Item 7.1 – Bed Based Review

Council:

Agrees that officers will, as matter of urgency, bring forward proposals for alternative uses of the Drumbrae Care Home to support wider challenges faced by CEC.

Further agrees these proposals would be for a meanwhile use but would commit to Drumbrae reverting to being used as a care home in the future.

City of Edinburgh Council

22 June 2023

Item 7.1 – Bed Base Review

Adds to 1.1.2 "seeing merit in considering options 1-3 and ceasing any further work on option 4 to rule this option out."

Replaces 1.1.3 with:

Notes that Finance and Resources approved the SNP amendment:

"1.1.2 For the purposes of transparency and following a period of uncertainty, requests the Strategic Commissioning Team deliver update reports to each EIJB, P&S and GRBV during the projected 6 months required for the exercise including offering briefings as requested by the EIJB board and to all councillors to prevent the omission of information being made available for scrutiny.

1.1.3 Acknowledges that it was agreed on the Strategic Commissioning Team including councillors and lay members of EIJB, including or as well as Trade Union representatives, make up the numbers within the group, along with council officers.

1.1.4 Acknowledges the inadequacy of the Bed Based Review (BBR) and agrees to make public the financial cost of the initiative to date.

1.1.5 Recommends this approach to the City of Edinburgh Council meeting to be held on 22 June 2023."

Item 7.1 – Bed Base Review

Delete paragraph 1.2 and renumbers accordingly.

Adds:

- 1.3 Regrets failure of all parties to implement the original decisions around the Bed Base Review.
- 1.4 Regrets that all potential options for the use of Drumbrae Care Home were not pursued, as no approach was made to other care home providers to understand their willingness to re-open the facility as a care home.
- 1.5 Understands the EIJB cannot direct Council in respect of capital spending; therefore, Council does not need to wait until the EIJB completes the Strategic Commissioning Review to decide on the use of what is currently an unused asset.
- 1.6 Notes the time critical nature of the closure of the Council owned Liberton Hospital meaning there must be some new provision of HBCCC beds in the short to medium term.
- 1.7 Concludes the best short-term option for Drumbrae would be the adoption of option 3.

Item 7.2 – Adult Support and Protection and Social Work and Social Care Inspection Improvement Plans

Adds an additional sentence to point 1.3: Notes the Care Inspectorate report highlighted that people and carers were not given every opportunity to co-produce their supports and therefore requests this plan also explores the opportunity to bring back the Funding Independence Team to support self-directed support.

- 1.7 Agrees the importance of including all staff in the development of the improvement plan and that a strategy is developed to make sure the workforce are integral to the implementation of the plan following Care Inspectorate findings.
- 1.8 Notes the importance of staff involvement following the Care inspectorate reports findings:
 - *that there was a disconnect between leaders', middle managers' and frontline staffs' views on how well strategic priorities were being implemented and that practicalities were that managing shorter term pressures often took precedence over implementing longer-term strategic priorities.*
 - *For most staff, leaders were not visible in driving priorities for change and improvement and that a proportion of staff would have liked to have seen a clearer link between the strategic vision, service redesign and day-to-day priorities and service delivery.*
 - *Many staff, at practitioner and team level, whilst aware of the general direction of travel, were not familiar with the detail of key strategic change agendas and that there is a need for improvement in the communication between leaders and frontline staff.*

“with the following additions:

1.2.1 Active Travel Champion

1.2.2 Child Poverty Champion

1.2.3 Equalities Champion

1.2.4 Festivals Champion

1.2.4 Homelessness Champion

1.2.5 Veterans Champion

1.3 Notes that Veterans and Volunteering Champion/Ambassador have historically been the Lord Provost and agrees these remain the defined role of the Lord Provost.

1.4 Agrees the full amended list set out in section 1.2/appendix 2 represents the needs of the Council and wider City to challenge, champion and drive change in areas and notes this is different from the role of a Convenor.

Item 7.5 - Elected Member Champions

Council

Deletes 1.2 and inserts:

- 1.2 agrees to retain/include the role of Veterans' Champion and Volunteers' Ambassador within the responsibilities of the Lord Provost.
- 1.3 agrees that, as part of their duties for which they receive a special responsibility allowance, conveners should champion the interests of the groups and causes set out in the report appendices.

22 June 2023

Item 7.5 – Elected Member Champions

1. Notes that while only six responses were received from the survey, there were only seven qualifying returning councillors who could fill this out, pre-determining a small sample size;
2. Notes that of these seven qualifying councillors, five felt that being a champion was distinct from that of being a convener;
3. Believes that champion roles are most useful where they are focused not on broad policy areas already covered by committees, but on more specialised areas, and that the role of the champion should be to provide insight about and scrutiny of the issue they champion across committees and in areas where their special interest may not be given the attention it deserves;
4. Believes that the role of champion can best be fulfilled when held by a Councillor not in administration to provide focused scrutiny;

Therefore, deletes recommendation 1.2 and replaces it with:

1.2 Agrees in principle to retain the model of Councillor champions for specific special interests;

1.3 Agrees these should be held by Councillors not in administration;

1.4 Instructs officers to hold a roundtable discussion with party leaders or representatives to discuss potential champion roles going forward, following the model of the working group discussions, and to bring new recommendations to the August 31 meeting of the Council.

Item 7.7 – Impact of charging for visitor access to St Giles' Cathedral

1. Welcomes the additional engagement with St Giles
2. Notes that while not its core function, free access to St Giles did provide residents and visitors with an accessible toilet in the city centre;
3. Notes that with the removal of this provision, the nearest public accessible toilet is around a ten minute journey on foot, and longer for those using wheelchairs or with buggies;
4. Notes that while the paper from April 2021 identified Premier Parks as the first priority for public toilet provision, the second was “At locations which are promoted as places for a higher number of visitors”
5. Requests officers investigate the possibility of allowing public access to facilities at the City Chambers and Waverley Court, and include an initial scoping of this in the next update relating to public provision of toilets to a relevant committee.

Add the following two paragraphs after Paragraph 4 of the Motion and renumber paragraphs under “Council notes” heading accordingly:

The delivery of the EICC Hotel and Hotel School Project is via a partnership between M&G Real Estate, the QMile Group, Hyatt Hotels and the City of Edinburgh Council.

Recent discussion between CEC and Sir Robert McAlpine about local residents’ concerns of noisy construction works and a lack of contractor communication with residents, resulted in an agreement that planned ducting works from 14 June 2023 are undertaken with a finish time of 19:00 hrs, and that Sir Robert McAlpine is undertaking a letter drop to all conterminous proprietors in the development area, including the colony houses.

In Paragraph 9 of the Motion, replace:

“Elected members who sit on the EICC Board” with “Ward 7 Councillors.”

Thereafter, add the following paragraph:

Council agrees the Planning Committee receive a report in one cycle to consider any actions of additional controls or amendments to permissions which would reduce the impact of construction work to nearby residents for all new developments, to establish a more neighbour- friendly pattern of working for major construction and active sites.

Item 8.5 – Motion by Councillor Whyte – Controlled Parking Zone (CPZ) Anomalies – N6 Abbeyhill

Add after Point 5

6. Notes that the process is already underway to address the issues in N6 which the motion refers to.
7. Recognises that growth in the city means that it is inevitable that new roads will be constructed in areas where there are existing CPZs.
8. Agrees that it is not fair that residents in these new developments should be concerned that they will be under disproportionate pressure from neighbouring streets if they are not included in the CPZ
9. Asks that the report coming to the committee (4) sets out a process to ensure that any new roads within the boundary of existing CPZ areas are included in the CPZ as soon as is legally possible. This report should set out the legal implications for both adopted and unadopted roads.
10. Agrees that consideration should also be given to finding a mechanism to ensure traffic orders are in place prior to occupancy, to ensure that residents are moving in to their properties with a better understanding of how parking will be managed. This would also require developers to be clear on vehicle/parking numbers as part of their sales materials.

Item 8.9 – Motion by Councillor Macinnes – Abortion Rights

Deletes all and replace with:

Council notes:

Abortion currently comes under the category of criminal offence;

Abortion is not legally available at the request of the person faced with a decision about continuing or ending a pregnancy;

The 1967 Abortion Act makes abortion legal subject to certain conditions, including requiring abortion seekers to obtain the approval of two doctors;

The Offences against the Person Act 1861 does not apply in Scotland; and

Abortion Law in Scotland is a matter for the Scottish Parliament.

Council notes with concern, the recent 28 month prison sentence imposed in England on a woman who induced an abortion after the legal time limit, and the impact this custodial sentence will have on her family.

Council agrees:

Women have the right to control their own sexual and reproductive health choices;

Abortion is healthcare, is rightly highly regulated, and should solely be subject to appropriate professional standards in line with any other healthcare procedures, not criminal sanctions; and

Abortion services should be available and accessed free from fear of penalty, harassment and intimidation by anyone facing a decision on continuing or terminating a pregnancy.

Council welcomes and supports:

Events which campaign on women's reproductive rights, such as "It Is Time to Decriminalise Abortion" taking place on Thursday 23 June outside the Scottish Parliament organised by Abortion Rights Scotland; and 'Abortion should not be a crime', hosted by the British Pregnancy Advisory Service, Women's Equality Party and the Fawcett Society;

“Also welcomes the recent all-party support given to Gillian Mackay MSP’s final proposal of her Safe Access Zones Members Bill in the Scottish Parliament which will protect patients and staff from intimidation and harassment as anti-choice protestors will be stopped from targeting medical facilities that provide abortion services including those in Edinburgh, building on work previously done in this council calling for protest-free access to clinics.

Reiterates that abortion rights are human rights, and we should be vigilant of discriminatory laws that restrict people’s rights to choose what they do with their own bodies.

Remembers those who have suffered because of and who have lost their lives due to arcane abortion laws across the world, including women known as Agnieszka T and Izabela who have recently died in Polish hospitals after being denied medical intervention.”

Item 8.9 – Motion by Councillor Macinnes - Abortion Rights

Council

Deletes paragraphs 1 to 3, and replaces with

1. Notes with concern the recent 28 month prison sentence imposed on a woman in England who, during the first Covid lockdown, bought drugs to induce an abortion after the legal limit.
2. Regrets the impact that this extended prison sentence will have on her young family.

Accepts paragraph 4 and renumbers it to 3), deletes paragraph 5 and replaces with

4. Understands that the Offences against the Person Act from 1861 does not apply in Scotland, and that abortion law in Scotland is a matter for the Scottish Parliament.
5. Nevertheless, requests that the Council Leader, in consultation with Group Leaders on content, writes to appropriate Ministers in the UK government, expressing our concern.
6. Welcomes moves towards national legislation on buffer zones but asks the leader to write to the Minister for Public Health and Women's Health for an update on what steps we can take as a local authority to protect vulnerable service users in the interim period.

Item 8.10 - Motion by Councillor Gardiner - Short Term Lets

Council

Deletes 2) and inserts:

- 2) Council notes that officers are currently taking legal advice and considering the relevant options, including whether to submit an appeal.
- 3) In the event that an appeal is submitted, and in order to protect the Council's position, it would be inappropriate for officers to present a report to the Planning and Regulatory Committees within one cycle. Instead, a briefing note would be issued to all councillors advising them of the actions taken and the implications arising therefrom.
- 4) If no appeal is submitted, Council agrees to receive a report to the next Regulatory Committee, for onward referral to the Planning Committee, to examine the impact of the judgement, to explore all options open to the Council, to identify any actions required to make the policy legally competent and to set a timeline for any changes to be made to ensure the policy is enforceable. A separate report would also be provided under B agenda containing information on the legal advice sought prior to implementation. Council also agrees that a briefing note would thereafter be issued to all councillors advising them of the actions taken and the implications arising therefrom.

Item 8.11 – Motion by Councillor Mumford – Dignity and Support for Asylum Seekers

Adds:

Understands that Forth Ports are also against proposals to house asylum seekers on ships given the lack of assurances and engagement from the UK Government.

Notes that a meeting took place between the Council Leader, Chief Executive of the Council, President of COSLA, the Scottish Government Minister for Equalities, Migration and Refugees and the UK Government.

Further notes that following this meeting an unhelpful response was sent from the UK Government.

Recommends that until the City of Edinburgh Council gets adequate reassurances from the UK Government regarding welfare and ongoing engagement and support, then the Council cannot accept the imposition of a floating asylum/prison ship.

Cancellation of the City of Edinburgh Council 3 August Meeting

Notes the calendar of Full Council meetings has meant two meetings are now scheduled for August, on the 3rd and the 31st.

Notes that Group Leaders and Executive Directors have been engaged with and no conflicts in reports have been identified.

Therefore, agrees to cancel the Council Meeting on 3 August 2023.

Asks officers to consider these conflicts in planning for future Council meeting planners.

Water Scarcity

Council:

1. Notes with concern SEPA's water scarcity report which was re-issued on 15th June 2023 describing the Loch Maree area as in a "Significant Water Scarcity situation" putting large swathes of Southwest and Central Scotland in "Moderate Water Scarcity" and the City of Edinburgh on "Alert" level
2. Recognises that continued hot weather over the Summer will exacerbate the issue and that SEPA are warning that, without recovery in river levels, the situation will escalate as several additional areas will see "Significant Water Scarcity" in the coming weeks, and there will be a heightened risk of severe long-lasting ecological impacts if the situation continues for more than 30 days
3. Recognises that extreme weather and drought is a direct consequence of the climate and nature emergencies and therefore reaffirms the Council's commitment to tackling these dual crises as a priority in all of its work
4. Welcomes the ongoing work of officers in developing Edinburgh's climate adaptation plan, and stresses the importance of adopting a climate justice approach in this, recognising that the impacts of extreme weather and other consequences of the climate and nature emergencies will affect different demographics differently and the Council's climate adaptation planning ought to be cognisant of this fact
5. Requests that the Council amplifies messaging from SEPA around water scarcity, how residents can help to save water to reduce the risk of drought, and how residents can stay safe during periods of extreme heat / drought through its various communications channels this Summer
6. Requests that a short update about the activity undertaken to meet 5) is outlined in the Business Bulletin of the next Policy & Sustainability committee, including evidencing how this embraced a climate justice approach in line with 4)
