Description of Proposal

Please provide a description of your proposal to which your review relates. The description should be the same as given in the application form, or as amended with the agreement of the planning authority: *
(Max 500 characters)

Proposed erection of low level basement Sun-room to form staff facilities for welfare improvement and to allow for increased circulation space due to Covid-19 future restrictions

Type of Application

What type of application did you submit to the planning authority? *

- Application for planning permission (including householder application but excluding application to work minerals).
- Application for planning permission in principle.
- Further application.
- Application for approval of matters specified in conditions.

What does your review relate to? *

- Refusal Notice.
- Grant of permission with Conditions imposed.
- No decision reached within the prescribed period (two months after validation date or any agreed extension) – deemed refusal.

Statement of reasons for seeking review

You must state in full, why you are seeking a review of the planning authority's decision (or failure to make a decision). Your statement must set out all matters you consider require to be taken into account in determining your review. If necessary this can be provided as a separate document in the 'Supporting Documents' section: * (Max 500 characters)

Note: you are unlikely to have a further opportunity to add to your statement of appeal at a later date, so it is essential that you produce all of the information you want the decision-maker to take into account.

You should not however raise any new matter which was not before the planning authority at the time it decided your application (or at the time expiry of the period of determination), unless you can demonstrate that the new matter could not have been raised before that time or that it not being raised before that time is a consequence of exceptional circumstances.

The proposed development is a low level Basement Extension to form a Sunroom. It cannot be seen from any adjoining access roads; it cannot be seen from most neighbouring properties and its massing is minimal in relation to the existing terraced Townhouses. The design is sympathetic to the rear stonework and is treated in such a manner that it enhances the poor quality rear elevation. It is providing improved Staff Facilities that allows improved circulation to meet future Covid-19 restrictions

Have you raised any matters which were not before the appointed officer at the time the Determination on your application was made? *

Yes No

If yes, you should explain in the box below, why you are raising the new matter, why it was not raised with the appointed officer before your application was determined and why you consider it should be considered in your review: * (Max 500 characters)

Overall it is felt that this development is an improvement to the existing setting, it is not outwith Planning Policy that allows development enhancement of Grade B Listed buildings and is more than consistent with previous examples of nearby permitted historical development. On that basis the Applicant wishes the decision to be reviewed.

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review and intend to rely on in support of your review. You can attach these documents electronically later in the process: * (Max 500 characters)

Supporting Statement including photographic examples of already rear Extension developments to Grade B Townhouses nearby

Application Details

Please provide the application reference no. given to you by your planning authority for your previous application.

22/01288

What date was the application submitted to the planning authority? *

24/03/2022

What date was the decision issued by the planning authority? *

28/06/2022

Review Procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.

Can this review continue to a conclusion, in your opinion, based on a review of the relevant information provided by yourself and other parties only, without any further procedures? For example, written submission, hearing session, site inspection. *

Yes No

In the event that the Local Review Body appointed to consider your application decides to inspect the site, in your opinion:

Can the site be clearly seen from a road or public land? *

Yes No

Is it possible for the site to be accessed safely and without barriers to entry? *

Yes No

Checklist – Application for Notice of Review

Please complete the following checklist to make sure you have provided all the necessary information in support of your appeal. Failure to submit all this information may result in your appeal being deemed invalid.

Have you provided the name and address of the applicant?. *

Yes No

Have you provided the date and reference number of the application which is the subject of this review? *

Yes No

If you are the agent, acting on behalf of the applicant, have you provided details of your name and address and indicated whether any notice or correspondence required in connection with the review should be sent to you or the applicant? *

Yes No N/A

Have you provided a statement setting out your reasons for requiring a review and by what procedure (or combination of procedures) you wish the review to be conducted? *

Yes No

Note: You must state, in full, why you are seeking a review on your application. Your statement must set out all matters you consider require to be taken into account in determining your review. You may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

Please attach a copy of all documents, material and evidence which you intend to rely on (e.g. plans and Drawings) which are now the subject of this review *

Yes No

Note: Where the review relates to a further application e.g. renewal of planning permission or modification, variation or removal of a planning condition or where it relates to an application for approval of matters specified in conditions, it is advisable to provide the application reference number, approved plans and decision notice (if any) from the earlier consent.

Declare – Notice of Review

I/We the applicant/agent certify that this is an application for review on the grounds stated.

Declaration Name:

Declaration Date:

Applicant: Scottish Salmon Company
Address: 28 Drumsheugh Gardens, Edinburgh, EH3 7RN
Project: Proposed Sunroom Staff Facilities Extension
Planning Ref: 22/01288/FUL

SUPPORTING STATEMENT

The proposed development is a low level Basement Extension to form a Sunroom. It cannot be seen from any adjoining access roads; it cannot be seen from most neighbouring properties and its massing is minimal in relation to the existing terraced Townhouses. The design is sympathetic to the rear stonework and is treated in such a manner that it enhances the poor quality rear elevation and stonework. It is providing improved Staff Facilities based on significant investment by a leading sustainable Scottish business, that allows for break-out and improved circulation needed in the event of future Covid-19 restrictions.

Most importantly this development is generally concealed as it is built between existing high boundary walls and existing adjacent extensions to the rear and cannot be seen from the rear Lynedoch Place Lane, as illustrated in the 3D model drawings included in Appendix I.

Rear View showing existing wing walls that conceal development

In addition to this there are significant number of nearby examples where by full elevation extensions have taken place, such as the Bonham Hotel and from No. 22 to 27 Drumsheugh Gardens. A collection of example photographs showing these adjacent extensions are enclosed.

24 Drumsheugh Gardens – rear View

22 Drumsheugh Gardens – Rear View

Bonham Hotel – Rear View

Overall it is felt that this development is an improvement to the existing setting, it is not outwith Planning Policy that allows development enhancement of Grade B Listed buildings and is more than consistent with previous examples of nearby permitted historical development. On that basis the Applicant wishes the decision to be reviewed.
