aligning, with the UN Paris Agreement; and in their place
- ii. investment in companies that are aligned, or are making sufficient progress towards aligning, with the UN Paris Agreement.”

Item 10.8 – By Councillor Meagher – Homelessness Crisis

Adds a new first bullet point after 'council agrees':

- That HHFW committee members will receive a briefing on the current funding settlement through the TMDF, and an analysis of the benefits and risks of a move to joint the SHIF including officers' views on how the funding formulas could be reviewed.

Adds to the (now) second bullet point:

including a discussion about what support the Scottish Government could give to Edinburgh to make the case to COSLA to review the funding formula for the Strategic Housing Investment Fund to take into account the data all local authorities now routinely collect as part of their Rapid Rehousing Transition Plans, should Edinburgh join

Adds a third bullet point

- That the Council Leader and the Convener of the HHFW committee write to the COSLA president to request a meeting to discuss the process by which the funding formula for the SHIF could be reviewed, and the appetite within COSLA to review in line with the data in RRTPS.

Item 10.8 – By Councillor Meagher – Homelessness Crisis

Council

Inserts at the end of the “Council notes...” section;

The recommendations from the Edinburgh Poverty Commission’s 2020 report which includes the need for focussed, collaborative work between agencies and greater funding for Edinburgh;

“The city cannot end poverty by itself – achieving the goals we have set out will need active and committed partnership with the Scottish and UK Governments. Scotland’s poverty challenge is Edinburgh’s poverty challenge: the Scottish Government cannot meet its own ambitious goals on child poverty, on housing, on homelessness, and on a fairer Scotland without action in Edinburgh, and without a funding settlement and regulatory support that meets the needs and challenges of our capital city”.

Inserts at end of “Council agrees...” section;

- There is significant financial pressure on both the Council Budget and Housing Revenue Account, and as the report will be published after the 2023/24 Budget is agreed, the report must identify possible sources of funding, whether external or within the parameters of any passed budget.

City of Edinburgh Council

Item 10.8 – By Councillor Meagher – Homelessness Crisis

Adds, as highlighted:

“Council notes with grave concern the homelessness crisis in Scotland’s capital city as follows:

- At the end of September 2022, there were 4778 households in temporary accommodation, a 34% increase in just over 2 years.
- Around 70% of available Council homes are let to homeless households, with the remainder of homes let to people with gold or other priority need.
- Currently there is an average of 180 to 190 bids being received for each home advertised through Edindex as available to let.

Further, Council:

- Notes the multiplicity of actions taken to mitigate the crisis and the work taking place in partnership with key third sector organisations as well as Registered Social Landlords (RSLs) and the private rented sector.
- **Notes that a significant proportion of social lets made to applicants with a gold priority go to disabled households and that, therefore, the strategy of letting high numbers of social lets to homeless households can have a disproportionate, negative impact on disabled people**

Additionally, Council:

- **Recognises that homelessness presentations are likely to increase due to a number of factors, including the imminent removal of the Local Connection requirement and effects of the cost-of-living crisis which disproportionately affect disabled people, and other marginalised groups**
- **Recognises the numerous ways in which an individual can be considered homeless, beyond rough sleeping, and that significant numbers of disabled people in Scotland may constitute the “hidden”**

homeless, living in homes which are inaccessible and therefore with a legitimate right to present as homeless, but who choose not to do so given the fear that this may lead to more distress if temporary or permanent accommodation offered is less suitable than their current home

- Recognises that housing is a system wherein interventions in one part of the housing landscape will impact on others, thus meaning that a cross-tenure approach is required to tackle the crisis, and that a clear equalities-proofing and intersectional analysis of any proposed intervention should be considered to ensure that there are no unintended, negative consequences for different demographics because of this

Therefore, Council agrees:

- That the Council Leader and the Convener of Housing, Homelessness and Fair Work will request an urgent meeting with the cabinet secretary to outline the crisis and agree a joint approach to resolving it, **including specific consideration of the relationship between, and overlap with, housing demand amongst homeless households and disabled households in the city, and report back to Housing, Homelessness and Fair Work committee about the result of this meeting**
- That the Council Leader and the Convener of Housing, Homelessness and Fair Work will reinstate regular meetings with RSLs to produce a partnership statement **about how they can work together to tackle housing demand amongst all different households, and to report back to Housing, Homelessness and Fair Work committee about this partnership agreement**, and to agree **with committee** a common basis on which to approach the Scottish and UK governments **to help tackle the crisis**.
- To consider a further preventative measure **to tackle the wider housing crisis** by asking officers to explore the possibility of a hardship fund to support those tenants who are least able to afford any future rent increases and to report back to the Housing, Homelessness and Fair Work committee in March 2023, **or as soon as possible**.

1. Notes that following a call made by Councillor McVey for a Culture Summit in October, the Scottish Government has agreed to an upcoming meeting of local stakeholders, funders, cultural delivery partners, including Council and UK Government confirming attendance - convened by the Minister.
2. Agrees that officers will commit to liaising with the Scottish Government to help facilitate this meeting and supply any additional contacts beyond the current attendance confirmations.

Adds at the end of the text:

6. Council notes with concern the recent announcement that South Queensferry’s world famous and long-running Loony Dook will not receive public safety support as it is no longer on the official Hogmanay programme.
7. Council notes that the success of the Loony Dook has brought international recognition to South Queensferry and a significant boost to the local economy there over the course of more than three decades.
8. Council notes that images of the Loony Dook are still featured on many high profile tourism websites and that there remains a high possibility of large numbers of visitors arriving in South Queensferry to participate in the Loony Dook despite the cancellation of the official event - meaning basic safety and sanitary measures are not currently in place resulting in risks to residents and visitors.
9. Council requests safety and sanitary measures to be put in place to a standard that satisfies community safety issues, these should acknowledge the likelihood of people attending and these measures should be enabling, not blocking in nature to ensure the safety of residents and the wider public.
10. Council further calls for a return of the Loony Dook in the 2023/24 Hogmanay events programme.
